A message from the PRINCIPAL

As we reach the end of Term 2, I would like to thank students, parents, and carers for the commitment everyone has shown to making our school a thriving and positive community.

A highlight this term will be our Rewards Day excursion Friday. I am delighted to share that 86% of our students met the criteria to attend this special event. This is a testament to the excellent effort being put in—regarding attendance. In fact, we have 17 students who have achieved 100% attendance for Term 2. I am incredibly proud of the positive habits students and parents are developing together. Next term, we will strive even higher, with an attendance target of 87%. I know, with your support, all students can achieve this goal.

We are excited to welcome Mrs Catanzariti to our leadership team as Relieving Assistant Principal Curriculum and Instruction for Terms 3 and 4. Mrs Catanzariti brings extensive experience in curriculum development and instructional leadership, and her knowledge will be invaluable as we continue to enhance teaching and learning across the school.

On another positive note, our winter uniform looks fantastic in the playground. Thank you to all families for supporting our uniform expectations—our students are a credit to you and the school. Please remember that tights are not school uniform and our tracksuit pants are black. If you need assistance with purchasing any items, please don't hesitate to contact me at school. Your child's sense of belonging is extremely important.

Barellan Central School -
Central to the community.

I would also like to address our new **phone policy**. While it has been introduced with the intention of promoting a focused and respectful learning environment, I am concerned that it is not being fully adhered to. Many students are reporting that they leave their phones at home instead of handing them in at school. Although I am supportive of this, it does create a significant issue: if students are not handing their phones in, I am unable to protect them or defend the school community if there are allegations of videos, photographs, or audio recordings being made without consent—activities that are illegal and taken very seriously. This is why I have sent home the note regarding where your child's phone will be located during a school day.

Though my concerns may seem strict to some, it is my responsibility to ensure all students receive their education in a safe and respectful environment without the worry of these issues arising.

Therefore, for parents and carers who have not yet signed the 'Phone Location Note' regarding phone storage, please do so as soon as possible. This will help us all work together to maintain a safe and supportive learning space.

I will be taking leave for the first two weeks of term three. Ms Blacker will be Relieving Principal. Ms Blacker will do an exceptional job in my absences and I look forward to seeing everyone when I return.

Congratulations to all of our students receiving awards at tomorrow's Academic Achievement Assembly. We look forward to celebrating your outstanding efforts and achievements!

Thank you once again for your partnership and dedication. I wish everyone a safe and restful holiday ahead.

Warm regards,

Mrs Hopper

K/1 End of Term 2 News

Our Kindergarten and Year 1 students have been exploring weather in Science, learning how it works and affects our world. This term, they enjoyed a hands-on experiment to see how rain happens. It was wonderful to see their curiosity shine as they made their own rainbow rain in the classroom!

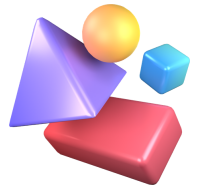

K/1 End of Term 2 News

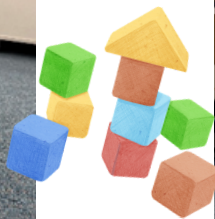

BUILDING BRIGHT CITYSCAPES

WITH STAGE ONE

In Stage One Maths we have been learning about 2 Dimensional shapes and 3 Dimensional objects.

Our Year 1 and 2 students have been demonstrating their understanding of how shapes and objects work together by creating cityscapes using a variety of 2D shapes and 3D objects and a lot of imagination.

Teddy Bear's Picnic

On Wednesday 24th June, K/1 hosted a Teddy Bear's Picnic for the Barellan Pre-school and K/1 from Binya Public School.

We had a wonderful time at our Teddy Bears' Picnic, with students bringing their favourite teddies and soft toys along for a fun-filled day! Everyone enjoyed playing games, getting creative with craft activities, and even went on an exciting bear hunt around the school.

Afterwards, we all gathered to share a delicious lunch prepared by our amazing Food Technology class and teachers. We'd like to thank everyone who contributed to making this special day so memorable—your efforts helped create lasting smiles and happy memories for all!

Teddy Bear's Picnic

2026 NSW Premier's Spelling Bee

Primary SPELLING BEE

On the 4th June we held our school Spelling Bee Competition. Students from Years 3-6 competed in two competitions.

The Junior competition for the Year 3 and 4 students was won by Lylah Bischard and the runner up was Jake Male. The Senior Competition for the Year 5 and 6 students was won by Timothy Cameron and the runner up was Blake Lemke.

Our Champions will go on to compete in the regional finals in August.

Well Done to all the students who participated.

MULTICULTURAL PERSPECTIVES PUBLIC SPEAKING COMPETITION

Year 3 & 4 - Poppy & Jake

Year 5 & 6 - Eleanore & Aden

Poppy, Jake, Eleanor and Aden travelled to Griffith to compete in the 2026 Zone Multicultural Perspectives Public Speaking Competition.

All students spoke exceptionally well, demonstrating confidence, preparation and a strong understanding of the competition theme of multiculturalism.

A special congratulations to Poppy, who was the winner of her stage and has progressed to the next round in August. We are incredibly proud of all four students for representing BCS so well and wish Poppy the very best for the next stage of the competition!

STAGE 1 PERSUASIVE WRITING

SAVING OUR GREEN SPACES

This term, Stage 1 students have been exploring the features and language devices of persuasive texts through the engaging mentor texts *The Lorax* by Dr. Seuss and *The Boy and the Elephant* by Freya Blackwood.

Through class discussions and close analysis, students identified how authors use rhetorical questions, persuasive and inclusive language, emotive appeals and strong arguments to influence their audience.

Inspired by these texts, students planned and composed their own persuasive writing pieces focused on the important theme of caring for and protecting our environment, particularly the need to preserve our green spaces.

Their writing highlighted the many benefits of trees and green spaces and included powerful calls to action, encouraging readers to take action to protect our environment for future generations.

OUR STUDENTS' WRITING

Lincoln

How dare you cut down that first tree?

The shade helps keep everything cool. Trees make people happy because they can explore outside. Trees keep air clean and make oxygen for us to breathe.

Act now and plant a tree to make our city cool!

Caleb E

Do you want the trees chopped down and the wildlife to go to a different habitat?

Trees keep people cool by providing shade. If the trees are chopped down, the air quality reduces and we'll have trouble breathing. Trees provide creatures with homes and fruit for us to eat, because fruit can grow on trees.

Act now and plant a precious tree to make our small town grow and stay healthy!

Liam

Do you want our wildlife to be homeless or maybe crushed?

The trees make us shade and fresh air so we can breathe freely and strong. The trees are homes to birds, insects, and possums. The trees reduce water run-off so it doesn't flood.

Act immediately to save our precious trees, call 0412 666 100 to join our fight please!

Adalynn

How dare you cut down all the trees without asking where the animals will live? Trees give us oxygen so we can breathe fresh air. Trees give us shade to protect our skin from the scorching sun. Trees provide us with delicious fruit so we can have fresh oranges.

Join me in the fight to keep our healthy trees!

Caleb B

Would you like our planet with no trees or animals?

Trees give oxygen to our air to keep it clean. Trees give us shade so we can keep cool. Trees give animals food and people fruit to eat.

Help us protect our beautiful trees – act now!

Hunter

Please don't cut down are trees, they are special.

Trees give us shade to keep us cool. Trees provide homes for animals, especially the birds. Trees give us places to play and exercise and climb trees.

Act now and save our special trees!

Kylah

How dare you cut down the trees without asking where the animals will live? Trees make people happy because they provide a place for us to play in parks. Trees are very important because they keep our environment clean. Trees provide habitats and food for animals and make shade to keep us cool.

Help us plant more trees to save our beautiful environment!

Mason

How would we feel with no trees or wildlife in our town?

Trees provide shelter and keep people nice and cool. Trees keep people from getting extremely sunburnt. Trees breathe in carbon dioxide and give us oxygen and clean air.

Act now and protect our precious wildlife and trees!

Judd

If you cut down all the trees the dust will go into our special forest.

Trees give us shade. They help us play and exercise. Trees make people happy by playing in the park.

Help now and save our trees!

WHAT'S ON IN 5/6?

AUSSIE BOGAN SOCIAL

This term our year 6 students hosted an Aussie Bogan themed social. Thank you to everyone who came along to the school social. This event was hosted by our year 6 students in order to raise funds for their year 6 graduation at the end of the year. We hope you enjoyed the food, dancing, activities and fun. Congratulations to Sam for winning the lucky door prize!

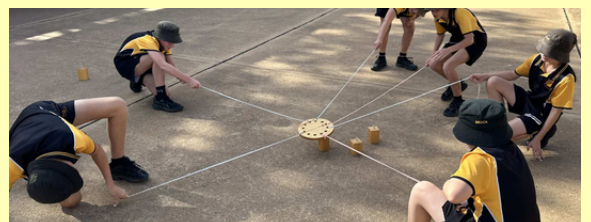

AG

Stage 3 students had their first harvest this term! We picked squash, radish, silver beet and spinach. We decided to preserve our radish and pickle them! Students choose different flavours from garlic and dill to mustard and pepper corn.

TEAM BONDING

Stage 3 students enjoyed a morning of fun team-building games, working together to solve challenges, communicate effectively, and support one another. It was great to see students demonstrating teamwork, resilience, and plenty of laughter along the way!

SPECIAL VISIT

5/6 students had a special visit from a police officer this term. Constable Featherstone spoke about all things cyber safety, how to keep yourself safe and read the red flags online.

I think the students were most excited to try on the police vest and hand cuffs!

SCHOOL CAMP

Stage 2 & 3 had the opportunity to go on an overnight excursion to Parkes and Lake Cowal. We visited the Dish in Parkes and travelled down to Lake Cowal Conservation Centre where we stayed overnight. Here is what some students had to say about our excursion!

ELEANOR

OUR TRIP WAS SUPER FUN, WE LEARNT ABOUT THE BIG DISH, IT WAS A LOT BIGGER THAN WE THOUGHT IT WAS GOING TO BE! WE ALSO LEARNT ABOUT SPACE. SALLY HAD US LOOKING AT THE DIFFERENT STARS AND TAUGHT US ABOUT THE MILKY WAY. WHEN WE WERE AT LAKE COWAL, WE EVEN SAW EMU'S, WE TIMED HOW FAST ONE WAS RUNNING AND IT GOT TO 20KMS PER HOUR!

JAKE

WHILE I WAS AT THE DISH, THERE WAS A SMALLER REPLICA WITH BUTTONS THAT MADE THE DISH MOVE AROUND AND FACE DIFFERENT ANGLES OF THE SKY. AT LAKE COWAL WE FOUND SOME REALLY OLD BOTTLES DATING BACK TO THE 1920S, 1940S AND 1960S. WE SLEPT IN BUNK BEDS IN GLAMPING TENTS, THE BEDS WERE THAT FRESH THEY STILL HAD PLASTIC ON THEM!

JOE

ON MONDAY WHEN WE WERE AT THE DISH WE HAD THE BEST TIME DOING A SCAVENGER HUNT. THE DINNER WAS AWESOME THANKS TO MAL WHO COOKED US BURGERS. ON THE TUESDAY WE DONE A LOT OF FUN ACTIVITIES AND WALKED AROUND LAKE COWAL CONSERVATION CENTRE LOOKING AT ALL SORTS OF THINGS INCLUDING EMU'S, KANGAROOS AND EVEN YEARS OLD GLASS BOTTLES THAT WASHED UP!

STEVIE

ON THE EXCURSION WE LOOKED AT THE STARS WITH SALLY AT LAKE COWAL, WE HAD DELICIOUS DINNER, BREAKFAST AND LUNCH. AT THE DISH WE SAW IT MOVING AROUND FACING THE SKY, WE ALSO GOT TO DO A FUN SCAVENGER HUNT IN GROUPS.

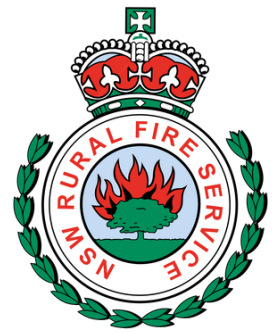

SCHOOL CAMP

RFS SECONDARY SCHOOL CADET PROGRAM

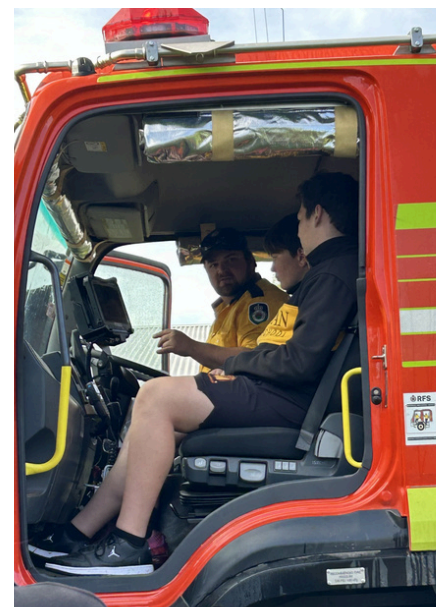

On 25th, 26th, and 27th May, 11 students from Barellan Central School participated in the RFS Secondary School Cadet Program (SSCP).

They learnt new skills in fire behaviour, fire safety the role of emergency services and practiced some basic firefighting skill.

A BIG thank you

to Ross, Matt and Cameron for taking time out of their week to come and give such valuable knowledge to our students.

STAGE 1 EXPLORERS LEARNING ABOUT SPACE EXPLORATION!

During this term, Stage 1 students have been learning about informative texts. They explored the fascinating topic of space exploration through the texts *The City of Light* and *Curiosity: The Story of a Mars Rover*. Students were highly engaged in discovering new facts about space, planets, rovers, and the achievements of scientists and astronauts. Through their reading and classroom discussions, they developed their understanding of how informative texts present facts and information. Students also practised identifying key features of informative texts and used their learning to create their own informative writing pieces. It has been wonderful to see their curiosity, enthusiasm, and growing confidence as readers and writers throughout this unit.

Judd

Amazing Mars Landing!!!!

First curiosity sits on the launch pad.

Next the astronauts get in the huge rocket.

Then the countdown begins,
three, two, one blast off.

The rover helped the scientists
know about Mars by taking photos.

Liam

The First rover On Mars

Curiosity is being sent to Mars to discover the planet.
First, the scientists have to test out the rover and
get the rocket prepared to launch into space.
It was a exciting moment for everyone.

After that, the rocket left Earth's atmosphere and
travelled more then a million Kilometres into Mars
thin atmosphere, full of deadly gases like carbon
dioxide and iron dioxide.

Then, curiosity successfully landed on Mars safely.
The rover took pictures and samples back to
fascinated scientists on earth!

Lincoln

Curiosity Reaches Mars

First, curiosity was on the
launching pad ready to go to Mars.

Next, the rover broke into lots of
pieces, it travelled to the
red planet Mars.

Finally, the rocket capsule
landed safely on Mars.

The rover helped the scientists
learn more about Mars.

Caleb Evans

25.5.2026

Curiosity goes into Space!!!!

Curiosity leaves the busy space station
to go to the red planet, Mars.

Firstly, the huge spacecraft was getting ready
for the countdown to launch.

Next, the huge rocket took off through
the Earth's atmosphere.

After that, they landed safely on Mars.

Curiosity sends more information from
Mars back to Earth.

Mason

Curiosity reaches Mars

First, Curiosity leaves the space station to go to Mars.
Next, the rocket ship A Pollo 11 mission was standing
tall on the launch pad. It powerfully took off from
the launch pad with curiosity aboard.

After that, it landed safely on the rough, cold
surface of Mars.

They put the famous rover curiosity on Mars to
study the planet. The rover curiosity went up to
Mars to take pictures and send them back to Earth.

Caleb B

Curiosity Rover Landed On Mars

First, the astronauts prepare
to get into the rocket.

Next, they launch into space.

Then, the rover landed
on Mars safety.

The rover helped explore Mars
to find out more about it.

Kylah

Amazing Mars Landing

Curiosity rover landed on Mars safely.

Firstly, Curiosity launched from the space station.

Next, it breaks through the Earth's atmosphere
and quickly travels into space.

Then, they landed on the dusty Mars.

The Rover helped scientists to know more about Mars.

Hunter

Landing on Mars

Curiosity Rover landed on Mars!

First, the rocket took off into the atmosphere.

Then, the Rover landed on the rocky, dusty planet Mars.

The Rover sent the pictures back to earth to help
the scientists learn more about Mars.

TULLIBIGEAL ART DAY

Our budding artists once again went to Tullibigeal Central School for a day of artistic excellence.

This time we were doing lino printing. Students were able to create a design in their pieces of lino. An art form usually done in high school. Lylah and Adeline were able to create their own stamps by carving the lino into their own designs.

Jessica

Jessica created a whale which looked like it was swimming through the waves.

Adeline

Adeline, a cat that was thinking.

Lylah

Lylah a complex design of an animal with a long tail.

A fantastic day of creativity,
learning and artistic inspiration!

Outstanding effort!

PSSA SCHOOLS BASKETBALL TOURNAMENT WRAP-UP

The combined Barellan and Arian Park Central Schools basketball team travelled to Griffith on 2 June 2026 to compete in the Griffith Round of the PSSA Schools Basketball

Tournament. A skilled team of 9 players took to the court for the first game against Hanwood Primary School. An impressive display of basketball skills from Blake and Archer feeding the ball into Tom, saw us take an impressive lead into half time. The second half saw more excellent teamwork with Darcy, Riley and Duncan getting a real feel for the game. Chase, Jim and Kye defended well to keep Hanwood at bay. Our team winning 51 to 28.

Our second game had us against a tough opponent in North Griffith PS. GNPS are renowned for their tight knit group who have played together for many years. Our team knew this would be a tough game but were ready for the challenge. Kye and Chase stepped into the centre role as Tom was sidelined by injury. Riley, Jim and Duncan continued their defence playing hard. Blake, Darcy and Archer played well at both ends of the court. At the siren it was GNPS who took the win.

Congratulations to our team who showed excellent sportsmanship throughout the day. A big thank you to Leah Irons who did the scoring for both of our games.

Mrs Colwill
Coach

PSSA & CHS ZONE ATHLETICS

PRIMARY

On Friday 19th, 17 Barellan Central School students travelled to Wagga Wagga to compete in the Zone Athletics Carnival. The rain stayed away, allowing for a successful day of competition.

Congratulations to the many students who have qualified for the Riverina Athletics Championships in September. Riverina letters will be distributed next week.

A special congratulations to Poppy, who was named Runner-Up Junior Girls Age Champion, and Jamie, who was awarded 11 Years Age Champion.

BCS also finished an impressive 2nd overall in the aggregate points tally. Well done to all students on their efforts and outstanding representation of our school.

SECONDARY

On Friday, 26th June, 14 secondary students braved an early, chilly start as they travelled to Lockhart to compete in the CHS Zone Athletics Carnival.

The competition was fierce, with students giving their all and many achieving personal best (PB) performances throughout the day.

We are incredibly proud of the determination, sportsmanship, and resilience shown by all of our athletes.

Congratulations to everyone who competed and represented our school so well!

100 Days of Learning

Who: Kindergarten to Year 11. Parents and caregivers are welcome to join for afternoon tea!

What: Celebrating 100 days of learning with Kindergarten at BCS.

When: Monday 27th July 2026 (Term 3, Week 2).
Between 2 and 3pm, K-11 will rotate between activity stations.

Where: At Barellen Central School.

Why: It recognises and celebrates Kindergarten's growth, effort and achievement during their first 100 days of school.

Theme: 100 colours – Come dressed in as many colours as possible (K-12).
