**Beauty Point Public School**  
**Behaviour Support and Management Plan**

## Overview

At Beauty Point Public School everyone has a right to learn and grow in a safe, positive environment. We are committed to explicitly teaching and modelling positive behaviour and to supporting all students to be engaged with their learning. Students are consistently recognised for their effort, achievements and performance. Our goal is to inspire every child to participate positively in the school community and beyond.

Principles of positive behaviour support, trauma-informed practice, inclusive practice, and social emotional learning underpin our daily practice. High expectations for student behaviour are established and maintained through effective role modelling, explicit teaching, and planned responses.

The key program prioritised and valued by the school community is the research based approach to student behaviour management called Positive Behaviour for Learning (PBL). PBL provides students and staff with a positive and proactive system for defining, teaching and supporting appropriate student behaviours. PBL replaces “rules” with “expectations”.

Beauty Point Public School has implemented school-wide Positive Behaviour for Learning (PBL) practices, focusing on the core values of being responsible, showing respect, and striving to achieve your personal best. PBL provides students and staff at Beauty Point Public School with a positive and proactive system for defining, teaching and supporting appropriate student behaviours. The school uses PBL to reinforce positive expectations through a school-wide matrix, fast and frequent rewards, all-inclusive rewards days, assemblies of recognition, and management flowcharts for all staff.

Beauty Point Public School is dedicated to explicitly teaching and modelling positive behaviour, supporting all students in becoming actively engaged in their learning. The school community prioritises and values key programs including [Positive Behaviour for Learning \(PBL\)](#), Grow Your Mind, UR Strong, the Learning Disposition Wheel, Zones of Regulation and the Learning from Mistakes Restorative Justice Framework. These programs prioritise social and emotional learning which supports good mental health, positive relationships and supports the prevention of bullying.

Beauty Point Public School rejects all forms of bullying behaviours, including online (or cyber) bullying by maintaining a commitment to providing a safe, inclusive, and respectful learning community that promotes student wellbeing. Staff are committed to establishing evidence-based approaches and strategies that promote a positive climate where bullying is less likely to occur.

All members of the school community are active participants in building a welcoming school culture that values diversity and fosters positive relationships. A key component of a supportive school culture is building respectful relationships and an ethos that bullying is not accepted, in both online and offline environments. School staff actively respond to student bullying behaviour.

## Objectives

The School behaviour Support and Management Plan at Beauty Point Public School is committed to fostering a student-centred, positive, strengths-based approach. This plan aims to support and manage student behaviour through:

### Strategic Whole School Approach:

- **Proactive and Prevention Focused:** We employ a strategic, integrated whole school approach to explicitly teach social and emotional skills and behaviour expectations. This approach is designed to be proactive and prevention-focused, ensuring a continuum of care that promotes positive behaviour.

### Collaborative Partnerships:

- **Engaging Stakeholders:** Our plan emphasises collaborative partnerships between schools, students, parents, carers, and community members. We believe in working together to support student behaviour and foster a cohesive community.

### High Behaviour Standards:

- **Safe, Inclusive, and Respectful Environment:** We maintain high expectations for student behaviour to create a safe, inclusive, and respectful school environment. Through effective role modelling, explicit teaching, and planned responses, we ensure students understand and meet these standards.

### Multi-Tiered Support:

- **Inclusive and Equitable Practices:** Our plan incorporates a multi-tiered care continuum to support all students, ensuring they can access and participate in education with reasonable adjustments. We embed inclusive and equitable practices that promote positive student behaviour and reinforce safe, inclusive behaviours.

### Parental and Carer Engagement:

- **Active Participation:** We establish clear expectations for parents and carers to engage with the school in developing and implementing individual behaviour management strategies. Their active participation is crucial in creating a supportive environment for all students.

### Explicit Teaching and Reinforcement:

- **Teaching Positive Behaviours:** Strategies within the plan recognize, reinforce, and teach inclusive and safe behaviours. Through explicit teaching, we help students understand the importance of these behaviours and how they contribute to a positive school community.

By adhering to these objectives, Beauty Point Public School ensures that all students receive the support they need to succeed academically, socially, and emotionally, in a safe and nurturing environment.

## Context

Beauty Point Public School and its community work together to provide a quality learning environment where all students and staff are treated fairly and with dignity. We strive to maintain an environment free from disruption, intimidation, harassment, victimisation, and discrimination. To achieve this, we uphold high standards of discipline, ensuring a safe and inclusive atmosphere for everyone.

When parents enrol their children at Beauty Point Public School, they enter into a partnership based on a shared commitment to providing opportunities for students to take responsibility for their actions and have a greater say in their learning. This collaboration between school staff, students, and parents or carers is vital for effective behaviour support.

Our goal is to develop socially responsible young people capable of making informed decisions. This is achieved through an effective social, cultural, and academic curriculum tailored to the individual needs of students. In implementing the School Behaviour Support and Management Plan, we ensure no student is discriminated against, harassed, or victimised, in line with legislative requirements.

This guideline is consistent with [Work Health and Safety \(WHS\) Policy](#) obligations for ensuring a safe and healthy working and learning environment for staff, students and visitors at schools. We also implement an Anti-bullying Plan consistent with the Student Behaviour policy - [Bullying: Preventing and Responding to Student Bullying in Schools Policy](#)

The School Behaviour Support and Management Plan may apply outside of school hours and off school premises where there is a clear and close connection between the school and the conduct of students.

## Partnership with parents and carers

Beauty Point Public School will partner with parents/carers in establishing expectations for engagement in developing and implementing student behaviour management and anti-bullying strategies, by:

- inviting parent/carers and student feedback through formal and informal means, such as Tell Them From Me surveys, school surveys, consulting with the P&C and local AECG.
- using concerns raised through complaints procedures to review school systems, data and practices.

Beauty Point Public School will communicate these expectations to parents/carers through the Meet The Teacher Evenings, Term 1 Parent Teacher interviews, the school newsletter, and school website. Our school proactively builds collaborative relationships with families and communities to create a shared understanding of how to support student learning, safety and wellbeing.

The [School Community Charter](#) informs parents and carers on how to engage with NSW public schools.

Community consultation was conducted throughout Term 3 and 4 of 2024 including presentation at Term 3 P&C meeting as well as feedback sought from parent community via email and google survey.

## School-wide expectations and rules

Beauty Point Public School has the following school-wide expectations and rules:

## Behaviour Code for Students

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

The Behaviour Code for Students can be found at:

<https://education.nsw.gov.au/policy-library/policyprocedures/pd-2006-0316/pd-2006-0316-01>. This document translated into multiple languages is available here: [Behaviour code for students](#).

## Whole school approach across the care continuum

Our school embeds student wellbeing and positive behaviour approaches and strategies in practices across the care continuum to promote positive behaviour and respond to behaviours of concern, including bullying and cyber-bullying behaviour.

These approaches and strategies are built on a foundation of evidence-based effective classroom practices that set the tone for engagement with learning and respectful relationships. These practices include:

- stating and explicitly teaching classroom expectations
- establishing predictable routines and procedures that are communicated clearly to students
- encouraging expected behaviour with positive feedback and reinforcement
- discouraging inappropriate behaviour
- providing active supervision of students
- maximising opportunities for active engagement with learning
- providing carefully sequenced engaging lessons that provide options for student choice
- differentiating learning content and tasks to meet the needs of all learners.

Care Continuum	Strategy or Program	Details	Audience
Prevention	PBL Award System	Students receive PBL awards for demonstrating our school values of Respect, Responsibility and Personal Best. Silver Awards are handed out at Stage assemblies. When students have 4 Silver Awards (any combination), they hand these in to their classroom teacher. Students can trade 4 Silver Awards for a Gold Award. 4 Gold Awards can be traded for a BPPS Banner. Students are presented with a Banner certificate at an assembly and invited to have morning tea with their parents/carers and the principal. The students continue to collect Silver Expectation Awards and Gold Awards to try to achieve a second Banner certificate.	Whole School
Prevention	'Thumbs Up' Tokens	Thumbs Up' tokens are awarded for small ways of following the school expectations. Tickets are placed in a box for the weekly draw. In addition, there is a whole school incentive to fill the box in order to receive a whole school reward such as extra play time. Student voice is incorporated to ensure the incentives are valued by the students.	Whole School
Prevention	Class Rewards	Teachers and all specialist staff develop and use positive reinforcement systems suited to the needs of individual students that are designed to maximise the unique qualities of each class. Teachers use a wide variety of reinforcers including; verbal praise, stickers/stamps on work, written comments in books, individual and / or class charts or showing achievements to other teachers, students and principal/executive staff members	Whole School
Prevention	Principal Recognition	Three students from each class are awarded a Gold Principals Award each Friday in recognition of displaying our school expectations consistently. These students are highlighted during grade/stage assemblies.	Whole School
Prevention	House Points	Each student is assigned to a sports house (Sirius, Killarney, Parriwi, Merriwa) when they enrol at the school. Students receive house points at sport carnivals and within each class during sport lessons. Points can be given for citizenship, school spirit, cooperation or participation in sporting events and gaining a place in a sports carnival. The sports house at the end of the term that has the highest points receives a reward e.g. Mufti Day. Points are updated on the house point chart which is displayed in the school assembly hall. ## Reflection and Restorative Practices

To ensure the safety and wellbeing of all students and staff, as well as provide an educational environment where all students can achieve and succeed, it is essential that behaviour is managed appropriately. Where students do not respond positively to the expectations and school wide behaviour systems at Beauty Point Public School, it may be necessary to apply further fair, reasonable and proportionate action.

Restorative practice is a strategy that seeks to repair relationships that have been damaged, including those damaged through bullying. It does this by bringing about a sense of remorse and restorative action on the part of the offender and forgiveness by the victim.

Beauty Point Public School focuses on positive reinforcement and proactive strategies such as redirecting and reteaching. Restorative conversations are part of our behaviour support planning and include goals, explicit instructions of replacement behaviours, measures to check progress and personalised feedback to the student.

To ensure consistency and fairness across the school, teachers use a schoolwide decision-making flowchart applicable to either classroom or playground settings to determine consequences for behaviour that does not meet school expectations (See Appendix). Negative incidents and behaviours are either minor (with warnings) or major (with immediate action). All incidents are recorded in Sentral for tracking purposes.

## Planned responses to positive appropriate behaviour, inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying

Planned responses to behaviour that does not meet school expectations are managed by either teacher or executive staff. Staff use their professional judgement in deciding whether a behaviour is teacher managed or executive managed. They should consider whether the behaviour poses a risk to the safety or wellbeing of the student or others.

A behaviour of concern is challenging, complex or unsafe behaviour that requires more persistent and intensive interventions. A behaviour of concern does not include low-level inappropriate or developmentally appropriate behaviour. See Appendix 1.

- Teacher managed – low level inappropriate behaviour is managed by teachers in the classroom and the playground.
- Executive managed – behaviour of concern is managed by school executive.
- Corrective responses are recorded on School Bytes Behaviour/wellbeing system. These include:

Classroom	Non-classroom setting
<ul style="list-style-type: none"> <li>• rule reminder</li> <li>• re-direct</li> <li>• offer choice</li> <li>• error correction</li> <li>• prompts</li> <li>• reteach</li> <li>• seat change</li> <li>• stay in at break to discuss/ complete work</li> <li>• conference</li> <li>• detention, reflection and restorative practices</li> <li>• communication with parent/carer.</li> </ul>	<ul style="list-style-type: none"> <li>• rule reminder</li> <li>• re-direct</li> <li>• offer choice</li> <li>• error correction</li> <li>• prompts</li> <li>• reteach</li> <li>• play or playground re-direction</li> <li>• walk with teacher</li> <li>• detention, reflection and restorative practices</li> <li>• communication with parent/carer.</li> </ul>

We acknowledge that not all students are encouraged by the same thing or in the same ways. Younger students may be more motivated by adult attention while older students are typically more motivated by peer attention, activities, privileges, or freedom. When learning new skills, students need immediate and frequent reinforcement and as they develop mastery they respond to intermittent and long-term reinforcement to maintain their social behavioural efforts.

The use of verbal and non-verbal specific positive feedback is the most powerful way to:

- help adults and learners to focus on positive social behaviour
- increase the likelihood that students will use the expected behaviours and skills in the future
- decrease unexpected behaviour and reduce the need for corrective responses
- enhance self-esteem and build an internal focus of control.

Prevention Responses to recognise and reinforce positive, inclusive and safe behaviour	Early Intervention Responses to minor inappropriate behaviour	Targeted/Individualised Responses to behaviours of concern
<p>1. Behaviour expectations are taught and referred to regularly.</p> <p>Teachers model behaviours and provide opportunities for practice.</p> <p>Students are acknowledged for meeting school-wide expectations and rules.</p>	<p>1. Refer to school-wide expectations and/or emotional regulation visuals and/or supports so that the student can self-regulate.</p>	<p>1. Contact the office to seek help from the executive straight away if there is a risk. Otherwise notify the student's stage supervisor or executive ASAP and before the end of the school day.</p>

2. Verbal and non-verbal specific positive feedback is paired with a positive, tangible reinforcer in a school-wide continuum for acknowledging expected behaviour.	2. Use indirect responses including proximity, signals, non-verbal cues, ignore, attend, praise, redirect with specific corrective feedback.	2. Executive/CT to take immediate steps to restore safety and return the situation to calm by using appropriate strategies such as: redirecting to another area or activity, providing reassurance or offering choices. Incident review and planning is scheduled for a later time, determined by the context and nature of the incident.
3. Tangible reinforcers include those that are: free and frequent moderate and intermittent significant and infrequent Intermittent and infrequent reinforcers are recorded on Behaviour / wellbeing ITD system.	3. Use direct responses e.g. rule reminder, re-teach, provide choice, scripted interventions, student conference. Students have an opportunity to meet the classroom/playground behaviour expectation before low-level consequence is applied.	3. Executive collects information and reviews the incident from multiple perspectives to determine next steps. Executive to record incidents on Behaviour / wellbeing ITD system and contact parent/carer by email or phone. Executive/principal may consider further action e.g., formal caution or suspension.
4. Social emotional learning lessons are taught (PAX GBG and Positive Living Skills) weekly.	4. Teacher records on Behaviour / wellbeing ITD system by the end of the school day. Monitor and inform family if repeated. For some incidents, a referral is made to the school's anti-racism contact officer (ARCO) or anti-bullying coordinator.	4. Refer to the school's Learning and Support Team considering current and previous behaviour data. Other actions may include completing a risk assessment and/or collaboratively developing a behaviour support/response plan.
Teacher/parent contact	Teacher/parent contact	Teacher/parent contact
Teacher contact through the parent portal or phone calls home are used to communicate student effort to meet expectations. Recognition awards for positive individual and class behaviour are given at fortnightly school assemblies.	Teacher contacts parents by phone or email when a range of corrective responses have not been successful. Individual planning and referral to the Learning Support Team may be discussed.	Parent/carer contact is made by the school executive to discuss any support and behaviour responses, including referral to the LST, school counsellor, outside agencies or Team Around a School.

### Responses to serious behaviours of concern

The NSW Department of Education [Student Behaviour policy](#) and [Suspension and Expulsion procedures](#) apply to all NSW public schools.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site
- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member.

## Reporting and recording behaviours of concern

Staff will comply with reporting and responding processes outlined in the:

- [Incident Notification and Response Policy](#)
- [Incident Notification and Response Procedures](#)
- [Student Behaviour policy](#) and [Suspension and Expulsion procedures](#).
- Students and/or parents/carers can report cyberbullying to the [eSafety Commissioner](#) and reporting links for most sites, games, and apps can be found at the [eSafety Guide](#).

## Anti-Racism

Racism is not tolerated in NSW public schools or department workplaces. Beauty Point Public School rejects all forms of racism. We are actively committed to the elimination of racial discrimination - including direct and indirect racism, racial vilification and harassment - in our organisation, structures and culture, in our curriculum, and in the learning and working environments for which we are responsible.

Any student, parent or staff member with a complaint should seek assistance from the school's trained Anti-Racism Contact Officer (ARCO). Students and parents may contact any staff member to help them bring their concerns to the attention of the ARCO.

[NSW DET Anti-Racism Policy](#)

## Cyber-Bullying

Cyberbullying may be defined as 'the use of electronic communication, particularly mobile phones and the internet, to bully a person, typically by sending messages of an intimidating or threatening nature: children and adults may be reluctant to admit to being the victims of cyberbullying'. It can take a number of different forms: threats and intimidation, harassment or 'cyber-stalking' (e.g. repeatedly sending unwanted texts or instant messages), sexting (e.g. sending and receiving sexually explicit messages, primarily between mobile phones) vilification/defamation, exclusion/peer rejection, impersonation, unauthorised publication of private information/images and 'trolling' (abusing the internet to provoke or offend others online).

At Beauty Point Public School we take a Best Practice approach for Online Safety Education as outlined by the e-safety Commissioner.
