

# Billabong High School Behaviour Support and Management Plan

#### Overview

Billabong High School is committed to a safe, positive and respectful culture in which all students are supported to be engaged in their learning.

Our goal is for each student to participate in society in a meaningful way. We promote excellence, opportunities and wellbeing; we strive to ensure that every learner achieves their potential in a caring and positive environment.

Underpinning our practices are positive relationships, restorative approaches, inclusivity and social emotional learning. High standards of student behaviour are maintained through explicit teaching and modelling of expectations, recurring positive recognition, and consistent and calm planned responses.

School behaviour processes are visible and functional. They enable consistency for staff when responding to student behaviour which does not meet expectations and support students to take responsibility for their choices, acknowledge their impact and learn from their behaviour.

To achieve our goal, the following approaches and programs are prioritised and valued by the school community:

- Restorative practices
- Inclusive systems
- Relationship focused methods
- Social and emotional skills programs
- Proactive and evidence-based strategies

These approaches and programs help foster positive connections, reinforce routines and structure and support a sense of belonging and strong mental health. They strengthen a safe and respectful culture, in which the prevention and response to bullying is based on a whole-school approach.

# Partnership with parents and carers

Parents and carers play an important role at Billabong High School. The school has worked with families and students in the development and implementation of school-wide expectations, student behaviour management strategies and this plan by:

- obtaining formal and informal feedback through Tell Them From Me surveys, school-based surveys, consultation with the Parent and Citizens Association and engagement with the Student Representative Council.
- using concerns raised through complaints procedures to review school systems, data and practices.

We regularly communicate student expectations and behaviour management strategies to parents, carers and students through the school newsletter 'Highlights', the school website and Facebook page, as well as Sentral communication tools such as the parent portal and messaging. Links to information and resources in the <u>Behaviour support toolkit</u> are also provided.

We will continue to consult with the school community using existing communication channels during the development, implementation and review of this plan. The School Community Charter (School <u>Community Charter (PDF 1.4 MB)</u> supports parents and carers when engaging with NSW public schools.

## School-wide expectations and rules

Billabong High School has the following school-wide expectations and rules:

| Best Choice                                      | Here to Learn                    | School Talk               |
|--|----------------------------------|---------------------------|
| Listen and follow instructions                   | Actively participate in learning | Use appropriate language  |
| Care for self and others                         | Strive for quality work          | Speak calmly and politely |
| Resolve conflict respectfully, calmly and fairly | Seek help and advice             | One voice at a time       |

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students. The Behaviour Code for Students can be found at <a href="https://education.nsw.gov.au/policy-library/policyprocedures/pd-2006-0316/pd-2006-0316-01">https://education.nsw.gov.au/policy-library/policyprocedures/pd-2006-0316/pd-2006-0316-01</a>. This document translated into multiple languages is available here: <a href="Behaviour code">Behaviour code for students</a>.

## Whole school approach across the care continuum

Our school embeds student wellbeing and positive behaviour approaches and strategies at each stage of the care continuum: prevention, early intervention, targeted intervention and individual intervention. We use the care continuum guide resource, wellbeing and behaviour data and expertise from the learning and support team to identify students and appropriate strategies which are relevant to our school context.

These approaches and strategies are evidence-based, with a strong focus on universal prevention to promote positive student behaviour, enhance student wellbeing and support student learning. Practices include:

- explicitly teaching classroom expectations
- establishing predictable, structured and consistent routines
- positive feedback and reinforcement to promote expected behaviour
- maximising opportunities for active engagement with learning
- differentiating learning content and tasks to meet the needs of all learners.

| Care<br>Continuum | Strategy or<br>Program                                | Details  | Audience              |
|-------------------|---|--|-----------------------|
| Prevention        | Caring<br>Conversations                               | Students engage with staff for wellbeing check-ins and staff encourage use of healthy coping strategies.   | All students<br>Staff |
| Prevention        | Billabong High<br>School Virtual<br>Wellbeing<br>Room | This online support self-help service provides resources for students in a range of areas such as anxiety, anger management, bullying and friendships. | All students          |

| Care<br>Continuum                   | Strategy or<br>Program   | Details   | Audience              |
|-------------------------------------|--|---|-----------------------|
| Prevention Early Intervention       | Learning and<br>Wellbeing Hubs   | The Hubs provide quiet and safe spaces for students who need to access additional support for their learning and/or wellbeing. Students exited from class under the classroom management plan attend the Wellbeing Hub. Students are also assisted with restorative conversations and uniform needs. Senior students can be supported with their studies. | All students          |
| Prevention                          | Restorative<br>Conversations   | Restorative conversations are held at school to build, maintain and restore positive relationships. It is a positive, pro-social approach which aims to further create an ethos of respect, inclusion, cooperation and responsibility.  | All Students<br>Staff |
| Prevention<br>Early<br>intervention | Student<br>Support Officer   | The SSO supports student wellbeing through numerous means such as individual conversations, facilitating mediation, involvement in the SRC and operating several wellbeing programs.  | All students          |
| Prevention                          | The Hive   | The Hive is a school-based wellbeing program which offers food to students at no cost each recess. The food items are toasted sandwiches and fruit.   | All students          |
| Prevention                          | Youth Aware of<br>Mental Health<br>(YAM)   | YAM is an evidence-based program, which has the strongest evidence for reducing suicide attempts and ideation, and facilitating helpseeking among young people. Emphasis is placed on peer support. Information is given on how and where to find professional help if needed.  | Year 9                |
| Prevention                          | Discovering Relationships Using Music, Beliefs, Emotions, Attitudes and Thoughts Program | The DRUMBEAT program incorporates hand drumming, behavioural therapeutic principles and cognitive and dialectical elements to achieve positive outcomes. It facilitates the social and emotional skills for healthy relationships and values.   | Year 7                |
| Prevention                          | Police Youth<br>Engagement<br>Officer<br>Presentations                                   | Presentations are given throughout the year and can include topics such as healthy relationships, assault and harassment and cyber safety.  | All students          |

| Care<br>Continuum | Strategy or<br>Program                            | Details  | Audience                    |
|-------------------|---|--|-----------------------------|
| Prevention        | School Disco                                      | The school disco engages students in a social event which promotes a sense of belonging, inclusion and positive relationships.   | All students                |
| Prevention        | Transition:<br>Year 6 to Year 7                   | The transition program supports incoming students to get to know staff, each other, as well as the school environment and expectations. A taster day is held in Term 2 and orientation day in Term 4. The Learning and Support Teacher and Year Advisor also visit feeder primary schools. | Year 6<br>Year 10<br>Staff  |
| Prevention        | Sporting<br>Competitions                          | Students represent the school by participating and/or umpiring a range of sports such as football, cricket, basketball, netball, bowls, boccia, swimming, cross country, athletics and tennis. These events foster responsibility, teamwork and a sense of belonging.                      | ldentified<br>students      |
| Prevention        | Colour Run  | The colour run engages students and staff in a fun, active and team building event which promotes a sense of belonging, inclusion and positive relationships.  | All students                |
| Prevention        | Tomorrow<br>Man/Woman                             | These workshops unpack the history, expectations and facts of modern-day womanhood and manhood. They aim to enable students to tap into their authentic voice and have a positive influence on their relationships and the world.  | Year 10                     |
| Prevention        | Smashed<br>Live Gibber<br>Education               | Smashed Live is an empowering and relatable theatre in education program which aims to tackle underage drinking with positive thinking. When young people inevitably face tough choices, Smashed empowers them to make an informed one.  | Years 9 & 10                |
| Prevention        | Life Ed.<br>Reality Now<br>Drug<br>Education      | These programs educate students about various matters relating to drug education. Years 7 and 8: Drugs, smoking and vaping; Years 9 and 10: Alcohol and illicit drugs.   | Years 7 & 8<br>Years 9 & 10 |
| Prevention        | Wear It Purple:<br>Diversity &<br>Inclusion Event | This event recognises diversity within the school community and supports the enhancement of a safe and caring environment which all students feel a sense of belonging.  | All students                |

| Care<br>Continuum | Strategy or<br>Program  | Details  | Audience   |
|-------------------|---|--|--|
| Prevention        | Anti-bullying<br>Programs   | The DP presents on anti-bullying at whole school assemblies. Years advisors engage students in anti-bullying activities during group meetings.   | All students   |
| Prevention        | NAIDOC Week:<br>Diversity &<br>Inclusion Event                      | This week celebrates the history, culture and achievements of Aboriginal and Torres Strait Island peoples. Several activities are held in the school such as a community breakfast and didgeridoo lessons.   | All students<br>Staff<br>Families                                  |
| Prevention        | Do It for Dolly<br>Day  | This day is dedicated to bringing the community together, spreading kindness and uniting in helping break the silence around bullying. Students wear blue, are encouraged to bring in a gold coin donation and purchase food organised by the SRC. | All students   |
| Prevention        | Attendance<br>Recognition<br>and<br>Communication                   | The school community celebrates regular and improved attendance each term by awarding certificates and by regularly promoting and informing the community of the importance of attendance.   | All students   |
| Prevention        | Rotary Youth<br>Driver<br>Awareness<br>(RYDA)<br>Program            | RYDA provides students with the tools, habits and motivation to take action and stay safe on our roads as both drivers and passengers throughout their lives.  | Year 10  |
| Prevention        | Footy Colours<br>Day  | Footy Colours Day is a national community fund raising event which helps kids with cancer keep up with school. It enables students to support other young people whilst being active and engaged.  | All students<br>Staff  |
| Prevention        | Gatherings<br>Aboriginal<br>and Torres<br>Strait Island<br>Families | Families are invited to share morning tea/breakfast in the Yarning Circle and engage in activities to build and strengthen connections.  | Aboriginal and<br>Torres Strait<br>Island students<br>and families |
| Prevention        | Year Group<br>Meetings  | Each year group meets twice a term to engage in wellbeing activities and strategies around issues such as bullying, gratitude, coping and mental health.   | Each year group  |
| Prevention        | Year Group<br>Excursions  | These year groups attend two-four day excursions to build teamwork, foster positive relationships and expand their knowledge and   | Year 7<br>Year 9<br>Year 11  |

| Care<br>Continuum                   | Strategy or<br>Program                                | Details   | Audience                      |
|-------------------------------------|---|---|-------------------------------|
|                                     |   | understanding of numerous curriculum areas in real world contexts.  |                               |
| Prevention                          | Year 10 Social  | Year 10 and their parents/carers attend an evening in the school hall to acknowledge their end of junior school by dancing and sharing food.  | Year 10                       |
| Prevention                          | Cultural<br>Immersion                                 | Students learn about the cultural importance of the didgeridoo, how to play it and build connections to culture and elders.   | Male students                 |
| Prevention Early intervention       | Behaviour<br>Communication                            | Regular communication supports increased parent/carer understanding about how behaviour is managed. This is provided via the school newsletter and Sentral parent portal. Parents and carers also receive an emailed letter when their child's behaviour is recorded on Sentral for both positive and negative incidents. | Families<br>Staff<br>Students |
| Prevention                          | PDHPE<br>Curriculum                                   | The development of self-management skills supports students to take responsibility for their actions and emotions.  | Years 7-10                    |
| Prevention<br>Early<br>Intervention | Senior Study<br>Mentor                                | The senior study mentor supports students with various aspects of their studies such as organisation, revision strategies and assessment.   | Years 11-12                   |
| Early<br>intervention               | Love Bites  | The Love Bites junior and senior programs promote respectful relationships and healthy decision-making among young people. They include education on topics such as consent, gender stereotypes and bystander intervention.   | Year 8<br>Year 10             |
| Early<br>intervention               | Caring<br>Conversations<br>and Follow-up<br>Check-ins | Students engage with staff for wellbeing check-ins and staff encourage use of healthy coping strategies.  | All students<br>Staff         |
| Early<br>intervention               | Shine   | This program aims for each girl to develop understanding of her own personal worth, strength and purpose. It is about equipping students with the knowledge and skills to discover who they are and the person they want to become.   | ldentified<br>students        |
| Early intervention                  | Learning and<br>Support Team                          | Meetings are held to collaborate and plan strategies to support students who  | Identified<br>students        |

# Planned responses to positive appropriate behaviour, inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying

Prevention: Responses to recognise and reinforce positive, inclusive and safe behaviour.

The Billabong Stars plan is used by staff to recognise and reinforce positive student behaviour, as well as effort, achievement, representation and service in a range of contexts such as class, sport and school community. The plan is a key aspect of the school's wellbeing and behaviour support approach which promotes a supportive, inclusive and positive culture. It aims to foster connectedness and affirms that students behave in positive ways to support learning experiences, health and safety and personal growth. There is an emphasis on 'first attention to best behaviour' to further build positive teacher-student relationships. See Appendix 1.

#### Early Intervention: Responses to inappropriate behaviour

Teachers use the school Classroom Management plan to respond to behaviour which is low-level inappropriate. The plan provides a clear process for students and teachers regarding behaviour which is not aligned to our school-wide expectations and rules. It has five steps, with the restorative conversation as the final and most crucial part. The conversations support students to reflect on the impact of their behaviour and then enables students and teachers to identify changes that can be made to move forward and make positive behaviour choices. The plan also applies to behaviour in the playground. See Appendix 2.

#### Targeted/Individualised: Responses to behaviours of concern

Behaviours of concern are those which are challenging, complex and/or unsafe and require more persistent and intensive interventions. They include bullying and are managed by the principal and/or deputy principal (senior executive). The safety of all students and staff is the paramount concern when responding to behaviours of concern and support is offered to those impacted.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site
- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member.

The NSW Department of Education <u>Student Behaviour policy</u> and <u>Suspension and Expulsion</u> procedures apply to all NSW public schools.

Students and parents/carers can report bullying and/or cyberbullying to any staff member. NSW public school principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds, including cyberbullying. Students who have been bullied will be offered appropriate support through their year advisor, the school student

support officer and/or school psychologist. The school promotes online safety and the reporting of cyberbullying by students and parents/carers to the <u>eSafety Commissioner</u>. Reporting links for most sites, games and apps can be found at the eSafety Guide.

Responses by staff and others which are supportive, measured and respectful reassure students that their reports will be taken seriously and handled appropriately are vital. The school is aware that students can be reluctant to report bullying for various reasons and that when it is reported, it may be after a long period of experiencing unwanted and harmful behaviours. The emphasis on a positive, inclusive and respectful school environment supports wellbeing and is one in which bullying is less likely to occur. The primary aim of the school's response to bullying is to restore a positive learning environment in which all students feel safe, included and respected. The school has clear processes for responding to bullying. See Appendix 3.

#### Reporting and recording behaviours of concern

Staff record all behaviours of concern and Steps 3 and 4 of the Classroom Management plan in the Sentral Wellbeing platform. We also comply with reporting and responding processes outlined in the Incident Notification and Response Procedures; Student Behaviour policy and Suspension and expulsion procedures.

| Prevention   | Early Intervention   | Targeted/Individualised  |
|--|--|--|
| Responses to recognise and reinforce positive, inclusive and safe behaviour  | Responses to minor inappropriate behaviour   | Responses to behaviours of concern   |
| Students are acknowledged for meeting school-wide expectations and rules as part of 'first attention to best behaviour'. Teachers teach and model behaviours and provide opportunities for practice. | Teachers refer to the three school-wide expectations and use indirect responses such as proximity and non-verbal cues.                           | Staff immediately exit the student from the classroom or playground and advise senior executive.   |
| Teachers give merits for consistent positive behaviour or improvements in behaviour. Students are advised verbally and can receive a written merit card.   | Teachers follow the Classroom<br>Management plan Steps 1-3,<br>which provides students with<br>three opportunities to modify<br>their behaviour. | Senior executive take immediate steps to ensure the safety of all students and staff and offer support as needed.  |
| Students receive a certificate at school assemblies and a tangible reward (if approval is given) for bronze, silver or gold levels.  | If students do not modify their<br>behaviour, they are then exited<br>to the Wellbeing Hub as Step 4<br>of the plan.                             | Interviews take place between the deputy principal and student, which also might involve a written statement by the student. Witnesses to the incident might also be interviewed and a statement obtained. |
| Prevention-focused programs and strategies are the basis of the whole-school approach to behaviour and wellbeing.  | A restorative conversation between the teacher and student is held as the final part of the plan.  | A review of behaviour, learning<br>and wellbeing supports is<br>undertaken and consequences<br>are determined based on a<br>range of factors such as   |

|   |   | frequency, safety, context and impact.  |
|---|---|---|
| Parent/Carer Contact  | Parent/Carer Contact  | Parent/Carer Contact  |
| Merits and levels are recorded<br>by staff on the Sentral<br>Wellbeing platform and a<br>letter is emailed to advise<br>parents/carers. | Behaviour which reaches Steps 3 and 4 on the Classroom Management Plan is recorded by staff on the Sentral Wellbeing platform and a letter is emailed to advise parents/carers. | The behaviour of concern is recorded on the Sentral Wellbeing platform and a letter is emailed to advise parents/carers. Senior executive contact parents/carers to discuss support and consequences and send written advice as required. |

# Detention, reflection and restorative practices

Restorative conversations are held at school to build, maintain and restore positive relationships, particularly when incidents that involve interpersonal conflict or wrongdoing occur. It is a positive, pro-social approach which aims to further create an ethos of respect, inclusion, cooperation and responsibility.

Detention is used by the school as a fair, reasonable and proportionate disciplinary strategy and to assist students to reflect on their behaviour. It is directed and guided by an understanding of the NSW Department of Education's position which can be found at <a href="Detention and time-out procedures">Detention and time-out procedures</a> (nsw.gov.au).

| Strategy  | When and how long?   | Who<br>coordinates?                             | How are these recorded?          |
|---|--|---|----------------------------------|
| Restorative conversations   |  |   |                                  |
| Held between teachers and students following a Step 4 exit on the Classroom Management plan and when deemed valuable. They are guided by three overarching questions:   | At a lunch break<br>or when all<br>parties are<br>available                    | Deputy Principal<br>as wellbeing<br>coordinator | Sentral<br>wellbeing<br>platform |
| <ol> <li>What happened?</li> <li>How did this impact you and others?</li> <li>How can we do things differently in the future?</li> </ol>                                |  |   |                                  |
| Detention   |  |   |                                  |
| <ul><li>Held in the quad playground area for:</li><li>Step 4 exits on the Classroom<br/>Management plan</li></ul>   | Lunch breaks:<br>20 minutes of<br>the 30 minutes                               | Deputy Principal                                | Sentral<br>wellbeing<br>platform |
| <ul> <li>Non-compliance with mobile phone policy</li> <li>Behaviours of concern (challenging, complex or unsafe)</li> <li>Persistent inappropriate behaviour</li> </ul> | All students are<br>permitted to eat<br>and go to the<br>toilet when<br>needed |   |                                  |

Billabong High School Behaviour Support and Management Plan

### Review dates

Last review date: N/A

Next review date: 5 February 2026

#### Appendix 1: Billabong Stars Positive Behaviour Recognition and Reinforcement Plan

Appendix 2: Billabong High School Classroom Management Plan

Appendix 3: Billabong High School Bullying Response Plan

The school is guided by the national definition of bullying for Australian schools:

Bullying is an **ongoing** and **deliberate misuse of power** in relationships through **repeated verbal, physical and/or social behaviour** that intends to cause physical, social and/or psychological harm. It can involve an **individual or a group** misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening. Bullying can happen **in person or online**, via various digital platforms and devices and it can be **obvious** (overt) or **hidden** (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records). Bullying of any form or for any reason can have **immediate, medium and long-term effects** on those involved, including **bystanders**. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Step 1: Listen

- Provide a safe, quiet space to talk and reassure the student that you will listen to them
- Let them share their experience and feelings without interruption
- Reassure the student that you will support them
- Report the matter to senior executive to manage
- As a mandatory reporter, if you hold immediate concerns for the student's safety, let the student know how you will address these

Step 2: Document

- Ask the student for examples they have of the alleged bullying (e.g. notes or screenshots)
- •Write a record of your communication with the student and check with the student to ensure you have the facts correct
- Ask the student to write a statement if they are willing
- Record information in the Sentral Wellbeing platform
- Notify parents/carers that the issue of concern is being investigated (if agreed to by the student)
- Praise the student for speaking out and acknowledge their courage

Step 3: Collect

- Gather additional information from other students, staff or family
- Review any previous reports or records for students involved
- Make sure you can answer who, what, where, when and how
- Clarify information with student and check on their wellbeing

Step 4: Discuss

- Evaluate the information to determine if it meets the definition of bullying
- Make a time to meet with the student to discuss next steps and ask the student what they believe will help address the situation, giving several options such as: addressing the matter individually with the student/s, addressing the matter with a group of students, class or year, whether they want you to do anything at this stage
- Provide the student and parent (if agreed to by the student) with information about school support networks
- Agree to a plan of action and timeline for the student, parent/carer (if agreed to by the student) and yourself

Step 5: Implement

- Document the plan of action in the Sentral Wellbeing platform
- Complete all actions agreed with student and parent/carer within agreed timeframes
- Actions for the student doing the bullying can include: initial meeting and warning the student, contact classroom teachers about modifying seating plans, withdrawal or playground conditions, contact with parents/carers, time in the Wellbeing Hub or senior class, use of the school's virtual wellbeing room anti-bullying resources, conditions for excursions and incursions, behaviour plan, anti-bullying activities with the SSO, formal caution to suspend, suspension
- Monitor student and check in regularly on their wellbeing
- Seek assistance from school support networks if needed

Step 6: Review

- Meet with the student to review situation
- Discuss what has changed, improved or worsened
- Take further action if required refer to possible actions above
- Explore other options for strengthening student wellbeing or safety
- Report back to parent
- Record outcomes in the Sentral Wellbeing platform

Ongoing folllow-up

- Continue to check in with student on regular basis until concerns have been mitigated
- Record notes of follow-up meetings in the Sentral Wellbeing platform
- Refer matter to the Learning and Support Team if the situation is not resolved
- Maintain and seek additional opportunities and programs to improve wellbeing for all students
