BOBIN PUBLIC SCHOOL
~ 1883 - 2025 ~

Over 125 years of quality teaching and learning
School Moto:
Grow To Be Life Long Learners

A proud member of Wingham Community of Schools. This school is built on Biripi land.

A note from the principal

We have had an event-filled start to the term. One of our wonderful mums, Kate, demonstrated her pottery skills with the students to make coil pots. We saw some talented pottery skills and can't wait to paint them! Thank you, Kate.

The NSW National Parks and Wildlife Service are providing our school with a Koala Smart Education Program. This learning program focuses on the conservation of the koala, making a positive impact for our local koalas. The program provides real-life learning opportunities targeted at learning about, and taking action, for our local koala population. We are looking forward to our next visit!

Our Year 6 students visited Wingham High School for a day at the farm during Beef Week. The students reported having a great experience and even made the local news talking about their involvement.

The Smalls Schools Athletics Carnival has been cancelled due to unusable venues. We will complete athletic events at school in the coming weeks. More information will be sent out closer to the dates.

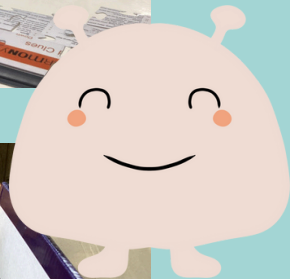

Our Puggle Reward System is well underway again this term. Students frequently receive Puggle Tickets for displaying actions of our school values and each Thursday a name is drawn out of the box for one lucky winner to receive Prize Box. Puggle Tickets are counted each week and once we reach a total of 500 tickets we hold a whole school rewards day.

Unfortunately, due to the floods we have had a few events cancelled or postponed. We would like to thank families and the community for your resilience, understanding and strength during these times. It is great to see everyone's smiling faces back at school.

- Michelle Taylor

DISCOVERY DAY MT GEORGE

IN THE CLASSROOM WITH MS ROZE!!!

Kindergarten students have been investigating how they can sort objects for data displays using objects from around our classroom. They had to think about how many ways they could sort them and if they could sort into two categories at once.

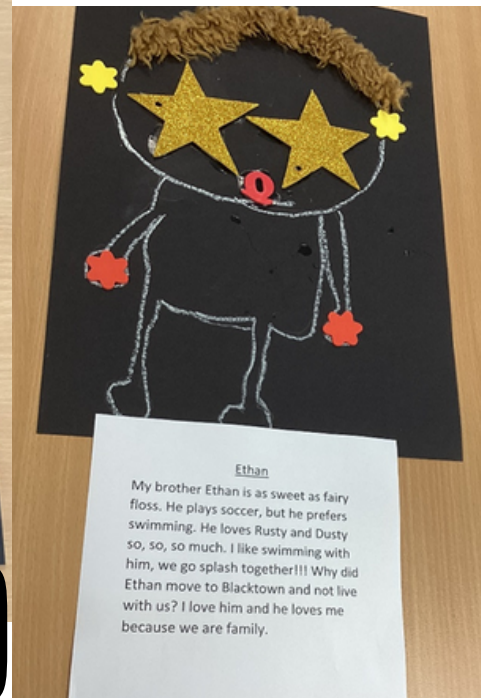

Year 1 and 2 looked at ways to make equal groups to solve tricky multiplication and division problems. They were able to find the important information from worded problems and come up with strategies to be able to solve them.

The students have been looking at poetry and picture books and how authors use word play to make their writing more interesting. They have been able to use onomatopoeia, similes, alliteration and rhyme to describe a family member or a pet and created amazing artworks to go with their writing.

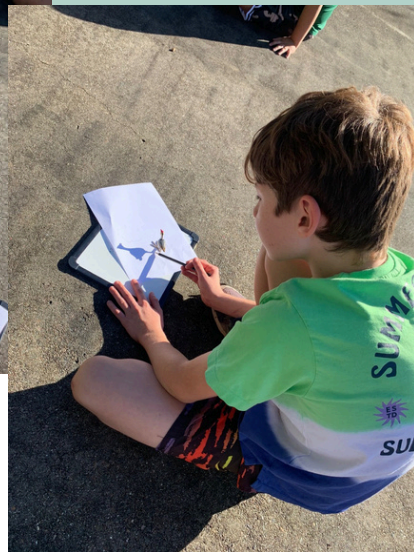

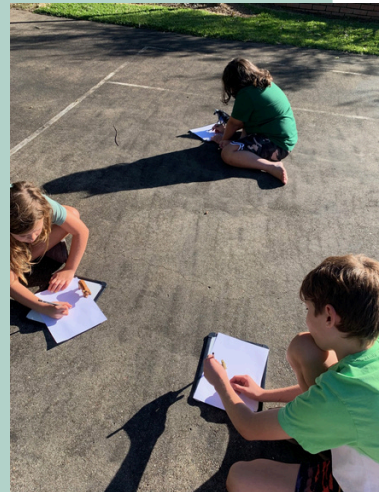

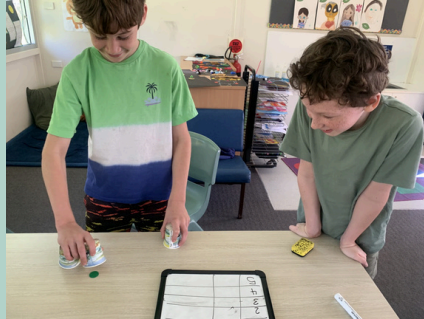

Bandit
My bunny likes to chase cats wearing hats. He is cuddly and as fluffy as a teddy.

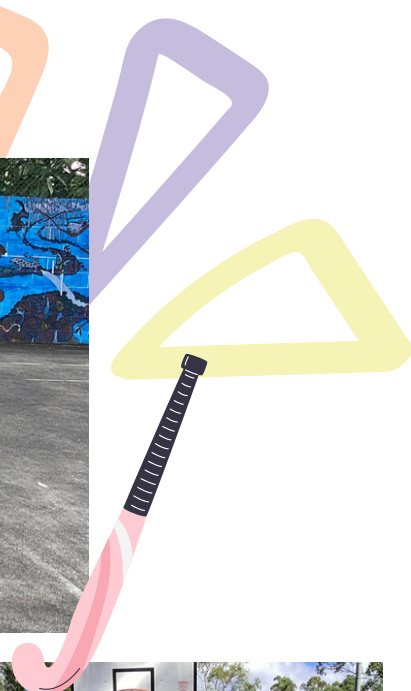

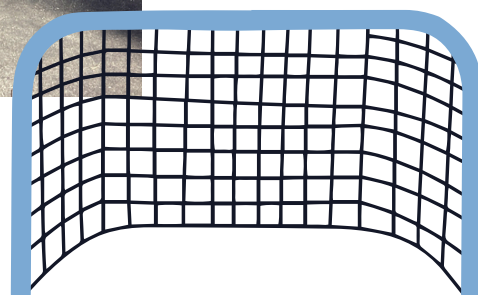

Hanging out in the classroom with Mrs Taylor

Hockey Program

Term 1

Every Day Matters

When it comes to attending school, every day matters

If your child misses as little as **1 day per fortnight**, they will miss **4 weeks of school per year**, which adds up to over **1 year missed over their school life.**
