### A note from the principal

Dear Families and Community,

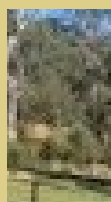

It has been another busy and wonderful few weeks at Bobin Public School. Student reports went home to families last week. These reports provide you with valuable insights into your child's progress across all learning areas, achievements, and areas for growth. Thank you to all families for attending our parent teacher meetings where we could collaboratively highlight your child's learning journey. The students enjoyed showing you their amazing work so far this year!

Our Rewards Day will be held on the last day of term and students are excited to wear their pyjamas and have a delicious milkshake. Thank you to our senior class for writing a persuasive text to convince our staff of what the Reward Day will look like!

It is lovely to see that friendships and positivity are experienced at our school. Some of our student leaders have taken on the role of organising our fitness program for the last two weeks of term. They have created a timetable, taught a variety of motor skills to all students and incorporated fun through games and learning the rules of soccer. Thank you Max and Monty, keep up the great leadership!

As we head into our holidays, the staff at Bobin Public School would like to thank you all for another spectacular term. Have a safe and relaxing holiday and we look forward to welcoming the students and families back on Tuesday 22 July.

Michelle Taylor  
Principal

# Small Schools Online Art Exhibition

## Highly commended

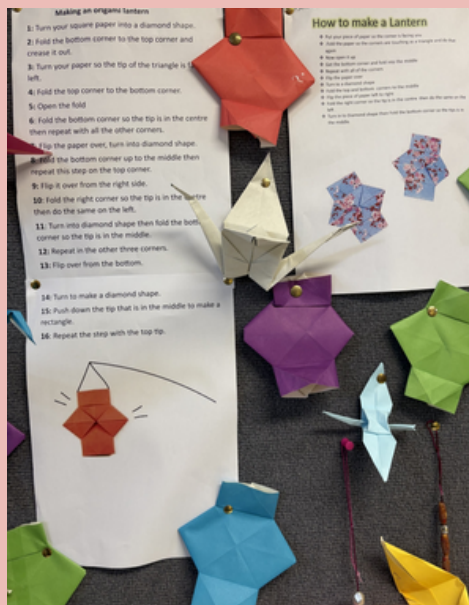

Our representation of *Small* was an idea from students at Bobin Public School based on nature and our school surroundings. Ants are small compared to us but are powerful, and a variety of ants are discovered in our school grounds. The medium used included wood, paint, glue, sand and leaves. Students collaboratively planned the colour schemes and outlined the ant's tunnel. They were particularly interested in using the resources to create texture that would resemble an ant mound. Individually they created their section of an ant colony through various depictions of ants.

# Hanging out in the classroom with Mrs Taylor

During creative arts students completed painting their pottery monsters which look amazing!

Years 4-6 students drafted and published a persuasive text. They included relevant arguments organised into paragraphs and presented their work to an audience.

Students created an informative piece of information on how to make an origami lantern. This was challenging but they all succeeded!

## We should have milkshakes for our rewards day

I think we should have milkshakes for our rewards day because we have been the best kids ever. I have been at this school for 4 years and I have never had milkshakes at this school.

Firstly, we have earned so many puggle tickets and we have reached our target of 500!

Secondly, we have earned the right to have a movie and PJ DAY! because we like sweet, yummy treats.

Finally, our amazing Jess will be making the milkshakes and yummy treats. Chelsea and Lilia haven't had a pj day before.

## ENJOY A PJ DAY

## We should have milkshakes for our rewards day

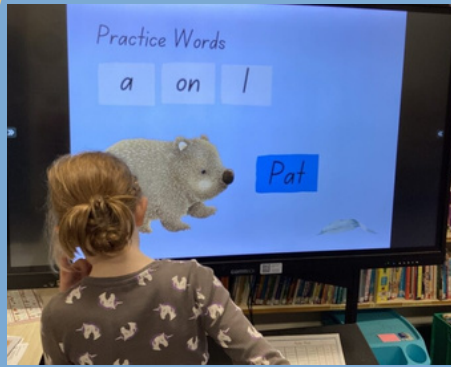

I think we should have milkshakes for our rewards day this term and here are some reasons why.

Firstly, we have all earned so many puggle tickets and we have reached our target of 500! So of course we deserve a milkshake.

Secondly, we have been working so much, for example we wrote instructions for an origami lantern, so I think we also deserve a PJ Day with a movie.

Finally, we are the greatest children and we all love milkshakes very, very, very much!

# In the classroom with Ms Rose

During literacy lessons our class loves to mix it up and try different activities. We have been making great progress in our reading and writing and particularly like to play the game 'Roll and Read'.

The students have been working on understanding that we learn from our mistakes and feeling more comfortable to push ourselves a little further out of our comfort zone in our mathematics lessons. They all enjoy using different resources to help them understand concepts.

# CANTEEN

Our fortnightly canteen has been a huge success!  
Thank you P&C
