This week, 1-2 Goannas have been busy spreading kindness in all sorts of wonderful ways! As part of a well-being focus, we explored what it means to be kind and how small actions can make a big difference. We looked at the book 'Kindness Grows' and then the students worked together in small groups or individually to create a 'Kindness Tree' full of thoughtful acts. This will become part of our 'daily routine', and students will select one act of kindness to try and complete for the day. It's heartwarming to see how caring and considerate our students can be

From the Principal

Welcome to Week 2

Unfortunately my time at North is coming to an end. An Expression of Interest was sent out last term for a Relieving Principal for North Public School. This is a normal Department requirement and process. Ms Lavinia Weaver was successful in this process and will relieve as principal commencing Week 3. I will remain here that week also for a handover. Lavinia is the substantive principal at White Cliff PS. She will be a great asset to the school.

My time here has been amazing and I was more than happy to help out until this process was completed. North has an awesome staff and they will continue to give the kids of North the very best opportunities to learn and grow. I am in awe of their caring, sharing attitudes/nature to not only each other but to the students of this great school. North is a community of people who care about one another and will continue to do so for many years to come.

Thank you for your support in the time I have been here. Hopefully you will still see me around on occasions as I am more than happy to help this school thrive into the future. I will definitely miss the kids.
