

COMO WEST CONNECTION POINT

by Felicity Preston, Principal

I had the pleasure today to attend a Sutherland Network of Schools High Potential Gifted Education (HPGE) Student Workshop day. Principals, the HPGE teacher coordinators and 4 identified HPGE students from all 21 schools in our Sutherland Network attended a workshop to share and discuss what High Potential and Gifted Education looks like in our schools. I was so proud of our representatives - Kieran H, Zoey M, Rosa S and Mila T - who shared our strengths, provided great insights and even invited our Director Educational Leadership (pictured) to our school to visit their classrooms in Week 5 of this term.

Next Week

- ❖ Thursday- Book Week Author Visit and Character Dress up Day

COMO WEST CONNECTION POINT

Athletics Carnival

The CWPS Athletics Carnival was a fantastic day filled with outstanding sportsmanship, enthusiasm and vibrant house spirit. Well done to all students who participated and gave their best on the track and field! A heartfelt thank you to our amazing parent volunteers for your time, support and energy on the day. Our carnival simply wouldn't be possible without your ongoing dedication each year.

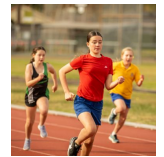

Ribbons: Students who placed 1st, 2nd or 3rd in their events will receive their ribbons at the Week 4 assembly.

Zone Athletics: Students who have qualified for the Zone Athletics Carnival will receive further information shortly. Stay tuned!
