

Gathering

ARTWORK DETAILS:

Gathering at Crystal Creek, a place of learning, growth and transformation, the jarjums (children's) sense of belonging, pride and inclusiveness is valued. This art represents the essence of Crystal Creek Public School.

STORY OF LEARNING, GROWTH AND TRANSFORMATION

As jarjums walk through our school gates for the first time, they begin a journey of growth, discovery and belonging. From Kindergarten to Year 6, they are nurtured, supported and encouraged to become confident learners who understand that their individuality is something to be celebrated. Along the way, they are given opportunities to discover their strengths, embrace challenges, build meaningful relationships and develop the courage to dream beyond what they thought possible. We watch them transform from curious little Kindy students into capable, compassionate young people, each leaving their own unique mark on our school community. Our role is to walk alongside them, helping them grow into the very best version of themselves while ensuring they always feel known, valued and proud of who they are.
