

Waterways

ARTWORK DETAILS:

Gathering together, we feel the tranquillity of our local waterways. Here, we appreciate the turtles enduring wisdom as they carry the knowledge and teachings of our ancestors on their backs. The strength and power of the Bass, represents the close bond between food sources and Aboriginal Culture.

SYMBOLISM:

The local waterways are represented as circles, reflecting growth and learning over time. Women, men, and children are gathered around each waterway. The knowledge and teachings of our ancestors are represented on each shell of the turtles.
