Principal's Message

What a wonderful week we had last week with extra-curricular experiences for our students!

Congratulations to all our students who travelled to Forbes last Thursday to participate in the choir section of the Forbes Eisteddfod. The choir was awarded First Place, with staff receiving many positive comments about our students both on stage and as an audience. Thank you to Mrs Welsh, who has coached the choir this year, sharing her vast knowledge and skills with our students. How lucky we are to have Mrs Welsh!

Thursday afternoon, then saw our students participate in cross country events with students from St Josephs. Well done to everyone who tried their best and represented our school with pride. Photos from the cross country can be found in this newsletter. Thank you to the staff of St Joseph's for organising the day and to any parents and family members who were able to support the children.

Don't Forget!!

Term 2 | Week 9 | Wednesday 25th June 2025

As next week is the last week of Term 2, we will hold our End of Term Assembly and draw the much-anticipated attendance raffle. We continue to encourage student's regular attendance, which includes arriving to school before the morning bell at 9:10am. We also ask parents to provide explanations for students' non-attendance - which can be easily provided via the School Bytes app, phoning the school or sending in a written note. We thank parents for their assistance with this.

Student's Semester 1 reports are being sent home today. We encourage parents to read over these carefully as they outline students' strengths and any areas for further development. Parents have the opportunity to discuss their child's report and progress next Monday 30th June in parent/teacher meetings. These can be booked via School Bytes or by calling Kylie in the office.

Have a great week,
Carmel Doyle

Combined Eugowra Schools Cross Country

Congratulations to all students that participated in the cross country run last Thursday at the Eugowra showground. Pictured are Eugowra Public students with their age race placings as well as Age Group Champions, Elsie, Amity and Aiden.

Online Parenting Group

Online parenting groups are for parents & carers
who would like to:

- Understand their child's emotional world by learning to read their emotional needs
- Support their child's ability to successfully manage emotions
- Improve communication and strengthen the bond with their child
- Better understand their child's behaviour and learn new parenting approaches

We are offering two programs: Circle of Security and Tuning in to Kids.

What is Circle of Security?

The Circle of Security (CoS) Parenting™ program is based on decades of research about how secure parent-child relationships can be supported and strengthened. It is best suited for parents/carers of children aged 1-5 yrs although can be beneficial for all parents/carers.

What is Tuning in to Kids?

Tuning in to Kids (TIK) is an evidenced based, emotion-focused parenting course that supports Parents & carers to recognise, understand and manage their own and their children's emotions. It is best suited for parents/carers of children aged 3-10 yrs.

Who is it for?

We are delivering TIK & CoS as part of our Community Recovery Service which covers the following LGAs in NSW: Cabonne, Coomandarra-Gundagai, Dubbo, Forbes, Cunnledah, Snowy Valleys, Glen Innes, Seven and Snowy Monaro.

Where?

Groups will take place online via Zoom. Access to stable internet, a computer/device, and a private space will be required.

When?

Pending numbers, we usually offer a group each school term.

For School Term 3, 2025 our groups will happen at the following times - please choose one:

Circle of Security:
Tuesday Mornings 10am-12pm
Starting 29th July 2025 & running for
8 weeks until 16th September 2025

Tuning in to Kids:
Wednesday Evenings 7:45pm-9:15pm
Starting 30th July 2025 & running for
8 weeks until 3rd September 2025

Next steps:

Our groups are free to join. If you are interested please contact our team by Wed 2nd July 2025 (or as soon as possible following).
