

Welcome to Eugowra Public School

Eugowra Public School

Term 3 | Week 9 | Wednesday 17th September 2025

Principal's Message

This week, students and staff are busily preparing for the upcoming Eugowra Show. It is always an exciting time and a wonderful opportunity to showcase the amazing things that happen at EPS as well as the great work our students produce. If heading to the Show on the weekend, please take the time to look at the student's entries and our school display.

Today, the Infants class travelled to Orange to watch a performance of "Sally Sells Seashells" by Kinross Wolaroi Junior School. From all reports, they had a great day and enjoyed the performance.

This Friday, we wish our relay team all the very best as they compete in Dubbo at the Western PSSA athletics carnival - good luck to Aiden, Jacob, Bailee and Amity!

It's Eugowra Show Week

Term 3 | Week 9 | Wednesday 17th September 2025

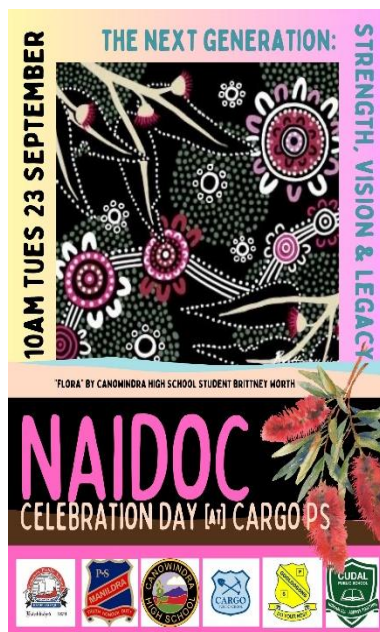

Next week, the last week for Term 3, we have lots of extra-curricular activities taking place. On Tuesday we are heading to Cargo for our combined small schools HPGE / NAIDOC Day event, on Wednesday students are encouraged to wear RED for Redtember, and on Thursday we have our combined Eugowra Schools Athletics Carnival hosted by St Joeys.

We have had a wonderful term and look forward to finishing it off with some great events.

Have a nice week and enjoy the Eugowra Show!

Carmel Doyle

*** Reminder – Students will need a packed lunch on Tuesday (if not wanting a sausage sandwich) and Thursday – as there won't be any school lunch orders on these days. ***

SNAPSHOT

@ Forbes High School

Mathematics
Year 10 Mathematics students learned about trigonometry's real-world applications. They built clinometers to measure angles of elevation and calculated the heights of nearby buildings. This hands-on approach helped them understand practical uses of trigonometry and prepared them for more complex challenges ahead.

Industrial Technology - Metal
Stage 5 IT - Metal students are busy constructing their own BBQ plates, learning to cut and form metal using hand tools, bench shears, the metalcraft twisting tool, and jigs. They're also gaining hands-on experience with MIG (GMAW) welding, developing their practical skills in metalwork.

Biology
Year 11 Biology students recently conducted a fish dissection to examine the structure and function of fish gills. This practical activity focused on understanding how gills facilitate gas exchange, enabling fish to extract oxygen from water essential for their survival, in alignment with their Biology curriculum outcomes.

Health and Movement Science
Year 11 HMS students visited Rise Physiotherapy to explore topics such as technology, accessibility, and the essential qualities of physiotherapists. This activity supports their Focus Area One study on "Health in an Australian and Global Context" and will assist the students in their current depth study.

2025 Transition

Each transition day will begin at 8:53am and finish at 3:24pm. We will start each day in the top quad near the flag poles.

Mrs Harris or Mr Bushnell will meet students who catch the bus in the bus bay and walk them to the meeting spot.

Please make sure you wear your full sports uniform, on both of the Wednesday transition days and full school uniform, including LEATHER shoes, on the Friday. We have lots of fun activities planned in our specialty rooms so please be in the correct uniform.
