

Goulburn East Primary School Behaviour Support and Management Plan

Overview

Goulburn East Public School is committed to explicitly teaching and modelling positive behaviour and to supporting all students to be engaged with their learning.

Our goal is to inspire every child to participate positively in the school community and beyond. We focus on promoting excellence, opportunity and success for every student, every day. We value and strive to develop safe, respectful learners in a caring learning community.

High expectations for student behaviour are established and maintained through effective role modelling, explicit teaching, and planned responses.

Goulburn East Public School rejects all forms of bullying behaviours, including online (or cyber) bullying by maintaining a commitment to providing a safe, inclusive, and respectful learning community that promotes student wellbeing. Staff are committed to establishing evidence-based approaches and strategies that promote a positive climate where bullying is less likely to occur.

All members of the school community are active participants in building a welcoming school culture that values diversity and fosters positive relationships. A key component of a supportive school culture is building respectful relationships and an ethos that bullying is not accepted, in both online and offline environments. School staff actively respond to student bullying behaviour.

School-wide expectations and rules

Goulburn East Public School has the following school-wide expectations of Respect, Responsibility and Resilience.

To be respectful learners, we	<ul style="list-style-type: none">• Understand people's differences• Are kind and care about others• Listen to the speaker• Use appropriate language• Work cooperatively
To be responsible learners, we	<ul style="list-style-type: none">• Keep ourselves and others safe• Care for our own things and school property• Engage with our tasks• Are on time and ready to learn
To be resilient learners, we	<ul style="list-style-type: none">• Do our best at all times• Ask for help if needed• Resolve issues• Accept challenge positively

Behaviour code for students

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

NSW Department of Education

Behaviour code for students

Information for students and parents or carers

NSW public schools are committed to providing safe, supportive, and responsive learning environments for everyone across a range of settings. We teach and model the inclusive and safe behaviours we value in our students.

In NSW public schools students are expected, to the best of their ability, to:

- show respect to other students, their teachers and school staff and community members
- follow school and class rules and follow the directions of their teachers
- strive for the highest standards in learning
- act in a courteous and respectful way that makes all members of the school community feel valued, included and supported
- resolve conflict respectfully, calmly and fairly
- meet the school's agreed uniform policy or dress code
- attend school every day (unless legally excused)
- respect all property
- be safe and not be violent or bring weapons, illegal drugs, alcohol, vapes, e-cigarettes or tobacco into our schools
- not bully, harass, intimidate, or discriminate against anyone in our schools.

Schools take action in response to behaviour that is detrimental to self or others or to the achievement of high-quality teaching and learning.

All students have a right to:

- safety at school
- access and fully participate in their learning
- be treated with respect by other students, teachers and school staff
- express their views, set goals and self-advocate.

The principal and school staff, using their professional judgment, are best placed to maintain discipline and provide safe, supportive and responsive learning environments and apply an appropriate action when students are not meeting these expectations. The department is responsible for the provision of a policy framework and resources such as legal issues bulletins, access to specialist advice, and professional learning to guide principals and their staff in exercising their professional judgment. In this context, the NSW

Government and the Department of Education will back the authority and judgment of principals and school staff at the local level.

Behaviour code for students: Student actions

Promoting the inclusion, learning, wellbeing, and safety of all students in NSW public schools is a high priority for the Department of Education.

We implement teaching and learning approaches across a range of settings to support the development of skills needed by students to meet our high standards for respectful, safe and engaged behaviour.

To meet the expectations set out above, students in NSW public schools, to the best of their ability, should adhere to the following principles.

Respect

- Treat one another with dignity.
- Communicate and behave courteously.
- Act and work cooperatively with other students, teachers, and school staff.
- Develop positive and respectful relationships.
- Value the interests, ability and culture of others.
- Respect the learning needs of other students.
- Dress appropriately by wearing the agreed school uniform or dress code.
- Take care with school property and the property of staff and other students.

Safety

- Model and follow school and class rules and expectations around behaviour and conduct.
- Negotiate and resolve conflict.
- Be aware of and take responsibility for how their behaviour and actions impact others.
- Care for self and others.
- Be safe and help others to make safe choices that do not hurt themselves or others.

Engagement

- Arrive at school and class on time.
- Be prepared for every lesson.
- Actively participate in learning.
- Aspire and strive to achieve the highest standards of learning.

Whole school approach across the Care Continuum

Our school embeds student wellbeing and positive behaviour approaches and strategies in practices across the Care Continuum to promote positive behaviour and respond to behaviours of concern, including bullying and cyber-bullying behaviour.

These approaches and strategies are built on a foundation of evidence-based effective classroom practices that set the tone for engagement with learning and respectful relationships. These practices include:

- stating and explicitly teaching classroom expectations
- establishing predictable routines and procedures that are communicated clearly to students
- encouraging expected behaviour with positive feedback and reinforcement
- discouraging inappropriate behaviour
- providing active supervision of students
- maximising opportunities for active engagement with learning
- providing carefully sequenced engaging lessons that provide options for student choice
- differentiating learning content and tasks to meet the needs of all learners.

The Care Continuum

Students may require different types of intervention delivered in different ways along a continuum of care. The Care Continuum includes interventions for:

- all students - creating a safe and respectful learning and play environments for all students. Along the care continuum this is known as prevention or universal interventions.
- some students - providing early intervention and targeted support for disruptive student behaviour, including students at risk of developing negative behaviours. Along the care continuum this includes early and targeted interventions.
- a few students - supporting students with complex and challenging behaviour needs, including students who have been diagnosed with particular conditions, through individual interventions.

Care Continuum	Strategy or Program	Details	Audience
Prevention	National Week of Action (NWA)	Our school participates in the annual National Week of Action against Bullying and Violence (NWA) in August each year.	Staff, students
Prevention	Child protection	Teaching child protection education is a mandatory part of the syllabus.	Students K - 6
Prevention / Early Intervention / Targeted / Individual	Australian eSafety Commissioner Toolkit for Schools to prevent and respond to cyberbullying	The toolkit resources are categorised into four elements: Prepare, Engage, Educate and Respond. The resources are used to engage with the school community about creating and maintaining safe online environments to prevent cyberbullying incidents. The toolkit includes actions to report and manage cyberbullying incidents.	All
Targeted / Individual intervention	Learning and Support	The LST works with teachers, students and families to support students who require personalised learning and support.	All
Targeted / individual intervention	Attendance support	The LST refer students to the attendance co-ordinator who will convene a planning meeting with students, families and teachers to address barriers to improved attendance and set growth goals.	Individual students, attendance co-ordinator
Individual intervention	Individual behaviour support planning	This may include developing, implementing, monitoring and reviewing: behaviour support, behaviour response and risk management plans.	Individual students, parent/carer, LAST, AP

Planned responses to positive appropriate behaviour, inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying

Identifying behaviour of concern, including bullying and cyberbullying

A behaviour of concern is challenging, complex or unsafe behaviour that requires more persistent and intensive interventions. A behaviour of concern does not include low-level inappropriate or developmentally appropriate behaviour. Bullying behaviour involves the intentional misuse of power in a relationship, is ongoing and repeated and involves behaviour that can cause harm. See Appendix 1.

Goulburn East Public School staff will identify inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying through a range of channels, for example:

- directly observing a student's behaviours, interactions, verbal communications, or work produced (such as written materials, performances or artworks)
- a person disclosing information that is not previously known, either because it is new information or because it has been kept a secret
- concerns raised by a parent, community member or agency.

Students or parents can report bullying to any staff member. NSW public school principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds, including cyberbullying. Students who have been bullied will be offered appropriate support, for example through the school counselling service.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site
- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member.

Preventing and responding to behaviours of concern

Planned responses to behaviour that does not meet school expectations are either teacher or executive managed. Staff use their professional judgement in deciding whether a behaviour is teacher managed or executive managed. They should consider whether the behaviour poses a risk to the safety or wellbeing of the student or others.

- **Teacher managed** – low level inappropriate behaviour is managed by teachers in the classroom and the playground.
- **Executive managed** – behaviour of concern is managed by school executive.

Our staff model, explicitly teach, recognise and reinforce positive student behaviour and behavioural expectations. Teachers use a range of evidence-based strategies daily to teach self-regulation, reduce impulsivity, increase focus and strengthen peer networks.

We acknowledge that not all students are encouraged by the same thing or in the same ways. Younger students may be more motivated by adult attention while older students are typically more motivated by peer attention, activities, privileges, or freedom. When learning new skills, students need immediate and frequent reinforcement and as they develop mastery they respond to intermittent and long-term reinforcement to maintain their social behavioural efforts.

The use of verbal and non-verbal specific positive feedback is the most powerful way to:

- help adults and learners to focus on positive social behaviour
- increase the likelihood that students will use the expected behaviours and skills in the future
- decrease unexpected behaviour and reduce the need for corrective responses
- enhance self-esteem and build an internal focus of control.

Prevention Responses to recognise and reinforce positive, inclusive and safe behaviour	Early Intervention Responses to minor inappropriate behaviour are teacher managed.	Targeted/Individualised Responses to behaviours of concern are executive managed
1. Behaviour expectations are taught and referred to regularly. Teachers model behaviours and provide opportunities for practice. Students are acknowledged for meeting school-wide expectations and rules.	1. Refer to school-wide expectations and/or emotional regulation visuals and/or supports so that the student can self-regulate.	1. Contact executive straight away if there is a risk. Otherwise notify executive ASAP and/or before the end of the school day.
2. Verbal and non-verbal specific positive feedback is paired with a positive, tangible reinforcer in a school-wide continuum for acknowledging expected behaviour.	2. Use indirect responses including proximity, signals, non-verbal cues, ignore, attend, praise, redirect with specific corrective feedback.	2. Executive/CT to take immediate steps to restore safety and return the situation to calm by using appropriate strategies such as: redirecting to another area or activity, providing reassurance or offering choices. Incident review and planning is scheduled for a later time, determined by the context and nature of the incident.

3. Tangible reinforcers include those that are: free and frequent moderate and intermittent significant and infrequent	3. Use direct responses e.g. rule reminder, re-teach, provide choice, scripted interventions, student conference. Students have an opportunity to meet the classroom/playground behaviour expectation before low-level consequence is applied.	3. Executive collects information and reviews the incident from multiple perspectives to determine next steps. Executive to record incident on School Bytes and contact parent/carer by email or phone. Executive/principal may consider further action e.g., formal caution or suspension.
4. Social emotional learning lessons are taught throughout the year and embedded in classroom expectations.	4. Teacher records on School Bytes by the end of the school day. Monitor and inform family if repeated. For some incidents, referral is made to the school's anti-racism contact officer (ARCO) or anti-bullying co-ordinator.	4. Refer to the school's Learning and Support Team considering current and previous behaviour data. Other actions may include completing a risk assessment and/or collaboratively developing a behaviour support/response plan.
Teacher/parent contact	Teacher/parent contact	Teacher/parent contact
Teacher contact through Seesaw or phone calls home are used to communicate student effort to meet expectations. Recognition awards for positive individual and class behaviour are given at regular school assemblies.	Teacher contacts parents by phone or email when a range of corrective responses have not been successful. Individual planning and referral to Learning Support Team may be discussed.	Parent/carer contact is made by school executive to discuss any support and behaviour responses, including referral to the LST, school counsellor, outside agencies or Team Around a School.

Responses to serious behaviours of concern

Responses for serious behaviours of concern, including students who display bullying behaviour, are recorded on School Bytes system. These may include:

- review and document incident
- determine appropriate response/s, including supports for staff or other students impacted
- refer/monitor the student through the school learning and support team
- develop or review individual student support planning, including teaching positive replacement behaviour and making learning and environmental adjustments
- detention, reflection and restorative practices (listed below)
- liaise with [Team Around a School](#) for additional support or advice
- communication and collaboration with parents/carers (phone, email, parent portal, meeting)
- formal caution to suspend, suspension or expulsion.

The NSW Department of Education [Student Behaviour policy](#) and [Suspension and Expulsion Procedures](#) apply to all NSW public schools.

Reporting and recording behaviours of concern

Staff will comply with reporting and responding processes outlined in the:

- [Incident Notification and Response policy](#)
- [Incident Notification and Response Procedures](#)
- [Student Behaviour Policy](#) and [Suspension and Expulsion procedures](#)

Students and/or parents/carers can report cyberbullying to the [eSafety Commissioner](#) and reporting links for most sites, games and apps can be found at the [eSafety](#) Guide.

Detention, reflection and restorative practices

Toilet and food breaks are always included when withdrawal from free choice play at either break is planned as a response to behaviour. The maximum length of time will be appropriate to the age/developmental level of the student.

Strategy	When and how long?	Who coordinates?	How are these recorded?
Reflection room – a structured debriefing and planning after a crisis event or behaviour of concern with an individual student (reflection) Reflection sheet completed and shared with parent/carers	Next day at either lunch or recess break	Assistant Principal	Documented in School Bytes including Reflection Sheet
Alternate play plan – withdrawal from free choice play and re-allocation to office or classroom for supervised play following breach in behaviour. The purpose is to assist the student to achieve the desired behaviour, to reflect on their behaviour and make positive choices – individual or group (detention)	Next break	Assistant Principal	Documented in School Bytes

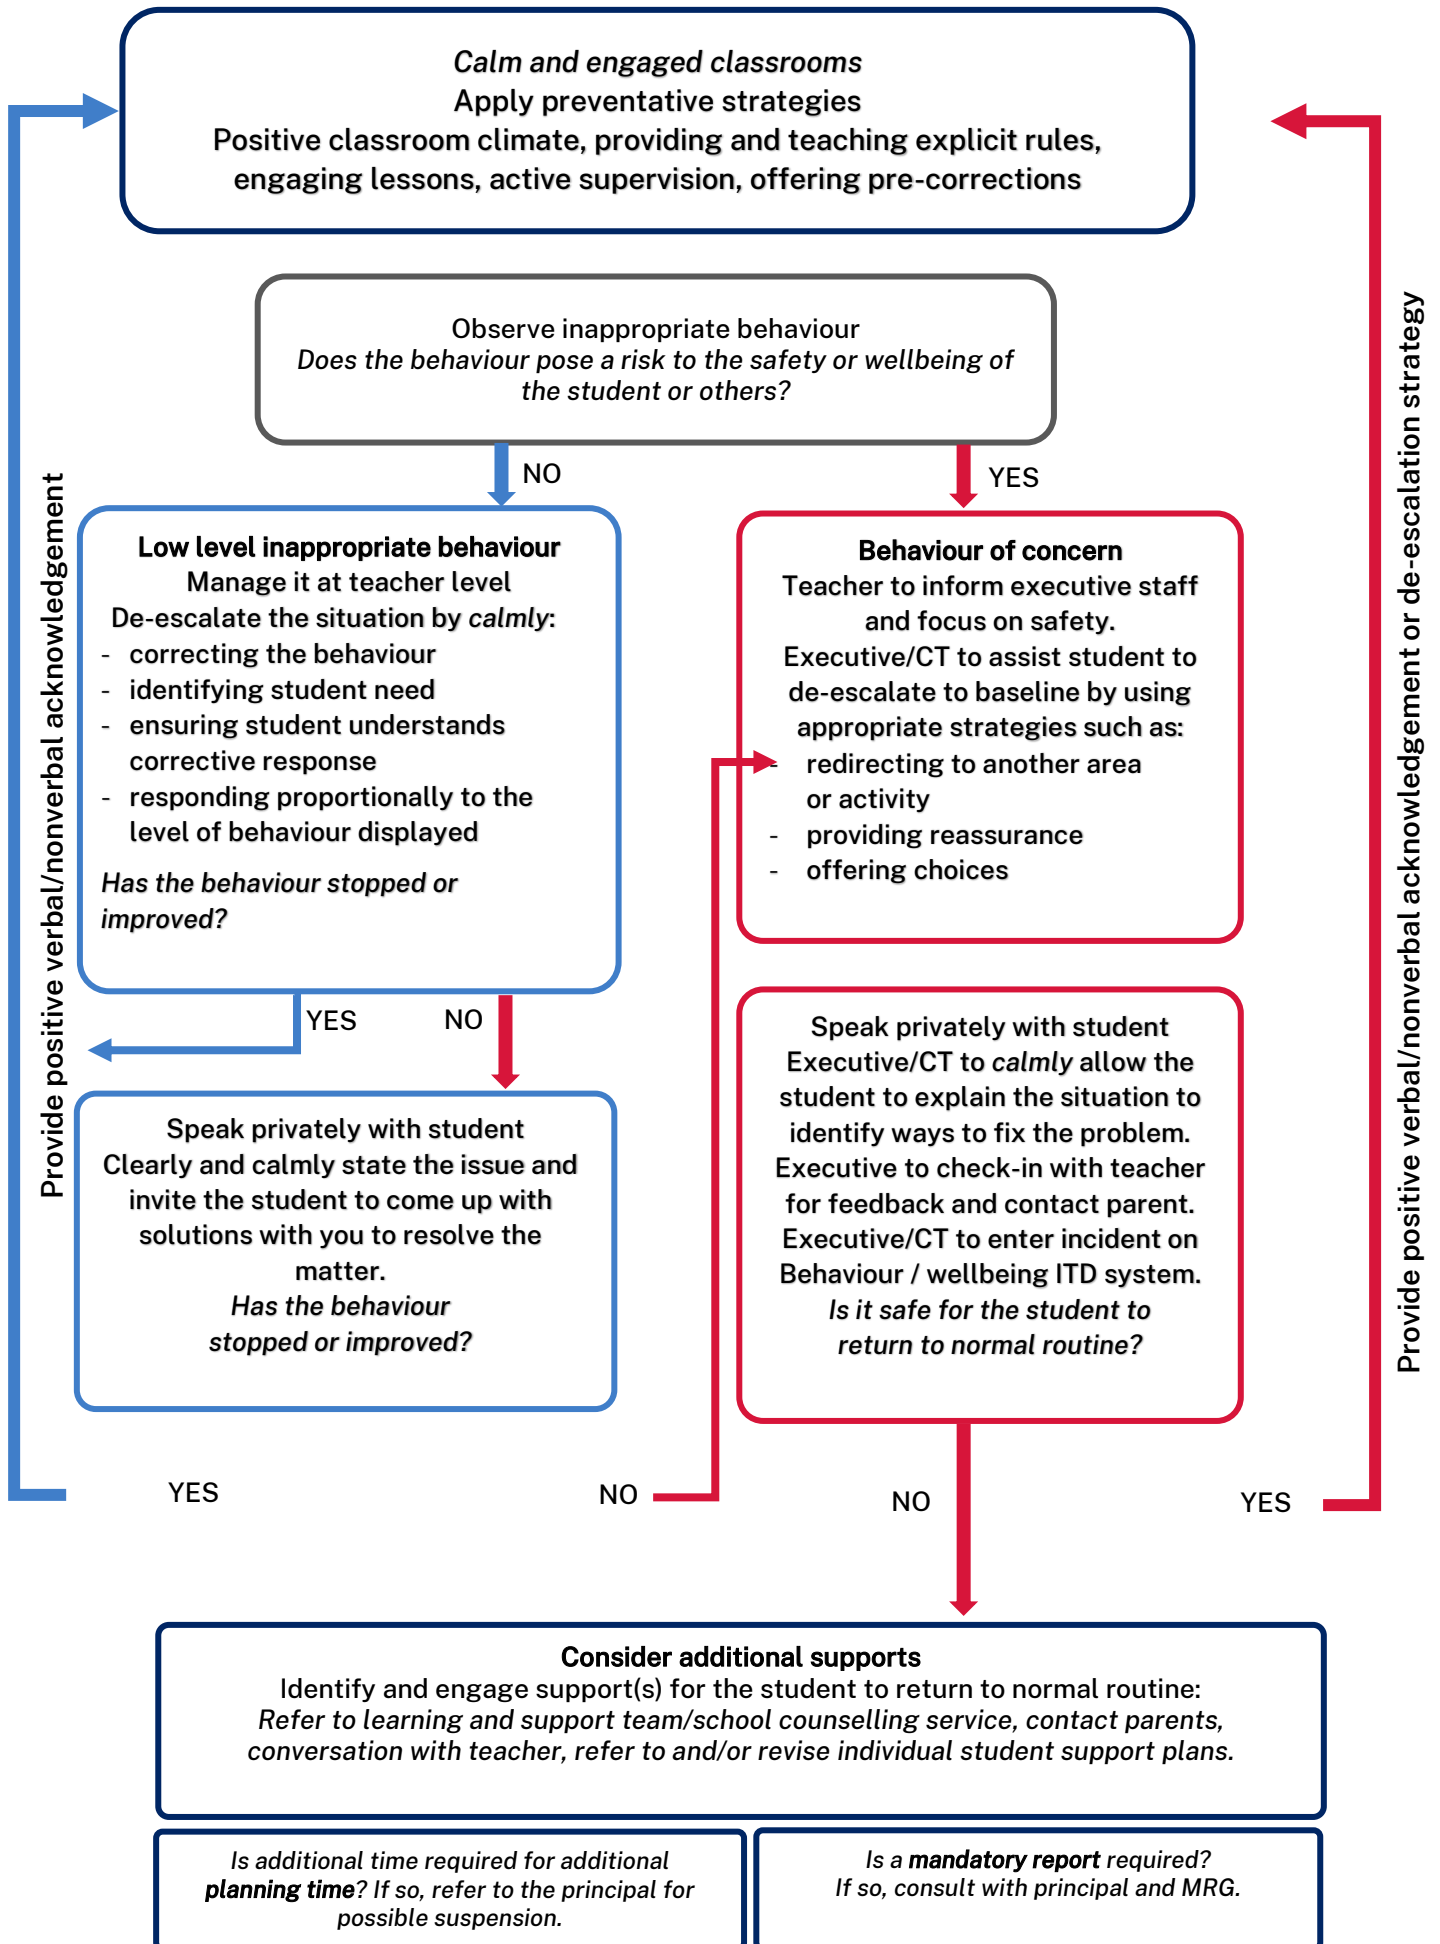

Restorative practice – peer mediation or circles in groups	Scheduled for either lunch or recess break	Assistant Principal	Documented in School Bytes

Next review date: February, Term 1, 2026

Appendix 1: Behaviour management flowchart

Bullying Response Flowchart

The following flowchart explains the actions Goulburn East Public School staff will take when they receive a report about student bullying, including bullying which may have occurred online or outside of the school setting. The timeframes will vary depending on the professional judgment of staff who receive the bullying complaint and their assessment of immediate risk to student/s.
