

Guildford West Public Preschool

Project update | September 2026

100 new public preschools

As part of the plan to rebuild public education, the NSW Government is investing \$769 million to deliver 100 new public preschools, co-located with public primary schools in NSW, to boost access to public preschool across the state. This is the largest investment in public preschools in NSW history, helping more children access a preschool program before starting school.

Project overview

We are building a new preschool at Guildford West Public School. The preschool will be a safe and welcoming place where children can learn through play. The preschool will accommodate up to 60 children per day and include:

3 preschool rooms

an outside play area

administration area and staff kitchen

amenities and storage

Progress summary

Construction of the preschool is now complete.

Over the coming months, we will complete the final stages of the preschool project, including obtaining service approval from the NSW Early Learning Commission, which enables the preschool to operate. This is a legislated process and ensures children receive high-quality early education and care in a safe, engaging environment. At the same time, our qualified preschool educators are being onboarded to lead a high-quality public preschool service.

How to enrol at Guildford West Public Preschool

Expressions of interest (EOI) to enrol at the new public preschool at Guildford West Public School are open. Families who wish to enrol their child in fee free preschool should submit an 'EOI to enrol in a NSW public preschool' form to the school office.

Please note that submitting an EOI does not guarantee a preschool place for your child. Enrolment offers will be made in line with the enrolment priority outlined in the public preschool enrolment procedure. If you have any questions about enrolment, please contact the school office.

For information about how to enrol in the public preschool visit edu.nsw.link/Enrol-GuildfordWestPPS or scan the QR code.
