

## TALENT DEVELOPMENT PLAN

At Hurlstone Agricultural High School, we promote engagement and appropriate challenge for every student across the intellectual, creative, social-emotional and physical domains of potential. Central to this approach are the principles of equity and excellence.

Students with high potential and giftedness demonstrate strong learning capabilities and benefit from targeted talent development opportunities and differentiated teaching and learning practices that support continued growth. This plan encourages collaboration between students, families, and the school to nurture strengths, support learning, and develop potential over time.

**School:** Hurlstone Agricultural High School      **Year:** 2026

**Student:**      **Year:** 9

*When thinking about your goals, you might think about strengths, skills, or interests you already have that you would like to build on this year, as well as areas that you might not yet be strong in.*

Goals			
Intellectual Development	Creative Development	Social-Emotional Development	Physical Development
