

SCHOOL BEHAVIOUR SUPPORT AND MANAGEMENT PLAN:

JINDABYNE PUBLIC SCHOOL

Overview

Jindabyne Public School is committed to explicitly teaching and modelling positive behaviour and to supporting all students to be engaged with their learning.

Principles of positive behaviour support, inclusive practice, and social emotional learning underpin our daily practice. High expectations for student behaviour are established and maintained through effective role modelling, explicit teaching, and planned responses.

Our key programs include:

- The Anxiety Project: An early intervention solution for childhood anxiety building the capacity of school leaders, teachers, school staff and parents to reduce children's anxiety levels in NSW schools, endorsed by the NSW Primary Principals' Association.
- Positive Behaviour for Learning: Implementing proactive behaviour management to promote a positive school climate.
- Zones of Regulation: Social-emotional learning opportunities, created to teach students self-regulation and emotional control.
- Life Skills GO: Emotion and wellbeing data collection tool that measures student readiness to learn.
- Got It Program: Early intervention program that focusses on equipping teachers and parents with skills to support children's social and emotional development.
- Classroom Reward Systems: Developed by class teachers in response to their students needs to encourage and inspire their students to learn.

Jindabyne Public School rejects all forms of bullying behaviours, including online (or cyber) bullying by maintaining a commitment to providing a safe, inclusive, and respectful learning community that promotes student wellbeing. Staff are committed to establishing evidence-based approaches and strategies that promote a positive learning environment.

Partnership with parents and carers

Jindabyne Public School partners with parents/carers in establishing expectations for parent engagement in developing and implementing student behaviour management strategies by including parents/carers in the establishment of core values, behaviour expectations and actions/consequences planning and documentation.

Jindabyne Public School will communicate these expectations to parents/carers by:

- Issuing to all new parents/carers a copy of the 'Behaviour Expectations Booklet' and along with 'Recognising and Reinforcing Student Achievement and Positive Behaviours', upon enrolment and at the commencement of each new school year.
- Providing regular updates and reminders through the school's communication system, School Bytes, the school website and social media, JPS Information Pack for new families, parent information sessions and parent/teacher meetings.
- Promoting positive behaviours during school assemblies with parents/carers in attendance.
- Inviting parent/carer and student feedback through formal and informal surveys, for example the Tell Them From Me survey, school surveys and consulting with the school's P & C.

School-wide expectations and rules

Jindabyne Public School is a Positive Behaviour for Learning (PBL) school, with the following school-wide expectations:

- To take care of resources, belongings and equipment
- To use kind words and actions
- To keep our hands and feet to ourselves
- To respect others' right to learn
- To arrive each day, and each lesson prepared to learn
- To listen to and follow instructions
- To stay on task
- To always do our best

The JPS Positive Behaviour for Learning Matrix is attached as Appendix 1.

Behaviour Code for Students

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

The Behaviour Code for Students can be found at <https://education.nsw.gov.au/policy-library/policyprocedures/pd-2006-0316/pd-2006-0316-01>. This document translated into multiple languages is available here: [Behaviour code for students](#).

High expectations for student behaviour are established and maintained through effective role modelling, explicit teaching and planned responses.

Whole school approach across the care continuum

Jindabyne Public School uses the following strategies and systems to explicitly teach, recognise and reinforce positive student behaviour and behavioural expectations:

- Expectations for student behaviour are clearly displayed in each classroom
- Explicit teaching of expected behaviours occurs with a fortnightly focus that is data driven and evidence based
- Examples of respectful, responsible and personal best behaviours which are specific to particular settings within the school are clearly displayed on signage displayed prominently within each setting
- Teachers employ classroom reward systems to reinforce positive behaviours in the classroom
- Staff distribute fast and frequent reward tokens to reinforce positive behaviours in school settings
- Positive student behaviour is recognised in weekly assemblies
- Staff use consistent language to reinforce acceptable behaviours and provide reminders of the expectations

Planned responses to positive appropriate behaviour, inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying

To effectively support student behaviour, JPS employs a range of strategies to recognise and reinforce positive, inclusive, and safe behaviour, address minor inappropriate behaviour, and respond to more serious behaviours of concern. The following table outlines our school's approach across the continuum of prevention, early intervention, and targeted/individualised responses:

Prevention	Early Intervention	Targeted/Individualised
Responses to recognise and reinforce positive, inclusive and safe behaviour	Responses to minor inappropriate behaviour	Responses to behaviours of concern
<ul style="list-style-type: none"> Fortnightly PBL focused on a targeted behaviour expectation in response to school-wide student wellbeing and behaviour data tracked on School Bytes. Engagement in daily PBL lessons. Teachers model behaviours and provide opportunities for practice. Behaviour expectations are taught and referred to regularly. 	<ul style="list-style-type: none"> Refer to school-wide expectations and/or emotional regulation visuals and/or supports so that the student can self-regulate. 	<ul style="list-style-type: none"> Executive/CT to take immediate steps to restore safety and return the situation to calm by using appropriate strategies such as: redirecting to another area or activity, providing reassurance or offering choices. Incident review and planning is scheduled for a later time, determined by the context and nature of the incident.
<ul style="list-style-type: none"> Rewards for demonstrating positive behaviour through verbal and non-verbal specific positive feedback that is paired with a positive, tangible reinforcer in a school-wide continuum for acknowledging expected behaviour. Tangible reinforcers include: Gaaun tickets, positive postcards, Student of the Week, Merit cards and the Kosi System. 	<ul style="list-style-type: none"> Use indirect responses including proximity, signals, nonverbal cues, ignore, attend, praise, redirect with specific corrective feedback. 	<ul style="list-style-type: none"> Executive collects information and reviews the incident from multiple perspectives to determine next steps. Executive to record incident on School Bytes and contact parent/carer by email or phone. Executive/principal may consider further action e.g., formal caution or suspension.
<ul style="list-style-type: none"> Teacher contact through Seesaw or phone calls home are used to communicate student effort to meet expectations. Recognition awards for positive individual behaviour are given at weekly school assemblies. 	<ul style="list-style-type: none"> Use direct responses e.g. rule reminder, re-teach, provide choice, scripted interventions, student conference. Students have an opportunity to meet the classroom and playground behaviour expectation before low-level consequence is applied. 	<ul style="list-style-type: none"> Refer to the school's Learning and Support Team considering current and previous behaviour data. Other actions may include completing a risk assessment and/or collaboratively developing a behaviour support/response plan.
	<ul style="list-style-type: none"> Teacher records on School Bytes by the end of the school day. Monitor and inform family if repeated. For some incidents, referral is made to the school's anti-racism contact officer (ARCO) or anti-bullying coordinator. 	<ul style="list-style-type: none"> Parent/carer contact is made by school executive to discuss any support and behaviour responses, including referral to the LST, school counsellor, outside agencies or Team Around a School.
	<ul style="list-style-type: none"> Teacher contacts parents through Seesaw or phone call when a range of corrective responses have not been successful. Individual planning and referral to Learning and Support Team may be discussed. 	

Responses to serious behaviours of concern

Responses for serious behaviours of concern, including students who display bullying behaviour, are recorded on the SchoolBytes system. These may include:

- review and document incident
- determine appropriate response/s, including supports for staff or other students impacted
- refer/monitor the student through the school learning and support team
- develop or review individual student support planning, including teaching positive replacement behaviour and making learning and environmental adjustments
- time out, reflection and restorative practices (listed below)
- liaise with Team Around a School for additional support or advice
- communication and collaboration with parents/carers (phone, email, SeeSaw message, meeting)
- formal caution to suspend, suspension or expulsion.

The NSW Department of Education [Student Behaviour policy](#) and [Suspension and Expulsion procedures](#) apply to all NSW public schools.

Reporting and recording behaviours of concern

Staff will comply with reporting and responding processes outlined in the:

- [Incident Notification and Response policy](#)
- [Incident Notification and Response Procedures](#)
- [Student Behaviour Policy](#) and [Suspension and Expulsion procedures](#)

Students and/or parents/carers can report cyberbullying to the [eSafety Commissioner](#) and reporting links for most sites, games and apps can be found at the [eSafety](#) Guide.

The NSW Department of Education [Student Behaviour policy](#) and [Suspension and Expulsion procedures](#) apply to all NSW public schools.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site
- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member.

Time-Out, Reflection and Restorative Practices

Toilet and food breaks are always included when withdrawal from free choice play at either break is planned as a response to behaviour. The maximum length of time will be appropriate to the age/developmental level of the student.

Strategy	When and how long?	Who coordinates?	How are these recorded?
Restorative Conversations	As required. Reminders of expected behaviours, learning goals, explicit instruction of accepted behaviours.	Classroom Teacher	Teacher's day notes and/or documented in SchoolBytes
Teacher-Directed Time-out	As required, for no longer than 10 minutes	Classroom Teacher	Agreed strategy for de-escalation as recorded in a BSP and/or documented in SchoolBytes
Self-Directed Time-Out	As required when identified by student. For the shortest time possible.	Classroom or buddy-class teacher Stage AP	Agreed strategy for de-escalation as recorded in a BSP and/or documented in SchoolBytes
Reflection – a structured debriefing and planning session after repeated inappropriate behaviours, a crisis event or behaviour of concern with an individual student	Next appropriate lunch break	Assistant Principals	Documented in SchoolBytes and communicated to parents for feedback and response
Alternate play plan – withdrawal from free choice play and re-allocation to office, classroom or specific playground area for supervised play following breach in behaviour. The purpose is to assist the student to achieve the desired behaviour, to reflect on their behaviour and make positive choices – individual or group	Next break or longer if plan in place, as needed	Assistant Principal/ Principal	Documented in SchoolBytes and on Behaviour Monitoring Card
Restorative practice – peer mediation coordinated by CT, Assistant Principal or Principal	Scheduled time as soon as all involved are available and willing to engage in the process	Assistant Principal	Documented in SchoolBytes
