

## POLICY IMPLEMENTATION DOCUMENT

### **Excursions**

School excursions are an integral part of the department's education learning programs and provide students and staff with invaluable experience outside the school environment.

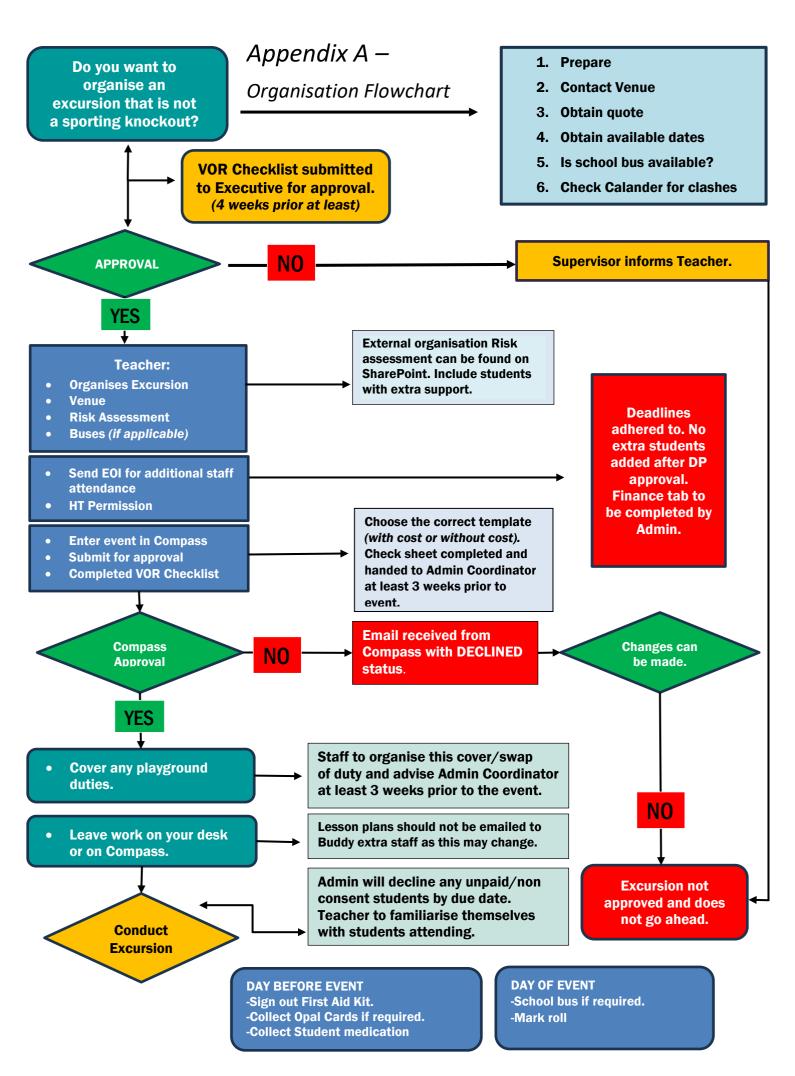

The DoE Excursions Policy Implementation Procedures outlines the necessary requirements for schools conducting all forms of excursions, including sporting, overnight and overseas activities. Legislative requirements such as compulsory staff training, child protection, risk management and student behaviour are also included.

The policy includes more specific related documents and advice. The DoE policy can be found at the link below:

https://education.nsw.gov.au/policy-library/policies/excursions-policy

The following appendices provide information and guidance in the administration of excursions at Kariong Mountains High School.

- Appendix A is an organisation flowchart.
- **Appendix B** is the Excursion / Variation of Routine Checklist to be completed by the organising teacher.
- Appendix C is a sample permission note that appears on the Compass notification.
- Appendix D is the behaviour code for student.

#### Appendix D - Behaviour Code for Excursions

The following conditions apply and should be read in conjunction with the school's 'Student Behaviour' policy.

#### **Day Excursions/Sporting Teams**

Unless there are unusual circumstances, only referrals up to a month before the date of the activity will be considered.

#### **Overnight Excursions/Camps**

Unless there are unusual circumstances, only referrals up to 3 months before the date of the activity will be considered.

#### **Suspension Protocols**

- 1. For short suspensions, a student is unable to participate in an excursion for at least 1 week after the resolution date, regardless of any other referral data, positive or negative.
- 2. Students who have multiple suspensions in a 12-month period, will be ineligible to attend excursions and events.

Note: An exception may be made by the principal in very rare and unique situations, if the activity is very close to the end of the exclusion date and will be on a case-by-case basis.

## **Excursions linked to mandatory curriculum requirements**

These will be considered on a case-by-case basis, but generally, an alternative experience can be offered to the student so that curriculum requirements are still met.

#### **Attendance at School**

A student who is not able to attend an excursion is expected to be at school unless they have a justifiable reason for being absent.

All students for whom the excursion is targeted, or who nominate to be involved in a sporting/co-curricular event will have their behaviour record examined to determine if there is possible cause for concern about their behaviour and capacity to self-manage that behaviour.

If a student has received a number of referrals from staff and wishes to participate/or is in the cohort for attending the excursion, then these will be considered by the Deputy Principal before the Compass event notification is issued and a decision about whether the student can attend will be made. This decision will be based on factors including severity, frequency and emerging patterns of behaviour. The Deputy Principal may seek guidance from the Year Advisor before coming to a final decision.

Students with unresolved N-award warnings will not be permitted to attend/participate in an excursion/activity, without evidence of significant progress on a resolution plan.

Due to the complex nature of different types of behaviour and whether they are repetitive or once only, it is too difficult to put forward a definite number of referrals that leads to withdrawal from the event. Each case will be documented and the parents/carers and students are entitled to full disclosure about the decision-making process.

Parents/carers may appeal to the principal. The timeframe for appeals will vary depending on the activity. It is expected that a change of decision will only occur if new information comes to light or there was an issue with the process. The principal's decision is final.

#### **School Uniform Requirement**

Students are only permitted to attend the excursion/activity if they are wearing full school uniform (unless the permission note indicates a variation to this rule).
