

KVPS Behaviour Support and Management Plan

Overview

Killarney Vale Public School is committed to explicitly teaching and modelling positive behaviour and to supporting all students to be engaged with their learning.

Our goal is to inspire every child to participate positively in the school community and beyond. We focus on promoting excellence, opportunity and success for every student, every day. We value and strive to develop safe, respectful learners in a caring learning community.

Principles of positive behaviour support, trauma-informed practice, inclusive practice, and social emotional learning underpin our daily practice. High expectations for student behaviour are established and maintained through effective role modelling, explicit teaching, and planned responses.

To achieve our mission, key programs prioritised and valued by the school community are:

- [The Toolbox Project](#)
- [Backflips Against Bullying](#)
- [Life Skills Go](#)
- [Seasons for Growth](#)

These programs prioritise social and emotional learning which supports good mental health, positive relationships and supports prevention of bullying.

Killarney Vale Public School rejects all forms of bullying behaviours, including online (or cyber) bullying by maintaining a commitment to providing a safe, inclusive, and respectful learning community that promotes student wellbeing. Staff are committed to establishing evidence-based approaches and strategies that promote a positive climate where bullying is less likely to occur.

All members of the school community are active participants in building a welcoming school culture that values diversity and fosters positive relationships. A key component of a supportive school culture is building respectful relationships and an ethos that bullying is not accepted, in both online and offline environments. School staff actively respond to student bullying behaviour.

Partnership with Parents and Carers

Killarney Vale Public School will partner with parents/carers in establishing expectations for engagement in developing and implementing student behaviour management and antibullying strategies, by:

- inviting parent/carer and student feedback through formal and informal means, such as Tell Them From Me surveys, school surveys, consulting with the P & C and local AECG
- using concerns raised through complaints procedures to review school systems, data and practices.

Killarney Vale Public School will communicate these expectations to parents/carers through the school newsletter, Facebook page and school website. Our school proactively builds collaborative

relationships with families and communities to create a shared understanding of how to support student learning, safety and wellbeing.

School-wide Expectations and Rules

Rule 1	Rule 2
Let Others Learn	Follow Instructions

Behaviour Code for Students

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

The Behaviour Code for Students can be found at <https://education.nsw.gov.au/policy-library/policyprocedures/pd-2006-0316/pd-2006-0316-01>. This document translated into multiple languages is available here: [Behaviour code for students](#).

Whole School Approach Across The Care Continuum

Our school embeds student wellbeing and positive behaviour approaches and strategies in practices across the care continuum to promote positive behaviour and respond to behaviours of concern, including bullying and cyber-bullying behaviour.

These approaches and strategies are built on a foundation of evidence-based effective classroom practices that set the tone for engagement with learning and respectful relationships. These practices include:

- stating and explicitly teaching classroom expectations
- establishing predictable routines and procedures that are communicated clearly to students
- encouraging expected behaviour with positive feedback and reinforcement
- discouraging inappropriate behaviour
- providing active supervision of students
- maximising opportunities for active engagement with learning
- providing carefully sequenced engaging lessons that provide options for student choice
- differentiating learning content and tasks to meet the needs of all learners.

Care Continuum	Strategy or Program	Details	Audience
Prevention	Life Skills Go	Life Skills GO, designed in collaboration with educators, is an easy-to-use emotion and wellbeing data collection tool that measures student readiness to learn, supported with a comprehensive library of evidence-based and curriculum aligned resources	All Staff
Prevention	Toolbox Project	The Toolbox project is a research-based program which aims to build resilience, self-mastery and empathy for self and others. It raises awareness of 12 innate tools needed to navigate everyday life. Each week there is a new Toolbox lesson.	Staff Students K-6

Care Continuum	Strategy or Program	Details	Audience
Prevention	National Day of Action (NDA)	Our school participates in the annual National Day of Action against Bullying and Violence (NDA) in August each year.	Staff Students K - 6
Prevention	Harmony Day	Our school celebrates Harmony Day each year. This day is about inclusiveness, respect and a sense of belonging for everyone.	Staff Students K-6
Prevention	Child protection	Teaching child protection education is a mandatory part of the syllabus.	Students K - 6
Prevention / Early Intervention / Targeted / Individual	Australian eSafety Commissioner Toolkit for Schools to prevent and respond to cyberbullying	The toolkit resources are categorised into four elements: Prepare, Engage, Educate and Respond. The resources are used to engage with the school community about creating and maintaining safe online environments to prevent cyberbullying incidents. The toolkit includes actions to report and manage cyberbullying incidents.	All
Early intervention	Seasons for Growth	Seasons for Growth is an evidence-based, early intervention program that strengthens emotional wellbeing of children who are dealing with changes in their life, including grief from loss.	Individual Students
Targeted / Individual intervention	Learning and Support	The LST works with teachers, students and families to support students who require personalised learning and support.	All
Targeted / individual intervention	Attendance Support	The LST refer students to the attendance co-ordinator (DP) who will convene a planning meeting with students, families and teachers to address barriers to improved attendance and set growth goals.	Individual students Assistant Principal Deputy Principal
Individual intervention	Individual behaviour support planning	This may include developing, implementing, monitoring and reviewing: behaviour support, behaviour response and risk management plans.	Individual Students Parent/Carer LaST Assistant Principal Deputy Principal
Individual intervention	Personalised Learning Pathways	Personalised Learning Pathways for Aboriginal students are developed in a consultation process between the student, parents/carers and teachers, to identify, organise and apply personal approaches to learning and engagement	Aboriginal school coordinator Aboriginal Education Advisor (AECG) Aboriginal students Families Classroom teachers Staff SLSO AEO

Care Continuum	Strategy or Program	Details	Audience
Individual intervention	Personalised Learning & Support Plans	Personalised Learning and Support Plans for students are developed in a consultation process between the student, parents/carers and teachers, to identify, organise and apply personal approaches to learning and engagement.	Individual students LaST Assistant Principal Classroom Teacher Parent/Carer SLSO

Planned responses to positive appropriate behaviour, inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying

A behaviour of concern is a challenging, complex or unsafe behaviour that requires more persistent and intensive interventions. A behaviour of concern does not include low-level inappropriate or developmentally appropriate behaviour. Bullying behaviour involves the intentional misuse of power in a relationship, is ongoing and repeated and involves behaviour that can cause harm. See Behaviour Management Flow Chart.

Killarney Vale Public School staff will identify inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying through a range of channels, for example:

- directly observing a student's behaviours, interactions, verbal communications, or work produced (such as written materials, performances or artworks)
- a person disclosing information that is not previously known, either because it is new information or because it has been kept a secret
- concerns raised by a student, parent, community member or agency.

Students or parents can report bullying to any staff member. NSW public school principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds, including cyberbullying. Students who have been bullied will be offered appropriate support, for example through the school counselling service.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site
- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member.

Preventing and responding to behaviours of concern

Planned responses to behaviour that does not meet school expectations are either teacher or executive managed. Staff use their professional judgement in deciding whether a behaviour is

teacher managed or executive managed. They should consider whether the behaviour poses a risk to the safety or wellbeing of the student or others.

- **Teacher managed** – low level inappropriate behaviour is managed by teachers in the classroom and the playground.
- **Executive managed** – behaviour of concern is managed by school executive.

Corrective responses are recorded on School Bytes. These include:

Classroom	Non-classroom setting
<ul style="list-style-type: none"> • rule reminder • re-direct • offer choice • error correction • prompts – name move • reteach • seat change • stay in at break to discuss/ complete work • conference • reflection • communication with parent/carer. 	<ul style="list-style-type: none"> • rule reminder • re-direct • offer choice • error correction • prompts • reteach • play or playground re-direction • walk with teacher • reflection • communication with parent/carer.

Killarney Vale Public School staff model, explicitly teach, recognise and reinforce positive student behaviour and behavioural expectations. The Toolbox Project consists of evidence-based strategies used daily by teachers to teach self-regulation, reduce impulsivity, increase focus and strengthen peer networks.

We acknowledge that not all students are encouraged by the same thing or in the same ways. Younger students may be more motivated by adult attention while older students are typically more motivated by peer attention, activities, privileges, or freedom. When learning new skills, students need immediate and frequent reinforcement and as they develop mastery they respond to intermittent and long-term reinforcement to maintain their social behavioural efforts.

The use of verbal and non-verbal specific positive feedback is the most powerful way to:

- help adults and learners to focus on positive social behaviour
- increase the likelihood that students will use the expected behaviours and skills in the future
- decrease unexpected behaviour and reduce the need for corrective responses
- enhance self-esteem and build an internal focus of control.

Prevention Responses to recognise and reinforce positive, inclusive and safe behaviour	Early Intervention Responses to minor inappropriate behaviour	Targeted/Individualised Responses to behaviours of concern
1. Behaviour expectations are taught and referred to regularly. Teachers model behaviours and provide opportunities for practice.	1. Refer to school-wide consistency guide and/or Toolbox visuals and/or supports so that the student can self-regulate.	1. Contact office to seek help from executive straight away if there is a risk. Otherwise notify student's stage supervisor or executive ASAP and before the end of the school day.

Students are acknowledged for meeting school-wide expectations and rules through Nailed It! Rewards.		
2. Verbal and non-verbal specific positive feedback is paired with a positive, tangible reinforcer (Nailed It! Slips) in a school-wide continuum for acknowledging expected behaviour.	2. Use indirect responses including proximity, signals, non-verbal cues, ignore, attend, praise, redirect with specific corrective feedback.	2. Executive/CT to take immediate steps to restore safety and return the situation to calm by using appropriate strategies such as: redirecting to another area or activity, providing reassurance or offering choices. Incident review and planning is scheduled for a later time, determined by the context and nature of the incident.
3. Tangible reinforcers include those that are: -free and frequent -moderate and intermittent -significant and infrequent -intermittent and infrequent Reinforcers are recorded through the Class Dojo platform.	3. Use direct responses e.g. rule reminder, re-teach, provide choice, scripted interventions, student conference. Students have an opportunity to meet the classroom/playground behaviour expectation before a low-level consequence is applied.	3. Executive collects information and reviews the incident from multiple perspectives to determine next steps. CT or AP to record incident on School Bytes and contact parent/carer by email or phone. Executive/principal may consider further action e.g., formal caution or suspension.
4. Social emotional learning lessons are taught (Toolbox) weekly.	4. Teacher records on School Bytes by the end of the school day. Monitor and inform family if repeated. For some incidents, referral is made to the school's anti-racism contact officer (ARCO) or anti-bullying co-ordinator.	4. Refer to the school's Learning and Support Team considering current and previous behaviour data. Other actions may include completing a risk assessment and/or collaboratively developing a behaviour support/response plan.
Teacher/parent contact	Teacher/parent contact	Teacher/parent contact
Teacher contact through School Bytes or phone calls home are used to communicate student effort to meet expectations. Recognition awards for positive individual and class behaviour are given at school assemblies and end of term reward days.	Teacher contact parents by phone or email when a range of corrective responses have not been successful. Individual planning and referral to Learning Support Team may be discussed.	Parent/carer contact is made by school executive to discuss any support and behaviour responses, including referral to the LST, school counsellor, outside agencies or Team Around a School.

Responses for serious behaviours of concern, including students who display bullying behaviour, are recorded on School Bytes. These may include:

- review and document incident
- determine appropriate response/s, including supports for staff or other students impacted
- refer/monitor the student through the school learning and support team
- develop or review individual student support planning, including teaching positive replacement behaviour and making learning and environmental adjustments
- Chill Out and/or Problem Solving
- liaise with [Team Around a School](#) for additional support or advice
- communication and collaboration with parents/carers (phone, email, parent portal, meeting)
- formal caution to suspend, suspension or expulsion.

The NSW Department of Education [Student Behaviour policy](#) and [Suspension and Expulsion Procedures](#) apply to all NSW public schools.

Reporting and recording behaviours of concern

Staff will comply with reporting and responding processes outlined in the:

- [Incident Notification and Response policy](#)
- [Incident Notification and Response Procedures](#)
- [Student Behaviour Policy](#) and [Suspension and Expulsion procedures](#)

Students and/or parents/carers can report cyberbullying to the [eSafety Commissioner](#) and reporting links for most sites, games and apps can be found at the [eSafety Guide](#).

Chill Out / Problem Solving

Toilet and food breaks are always included when withdrawal from the playground during break times in response to behaviour. The maximum length of time will be appropriate to the age/developmental level of the student.

Strategy	When and how long?	Who coordinates?	How are these recorded?
Chill Out – withdrawal from free choice play and re-allocation to office or classroom for supervised play following breach in behaviour. The purpose is to assist the student to achieve the desired behaviour, to reflect on their behaviour and make positive choices – individual or group.	Next break either lunch or recess	Assistant Principal	Documented in School Bytes. CT or AP phones parents if needed.
Problem Solving Session – a structured debriefing and planning after a major incident. Discussion is based around the behaviour of concern with an individual student or group of students.	Next break either lunch or recess	Assistant Principal	Documented in School Bytes. CT or AP phones parents if needed.
Additional Problem-Solving Sessions – withdrawal from playground and re-allocation to AP classroom. The purpose is to assist the student to achieve the desired behaviour, to reflect on their behaviour and make positive choices when they re-enter the playground.	Next break either lunch or recess. Depending on the initial incident will depend on how many sessions.	Assistant Principal	Documented in School Bytes. CT or AP phones parents if needed.
Alternate Play Plan – student is instructed to play in a specific area of the playground. This may or may not be under direct supervision (SLSO).	Lunch & recess – could be up to a week.	Assistant Principal	Documented in School Bytes. AP phones parents.
