

Kinchela Public School Behaviour Support and Management Plan

Overview

Kinchela Public School is committed to explicitly teaching and modelling positive behaviour and supporting all students in engaging with their learning.

Our goal is to inspire every child to participate positively in society. We focus on promoting excellence, opportunity and success for every student, every day. We value and strive to develop safe, respectful learners in a caring learning community.

Principles of positive behaviour support, trauma-informed practice, inclusive practice, and social-emotional learning underpin our daily practice. High expectations for student behaviour are established and maintained through effective role-modelling, explicit teaching, and planned responses.

To achieve our vision, key programs prioritised and valued by the school community are:

- Trauma Informed Practice
- Got it: Getting on track in time. Got It! is a specialised mental health early intervention program for children in Kindergarten to Year 2 (K-2) aged 5-8 years who display emerging conduct problems such as defiant, aggressive and disruptive behaviours.
- Restorative Practice: Restorative practice is a whole-school teaching and learning approach that encourages supportive and respectful behaviour. It focuses on building, maintaining, and restoring positive relationships, particularly when incidents involving interpersonal conflict or wrongdoing occur.

Kinchela Public School rejects all bullying behaviours, including cyberbullying, by maintaining a commitment to providing a safe, inclusive, and respectful learning community that promotes student wellbeing. Staff are committed to establishing evidence-based approaches and strategies that promote a positive climate where bullying is less likely to occur.

All school community members are active participants in building a welcoming school culture that values diversity and fosters positive relationships. A key component of a supportive school culture is building respectful relationships and an ethos that bullying is not accepted, in both online and offline environments. School staff actively respond to student bullying behaviour.

Partnership with parents and carers

Kinchela Public School will partner with parents/carers in establishing expectations for engagement in developing and implementing student behaviour management and bullying strategies by:

- inviting parent/carers and student feedback through formal and informal means such as school surveys, Tell Them From Me surveys, consulting with the P & C and local AECG

Kinchela Public School will communicate these expectations to parents/carers through the school newsletter. Our school proactively builds collaborative relationships with families and communities to create a shared understanding of how to support student learning, safety and wellbeing.

School-wide expectations and rules

Kinchela Public School has the following school-wide rules and expectations:

To be safe, respectful learners.

Respectful	Safe	Learner
Listen to and follow instructions	Hands and feet to yourself	Ask for help
Use appropriate language	Right place, right time	Work together
Share and take turns	Use equipment correctly	Be ready to learn

Behaviour code for students

NSW public schools are committed to providing everyone with safe, supportive, responsive learning environments. We teach and model the behaviours we value in our students.

Kinchela Public School takes strong action in response to behaviour that is detrimental to self or others or the achievement of high-quality teaching and learning. See the [Behaviour Code for Students](#) for more details.

Whole school approach across the care continuum

Our school embeds student wellbeing and positive behaviour approaches and strategies in practices across the care continuum to promote positive behaviour and respond to behaviours of concern, including bullying and cyberbullying behaviour.

These approaches and strategies are built on a foundation of evidence-based, effective classroom practices that set the tone for engagement with learning and respectful relationships. These practices include:

- stating and explicitly teaching classroom expectations
- establishing predictable routines and procedures that are communicated clearly to students
- encouraging expected behaviour with positive feedback and reinforcement
- discouraging inappropriate behaviour
- providing active supervision of students
- maximising opportunities for active engagement with learning
- providing carefully sequenced engaging lessons that provide options for student choice
- differentiating learning content and tasks to meet the needs of all students.

Care Continuum	Strategy or Program	Details	Audience
Prevention	<u>National Day of Action Against Bullying and Violence (NDA)</u>	Our school participates in the annual National Day of Action against Bullying and Violence (NDA) - in August each year.	Staff & students
Prevention/ Early intervention	<u>Got It: Getting on track in time.</u>	A specialised mental health early intervention program for children in Kindergarten to Year 2 (K-2) aged 5-8 years who display emerging conduct problems such as defiant, aggressive and disruptive behaviours.	Students K-6
Prevention / Early Intervention / Targeted / Individual	Australian eSafety Commissioner <u>Toolkit for Schools</u> to prevent and respond to cyberbullying	The toolkit supports our school's efforts to prepare, engage, and educate the school community about creating and maintaining safe online environments to prevent cyberbullying incidents.	All students, individual students K - 6, families, staff
Targeted intervention	Attendance support	The principal will convene a planning meeting with students, families and teachers to address barriers to improved attendance and set growth goals.	Individual students, principal
Targeted intervention	Restorative Practice	Restorative practice is a whole-school teaching and learning approach that encourages supportive and respectful behaviour. A restorative approach focuses on building, maintaining and restoring positive relationships, mainly when incidents that involve interpersonal conflict or wrongdoing occur.	Staff & students
Targeted / individual intervention	School learning and support	Provides support for students who need personalised learning and support.	Principal, individual students K - 6, families
Individual intervention	<u>Individual Behaviour Support Planning</u>	Planning is done in collaboration with the student and their family with support from Team Around a School where needed. This can include individual behaviour support and risk management plans.	Individual students, staff

Planned responses to positive, appropriate behaviour, inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying

Identifying behaviour of concern, including bullying and cyberbullying

A behaviour of concern is challenging, complex or unsafe behaviour that requires more persistent and intensive interventions. A behaviour of concern does not include low-level inappropriate or developmentally appropriate behaviour. Bullying behaviour involves the intentional misuse of power in a relationship, is ongoing and repeated and involves behaviour that can cause harm.

Kinchela Public School staff will identify inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying, through a range of channels, for example:

- directly observing a child or young person's behaviours, interactions, verbal communications, or work produced (such as written materials, performances or artworks)
- a person disclosing information that is not previously known, either because it is new information or because it has been kept a secret
- concerns raised by a parent, community member or agency.

Students or parents can report bullying to any staff member. NSW public school principals have the authority to take disciplinary action to address student behaviours outside of school hours or on school grounds, including cyberbullying. Students who have been bullied will be offered appropriate support, for example, through their year advisor or school counselling service.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site
- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member.

Preventing and responding to behaviours of concern

Kinchela Public School uses the following strategies to recognise and reinforce positive student behaviour and behavioural expectations:

The use of verbal and non-verbal specific positive feedback is the most powerful way to:

- help adults and learners focus on positive social behaviour
- increase the likelihood that students will use the expected behaviours and skills in the future
- decrease unexpected behaviour and reduce the need for corrective responses
- enhance self-esteem and build an internal focus of control.

Specific positive feedback may not be sufficiently reinforcing for some students, so the school-wide continuum provides the opportunity to pair verbal or non-verbal feedback with a positive, tangible consequence.

The school-wide continuum for acknowledging expected behaviour includes:

- free and frequent – for everyday use by all staff in all settings
- moderate and intermittent – awarded occasionally
- significant and infrequent –semester or annual types of recognition.

Prevention Responses to recognise and reinforce positive, inclusive and safe behaviour	Early Intervention Responses to minor inappropriate behaviour.	Targeted/Individualised Responses to behaviours of concern.
1. Behaviour expectations are taught and referred to regularly. Staff model behaviours and provide opportunities for practice. Students are acknowledged for meeting school-wide expectations and rules.	1. Refer to school-wide expectations and/or emotional regulation visuals and/or supports so that the student can self-regulate.	1. If there is a risk to safety, seek help from the principal or another staff member. Otherwise, notify the principal ASAP.
2. Verbal and nonverbal specific positive feedback is paired with a positive, tangible reinforcer in a school-wide continuum to acknowledge expected behaviour.	2. Use indirect responses including proximity, signals, non-verbal cues, ignore, attend, praise, and redirect with specific corrective feedback	2. Principal/CT to take immediate steps to restore safety and return the situation to calm by using appropriate strategies such as: redirecting to another area or activity, providing reassurance or offering choices. Incident review and planning is scheduled for a later time determined by the context and nature of the incident.
3. Tangible reinforcers include those that are: <ul style="list-style-type: none"> • free and frequent • moderate and intermittent • significant and infrequent Intermittent and infrequent reinforcers are recorded on the centralised recording system.	3. Use direct responses e.g. Rule reminder, re-teach, provide choice, scripted interventions, student conference. Students have an opportunity to meet the classroom/playground behaviour expectation before a low-level consequence is applied.	3. Principal collects information and review the incident from multiple perspectives and determine next steps. Principal records the incident on the centralised recording system and contact parent/carer by email or phone. Principal may consider further action eg: formal caution/suspension.
4. All social-emotional learning programs are taught fortnightly.	4. Teacher records on the centralised recording system by the end of the school day. Monitor and inform the family if repeated.	4. Refer to the school's Learning and Support Team or APLaS, considering current and previous behaviour data. Other actions may include developing a behaviour support/response plan and/or completing a risk assessment.
Teacher/parent contact	Teacher/parent contact	Teacher/parent contact
Teacher contact through the parent portal or phone calls home is used to communicate student effort to meet expectations.	The teacher contacts parents by phone or email when a range of corrective responses have not been successful. In some cases, individual planning and referral to LST may be discussed.	The principal contacts the parent/carer to discuss any support and behaviour responses, including referral to the LST, outside agencies or Team Around a School.

Responses to serious behaviours of concern

Responses, including students who display serious behaviours of concern, are recorded in the centralised recording system. These may include:

- review and document incident
- determine appropriate response/s, including support for staff or other students impacted
- refer/monitor the student through the school learning and support team
- develop or review individual student support planning, including teaching positive replacement behaviour and making learning and environmental adjustments
- reflection and restorative practices (listed below)
- liaise with Team Around a School for additional support or advice
- communication and collaboration with parents/carers (phone, email, parent portal, meeting)
- formal caution to suspend, suspension or expulsion.

The NSW Department of Education [Student Behaviour policy](#) and [Suspension and Expulsion Procedures](#) apply to all NSW public schools.

Reporting and recording behaviours of concern

Staff will comply with the reporting and responding processes outlined in the:

- [Incident Notification and Response Policy](#) and [Incident Notification and Response Procedures](#)
- [Student Behaviour policy](#) and procedures
- If a behaviour of concern is also a child protection matter, use the [Mandatory Reporting Guideline Tool](#).

Students and/or parents/carers can report cyberbullying to the [eSafety Commissioner](#) and reporting links for most sites, games and apps can be found at the [eSafety](#) Guide.

Reflection practices

Toilet and food breaks are always included when withdrawal from free choice play at either break is planned as a response to behaviour.

Action	When and how long?	Who coordinates?	How are these recorded?
Reflection conversation (problem-solving) – What happened, what did you do, and what could you do instead next time.	Class time and break times as required	Teacher/ Principal	Documented in school record system
