GENERAL INFORMATION FOR YEAR 11

Your decision to come back to Years 11 and 12 and complete your Higher School Certificate (HSC) indicates a commitment to seek further education. **In making such a decision, you agree to accept the responsibilities of a senior student committed to achieving the best of which you are capable, and therefore agree to abide by the policies by which Kingscliff High School operates.**

You are expected to be cooperative and display good behaviour at all times.

As the school motto states: 'Achievement through Endeavour'.

All students are assisted and encouraged to acquire competencies, knowledge and positive attitudes, enabling each individual to achieve to their own highest potential.

It is your responsibility to carefully read and understand the information in this booklet. If you require further explanation, the Year 11 Adviser and Deputy Principal are available to explain any aspects of this handbook.

- Each subject you are studying has two parts: the Year 11 course and the HSC Course (Year 12).
- You must satisfactorily complete the Year 11 course in a subject before you can go on to the HSC Course in that subject.
- Satisfactory completion of Year 11 course in any subject will be determined by the school. This will be done by looking at your results on Assessment Tasks and Coursework requirements.
- If you miss lessons it is your responsibility to find out if any information about assessment tasks was given out during the period of absence in addition to catching up any missed work. In cases of prolonged absence you should request that school work be sent home for you to complete.
- One assessment task may be used to measure a variety of outcomes.
- If you do not understand what is required of you in any assessment task or tasks it is your responsibility to seek help from your class teacher, the Head Teacher, the Year Adviser or the Deputy Principal.
- You must satisfactorily complete 12 Units of Year 11 courses to meet NSW Standards Education Authority (NESA) requirements for a HSC. You cannot continue into Year 12 in any course for which you have received an "N" determination. If you receive an "N" determination in one or more subjects you will most likely need to do those courses or alternative Preliminary HSC (PHSC) courses in the following year. It may cause you to spread your HSC studies over 3 or more years.

Change of Address or Circumstances

Please notify the school **immediately** of your new circumstances and/or address, phone number and emergency contact. The school's **front office** must be notified in writing. If you fail to do this parents cannot be contacted when students become ill or have an accident and certificates such as the HSC may be sent to an incorrect address. It is also important to notify the school if you change your name or use a different name on official documents.

Attendance

Attendance at school has a significant effect on your overall results. Attempt to be at all classes, prepared for the lesson and ready to fully participate.

Students must attend all timetabled lessons. Regular checks are made each period and the class roll is marked in every period. All students are to be punctual to all lessons to make full use of the time available. Lateness will not be tolerated.

- School commences 8:45am Monday to Friday.
- Students may arrive after 8:45am if they have no Period 1 class but must sign in at the office prior to the first lesson of the day.
- Students are not to leave school until after their last scheduled lesson for the day.

- All study periods are to be gainfully used for their intended purpose, either in the Library, in the Senior area or on tables provided in playground area 5 or the Industrial Arts Quad.
- Students may not leave the school during study periods unless:
 - They bring a signed request from their parent/carer and have it endorsed by the Principal or Deputy Principal. This is only available for emergency or other unexpected circumstances.
- Students who truant for any period of time may have to make up lost time at an after school detention.

Changing your Curriculum Pattern

Students will be required to complete a form during weeks 2, 3, 4. Time will be set aside allowing students to meet with the Stage 6 Coordinator and the Careers Adviser to discuss changes and check your HSC pattern of study meets the NESA requirements and your career path options.

The form may require a parent/carer's signature if there is a major change to your study pattern.

REMEMBER

To be **eligible for the HSC** you must have:

- At least 12 Units of study in Year 11 and 10 Units in Year 12
- At least 6 units of NESA Developed Courses
- At least 2 Units of English
- At least 3 courses of 2 Unit value
- At least 4 subjects
- No more than six units of science

To be eligible **for an ATAR** you must meet the requirements for the HSC as well as:

- At least 10 NESA Developed units
- Only 1 Category B subject in those 10 NESA Developed units
(Category B subjects at Kingscliff High School include, VET Information Technology, VET Entertainment)
- You are likely to require an ATAR if you intend applying to:
 1. University
 2. QLD TAFE
 3. The Australian Defence Force Academy
 4. The NSW or QLD Police Service

If you are unsure whether you require an ATAR you **MUST** check with the Careers Adviser.

Study Timetable

It is also recommended that all senior students have a study/revision/homework/assessment task timetable and use it to organise their time efficiently.

Year 11 Assembly

These are conducted regularly throughout the Term. These assemblies are **compulsory** for all senior students to attend. Important information is given at these meetings.

Daily Notices

These contain vital information about day-to-day organisation, coming events, scholarships and traineeship opportunities. All students should be in Homeroom each day to hear the daily notices.

YEAR 11 ASSESSMENT HANDBOOK

Updated information for Stage 6 (Years 11-12), can be found on the NESA website at the following link:

<http://educationstandards.nsw.edu.au/wps/portal/nesa/11-12/Understanding-the-curriculum/curriculum-development/st6-assessment>

Assessments are intended to measure each student's overall achievement in a course. Assessments measure student performance against course objectives and student achievement relative to others at the completion of the course in Term 3, Year 11. Our School Assessment Handbook emphasises that assessment is a continual process and stresses the importance of all aspects of each course.

Satisfactory completion of Year 11 courses is a mandatory prerequisite for enrolment in the subsequent HSC course. Year 11 courses provide fundamental skills, knowledge and experiences essential to the successful completion of HSC courses.

SATISFACTORY COURSE COMPLETION REQUIREMENTS:

1. How do I satisfactorily complete a course?

You will satisfactorily complete a course if there is sufficient evidence that you have:

- followed the course developed or endorsed by NESA
- applied yourself with diligence and sustained effort to the set tasks and experiences provided in the course by the school; and
- achieved some or all of the course outcomes

This means that it is your responsibility to:

- attend lessons in that course for the required number of hours, bringing the correct equipment and books;
- make a genuine effort in all class activities including assignments and homework;
- make a serious attempt at all your assessment tasks.

If the Principal determines that you are in danger of not completing a course satisfactorily, you will be warned in writing in time for you to correct the problem and satisfactorily complete the course.

2. Attendance Requirements

You must have an approved pattern of attendance. Principals may grant students leave for legitimate reasons such as illness, physical injury or holidays. Any extensive period of unapproved absence may result in unsatisfactory completion of a course(s) and may impact on your eligibility for the award of the Preliminary HSC.

3. Formal Assessment for the Preliminary HSC

Formal assessment commences at the beginning of **Term, 1 Year 11**. In the case of a student repeating Year 11, an assessment will be made based on their work in Year 11 of the repeated year only.

Assessment policies and schedules for Year 11 will be made available to students via the Kingscliff High School website at the start of the course:

<https://kingscliff-h.schools.nsw.gov.au/learning-and-support/stage-6>

Paper copies of the Assessment booklets and schedules are also available on request from the Deputy Principal. This will ensure students are aware of their assessment requirements in each course.

4. Assessment Sessions

All courses of study will have two (2) Assessment Sessions.

- **Assessment Session 1:**
Starting at the beginning of Term 1 in Year 11 up to the end of Term 2.
- **Assessment Session 2:**
Starting from the end of Term 2, up to the time of the completion of the courses in Term 3, and the Year 11 Yearly examinations

5. Assessment Instruments

Students will be informed that a certain task has been nominated as an **Assessment Instrument** - once this has been nominated it cannot be discarded nor can others be added.

6. Marking Criteria

Marking Criteria for all assessable tasks will be provided to students. Course work and Assessment Tasks will be graded against syllabus outcomes, norm referenced or on a standards reference basis. Using such assessment strategies removes the concept of pass and fail.

A variety of teaching modes and assessment strategies will be used depending upon specific faculty requirements. Team teaching across a course is common to some subjects.

7. Submission of Tasks

Assessment tasks must be submitted on the day noted on the Assessment Schedule. Tasks are most often scheduled for submission on the day the course has a period one lesson.

Non practical Assessment Tasks must be submitted at the start of the lesson on the day noted on the Assessment Schedule. **If the task is submitted after the start of the lesson, but before the end of the lesson, without a verifiable reason the task will be discounted by 20% of the total available marks. Tasks that are handed in later in the day will be considered late and a mark of zero will be applied.** Tasks of practical nature will be conducted and submitted during Period 1.

If the due date is not one that has a Period 1 class, your teacher will inform you of submission requirements.

8. Non Completion and Non Submission of Assessment Tasks

In all cases where a candidate fails to complete or submit an Assessment Task or submits an Assessment Task after the due date, **ZERO MARKS** will be recorded for that task. Where an incomplete Task is submitted, marks will only be awarded for the work or parts submitted or presented by the due date or dates.

If a student has not submitted a Task by the due date because of illness, a medical certificate for the absence is required. **The medical certificate and the Task must be presented on the student's next day of attendance.** The medical certificate must be presented to the Deputy Principal and the task to your teacher. Otherwise, **ZERO MARKS** will be recorded for that Task.

If a student is unable to submit a Task on the due date as a result of school sporting, cultural or other school related commitments, the student must notify the relevant Head Teacher as early as possible **BEFORE** the due date. An alternate date or arrangement will be negotiated between the Deputy Principal, the Head Teacher and student so as not to disadvantage either the student or other candidates in the course. Otherwise, **ZERO MARKS** will be recorded for that Task.

9. Attendance

Students are required to attend all timetabled classes and they cannot excuse themselves to go elsewhere to meet other requirements in other subjects without the approval of the timetabled teacher.

10. Attendance and Assessment Tasks

Students must attend all classes the day prior to, and the day of any Assessment Task. This will ensure students have similar preparation times prior to tasks and are attending classes.

Students who do not meet the preceding requirements must supply either a **medical certificate** or another independently **verifiable, genuine and acceptable reason** for the absence, supported by a letter from a parent/carer. **If there is no acceptable reason provided to the school, the task will be discounted by 20% of the total available marks.** Appeals to the Principal are available to students.

Students who truant class, for any reason, prior to the submission of any assessment task, will be regarded as gaining an unfair advantage in preparation time. Consequently, **the task will be discounted by 20% of the total available marks.** Appeals to the Principal are available to students.

11. Examination Attendance

Yearly Examinations are a compulsory assessment task. Year 11 students must seriously attempt the Yearly Examinations at the times nominated in the Assessment Schedule and school Examination Timetables.

Formal examinations for individual students or classes will not be rescheduled unless the Deputy Principal has granted special permission. This permission in nearly every case will need to be sought prior to the exam. This will be based upon documentation supplied to the Deputy Principal at least one week before the examination. Please note that a student's part-time or casual employment, vacation or participation in non-school activities will not warrant rescheduling of an examination.

If students are not feeling well they should do the examination and report the illness to the exam supervisor. They must also then report their illness to the appropriate deputy. **A medical certificate should also be supplied as soon as possible after the exam and attached to an Illness/Misadventure form.**

Excuses such as misreading of the exam timetable, attending family holidays or non-school events will result in **ZERO** being awarded for the examination missed. No rescheduling of an examination or an estimate will be given for such excuses. An estimate will only be given in cases of extreme or genuine misadventure that prevents examination attendance. Applications will be viewed on a case by case basis. Wherever possible the student will complete the examination or similar at a later date.

NOTE: This Handbook is in line with **NESA Policy** for the conduct of HSC examinations.

12. Appealing an assessment grade/mark

Students wishing to appeal a grade/mark for any assessment may do so by submitting, in writing, a request for a review of that mark stating the reasons for the appeal. This must be completed and lodged with the Head Teacher of the appropriate faculty within two school days of the task's return. Head Teachers will appoint an impartial person to review the mark. **It is important to note that the review process can affirm the original mark, award a higher mark or award a lower mark.** Any subsequent appeals must be lodged, in writing, with the Principal within two school days of the completion of the initial appeal process.

13. Estimates

Only in exceptional circumstances will estimates be awarded. For example, where the completion of a substitute task is not feasible, is unreasonable or where the missed task is difficult to duplicate, the Deputy Principal, in consultation with the Principal may authorise the use of an estimate based on other appropriate evidence. Estimates will be finalised at the completion of the course and based upon the student's performance in either similar activities during the course or performance in the entire course.

Please note that a student's part-time or casual employment or vacation will not warrant the issuing of an estimate. The Principal's determination in any such case will be final.

14. Use of Technology

When a student wishes to hand in work done on non-school computers it is the student's responsibility to ensure it is compatible with the equipment currently available within the school. Students should also supply the teacher with a printed copy of the task (unless other provisions have been made by the teacher). Equipment failure, hardware or software incompatibility or failure of school equipment to read a USB or file is the student's responsibility and the student will be deemed not to have handed in the task on time if this occurs.

15. Artificial Intelligence (AI)

Students are encouraged to use technology as a tool for learning and research but are not to use it to gain an unfair advantage. Students are prohibited from using Artificial Intelligence (AI) programs or any other automated means to complete or perform

academic tasks unless otherwise directed by their teacher. The use of AI or other technology to assist in the completion of assignments must be disclosed and approved by the teacher before submission. In the case of suspected plagiarism students will be required to provide evidence that all unacknowledged work is entirely their own. Students should recognise the capabilities and limitations of AI.

For example:

1. AI should not be used to replace critical thinking and decision-making skills.
2. Any AI generated responses should be checked against reliable sources to ensure that facts are accurate and do not contain harmful bias.
3. When required, use of AI should be appropriately referenced.

16. Malpractice (eg. cheating, copying) in Assessment Tasks

Students are reminded that all work submitted for assessment is to be their own work. Where resources and work of others is used, this must be appropriately cited. Cases of malpractice and plagiarism will be investigated, and students found to have inappropriately used others' work will receive a zero mark. Malpractice is any activity that allows students to gain an unfair advantage over other students. It includes, but is not limited to:

1. copying of someone else's work in part or in whole, and presenting it as their own
2. colluding with peers, and submitting similar work to other students
3. using material directly from books, journals, CDs or the internet without reference to the source
4. building on the ideas of another person without reference to the source
5. buying, stealing or borrowing another person's work and presenting it as their own
6. submitting work that another person, such as a parent, coach or subject expert, has contributed to substantially
7. using words, ideas, designs or the work of others in practical and performance tasks without appropriate acknowledgement
8. paying someone to write or prepare material
9. breaching school examination rules
10. using non-approved aids during an assessment task
11. contriving false explanations to explain work not handed in by the due date
12. assisting another student to engage in malpractice.
13. Submitting work that is AI generated

If malpractice is concluded to have occurred, the following range of consequences may apply:

- zero marks for all or part of the task
- a formal warning
- an N Warning may be issued
- student may need to re-submit all or part of the task
- If applicable the student may have the ability to resolve the N Warning and resubmit the task – the zero mark may still be upheld

17. Non Serious Attempts

Non serious attempts for an assessment task refers to the work students attempt and present. The HSC Rules and Procedures require student to attempt a range of questions throughout the examination paper. Attempting multiple-choice questions is not sufficient. In addition, frivolous or objectionable material is unacceptable and will be considered a non serious attempt.

18. Satisfactory Completion of a Course

Where a candidate has been given zero marks because of failure to satisfactorily complete Assessment Tasks totalling 50% or more of the final course Assessment Mark, **the Principal must certify that the course has not been studied satisfactorily.**

Candidates are expected to satisfactorily complete all course-work. Where a candidate fails to satisfactorily complete at least **85%** of course-work **the Principal may certify that the course has not been studied satisfactorily.** This has strong implications for attendance, homework and working with diligence and sustained effort in class.

19. Warnings of Not Satisfying Requirements

Where it is likely that a candidate may not be certified due to not satisfying course requirements, early warning, in writing, must be given so that the candidate and parents are aware of the potential consequences. In the event of a student not satisfying course requirements a warning letter will be issued by the Teacher/HT of the appropriate subject. **Students must satisfactorily complete all course work and assessment tasks to satisfy the requirements of any course.** Warning letters may be redeemed within the period of time specified on the warning letter; however the student will still receive zero marks. If the warning is **not** redeemed, parents will be formally notified.

Should a second warning occur for a second task or course work, a second warning letter will be issued.

Please note: Students who have two unredeemed warnings will be deemed to have failed to satisfactorily complete the course.

In this case an 'N' Determination will be posted to NESAs. As satisfactory completion of a Year 11 course is a mandatory prerequisite for entry into a HSC course, students who fail a course in Year 11 may not be able to progress to Year 12 the next year.

20. Conduct for assessment purposes

Conduct will not be taken into account as part of the school assessment, nor will such measures as interest and attitude; however students are expected to comply with the school's rules regarding conduct and behaviour. Students will not be allowed to behave in a manner that impedes the learning of others. Poor attendance may become a factor, where it can be shown that progress towards achieving course outcomes has been significantly affected.

21. Reviews / Appeals

- a) Students may apply for a review at the school of the school's determinations in any course.
- b) The School Review Committee will consist of the Principal/Deputy Principal and the Head Teacher or Subject Coordinator of the subject in which the review is being made.
- c) The Committee will meet after the last examination (second half of October) to examine all relevant material and check for clerical or computational errors; also to check that the assessments were made according to the stated school schedules and NESAs requirements.
- d) Full and detailed reasons must be given by all students seeking a review.
- e) The privacy of other students must be respected.
- f) A record of reviews must be kept and forwarded to NESAs
- g) There will be provision for a student to seek a further appeal to NESAs if the conduct of the earlier school review did not comply with NESAs requirements.

22. Determination of the "Top Ten"

Student's final school PHSC assessment marks and ranks for each course will be used to determine the top ten each year. This data will be entered into an ATAR estimator to generate the final list of students.

23. Summary

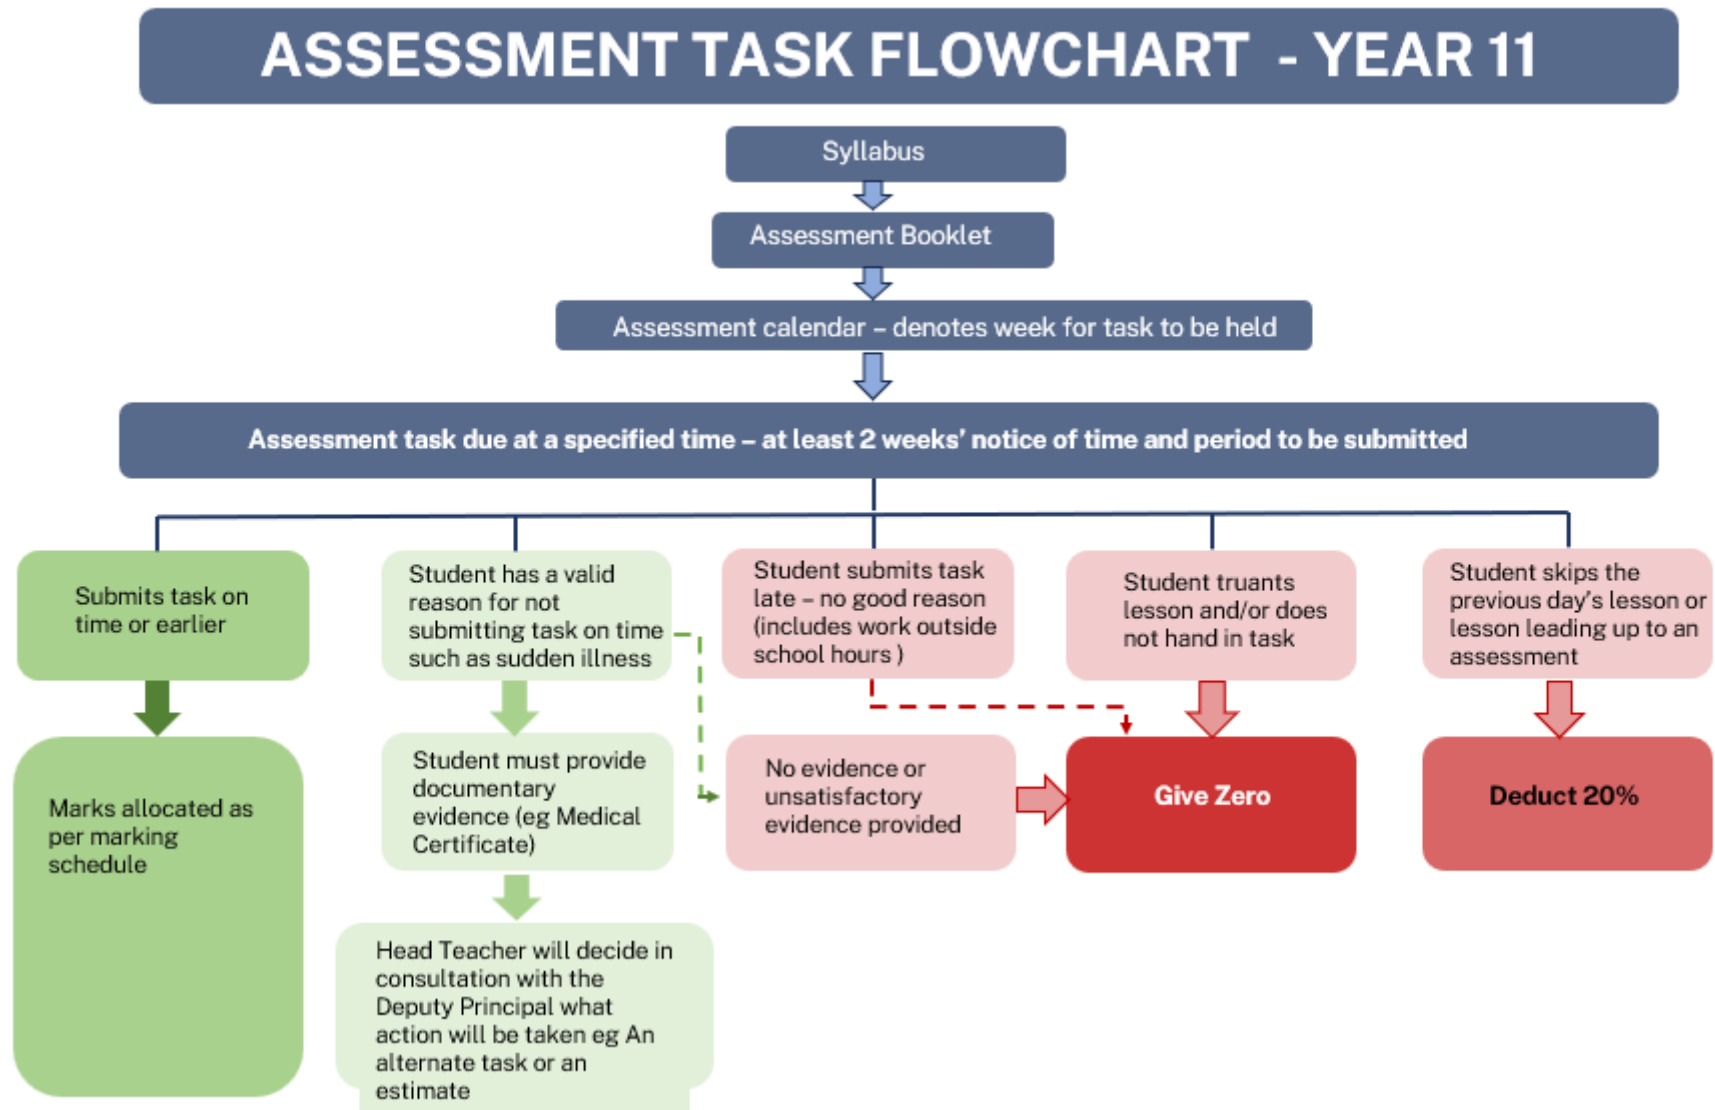

- Students need a minimum of 12 Units of satisfactory study to gain a PHSC.
- Students must have good attendance and participate in all classes and complete all course work and assignments.
- **If you do not attempt all class work and homework you may not gain a PHSC.**
- **If you do not attempt all Assessment Tasks you may not gain a PHSC.**
- Any written warnings sent by the school are done so on behalf of NESAs.

Appeals to the Deputy Principal are available to students. A register of defaulters will be kept.

EXAMINATION RULES

ENTRY INTO EXAM VENUE	<ul style="list-style-type: none"> Should be in class groups as instructed by teachers
LATE ARRIVAL	<ul style="list-style-type: none"> Students should be on time for all exams No entry to the exam will be allowed 30 minutes or more after exam start time No extra time will be granted for students who arrive late
NO TALKING AND NOISE	<ul style="list-style-type: none"> No talking upon entering the exam venue No talking during the exam No talking at the completion of the exam
EQUIPMENT	<ul style="list-style-type: none"> It is the student's responsibility to bring all necessary equipment needed for each exam No borrowing is permitted in the exam venue
REMAIN SEATED	<ul style="list-style-type: none"> Students should be seated and facing the front whilst in the exam venue
LEAVING EARLY	<ul style="list-style-type: none"> Years 7–11 students are not permitted to leave an exam before the stated finish time Year 12 students are not permitted to leave during the first hour of an exam or the last fifteen minutes
TOILETS	<ul style="list-style-type: none"> Students should visit the toilet before each exam Toilet breaks will not be granted during an exam unless a doctor's certificate has been supplied to the Deputy Principal prior to the exam
CHEATING	<ul style="list-style-type: none"> Any form of cheating or "non serious attempt" will result in a student receiving a zero mark for that exam
MOBILE PHONES, SMART WATCH OR DATA STORAGE DEVICES	<ul style="list-style-type: none"> Any student who is caught in the possession of a mobile phone, smart watch, or data storage device in the exam venue may receive a zero MARK for that exam
<p>CONSEQUENCES FOR BREACHING EXAM RULES:</p> <ol style="list-style-type: none"> General warning is the final warning First personal warning will result in the loss of 20% of exam marks and will be noted on the exam paper Second personal warning will result in receiving a "zero" for that exam and will be noted on the exam paper No personal warnings will be issued for cheating or mobile phones 	
<p>APPEALS:</p> <p>Any student wishing to appeal a sanction imposed for breaching exam rules must do so in writing to the Principal within five (5) school days from the date of the exam. Appeal forms are available from the Deputy Principal</p>	
<p>ILLNESS AND MISADVENTURE:</p> <p>Students unable to attend exam/s due to illness or misadventure should:</p> <ol style="list-style-type: none"> Inform the school as soon as possible, preferably prior to the exam; Submit written reason for absence (such as a medical certificate, note from parent/care provider etc) to your class teacher on the first day back at school; Where no note is supplied or the reason for the absence is unacceptable (such as misreading the exam timetable, truancy or attending a non-school events) a zero will be awarded for the examination missed. 	

ASSESSMENT TASK FLOWCHART – YEAR 11

YEAR 11 COURSE ASSESSMENT OUTLINES

All Year 11 NESA Developed, NESA Endorsed and Content Endorsed Courses will use a variety of Assessment Instruments to measure and report on student achievement against course outcomes as specified by NESA. The outline of outcome statements was made available to you in the course selection booklet that you received earlier. If you need more detail on a course the syllabus documents are available on NESA's website: <http://educationstandards.nsw.edu.au>

Outlines of assessment tasks for specific courses are provided on the following pages.

GLOSSARY OF KEY WORDS

Syllabus outcomes, objectives, performance bands and examination questions have key words that state what students are expected to be able to do. A glossary of key words has been developed to help provide a common language and consistent meaning in the HSC documents.

Using the glossary will help teachers and students understand what is expected in responses to examinations and assessment tasks.

Account	Account for: state reasons for, report on. Give an account of: narrate a series of events or transactions
Analyse	Identify, components and the relationship between them; draw out and relate implications
Apply	Use, utilise or employ in a particular situation
Appreciate	Make a judgment about the value of
Assess	Make a judgment of value, quality, outcomes, results or size
Calculate	Ascertain/determine from given facts, figures or information
Clarify	Make clear or plain
Classify	Arrange or include in classes/categories
Compare	Show how things are similar or different
Construct	Make; build; put together items or arguments
Contrast	Show how things are different or opposite
Critically	Add a degree or level of accuracy depth, knowledge and understanding, logic, questioning, reflection and quality to analysis/evaluation
Deduce	Draw conclusions
Define	State meaning and identify essential qualities
Demonstrate	Show by example
Describe	Provide characteristics and features
Discuss	Identify issues and provide points for and/or against
Distinguish	Recognise or note/indicate as being distinct or different from; to note differences between
Evaluate	Make a judgment based on criteria; determine the value of
Examine	Inquire into
Explain	Relate cause and effect; make the relationships between things evident; provide why and/or how
Extract	Choose relevant and/or appropriate details
Extrapolate	Infer from what is known
Identify	Recognise and name
Interpret	Draw meaning from
Investigate	Plan, inquire into and draw conclusions about
Justify	Support an argument or conclusion
Outline	Sketch in general terms; indicate the main features of
Predict	Suggest what may happen based on available information
Propose	Put forward (for example a point of view, idea, argument, suggestion) for consideration or action
Recall	Present remembered ideas, facts or experiences
Recommend	Provide reasons in favour
Recount	Retell a series of events
Summarise	Express, concisely, the relevant details
Synthesise	Putting together various elements to make a whole

Assessment Task Alteration Request

Dear Head Teacher

In accordance with the school assessment schedule/handbook and supporting documentary evidence, the Deputy Principal has granted an assessment task alteration.

Student Name: _____ Year: 7 8 9 10 11 12

Course: _____

Task _____ Scheduled Due Date: / / 20

On grounds of:

- | | |
|---|--|
| <input type="checkbox"/> Medical circumstance | <input type="checkbox"/> Family Circumstance |
| <input type="checkbox"/> School Sport Participation | <input type="checkbox"/> Other |

Therefore:

- Please accept the submission of the task without penalty.
- Please reschedule the task for a mutually convenient time as soon as possible.
- Please reschedule the task for ____/____/20____
- Please assign an estimate based upon the student's previous performance. The estimate should not alter their overall class assessment ranking.
- Please determine your preference for either rescheduling the task or assigning an estimate and inform the student of your decision

If you need to discuss any aspects of this request, its impact or you require further explanation, please see me.
