Uniform Policy

Purpose: A school uniform identifies children belonging to a school, promotes school pride and acts as a means towards providing equality amongst children, regardless of socio-economic background.

Aims:

- To provide security for children travelling to and from school.
- To encourage the wearing of school uniform as it enhances school spirit and pride.
- To avoid embarrassment and competition between individual students and their families.

Implementation:

- A decision was made by the school community that school uniform should be worn.
- When change occurs in the school uniform, at least one year's notice must be given, to suppliers and interested parties of the impending change.
- No student can be prevented from attending school or placed in a position of embarrassment because he or she is not wearing a school uniform.
- Where students are attending official school functions or representing the school, wearing of school uniform is expected.
- Adherence to the standards of dress determined by the school community is expected.
- Wearing of school hats is compulsory. Students that do not wear a hat will be asked to go to an area of the playground with full shelter.
