Delivering excellence through innovative and
unique learning opportunities for student success

Quality Education

Mitchell High School is a comprehensive Years 7 to 12 co-educational secondary school in Blacktown NSW. We have approx. 900 students, 80 teaching staff and 12 administration staff and proud to be part of a strong public education system. We welcome students from diverse backgrounds and cultures.

The school's mission is to inspire every student to do their best and strive for excellence. Mitchell High School is committed to helping each student reach their full potential through programs that develop skills across academics, sports, and the arts. Their learning experiences are tailored to meet the unique needs and abilities of each student, aiming to build confidence and equip them with essential skills for future success.

Dedicated staff provide high-quality education alongside a broad range of academic, cultural, and sporting opportunities. The school offers a wide variety of subjects and support programs designed to meet the needs of all learners, whether students aim for university, trades, or creative pathways. They assist students in exploring their interests and achieving their individual goals.

Our Inspire-High Potential and Gifted Education (HPGE) program promotes engagement and challenges and supports every student, regardless of background, in every school across intellectual, creative, social-emotional and physical domains. Students have access to quality learning opportunities to encourage their potential and meet their needs and aspire their talents to develop to their optimal growth.

Curriculum Choices

Students in Years 7 and 8 experience a broad spectrum of subjects prior to making informed elective choices from the wide range available to them in Years 9 and 10. Talented students are offered the opportunity to participate in a High Achievers' Course in Year 9 in preparation for possible acceleration into HSC Courses. In addition, there is the opportunity for highly motivated, independent learners to apply for a position in our 'Inspire-High Potential and Gifted Education (HPGE) classes in Years 7 to 10.

For more detailed information about our programs, including HPGE visit our website: [Mitchell High School](https://www.mitchellhighschool.nsw.edu.au/)

Communicating with Parents/Carers

Parent/carers portals exist to improve communication and collaboration between parents and carers and schools by providing a secure, online platform for accessing student information.

Stay connected through our parent/carers portals. You can make payments online, book parent/carers teacher interviews, have access to your child's educational school information, attendance, school reports, timetable, school calendar and receive email and correspondence from the school

School Bytes

Our school has implemented a system called School Bytes to manage payments. Parents/carers can visit the School Bytes portal at any time to make a payment online, view payment history and apply credit. You can also give consent for school events in this portal. For non-student payments, please contact the school for a payment link.

Millennium Parent/Carer and Student Portal

Our school uses Millennium parent/carers and student portal as a communication platform for parent/carers(s) and student to access educational school information.

The parent/carers and student portal is a web-based application where both students and parents are able to login with their own credentials and access confidential student information and progress at school.

The Millennium Portal enables you to view:

- Access attendance summaries
- View Markbook/Assessment(s)
- Receive Mitchell High School correspondence
- Book parent/carers(s) teacher interview online bookings
- Check the school calendar
- Read school notices
- Access student timetables
- View and download student half yearly school and yearly school reports
- Review school regulations, procedures and resources.

We encourage parents/carers to use of this valuable resource, to stay connected and informed about your child's learning journey.
