PRINCIPAL'S MESSAGE

Parents and Carers,
The teachers have well and truly worked very hard to gather data and results around where students are at and what they are achieving at the stage level according to the outcomes set

out for each curriculum area. The reports you receive in week 10 will reflect where your child is working at and the effort they are putting into their work. Please be aware that most students are working 'at' grade level. Learning takes a long and steady effort and often after a few years of solid processing and practise, children combine their learning and experiences to reach their potential. Please praise your children for their effort and read the comments carefully so you can see what they are doing and how you can help them. I want to thank my staff for their efforts to putting the

reports together, for their perceptive comments and the encouraging way they motivate young minds to be curious and motivated to learn. A special mention must go to acknowledging the very special display in the foyer made by ALL the students at MLIS to celebrate Reconciliation Week! Hundreds of hands are 'bridging' the past, present and future and symbolising connection, acceptance and respect. How special. Mrs Rieger (Principal)
