

## School Behaviour Support and Management Plan Murwillumbah Public School

#### Overview

At Murwillumbah Public School, we believe that all students can learn and have the right to do so. As such we have the following priorities:

- The provision of quality education for all students
- The care and safety of all students

We are a **Positive Behaviour for Learning (PBL)** school, our expectations are:

## RESPECT RESPONSIBILITY LEARNING

Our language when speaking to students is consistent and linked to our school expectations in both classroom and non-classroom settings. Signage around the school and in the classrooms reflects our expectations.

We recognise and encourage positive behaviour and when correcting student behaviour, do so by being explicit in instruction and wherever possible stated positively. E.g. Are you acting safely?

Murwillumbah Public School rejects all forms of bullying behaviours, including online (or cyber) bullying by maintaining a commitment to providing a safe, inclusive, and respectful learning community that promotes student wellbeing. Staff are committed to establishing evidence-based approaches and strategies that promote a positive climate where bullying is less likely to occur.

All members of the school community are active participants in building a welcoming school culture that values diversity and fosters positive relationships. A key component of a supportive school culture is building respectful relationships and an ethos that bullying is not accepted, in both online and offline environments. School staff actively respond to student bullying behaviour.

#### **Cultural perspective**

- acceptance of diversity as normal and comfortable

The NSW Aboriginal Education Consultative Group Inc (NSW AECG) and the NSW Department of Education (the department) agree to use our best endeavours to ensure that every Aboriginal child and young person in NSW achieves their potential through education

#### **Inclusive Education**

The NSW Department of Education is committed to building a more inclusive education system. An education system where every student in known, valued, and cared for and all students are learning to their fullest capability.

- 1. Student agency and self-determination
- 2. Parent and carer inclusion
- 3. Social and cultural inclusion
- 4. Curriculum inclusion

#### School Excellence Framework/SEP

The NSW Wellbeing Framework for schools is a statement of what is valued as excellence in student wellbeing in NSW public schools. It supports schools to create a planned approach to wellbeing using evidenced-based strategies that are strengths-based, preventative and focus on early intervention. At MPS we achieve this by implementing evidence-based programs and initiatives to support and strengthen students' cognitive, physical, social, emotional and spiritual wellbeing. Staff engage in professional learning to build their capacity to understand the Wellbeing Framework and build holistic classroom and school-wide strategies for student wellbeing improvement measures.

SEF Domain and Element	MPS 2023 Self-Assessment	<b>→</b>	MPS Target 2024-2025
Learning (Wellbeing)     Leading (management practices and processes)	Sustaining & Growing  Expectations of behaviour are codeveloped with students, staff and the community and are designed to ensure effective and safe conditions for teaching and learning. Behaviour expectations are consistently applied throughout the school to enhance engagement and participation of students	<b>→</b>	Excelling  Positive and respectful relationships are evident throughout the school community, promoting student wellbeing and creating an optimal environment for learning across the school. As a result, maximised learning time is a focus in every classroom.

The whole school initiatives listed above are indicators of MPS's commitment to the School Excellence Framework to move us from *Sustaining & Growing* to *Excelling* for Behaviour. The strategies are also aligned with our Strategic Improvement Plan 2021 – 2025.

We develop and build student educational outcomes in literacy and numeracy through curriculum differentiation based on the individual learning needs of all students. (Strategic Direction 1 – Student growth and attainment) - Our purpose is to create a collaborative staff teaching culture that identifies, understands and implements innovative, evidence based teaching strategies that result in improved student outcomes in literacy and numeracy. This will be achieved through the development and refinement of data driven teaching practices and high expectations

# Planned responses to positive appropriate behaviour, inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying

#### Recognition of Positive behaviour

- · Class awards weekly 1 per class- 1 Respect, Responsibility, Learning

#### Identifying behaviour of concern, including bullying and cyberbullying

A behaviour of concern is challenging, complex or unsafe behaviour that requires more persistent and intensive interventions. A behaviour of concern does not include low-level inappropriate or developmentally appropriate behaviour. Bullying behaviour involves the intentional misuse of power in a relationship, is ongoing and repeated and involves behaviour that can cause harm.

Murwillumbah Public School staff will identify inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying through a range of channels, for example:

- Direct observation in the classroom or on the playground by staff, of student's behaviour, interactions and verbal communication
- concerns raised by a parent, community member or agency

Students or parents can report bullying to any staff member. NSW public school principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds, including cyberbullying. Students who have been bullied will be offered appropriate support, for example through the school counselling service

### Preventing and responding to behaviours of concern

Planned responses to behaviour that does not meet school expectations are either teacher or executive managed. Staff use the Behaviour Response Continuum in deciding whether a behaviour is teacher-managed or executive-managed. They should consider whether the behaviour poses a risk to the safety or wellbeing of the student or others.

See Appendix 8 for Behaviour Response Matrix

The NSW Department of Education <u>Student Behaviour policy</u> and <u>Suspension and Expulsion</u> procedures apply to all NSW public schools.

#### Responses to serious behaviours of concern

Responses to behaviour of concern, including students who display bullying behaviour, are recorded on School Bytes. These may include:

- Review and document incident
- Parent meetings
- Referral to Welbeing Team/Learning Support Team
- School Counsellor referral offered to involved students
- Team around the School referral
- Direct observation in both classroom and playground
- Warning of suspension/suspension

The NSW Department of Education <u>Student Behaviour policy</u> and <u>Suspension and Expulsion procedures</u> apply to all NSW public schools.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site

- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member.

#### Reporting and recording behaviours of concern

Staff will comply with the reporting and responding processes outlined in the:

Incident Notification and Response Policy

Incident Notification and Response Procedures

#### Reflection and restorative practices

Reflection Room is used by all students K-6 during the first half of lunch (20 mins), on completion of the reflection sheet, students return to the playground for the second half of lunch, toilet break and canteen use.

Strategy	When and how long?	Who coordinates?	How are these recorded?
