Principals Report

Over the past few weeks, our school has been alive with an incredible array of learning opportunities that have engaged and inspired our students. I am proud to celebrate the enthusiasm, creativity, and dedication displayed across so many areas of learning. Our Book Week celebrations were a highlight, with students diving into the joy of reading through exciting activities, costume parades, and thought-provoking discussions. It was wonderful to see the whole school come together to celebrate the power of stories and imagination.

We also embraced the spirit of discovery during Science Week. Our students participated in a variety of hands-on experiments, interactive workshops, and science challenges that sparked curiosity and deepened their understanding of the world around them. These activities not only enriched their knowledge but also encouraged critical thinking and problem-solving skills.

The community pool painting project provided a fantastic opportunity for our students to contribute to our local environment. Through teamwork and creativity, they have helped beautify a shared space, fostering a strong sense of community pride and connection.

Our senior students have shown great resilience and focus during the HSC trial examinations. These trials are an important part of their preparation, giving them valuable experience and insights as they work toward their final assessments.

I am looking forward to the final major works on display at the HSC Showcase, this Tuesday afternoon. Our students have worked incredibly hard to create a stunning array of original ceramic creations, exquisite art displays, and exhilarating musical performances. This event promises to be a wonderful celebration of their talent, dedication, and artistic expression, and I encourage everyone to attend and celebrate our students.

I would like to sincerely thank all our dedicated staff for their hard work and commitment in creating these enriching and diverse learning opportunities for our students. Your passion and support play a vital role in fostering an environment where students can thrive and achieve their best. Let us continue to build on this momentum and strive for excellence in all that we do.

World of Maths (K-Year 9).....	24 th September
Year 12 Formal Assembly.....	25 th September
Last day of Term 3.....	26 th September
First Day of Term 4.....	14 th October

K - 1 / 2 NEWS

Our K-2 students have been busy exploring English through a variety of text. The focus text *Pearl Barley* and *Charlie Parsley* by Aaron Blabey inspired rich learning about how authors use colour, description, and contrast to create characters and show how different personalities can work together. Students also connected this learning to sustainability by investigating how we use the Earth's resources — such as wood, water, and other natural materials — and ways to care for them wisely.

In phonics, our Kinder and Year 1 group are progressing well. They are now learning about digraphs (two letters making one sound) and Kindergarten students are beginning to write their own sentences, applying their skills in letter formation, sounding out words, and spacing their writing.

Across the grades, our STEM lessons (Mr Boomsma) have been a big highlight. Students explored what floats through hands-on experiments , tested different materials, and considered design solutions. They also engaged in exciting challenges around harnessing the wind, creating simple models to see how energy can be captured and used.

We are getting ready for our Bahzooley whole school entertainment night. You may start to hear and see some pirate singing and dancing!

K - 1 / 2 NEWS

Recently, parents have been touching base with both Mr Boomsma and myself, and these conversations have given valuable insights for families and staff alike. Regular check-ins about student learning, friendships, and wellbeing help us work together to support every child's growth. If you'd like to make contact, please feel free to drop by the K-2 classroom or leave a message with the front office and we'll be happy to return your call.

Library: Monday

Sport: Thursday

Lunch clubs: Robotics, Just Dance, MPU hall.

Reminders:

Bring snacks for break 1 and 3, even when ordering lunch.

Home readers: Please return so they can be swapped over.

Label clothing / drink bottles etc so they can return home.

K-2 Teaching staff

Miss Jessup:

Mon, Tues, Wed,
Thurs, Fri.

Mr Boomsma:

Tues, Wed

PRIMARY SPORTS NEWS

Upcoming Zone carnival: Thursday 4th of September held at Riverview park Lismore.
Channon Teams day

How NR PSSA Zone Carnival Selection Works

With athletics season underway, it's a good time to explain how students are selected for the Zone Carnival. While our school and Terania carnival celebrates participation and effort, moving on to the next level depends on meeting qualifying times and distances, not just finishing in first place.

For example, if the qualifying time for the 100m sprint is set at 16 seconds, a student who wins their school race in 18 seconds would not progress to Zone, even though they placed first. These standards are set to ensure that students competing at Zone are ready for the higher level of competition.

We are very proud of all our students for giving their best at the school and Terania carnival, and we encourage families to celebrate participation, effort, and sportsmanship.

Nimbin Country Show: Saturday, September 20, 2025, to Sunday, September 21, 2025. The Nimbin Show is just around the corner, and it's always a wonderful opportunity for our students to showcase their creativity and talents. Each class will be preparing an entry together, but students are also encouraged to enter additional categories of their own interest.

The school will support students who would like to take part in categories outside their class entry. This might include art, writing, craft, or other sections of the show schedule. We encourage families to explore the different options with their child and get involved in this fantastic community event.

3-4 NEWS

What a fun-filled term our year 3-4 students are having in term 3!

We had lots of fun during Science week! Students entered in art competitions, trivia competitions, and we even had the opportunity to visit the Rainbow Power Company who taught us about renewable energy.

In week 5, we celebrated Book Week where students were encouraged to celebrate their love of reading. The highlight of book week was our book parade. Year 3-4 had so much fun and enjoyed showing off their favourite book characters to their friends and family.

The 3-4 class has been very busy this term preparing for Bahzooley and the Rivers Public Speaking Competition. Bahzooley is fast approaching, and our class have been busy practicing our play. In the coming weeks notes may be sent home asking families to help with costumes.

Students have written some amazing speeches for the Rivers Public Speaking Competition and will be presenting these speeches to their peers in week 7. Two students from stage 2 and two from stage 3 will be invited to attend the semi-final at Jiggi Public School in week 8. This is an exciting opportunity for our students.

During drama this week, we recreated 'awkward photos'. Students had lots of fun recreating these funny photos with their friends. We look forward to putting these up in our classroom.

SPORTS NEWS

On Tuesday 19th August, The Nimbin Boomers U/15's basketball team competed in the Northern Rivers Gala Day at Lismore Basketball Stadium.

The team consisted of Zac Kirkwood, Max Frey, Kiama Jalaki, Cameron Johnson, Sohten Kato, Jac McKenzie, Cohen Wilson and Zane Knapen (Assistant Coach).

The students played extremely well, Winning game 1 against Richmond River School 44-35, Zac and Max dominating the second half points.

Nimbin Boomers continued their winning streak against Casino HS beating them 46-20. Zac, Max, Cameron and Sohten all chipped in for some amazing baskets.

In the final they played against Maclean HS, who got off to a flying start of 16-4, Nimbin fought hard til the end, with a nail biter finish, down by 3 points, 20 seconds to go, Zac took a three point shot, the ball swirled around the ring in slow motion until it fell out. Maclean narrowly taking the win, 51-48.

The Nimbin Boomers were great sports throughout the day, all the students had a great time. Looking forward to their next opportunity.

Regards,
Coach Harry Witt.

📖 BOOK WEEK 2025: A Celebration of Stories 📖

What an incredible week we had at our school, as we celebrated Book Week 2025 with a range of fun, engaging, and creative activities designed to inspire a love of reading across all year levels!

Throughout the week, students of all ages took part in a thrilling Book Week Scavenger Hunt, exploring clues hidden around the school that led them to famous literary characters, story settings, and book-themed surprises. It was fantastic to see everyone working together, solving puzzles, and showing their book knowledge in action!

Our Colouring Competition was another colourful highlight, with imaginative entries proudly displayed in the Library. The creativity and attention to detail were outstanding. Congratulations to all our talented artists!

The library was buzzing all week long with Book Week activities happening throughout the school. From story times and quizzes to craft sessions and book-themed games, the library became a vibrant hub for curious readers and creative minds.

📖 BOOK WEEK 2025: A Celebration of Stories 📖

The highlight of the week was without a doubt our spectacular Book Parade!

Students and staff came dressed as their favourite book characters, bringing the pages of their favourite stories to life with colour, creativity, and fun. This year's parade also featured some extra excitement with a Limbo Challenge and a Dance-Off, adding even more energy and entertainment to the event.

Special prizes were awarded for:

- 🏆 Best Dressed
- 🎭 Best Masks
- 💃 Dance-Off Winners
- 🤸 Limbo Champions
-

We hope our students enjoyed all that Book Week had to offer. We cannot wait until next years event!

BOOK WEEK 2025: A Celebration of Stories

CHECK IN ASSESSMENT FOR YEAR 3 - 9

Dear parents and carers,

During Term 3 students will participate in the Check-in assessment. The Check-in assessment is a NSW Department of Education online literacy and numeracy assessment available to support schools to assess and monitor student learning.

The assessment can supplement existing school practices to identify how students are performing in literacy and numeracy and to help teachers tailor their teaching more specifically to student needs. Students with disability may receive the same level of support during the assessment they would normally receive in the classroom.

- The assessment will be scheduled for our students during Weeks 3 - 8
- All students complete a reading assessment and a numeracy assessment.
- Year 6 students will also complete a writing assessment.

SCIENCE WEEK 2025 - DECODING THE UNIVERSE

This year's Science Week was a huge success, filled with curiosity, creativity and community spirit. Across the week, students and staff explored the theme, "Decoding the Universe," through hands-on activities, excursions, competitions and cultural learning experiences. Lunchtimes in the library featured Scinema screenings, while secondary students explored First Nations applications of mathematics to locate the 'Emu in the Sky' constellation formed from the dark patches of the Milky Way. Students learnt that Aboriginal and Torres Strait Islander peoples have used the stars for tens of thousands of years to understand time, place, and environmental change. Students were also encouraged to enter the Mission Patch Art Competition, with entries due later in August.

Damper Morning

Mr Neenan and Mr Buckley kicked off Science Week by baking traditional damper in the OLA/Ag Plot. Students enjoyed cooking damper together (topped with the school honey and some butter), reflecting on the connection between food, community and science while relaxing in the beautiful NCS grounds.

SCIENCE WEEK 2025 - DECODING THE UNIVERSE

Rainbow Power Company Excursion

Both primary and secondary students visited our local Rainbow Power Company whose aim is to inspire a people-led clean energy future to reduce global emissions. Students gained a first hand insight into how renewable technologies are shaping our future. Just like their solar panels capturing sunlight to create clean energy, students left Rainbow Power Company with their own piece of a rainbow with a prism that creates a rainbow by refracting and dispersing white light. Thank you Rainbow Power Company!

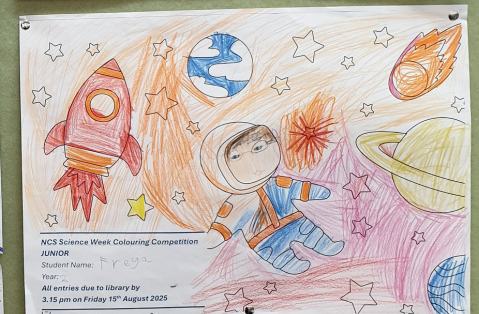

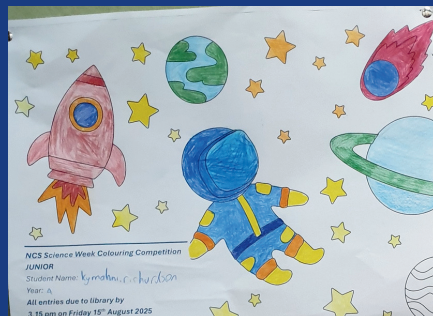

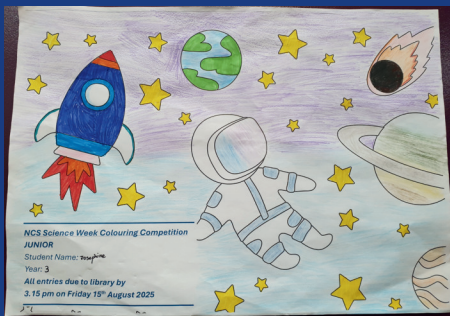

SCIENCE WEEK 2025 - DECODING THE UNIVERSE

Science Week Trivia

The MPU came alive with knowledge, laughter and competition during the Science Week Trivia Challenge. Our illustrious Scientists' Buckley and Gray kept the participants in suspense as teams of students and staff tested their science knowledge, proving that science can be both educational and fun! Eighteen teams of four, from both Primary and Secondary, came head-to-head in two intense rounds of ten questions each. The competition was fierce, with plenty of prizes handed out and lots of laughter along the way. After the final round, two teams were tied for first place. The champions were ultimately crowned through two thrilling tie-breaker questions, with the quickest correct answer securing the throne. It was a fantastic afternoon of fun, teamwork, and brainpower, and everyone involved had a great time! We would like to congratulate all participants, with special note to our round winners and instant prize recipients.

Colouring Competition

Primary and Secondary students showcased their creativity through a colouring in competition with entries proudly displayed in the library. Congratulations to our joint first place winners: Ella and Miranda!

SCIENCE WEEK 2025 - DECODING THE UNIVERSE

Mission Patch Competition

One of our students will have the unique opportunity to display a mission patch of their design at the 76th International Astronautical Congress 2025 in Sydney. The patch will be reviewed by visiting Astronauts, Cosmonauts and VIPs, and the top ten designs converted into mission patches for upcoming space flights and missions. How exciting! Congratulations to Miranda Frey, whose patch was sent by super-speed post to Sydney last week. We wish her all the best in the wider competition.

Lucky Door Prize

All participants in Science Week activities received a ticket of entry for the "Lucky Door Prize". The box was quite full by the end of the week! The winners have yet to be informed and so we'll have to hold off that news until the next newsletter. There is one Primary and one Secondary winner...who could it be?

A huge thank you to all staff and students that participated and contributed to the success of NCS Science Week 2025. The STEM faculty team would like to send a special thank you to Nimbin Central School, the NCS Canteen and Officeworks Lismore for their support with prizes, and to our school Library team and local network of experts, who always show our students the extent of scientific knowledge and innovation in our community. Science is truly everywhere and this week showed how exciting it can be to explore.

Amber Laurie,
on behalf of STEM Faculty Team

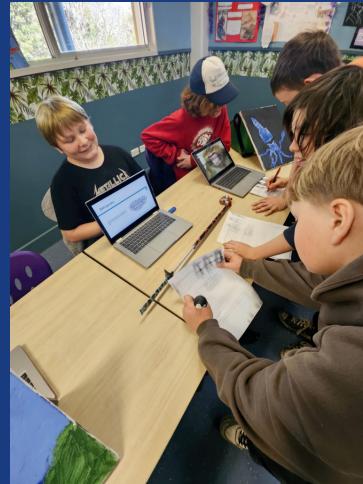

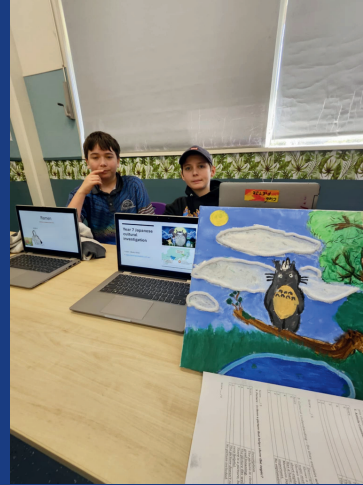

"Physicists say the universe is still expanding... which must mean it hasn't finished reading the fine print in its own code yet."

I guess Science Week 2025 - Decoding the Universe - may never truly end 😊

LOTE (Languages Other Than English)

At the beginning of the term, year 7 presented their Japanese Culture Projects to their peers for feedback. This LOTE project was an individual task where the students selected a topic of choice and created a series of research questions, a PowerPoint presentation and a physical (student-made) element that showcased their new knowledge. Some of the topics included Japanese car factories, Studio Ghibli films, anime, Mount Fuji, samurai and origami. It was wonderful to see how talented our students are and just how creative their thinking can be. We all really enjoyed working on these projects together and they look fantastic around the classroom!

Community Call-Out: 2 hours that count!

Hungry kids don't learn. Join the Nimbin School Canteen Crew!

Like a family foyer where the kitchen and the playground meet, our canteen is at the heart of Nimbin Central School. Serving free breakfast club every morning and healthy food at two breaks during the day.

Simone is running it solo and she needs backup. Lend a morning, share a smile and keep the magic bubbling.

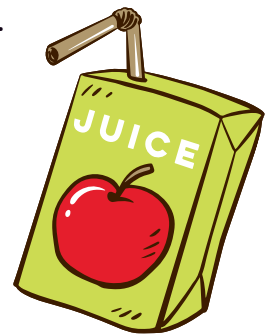

Is this you?

- Parent, grandparent, carer.
- New in town and keen to connect.
- Retire, shift-worker, free lancer with a free morning.
- Anyone who was once cared for and wants to pay it forward.

What it gives the kids and our community:

- Full bellies, sharp minds. Canteen doors are open, focus stays sharp.
- Support for Simone. Extra hands keep the canteen humming.
- Real Nimbin spirit. When one of us steps in, we all lift.

What it gives you:

- Belonging. Meet families, staff and kids- feel at home fast.
- New skills. Easy kitchen know- how, teamwork, confidence.
- Flexibility. Choose 9-11am or 11-12pm. Weekly, fortnightly or monthly.
- Zero cost. Free Working With Children Check (online – 5 mins) for those who don't have a child enrolled in the school.

Email janemaricohen@gmail.com with 'Canteen Crew' and your preferred time slot or any questions you may have.

If any of these ring true, pop on an apron and join the crew. Two hours, big impact. 😊

Dear parents, guardians and carers,

Re: Nationally Consistent Collection of Data on School Students with Disability (NCCD)

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the Disability Discrimination Act 1992 and the Disability Standards for Education 2005, in line with the NCCD guidelines (2019).

Information provided about students to the Australian Government for the NCCD includes:

- Year of schooling
- Category of disability: physical, cognitive, sensory or social/emotional
- Level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

This information assists schools to:

- Formally recognise the supports and adjustments provided to students with disability in schools
- Consider how they can strengthen the support of students with disability in schools
- Develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

The NCCD will have no direct impact on your child and your child will not be involved in any testing process. The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the [Australian Government's Privacy Policy](https://www.education.gov.au/privacy-policy) (<https://www.education.gov.au/privacy-policy>).

Further information about the NCCD can be found on the [NCCD Portal](https://www.nccd.edu.au) (<https://www.nccd.edu.au>). If you have any questions about the NCCD, please contact the school.

Kind regards

Principal

School Drop Off

Important reminder to all Parents, Carers and Families when dropping off and collecting students from school. **Students must not be dropped off or collected from the 'Staff' Carpark.**

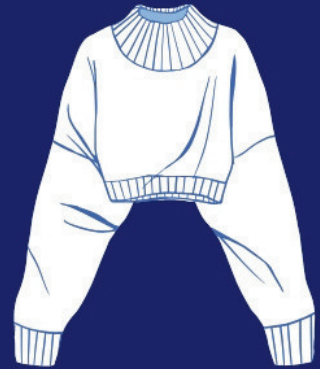

Parents/Carers should use the top visitor carpark, or the Cullen Street carpark.

Please reduce speed when entering Thorburn Street, Cullen Street and the school carpark. Despite presenting road safety education in the classroom, when children get out of school they are not thinking about cars. They want to have fun and their eagerness can often override their caution in traffic. The peripheral vision of a young child is a third narrower than the peripheral vision of an adult. Children are also physically smaller, so they have difficulty seeing vehicles and being seen by drivers, and are therefore more vulnerable to serious injury. Because of their size, and with the highly unpredictable nature of children, always slow down when driving around schools or risk a fine, demerit points, or worse – losing a child's life.

Other tips to remember when driving around schools:

- Be alert when driving past a stationary bus as children often dash out in front of and from behind buses to cross the road.
- Never double park or park in 'no stopping' zones.
- When you see a School Crossing Supervisor, obey their instructions. The supervisor will step onto the road and display the STOP sign. You must STOP and wait until the pedestrians have crossed the road and the supervisor has returned to the kerb before proceeding.
- Don't park on pedestrian (zebra) crossings – it is also illegal to stop or park 20 metres before, or 10 metres after a pedestrian crossing. It makes it difficult for children to cross, and for other motorists to see children.
- Don't park in no-stopping zones or use them as drop off areas. No Stopping means DO NOT STOP HERE for any reason unless obeying an official direction.
- You can drop off or pick up passengers in a 'No Parking' or a 'Stop, Drop and Go' zone as long as the vehicle is not left unattended and you exit the zone within two minutes. If the school has a passenger set down area, use it. If not, park your car on the same side of the road as the school so your child doesn't have to cross the road. If you have to park on the other side of the road, escort your child across the road. Never call the to cross the road.

PLEASE ENSURE ALL CLOTHING AND ANY BELONGINGS THAT ARE BROUGHT TO SCHOOL ARE CLEARLY LABELLED WITH YOUR NAME. THIS PREVENTS ANY CLOTHING BEING TAKEN HOME BY MISTAKE. IF YOU ARE MISSING ANY BELONGINGS, PLEASE CHECK LOST PROPERTY LOCATED IN THE OFFICE.

Why attendance matters

When your child misses school they miss important opportunities to:

Learn

Make friends

Build skills through fun

Days missed = years lost

A day here and there doesn't seem like much, but...

When your child misses just... they miss weeks per year and years over their school life

1 day per fortnight = 4 weeks = Over 1 year missed

1 day per week = 8 weeks = Over 2.5 years missed

BLACK BOX

FREE PARENTING PROGRAM

Struggling with parenting
after trauma or loss?

The Black Box might hold exactly
what you need

The Black Box Parenting Program supports parents facing distress, trauma, loss, or domestic violence. Utilizing a trauma-informed approach, it helps deepen understanding of how these experiences affect parenting. The program provides compassionate, evidence-based strategies aimed at improving emotional regulation, fostering attachment, and enhancing family functioning during challenging times.

5 X WORKSHOPS

THURSDAYS, 7TH AUGUST – 4TH SEPTEMBER

10:00AM – 12:30PM

73 MAGELLAN STREET, LISMORE CBD
MORNING TEA PROVIDED

NIMBIN COUNTRY SHOW

 Nimbin Country Show – Fun for the Whole Family! 
 20th & 21st September | Nimbin Showgrounds

Get ready for two days of family fun, country charm, and community spirit at the Nimbin Country Show! Taking place on Saturday 20th and Sunday 21st September, this much-loved local event is packed with entertainment for all ages – and at just \$2 entry for adults (kids enter free!), it's a great value weekend out. Be sure to check out Nimbin Central student art submissions!

What's On:

-  Wildlife Display – Explore and learn about native animals on both days!
-  Chickens – Saturday only, so be sure to visit early to catch these feathery favourites.
-  Guinea Pigs – Making their star appearance on Sunday.
-  Free Face Painting – Sunday only! Let the kids' imaginations run wild.
-  Rides – Enjoy the nostalgic Tea Cups carousel and challenge yourself on the Climbing Wall.

Bring the whole family, grab some local food, and soak up the lively rural atmosphere. Whether you're a long-time local or just visiting the area, the Nimbin Country Show is a great way to celebrate the community and countryside.

See you at the showgrounds!

REMEMBER IT IS RECOMMENDED THAT ALL HOT FOOD ITEMS FOR 2ND & 3RD BREAKS BE ORDERED!

Connect with Nimbin Central School

For all school related news and announcements, please be sure to follow our social media channels and regularly check the school website. All communications with families are done via the Sentral and School Bytes app. If you are yet to set these up, please do so to ensure timely communication in regards to all school excursions, events and announcements.
