

Kiss and Drop Zone- Afternoon Pick Up Procedures

To ensure the ongoing safety of students, parents, local pedestrians and staff, we ask all community members to follow our afternoon pick up procedures.

Please follow the steps below when using the kiss and drop zone:

- 1 Students will exit the school at 3pm when a staff member is out the front of the school.
- 2 Join the queue and continue to follow the flow of traffic until you are at the front.
- 3 Students will wait in a safe location near the Kiss & Drop.
- 4 Once the car has stopped, the student/s will approach the vehicle.
- 5 Leave the Kiss & Drop area once the student/s is safely fastened into their seat.
- 6 To ensure student/s safety, they should enter and exit cars from the 'safety door', which is the side of the car away from the traffic (kerb side).

These procedures will help ensure the smooth pick up of students each day and significantly reduce the risk of injury.
