This form is required by a student wishing to enrol in a Year 12 course, and they have not completed Year 11/Preliminary course. This also includes students intending to enrol in Year 12 EAL/D. Students with prior learning who can demonstrate that they have met the outcomes of a course without having studied it at NSW School of Languages (NSL), may receive credit for recognition of prior learning (RPL) so that they may enrol midway through a Stage. That is, a Year 12 student may study the Year 12 content of a Stage 6 language without having studied that language in Year 11. These students do not have to complete the work related to the year for which RPL is granted.

Important: RPL applications are only accepted for Continuers and In Context courses. When granted RPL, a **Year 12 student will receive 2 units only for the HSC course** (and not 2 units for the Year 11 course not undertaken).

In addition to this form, the student's school must submit the following:

1. the NSL enrolment form
2. a screenshot of the NESA Confirmation of Entry for Year 11
3. the student's reports from Years 10 and 11
4. a statutory declaration, if applying for Chinese, Japanese, or Korean Continuers or Chinese or Korean in Context.

After reviewing the submitted documents, the NSL Principal may invite the student to sit for an examination (at the student's school) to ensure the student has met the outcomes of the year for which RPL is being applied.

To be completed by the Principal of the student's school:
