

Parramatta West Public School

Anti-bullying Plan 2026

Bullying behaviour has three key features. It involves the intentional misuse of power in a relationship. It is ongoing and repeated, and it involves behaviours that can cause harm. The NSW Department of Education requires all NSW public schools to have an Anti-bullying Plan which details the strategies implemented to reduce student bullying behaviours.

Resources

The NSW anti-bullying website (see: <https://antibullying.nsw.gov.au/>) provides evidence-based resources and information for schools, parents and carers, and students. Schools are encouraged to visit the website to support whole-school prevention, early intervention and response approaches and strategies for student bullying behaviour.

Parramatta West Public School's commitment

Our school rejects all forms of bullying behaviours, including online (or cyber) bullying by maintaining a commitment to providing a safe, inclusive and respectful learning community that promotes student wellbeing. Executive staff are committed to establishing evidence-based approaches and strategies that promote a positive climate where bullying is less likely to occur.

1. School culture and inclusion

All members of the school community are active participants in building a welcoming school culture that values diversity and fosters positive relationships. A key component of a supportive school culture is building respectful relationships and an ethos that bullying is not accepted, in both online and offline environments. School staff will actively respond to student bullying behaviour.

Our school engages in the following practices to promote a positive school culture.

Social and emotional skills related to personal safety, resilience, help-seeking and protective behaviours are explicitly taught across the curriculum in Personal Development, Health and Physical Education (PDHPE).

Examples of other ways our school will embed student wellbeing and positive behaviour approaches and strategies in practices include the following.

At Parramatta West, teachers address our PBL Wellbeing Matrix on a weekly basis to explicitly teach expectations in a positive manner. The merit scheme is designed to support the Matrix and reinforce positive behaviours.

School programs such as peer support, buddy programs, play leaders and school ambassadors develop student leadership and contribute to positive wellbeing.

The school recognises significant events that promote belonging, diversity and respect including Harmony Day, National Day of Action against Bullying and Refugee Week.

Specific programs are scheduled throughout the year to address key issues at certain age groups: e.g. Cyber Safety.

The school discipline policy promotes positive behaviour management strategies to deal with challenging behaviours.
