Principal's News

Week 10 update

This time of the year can often be a sad yet exciting time for our school community. This week coming will be the last week of scheduled classes for our Year 12 students. It can often be an emotional time with the excitement of key events such as the Yr 12 Formal and Graduation which will be held on Tuesday and Thursday respectively and stresses associated with the HSC examinations. On behalf of our entire school community, I would like to wish our Year 12's all the very best over the next week of milestones as well as in their own performances in the HSC exams. We will miss you all!

Tomorrow morning we will be holding a whole school assembly where the incoming 2027 senior student leadership group will be receiving their badges. This is always a great occasion to see their parents and or family members pinning their badges on in front of the whole school. A reminder for parents involved in this event that there will be a morning tea following the badging ceremony. Congratulations again to all students who have been voted into the leadership team for next year and thank you to our current group for the work you have down throughout 2026.

As the weather is warming up it is important to have conversations with your children about staying vigilant around snake sightings in particular on the way to and from school as well as in and around the school. Please remind your children if they do sight a snake to not approach it or make sudden movements. We will be reminding students of the steps to take in roll call throughout this week as well.

This is a notice to all Year 10 parents around school uniform for next year. Senior students are not permitted to wear sports uniform as a daily option. Those that are enrolled into courses such as sports coaching and SLR can wear their sports uniform during practical lessons and when representing the school at Primary School carnivals etc...

For all parents with children across Years 7-12, as you are starting to consider purchasing new shoes for your child, next year we will be enforcing black shoes across all year groups. Parents that are starting to consider purchasing new shoes as your child grows out of their current ones, it may be a good option to purchase full black shoes in readiness for next year. We will be sending some information home during the week with pictures for parents to see the different options of black shoes that are appropriate.
