Principal's News

Week 6 update

I would like to congratulate all students involved in this year's Science Week activities. What an impressive group of students and innovative range of projects we saw on display. I would like to thank our parents who attended to see your children's work on display and I'm sure you would agree their demonstrations were just as great as their ideas. Well done to the Science faculty for organisation an opportunity to allow our students the ability to showcase their passion, knowledge and skills. A big thank you to special guests Judy Hannan MP – Member for Wollondilly and councillor Ms Suzy Brandstater for their continued support of our school and students.

Congratulations to our Year 9 and 10 girls Netball team for their outstanding efforts last week qualifying for the NSW state finals. This is an incredible feat. Good luck girls!

The P&C meeting for Term 3 was held last Tuesday onsite at PHS. This meeting saw all positions filled. Please see below the position holders on our P&C committee. I would like to thank our P&C for their active support of our students and programs that run each year. Recently our Duke of Edinburgh students have been supported through the purchase of hiking backpacks and tents. These are incredibly expensive items on their own if student and families were to purchase them. The fact that the P&C continually support our initiatives means less cost to families and more students participating in these great opportunities.

Coming up will be the Year 12 Graduation of which the P&C also support funding a number of awards and scholarships. The list of position holders is below. Congratulations to Ms Ashlie Rogers for being appointed to the role of Secretary.

-President: Mr Scott Hogan
-Vice President: Mrs Valerie Williams
-Treasurer: Mrs Kate Davis
-Secretary: Ms Ashlie Rogers

A reminder for Year 10 parents that subject selection evening for Year 11 2027 is being held this Tuesday starting at 5:30pm in the hall. I look forward to seeing you there.

Write a book in a day is back again in 2026. This event has seen our student literally write a book in a day. Over the last 3 years there have been multiple student teams enter this competition producing some fantastic literature. I look forward to seeing the end products again this year from the teams that have entered.

An exiting week coming up, where we will be announcing the 2027 School Captains, Vice Captains, Prefects and Sports Captains. Good luck to all our students who put themselves forward for nomination.
