

# Academy 2026

The *Academy Program* at Port Hacking High School provides a specialised and structured platform for high potential student athletes to pursue excellence in their chosen sport while maintaining a strong focus on academic achievement and holistic development.

Targeted at students from Years 7–10, the Academy identifies individuals who show advanced skills, performance capability, and motivation in Football and Dance. Selected students will participate in an enriched program that includes:

- Skill development and advanced coaching sessions - By professional bodies
