Year 7 Peer Support Program

What is the Peer Support Program?

The Peer Support Program creates a fun and supportive space for young people to explore important social issues. Through interactive modules, students develop the skills to navigate life's challenges with confidence. The program builds wellbeing by fostering positive relationships, connectedness, and a strong sense of responsibility.

Focus areas include:

- Orientation
- Resilience
- Values
- Anti-bullying
- Positive relationships

How does the Peer Support Program work?

Trained Peer Leaders guide small groups of 8–10 Year 7 students through structured activities, supported by a supervising teacher. Each session includes preparation and reflection time for Peer Leaders, ensuring sessions are meaningful and well-delivered.
