WEEK 8 TERM 2 TUESDAY 17 JUNE 2025

PRINCIPAL'S REPORT

EDUTECH CONFERENCE 2025

Last week, Ms Bower and I had the opportunity to attend the EduTECH Conference in Sydney—Australia's largest education technology expo. The event brought together educators, innovators, and industry leaders to explore the latest tools and trends in teaching and learning. We attended a range of inspiring presentations and hands-on workshops focused on digital learning, student engagement, and future-focused education.

The knowledge and ideas we gained will directly benefit both staff and students at Raglan Public School, as we continue to integrate innovative technologies into our classrooms and strengthen our teaching practices.

TOO SICK FOR SCHOOL

If your child is sick at school

If your child gets sick or injured at school, the school will contact you. If your child is ill, they will go to an area where they can lie down and be monitored. You will be called to come and collect your child if they are too sick to go back to the classroom. For this reason, it is important to keep your contact details up to date with the school, including an alternative contact – such as a relative or neighbour – who the school can call if you are unavailable.

If your child is sick at home

From time to time your child may get sick. If they display any of the following symptoms, they should stay at home and see a doctor:

- a fever of 38°C or above
- vomiting or diarrhoea
- cough or respiratory symptoms
- cold or flu symptoms
- rashes of an unknown origin.
