2025
Term 2
Week 5

Aqua & Purple Classes

Mrs Commens & Ms McEnery

Classroom Endeavours

Maths - Purple Class

In mathematics we have created 2D shape monsters and have them displayed in our classroom. We made a data display, sampling different foods and tallying them up to see what foods we liked the best. Strawberries, Oreo biscuits, popcorn and M&M's were our class favourites.

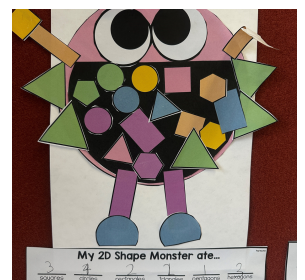

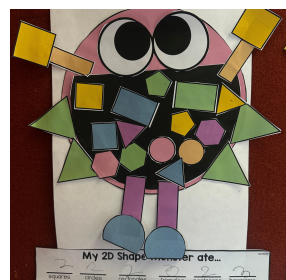

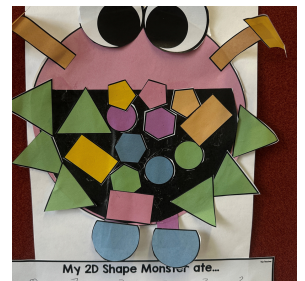

Maths - Aqua Class

In mathematics we have been working on addition and subtraction, measurement, fractions and data. Mathematics brings a smile to the students in Aqua class as it is one of their favourite subjects. In measurement we looked at formal and informal units of measure and measured different objects in the classroom. We are exploring fractions and learning about halves and quarters and in data we are graphing the weather and making observations about how many rainy days we have had in a week and how many sunny days.

What we have Explored

Science and Technology with Mrs Smith

Students have been exploring weather and the role of the sun during Term 1 and forces and light energy in Term 2. Students have been engaging in hands on activities of sorting weather patterns, drawing the night sky and even creating a rain cloud in a jar. Through Term 2 students have been determining if movements are push or pull forces and how shadows are formed.

Students are working hard on their individual learning goals. We are working on being kind and respectful of each other, playing and sharing with our friends in the classroom and playground.

English - Aqua Class

This term Aqua class have been learning about narratives and story characters. During writing lessons and we have enjoyed reading and working on 'The Lighthouse Keeper's Cat' an exciting story book written about the adventures of a cat whose owners have a lighthouse. The students are enjoying this book and are learning about adjectives and how they make our sentences more interesting.

English - Purple Class

We have been finishing off looking at the informative text 'A is for Australia' and created some unique artworks depicting some of our favourite Australian animals such as a cockatoo, frilled neck lizard, jellyfish and a turtle.

Our next text is 'Go Home Cheeky Animals' and Pig the Pug by Aaron Blabey. We are enjoying reading what the cheeky animals do.

Event Program

- 03/06/2025 - Athletics Carnival (Track at PLC)
- 05/06/2025 - Stage 3 STEM Day
- 06/06/2025 - NSWPSA Netball Gala Day
- 09/06/2025 - King's Birthday Holiday
- 11/06/2025 - Stage 2 Thalgarrah (Crimson)
- 12/06/2025 - NW Cross Country - Coolah
- 18/06/2025 - Stage 3 History Excursion (Orange)
- 19/06/2025 - ACOS Rehearsal
- 20/06/2025 - Athletics Carnival (Field Events)
- 21/06/2025 - Stage 3 History Excursion (Green)
- 30/09/2025 - Stage 2 Thalgarrah (Pink)

Responsibility

As PAX Leaders it's our students' responsibility to ensure that if they bring personal belongings and special things to school that they keep them in a safe place. It is also helpful to have their name written on all items as this will help if they go missing. Things for example: drink bottles, stationary, fidget-toys, hats, jumpers, and soccer/ football/ handballs.
