Submitting a Request for Consideration

In line with NESA procedures, the Secondary College of Languages advises that students attend examinations and submit assessment tasks unless it is considered detrimental to their health. Students who are unwell must seek independent medical advice either immediately before or after each task and present a medical certificate to the campus supervisor on their first Saturday back at school. Students who experience misadventure must have a signed report of the event completed by a relevant person (such as a police officer or counsellor). The person completing Section A, B or C must NOT be related to the student.

Supporting documentation must cover the **Saturday that the assessment task was missed** by the student. Medical certificates that do not cover the appropriate dates will not be accepted as valid supporting documentation.

If students are aware of a valid reason for missing a scheduled assessment **in advance** they must notify the campus supervisor before the task, complete the form and provide evidence. Be advised that reasons not deemed appropriate may not be accepted and students must still sit the task or they will be issued with a warning for missing a task.
