

# SYDNEY TECHNICAL HIGH SCHOOL

Journal 1989

# PRINCIPAL'S MESSAGE

With the introduction of “technology” high schools into our education system, people often ask about the significance of the word “technical” in our school name, Sydney Technical High School.

The answer can be found in the first S.T.H.S. Journal (1916) which includes an address delivered by the Chief Inspector of Schools, Mr. J. Dawson, when the school was opened. Mr. Dawson said that “the task of the Sydney Technical High School is to train youths, from the age of thirteen, for the industries and professions of engineering, architecture, draftsmanship, science, chemical technology and other professions to which mathematics, science and drawing are fundamental”.

For many years this was a satisfactory description of the type of education this school provided. It trained youths for the technical industries and professions. But is it true today? I don't believe so. Subjects such as History, Geography, Economics,

Languages, Art and Music all today enjoy equal importance with Mathematics and Science. English, which always has been compulsory, is recognised as being very important no matter what career a student embarks upon.

The school no longer gives priority to any one subject over another. We seek excellence in all areas, in the belief that every subject is important and warrants the best of our abilities.

Our name remains Sydney Technical High School and none of us would want that to change - but let us understand that the name is historical and no longer signifies an education biased towards the technical areas.

The school now provides an education appropriate for students proceeding onto a wide range of careers. The spread of S.T.H.S. “old boys” across all major professions is evidence of this.

## SCHOOL CAPTAIN'S MESSAGE

It is only now, during the final stages of my secondary education, that I fully appreciate the benefits of attending a school such as ours.

My belief is that Sydney Tech has provided the basic foundation for every student to formulate goals, strengthen ideas and prepare us for the challenging years ahead.

In 1989 Sydney Tech's achievements, not only academically but on the sporting field, in debating and music as well as a host of other extra-curricular activities, have flourished to a level of excellence once again placing Tech as one of New South Wales' foremost public schools.

On a personal level, my years at Tech from adolescence through to maturity have taught me some valuable lessons, both inside and outside the classroom.

On behalf of Year 12, I would like to sincerely thank Mr. Gotto, Mr. Morgan and indeed the entire teaching staff for their dedication and hard work. A special mention must be made of Mrs. Smith - our year 12 patron and Mr. Kistle - our patron in the junior school. To Richard, Cameron and the Prefect body, I would like to extend my appreciation for your assistance and the confidence you have bestowed in me.

To my fellow classmates, thanks for six years of good times and I am sure the friendships and memories will last way beyond our school years. I am also both truly grateful and proud to have received the honour of School Captain, the highlight of my days at Tech High.

Finally, I would like to offer my best wishes to all of my peers undertaking the H.S.C., where I am sure the high academic standards of Sydney Tech's auspicious past will be maintained. May your future years as Old Boys of Tech High be healthy, happy and successful.

Asher Joseph

## HIGHER SCHOOL CERTIFICATE, 1988

140 candidates were presented for the Higher School Certificate

### ORDER OF MERIT

Andrew Read	468	Paul Ramirez	443	James Simpson	410

# MUSIC DEPARTMENT

## GENERAL REPORT

This year has been one of consolidation of the Music Department's Programs and one which has highlighted the strength of activities and the ability and achievement of our students. There is a wide range of musical opportunities available to students of this school.

The normal Curriculum activities of the Department are designed to facilitate the realisation of potential of all our students from those beginning in Year 7 to those who have distinguished themselves through a high standard of musical and academic achievement. These activities have been supported by the maintenance and provision of equipment to enable the highest quality of presentation of Music Education possible for students. Additions to the general equipment in the music rooms have included :

(i) Television and Hi-Fi Video      (ii) Stereo equipment and Compact Discs  
(iii) Specialist equipment, instruments and music for the performing ensembles of the school      (iv) Computer equipment.  
These and other facilities can only be provided given a solid base of support from the school and its administration personnel and the parental organisations of the school - particularly the **"Music Support Group"**.  
Some of this equipment was also purchased through a successful application to the Met. East Regional Office for a special "Music Room Equipment Grant". As a result we now have quality reproduction in both music rooms. It has enabled a comprehensive and integrated system of media electronics with the resultant advantages to classroom music.

Many favourable comments have been passed by students on both the quality and clarity of reproduction. This quality and clarity is not only desirable, but inherently necessary in teaching courses that utilize major listening components and aim to train aural awareness.

Students have taken great interest in using this equipment in their free time and will undoubtedly become more skilled in their music endeavours.

Senior students have particularly benefited from this upgrading of resources due to demands of their course.

The Midi Interface has been purchased to allow the running of recently purchased composing and performing software. These programs are designed for the Apple Macintosh and make experimentation, the exploring of possible options, the working of difficult manipulation in composing and performance easier to negotiate and evaluate. It is hoped this equipment will engender a greater interest in composition and resultant ensemble performance.

The search for further worthwhile software and electronic equipment is now taking place and this will be a major growth area for the Faculty.

Year 7 students and Elective Music students have gained from their involvement in the **1989 Musica Viva Performance Project** which provides for them a first hand experience of professional musicians who visit the school and present educational programs through performance of music of various styles.

In keeping with the philosophy of the Music Department in encouraging musical performance at all levels of our music education programs, Year 7 participated in our annual "Open Rehearsal" along with the School Bands. They presented to their parents a selection of choral items "in rehearsal". It was envisaged also that this would be a "learning experience" for their parents as well. Elective music students are trained further in this skill of live musical performance through a series of **Performance Evenings** presented throughout the year to their parents, relatives and classmates. In the years that this Program has been operational we have seen a steady improvement in performance ability and confidence.

## EDUCATION WEEK

Because of the profile and standard of Music at S.T.H.S. our performing ensembles each year are requested to participate in a variety of community activities designed to present music education to the public. Our students have again brought great credit to themselves and the school through their performances. This year our ensembles featured in :

- (i) District "Opening" of Education Week - Stage Band
- (ii) "Education Day" at the Hurstville Civic Centre - Concert and Stage Bands
- (iii) Regional "Education Day" at Martin Plaza - members of the Regional Concert Band.

## REGIONAL FESTIVAL

All of the members of our performing ensembles as well as our Elective Music students participated in the 1989 Regional Festival, held in the Sydney Town Hall. This is a very large presentation of State School Music of the Met. East Region, to the general public. Our boys were involved in the various levels of "Workshop Bands" (Elementary, Intermediate, Advanced) as well as the Combined Choir and Regional Band. Particular mention should be made of Matthew Orlovich (Year 12, 1988) and Matthew Radzyner (Year 12, 1989) who represented the school through their performance of Matthew Orlovich's original composition "Opal Blue", which was submitted for assessment in the 1989 H.S.C. Examination. We are all very proud of the amazing compositional and performance skill of these two boys and take some satisfaction in the knowledge that their achievement has been assisted by the music education programs of this school. Both boys also performed at the Invitational "Director's Evening" designed for the performance of superior standard items of Year 12 students.

## TRAINING BAND

There have again been important changes to the organisation of the Training Band in 1989. As the standard of the Concert Band improves, so it places more pressure on Training Band members to achieve higher pre-requisite standards before gaining entry to the main ensemble. There has been the loss of some instrumentalists this year unable to provide enough time and commitment to this activity to justify the continual use of a school instrument. This realisation is often a disappointment to the students concerned, although all prospective instrumentalists are forewarned of the discipline and determination necessary to progress in this activity. Unfortunately there cannot be any such thing as a 'casual' instrumentalist in this program.

It is pleasing to report though, that there is now a strong group of players that are displaying the necessary qualities and seem likely to advance to the Concert Band by the end of 1989 or the beginning of the 1990 school year. This year will witness the loss of many longstanding senior members in the Concert Band and therefore vacancies will need to be filled throughout 1990.

Band members have been asked to purchase a new band tutor this year in the hope it may cover any deficiencies that have existed in their current standard of playing. Although detailed documents have been distributed by the school on the availability and type of support material necessary for a beginning instrumentalist, some students are still relying totally on material from school. The school has neither the funds nor resources to accommodate this demand and therefore a student's progress will be severely retarded. All students are advised to remain active in their pursuit of new stimulus material.

A series of small concerts is planned for Term IV this year concluding with a major performance for Speech Night. It is worth reminding students once again that the Training Band is exactly that, training students for the main ensemble. It should not be seen as an end in itself. Six to twelve months should be maximum time spent in this group.

We feel confident that the current group will produce some fine instrumentalists in the years to come and hope they are rewarded as much as those players who are now leaving after many years' valuable service to the instrumental program.

## TRAINING BAND

L.to R:

1st Row: S.Scott, S.Miller, K.Rontidis, Mr.D.Towner, P.Matthews, Mr.P.Owens, D.Midgley, A.Stopic, M.Matthews.

2nd Row: F.Irving, A.Lau, D.Clark, S.Grant, G.Shore, J.Vickery, N.Deuis, D.Murphy,

Back Row: R.Waller, D.Bruce, D.Thew, M.Olliffe, J.Kaas, D.Hanna, M.Waller, P.Lawler, S.MacDessi.

## S.T.H.S. CONCERT BAND

The Music Staff believe that the Concert Band has achieved new "heights" in 1989. The consistently high standard of performance is something in which we can all take great pride. It has been a very intensive year of activity and training for the Concert Band, leading to the successful staging of an exciting week long **Tour** to the North Coast towns of **Maclean** and **Port Macquarie**. (A special Report on this Tour concludes this 1989 "Music Report".

The proof of the Concert Band's fine achievement has been heard at a number of functions held throughout the year and during this process the Band's technical, ensemble and performance skill, as well as general musicality and entertainment value, have gone from strength to strength. None of this can be achieved without the enthusiastic support, dedication and consistently hard work of our students and this has been one aspect of the Program which has provided the Music Staff with a great deal of satisfaction and pride.

To successfully participate in the Concert Band requires a level of self-discipline found in very few other activities available to our students - this is one aspect of education which should not be overlooked!

This year, the Concert Band has been fortunate and delighted to have the participation and assistance of Mr Rod Cawsey (English, and Music Departments) who, besides playing clarinet, has been a great "Master of Ceremonies" for performances. Many thanks Rod!

Activities of the Concert Band have included :

- |                                      |                           |   |
|--------------------------------------|---------------------------|---|
| (i) Anzac Day Commemoration Ceremony | (iv) Education Week       | (vii) Stanwell Park performance         |
| (ii) Regional Festival               | (v) Roselands Performance | (viii) Yr 12 Farewell Assembly          |
| (iii) Open Rehearsal                 | (vi) North Coast Tour     | (ix) Annual Speech & Presentation Night |

It has been pleasing to have been able to promote quite a few students to the Concert Band and due to the high proportion of senior students in the Band, the contribution of these junior students will be invaluable in the future. To those senior students who will be leaving our ranks - thank you! for your valued service to the school over the years. We believe the experience of your association with the Band has been of benefit to you in many ways - not least of which being, the opportunity to explore your individual creativity, strength of character and development of personality.

CONCERT BAND

L.to R:

- 1st Row: G.Tyrril, C.Parker, P.Walker, Mr.D.Towner, P.Manners, Mr.P.Owens, B.Michaels, W.Cooke, I.Gray.

Back Row: G.Simpson, C.Denzel, L.McNally.  
Absent: N.Jamieson, A.Kehagias, D.Robb, M.Radzyner.

## INSTRUMENTAL TUTORING PROGRAM

There have been five regular peripatetic staff attending Sydney Tech throughout 1989. It is always a difficulty in commencing the program each year to adequately fulfil the demand for tutors with instrumental expertise. Not only do they need a background in the tuition instrument, but a fundamental knowledge of good teaching practice. These criteria are not easily met and given the overall scarcity of such practitioners, we greatly value those tutors that impart a comprehensive system of instruction.

The tutors for 1989 are:

- |                          |                            |  |
|--------------------------|----------------------------|--|
| (i) H.Jurd - Brass       | (iii) P.Kelly - Percussion | (v) L.Batt - Saxophone, Beginner Flute |
| (ii) I.Coulston - Guitar | (iv) C.Owens - Clarinet    |  |

There are some particularly fine prospects that have begun their tuition this year and seem likely to enter the Concert Band in 1990. The Music staff thank the above listed personnel for all their efforts in ensuring the development of instrumental talent and the subsequent promotion of the school's ensemble programs.

## MUSIC SUPPORT GROUP

The Music Staff deeply appreciate the support activities of this group of parents, we only wish there would be many more parents who feel inclined and willing to participate and contribute. In this time of closer school and community co-operation a group such as this is a fine example. This small group of parents has been very active in the participation of the programs of the Music Faculty and has been of great benefit to the school in general in taking some of the burden in providing funds and equipment to the Music Department thereby giving a greater degree of flexibility in the division of the "financial cake".

Congratulations to all members of the M.S.G. for a most successful year.

## STAGE BAND

This ensemble is designed to extend the performance and musical skills of the more advanced instrumentalists of the Concert Band and to provide a greater variety of performing repertoire for the concerts our students are involved in throughout the year. The inclusion of piano, electric guitar and bass gives the ensemble a quite different scope of sound and repertoire when compared to the Concert Band. Opportunities for improvisation and solo performance exist giving an added dimension to the overall sound. This year the Stage Band has been able to perform far more difficult arrangements very successfully which is a further indication of the high standard of some of our students. The Stage Band has performed at the District "Opening" of Education Week, the "Open Rehearsal", the Education Week civic activities in the Hurstville Civic Centre and of course, throughout the Band Tour to the North Coast. The students in the Stage Band should be very satisfied with their development and achievement throughout the Year.

## STAGE BAND

L.to R:

Front Row:

Back Row:

Absent:

P.Parkes, C.Denzel, Mr.D.Towner, A.Williams, Mr.P.Owens, G.Simpson, M.Radzyner.  
A.Parkes, S.Scheding, S.Flinders, D.Constable, B.Dryer, D.Gray, M.Donnici.  
A.Toyer.

## REGIONAL CONCERT BAND

Some of our students (and we hope that there will be more next year) are members of this ensemble which allows for participation in a group of an exceptionally high standard. The repertoire used by this Band and the training involved has helped to develop individual instrumental skill to a high level. Students involved have been fine representatives of the school at a Regional level. This year the Regional Band has performed at:

- (i) Met. East Regional Festival
- (ii) Opening of the "Australian Schools Netball and Football Carnival"
- (iii) State "Festival of Instrumental Music" - Opera House
- (iv) Education Week - Martin Plaza
- (v) Director's Evening of Musical Performance.

## CONCERT BAND & STAGE BAND 1989 NORTH COAST TOUR

It was a long time in planning and a long time to be finally realised, but for many, many reasons, well worth the efforts of all concerned. It is with some trepidation that an activity such as this is conceived and with even greater apprehension that it is pursued to finality. For an undertaking of this kind, the pressures on students, parents and staff necessitate commitment and above all, co-operation, to succeed. Among the many benefits that could be highlighted as a result of this week away, the comradery and group spirit that was both the public image and essence of the Bands has indelibly left its mark on those who accompanied the tour.

The tour schedule set a fairly hectic pace, although the boys were able to take advantage of both free time, fine weather and the hospitality of the host families with whom they were staying. The following is a synopsis of the tour itinerary.

Sunday	August 13th - S.T.H.S. Rehearsal - Departure 9.00 p.m.
Monday	August 14th - Arrive Maclean H.S. 8.00 p.m. - Rehearsal - Sightseeing
Tuesday	August 15th - Workshop - Afternoon Concert - Evening Concert
Wednesday	August 16th - Travel to Port Macquarie
Thursday	August 17th - Morning Concert - Afternoon Concert
Friday	August 18th - Return to Sydney - Arrive 6.00 p.m.
Students: 39 Staff: 3 Transport: Coach & Trailer.	

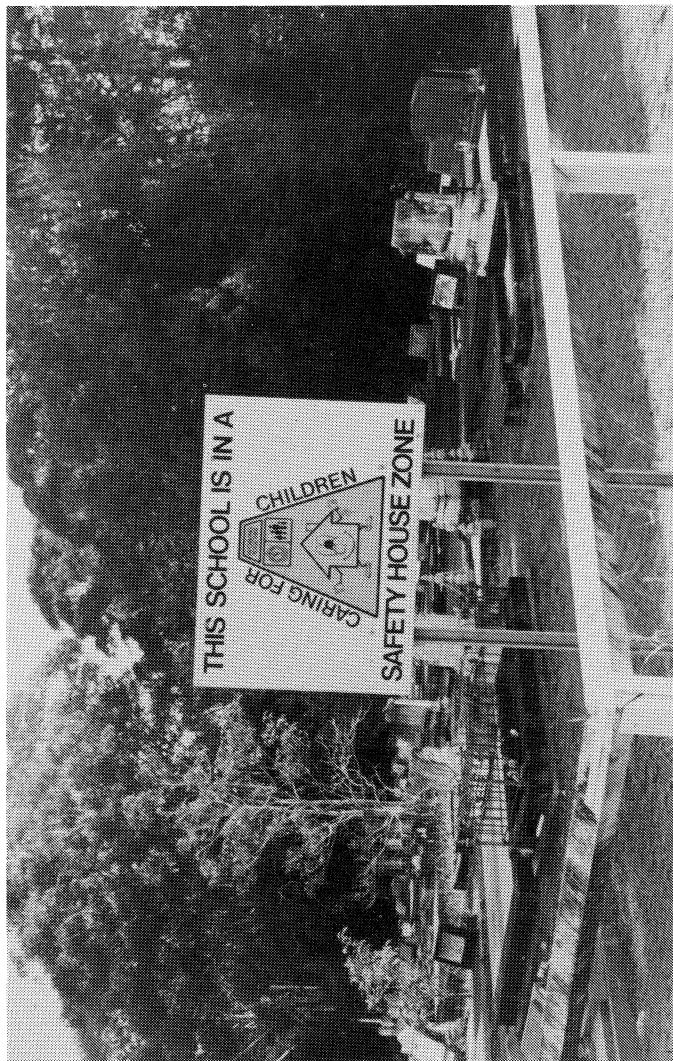

As can be imagined, there is a vast amount of equipment necessary to sustain such a tour. The staff would like to compliment all the boys, especially the Year 11 co-ordinators for the way in which all this equipment was moved on and off the coach and the minimum time it took to set venues for concert presentation. The willingness and skills in these areas, although often overshadowed by the fine standard of performance, should not be underestimated when assessing the benefits and success of this activity.

For many of the band students this will be their last year of active participation in the school ensembles and after many years of loyal service it was pleasing to see these boys participate in the most adventurous of band activities to date. It is planned that a tour will occur every second year and that many more students will enjoy the pleasures this will provide.

For staff, the following will always be highlights of a most entertaining trip.

- \* Simon Dalton's heartfelt and deeply moving words of appreciation to the coach driver Trevor Moore.
- \* The fine vocal interpretations of old classics constantly emanating from the rear of the coach.
- \* To enjoy that culinary delicacy of a custard pie heavily topped with a succulent shaving cream sauce. (Optional whether it be worn or eaten)
- \* Watching Mr. Cawsey break the 100 metre sprint record, (standing start), in a paddock outside the thriving metropolis of Macksville. (see highlight above).
- \* Listening to unique interpretations of such favourites as 'Andrew Lloyd Webber' and 'Instant concert' whilst travelling to each destination.
- \* The jubilation and optimism felt on arrival at our first venue, Maclean High School .....adjacent to the town cemetery.
- \* The conclusive evidence of Mr. Towner's age to be found on the Maclean H.S. Captains' honour board. (1937)
- \* The absolutely atrocious standard of jokes told by all and sundry.

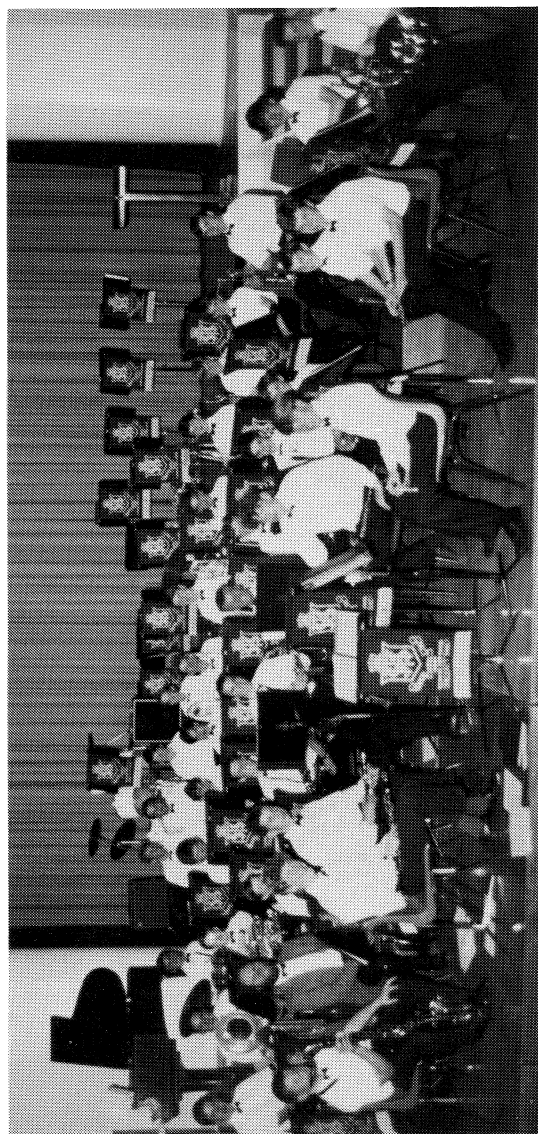

MacLean High School!

Westport High School - Port Macquarie

Post Tour Public Concert S.T.H.S. Auditorium.

## **YEAR 10 DEBATING REPORT**

The Year 10 debating team participated in Zone Six of the Commonwealth Bank Junior Debating Competition. The team was ably made up of Simon Flinders as first speaker, Anand Gokani as second speaker, Chris Johnson as third speaker and team adviser, Martin Rowe. Each student carried out his role in a convincing manner with easy wins in the first two rounds against Randwick Girls at home and Randwick North away. Round three was destined to be a tough debate against Sydney Girls on their home ground, a distinct advantage. Both teams scored equally on Matter and Manner. However, there was a half point difference in Method which gave the Debate to Sydney Girls and the Zone Six Crown. It was an excellent debate and our boys should not feel disappointed with such a narrow loss. The adjudicator complimented the boys with the fact that he had thought they could have possibly gone on to win the State Finals with a victory over Sydney Girls. All the more experience for next years competition. Congratulations boys on such excellent teamwork, case construction and sportsmanship.

**P. McFadden**

## **YEAR 11 DEBATING REPORT**

After a reasonably good performance last year, the Year 11 debating team used this year as a period of consolidation and learning. The team consisted of (in order of speaking): Mark Vender, Michael Eadie, Adam McKeag and Gerald Yuen. Edwin Morris also made a valuable contribution in case preparation and practice. The first round saw Sydney Tech against Jannali Boys High School, where Sydney Tech lost narrowly. The next debate was against the much talked about Gynea High side who boasted two state speakers in their ranks. The Year 11 boys however, didn't go down without a fight. They debated well but again were defeated. In the consolation round, Sydney Tech salvaged some pride through a win over Woollooware High School. Thanks go to Miss Moalem for coaching the team and for providing transport to and from the debates.

**Mark Vender.**

## **YEAR 12 DEBATING REPORT**

The Year 12 Hume Barbour debating side has enjoyed a successful year. Daniel Bonner, our first speaker, always provided an interesting and incisive introduction. Nick Kokinidis, as second speaker, supported the case with a logical presentation of information and became adept at unsettling the opposition through clever rebuttal. The serious refutation and refinement of the team line was left in the capable hands of Sam Witheridge, who proved to be most effective in nullifying the opposition's arguments. Greg Anderson was an excellent team advisor continually providing fresh insights into the argument. James Snow gave valuable support as an advisor and spoke very capably as a third speaker. The team has distinguished itself by winning the zone final, two interzone competitions and finally the Metropolitan East regional final against Sydney Boys High School. To be state semi-finalist is a marvellous achievement and the team can be considered unlucky not to have progressed further. The team is to be congratulated upon a superb effort.

**R.Cawsey.**

## **PUBLIC SPEAKING REPORT**

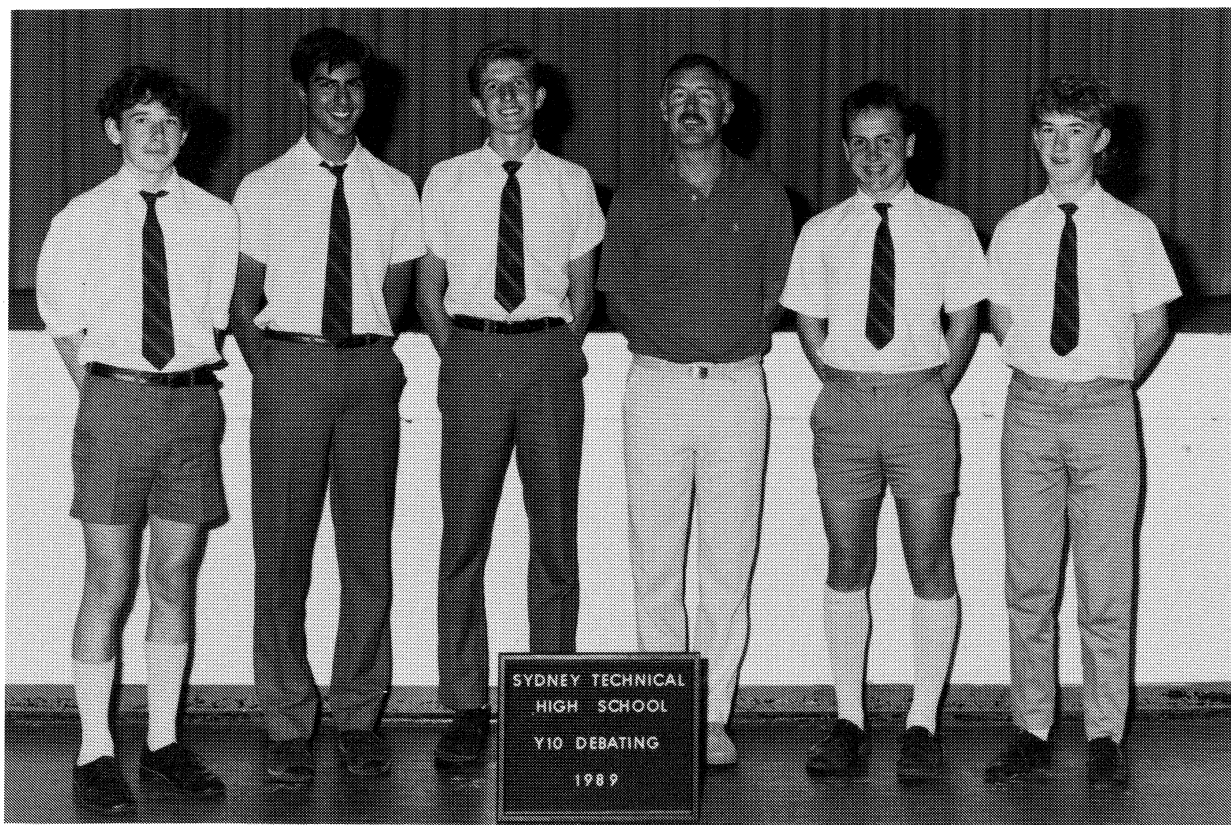

1989 has been another interesting year of Public Speaking competitions. Asher Joseph and Sam Witheridge spoke very capably in the Lion's 'Youth of the Year' competition. Chris Johnson and Daniel McClelland represented the school in Rostrum's 'Voice of Youth' competition with Daniel being a runner up in the junior section. Twenty-seven of our students entered the St. George Eisteddfod in both the debating and public speaking sections. Among many creditable performances was a fine achievement by Daniel McClelland who was a runner up in the 14 and under prepared speech competition.

James Snow of Yr 12 was our representative for the Department of Education's 'Plain English Speaking Award'. As a result of an excellent performance in the impromptu section of the Metropolitan East Final, James became a state semi-finalist in the competition. Although he did not win the state award James can feel extremely proud of his performance.

Every student who participated this year in public speaking is to be congratulated upon the quality of his presentations.

**R.Cawsey**

### YEAR 10 DEBATING

L.to R: M.Rowe, A.Gokani, S.Flinders, Mr.P.McFadden, D.Hyam, C.Johnson.

### YEAR 11 DEBATING

L.to R: A.McKeag, M.Vender, Ms.J.Moalem, M.Eadie, G.Yuen.

# STUDENT REPRESENTATIVE COUNCIL REPORT

The objectives of the S.R.C. are as follows:

- (i) The provision of a forum for the expression of student opinion.
- (ii) The provision of a facility for the transmission of this opinion to the Principal and staff so that it may become a factor for consideration during the formulation of school policy.
- (iii) The provision of a body to plan and organise legitimate student activity.
- (iv) The promotion of co-operation among the student body in the general maintenance of school tone and spirit.
- (v) To provide experience in the democratic process by observation and participation.
- (vi) To stimulate respect for persons and property.
- (vii) To promote good communication and hence understanding between the student body and the staff.

This has been a year of steady progress.

Andrew Miller (Pres.) and the other Year 12 students have provided able leadership. Drive and enthusiasm have been provided by Darryl Marks, George Gabriel and Anthony Vourdanos who are our Cluster Representatives. They have promoted many innovative, progressive ideas and are the main organisers of this year's school dance. Winston Lui (Vice Pres.) is now writing the S.R.C. reports in Tech Talk and this should further enhance our communication to all concerned.

The S.R.C. has promoted many ideas from students this year but the main area of concern has been voicing the views of the students on such issues as:

- \* the "Fair Discipline Code"
- \* the new "Schools' Aims and Objectives"
- \* the "Uniform Policy"
- \* the nature of assemblies and the raising of the flag.

The student views on these and other policies are an essential component of the policy formulation process. The S.R.C. can not be effective unless all students consult their representatives in regards to problems, views, possible changes, ideas etc.

Study the S.R.C. photo so that you know who your S.R.C. representatives are.

The S.R.C. would like to offer their thanks to Mr. Gotto and Mr. Morgan for their time, help and positive support. We would also like to thank Mrs. Swift for organising our accounts.

Remember, support your S.R.C. so that it can support you.

**Mr.B.Cranston - Patron    Andrew Miller - President**

## CHESS CLUB REPORT

This has been an interesting year for the Chess Club with two Junior teams entered into the chess draw of 1989, Division 9. Team 1 for Sydney Tech consisted of A.Au (C), M.Pratt, B.Bouzianis and C.Clark. For team 2 there was H.Phu (C), C.Nikolaou, J.Chan and G.Gorgievski. In this division both teams proved to be successful, as they won through, not losing a match to any other school. Following this was the knockout rounds where team 2 was defeated, however team 1 won their match and we hope they can go on to win the state wide competition. Unfortunately due to the early reporting the journal required, you may have to stay tuned for next year's edition to read what happens.

Equally important is the Chess Club's social side which has seen many new organisational developments. The more notable being; the first keeping of accounts, the first chess club photo in 6 years and possibly the first to involve social players, democratic elections for next year's offices, a reduction in the fee charge while at the same time the building up of a substantial balance. Sadly this had to be built up from scratch as last year's funds have not been forthcoming from the previous coordinators. This year has seen the highest recorded number of members, but not only is the club stronger than last year, it is also set to expand, and thus new sets and boards will be purchased.

A special word of thanks must be given to Mr.McBride, the Club Patron and also for the parental participation as such support and help has been invaluable.

**James Snow - Chess Club President**

### CHESS CLUB

L to R:

Seated: H.Pratt, D.Murphy, M.Rowe, J.Snow (President), A.Gokani, J.Scrimes, A.Au.

Middle Row: S.Farah, H.Phu, J.Chan, C.Nikolaou, H.Charalambous, C.Clark.

Back Row: D.Dimovski, M.Yeremeyev, D.Halaska, B.Bouzianis.

### INTERACT

L.To R:

1st Row: S.Meehan, C.Hobson, B.Ward, Ms.G.Courtenay, P.Dawson, A.Beattie, J.Pardi.

2nd Row: J.Snow, R.Waller, A.Kelly, D.Chapman, W.Liu, B.Easton.

3rd Row: J.Vida, J.Rickard, P.Chai, T.Robertson, M.Olliffe,

Back Row: J.Croucher, B.Cunningham, J.Franks, A.Williams.

## INTERACT REPORT

Interact has continued functioning this year raising money for Stewart House and the Youth Appeal for Sydney City Mission.

The majority of students involved have been Year 12 students with limited time available but luckily in Term 3 we have had new enrolments of Year 10 students and look forward to increased fund raising.

**G.Courtenay**

## I.S.C.F. REPORT

Inter School Christian Fellowship meets on Friday Lunchtime. I.S.C.F. is an Australia wide group made up of students who feel that the Bible has something to offer. I.S.C.F. has a dual function, to help young people live their lives as Jesus did, and to support them in telling others about the promises that are made to all of us in the Bible.

Many people feel that Christians may be sincere enough but are misguided. When we stop and think how many of the principles that form the basis of our daily lives find their origin in the Bible it should lead us to ask if the Bible really is true. This is indeed the realisation that the students who attend I.S.C.F. have reached.

Some of the Highlights of I.S.C.F. this year have included special Guest speakers, a drama presentation by some visiting American actors and regional activities with other Schools in St. George.

**M.Riley**

### AIR TRAINING CORP

L.to R: Front Row: S.Hannan, D.Humphries, J.Thompson, S.Zuber, M.Wiggins, A.Ryan, R.Nakhle. Back Row: D.Elliott, A.Grills, W.Garland, D.Jeyachandran, S.O'Dowd, M.Bates, K.Jaswal. Absent: J.Harrison, E.Sellers.

## OLD BOYS' UNION REPORT

The past twelve months has been a rather quiet period for the Union. Nevertheless we have continued to give support to the school in several ways. Our annual welcome to Year 7 and their parents was once again a most successful evening. The Union again provided several prizes at the Speech Night presentations, as well as helping the Music and Mathematics Departments in special projects during the year. The Annual Reunion dinner, although not one of our most successful, provided an ideal opportunity for ex-students to renew and maintain friendships. I would like to express sincere thanks to Mr. Gotto and Mr. Morgan for their continued support.

Bill Jelks (President O.B.U.)

## JOIN THE OLD BOYS' UNION.

## P & C REPORT

As I come to the end of my direct association with Sydney Technical High School and look back over the last six years, I marvel that the boys have come through a time of change (almost as drastic as the Industrial Revolution) with so few deleterious effects. When we started we were the last year from the smaller feeder area that sat for the entrance examination. We were the first non-graded year; i.e. classes were arranged alphabetically not by results - we were to remain ungraded in most subjects until after Year 8. We had the benefits of multiple languages in Year 7, to try them all out before the selection of electives in Year 8. We also had the benefit of trying out many different sports in Year 7. Then there was the Bi-centennial - 1988. I won't bore you with a reiteration of last year's traumas - suffice it to say that the winds of change were still blowing strongly! 1989 carried on from 1988 with more disharmony, new "initiatives" (the fair discipline code - the Carrick Report - and so on). We were asked to accept more and more changes to the established tenets of secondary education in N.S.W. Control of schools was to be decentralised - more responsibility to fall directly on the school community as a whole - more O.A.S. (Other Approved Study) courses to be relevant to the immediate local community's work requirements.

During the year we were gently chided by the professional teaching staff and informed that a fair discipline code had been in place and working for the previous 3 or 4 years. Not only was it in accord with the general thrust of the "new initiatives" but it went beyond them to offer solutions and practices to make them work. At least the mass confusion etc had a positive effect - there was a noticeable pulling together by all members of the school community to do all they could to minimise the disruptive effect on the pupils.

My heartfelt thanks to the executive; Mr. Alan Walker, Mr. Bill Tyson, Mrs. June Leach, Mr. Wal Whittaker, Mr. Ian McFarlane and Mrs. Toni Plunkett, for their untiring efforts and assistance throughout the year. I wish my successor a more peaceful time in office and take this opportunity to encourage you all to join in our meetings on the first Thursday of the month in the Common Room. Your sons need your support, now more than ever.

Kevan Morgan (President)

# LITERATURE

## THE OLD THEATRE

Uncomfortably the old theatre stands  
Amongst the new generation;  
Ancient dusty pillars  
Walls greying and wrinkling with age  
Amidst the crowds, the lights, the confused sounds  
Of the city: shouldering, bustling, towering  
The metal, the concrete, the thronging masses;  
The city has no time for its dying plea.

The wind plays with the edge of a forgotten poster;  
Behind the rusty ochre of the iron gate  
A dark grey alleyway  
Shadows hiding the past;  
A broken window from which only ghosts peer  
Behind the shroud of fine cobwebs;  
The creaking wood of the backstage hall-ways  
Cries with echoes of plays long gone;  
Beyond the impatient noise  
Of the cars and crowds  
One almost hears the clapping of an audience enthralled  
The voices on stage  
Of fear, dismay, pride, sorrow, joy ...

The ghosts still rehearse;  
Behind a frayed torn curtain  
A young man awaits his cue;  
Here Hamlet asked "To be or not to be"  
There Othello held the limp Desdemona;  
Cracked is the dressing room mirror  
Which guards secretly the images  
Of the actors, actresses clothed in Victorian finery,  
Or wrapped in beggar's rags;  
The hall-way floor still feels their pacing  
Up and down  
Lines done and redone, tensely perfected;  
One imagines the theatre's past glory  
Longing its return  
The headless stone sculptures, the stained decay gone  
Allowing another audience to applaud.

Yet the old theatre will die;  
The bulldozer's steel teeth shall cruelly grin  
Devouring  
Leaving a shell  
Of cracked walls, splintered timber, shattered glass;  
The grinding, wailing, rattle of engines  
Will shatter the theatre's lonely soliloquy  
Of beauty, art, and history;

In its place shall rise a juggernaut  
Of scaffolding, concrete, and steel  
A knife rising from the city  
Coldly cutting away the old theatre;  
The suited, sharp-edged men  
And cold, efficient women  
That push, buzz, jostle, race  
To fill the battlements of the metal beehive  
Will not hear the ghosts playing their final act.

Daniel Bonner Year 12

## GREYHOUNDS

Fast  
greyhounds  
always race  
for the rabbit  
and never reach it.  
After the race  
the losers  
cry in  
shame.

Rosario Cacoza Year 7

## RUSTY

He sits and begs, he gives a paw,  
He is, as you can see,  
The finest dog you ever saw,  
And he belongs to me.

He follows me everywhere I go,  
Even when I run.  
He also hops in the pool,  
And joins me in a relaxing swim.

But still no matter what we do  
We never have a fuss;  
And so I guess it must be true  
That we belong to us.

Rosario Cacoza Year 7

## SHIPWRECKED

On a ship I travel and homeward bound,  
Woken in my sleep by a cracking sound.  
Kneeling on the deck, my prayers were to start,  
A thundering crack, the ship fell apart.

Tossed in the fierce sea and bitter cold,  
Struggled in a search for something to hold.  
Subconsciously grabbing a broken board,  
The thundering waves carried me abroad.

Clinging to pieces which crumbled in hand,  
Shouting with joy to find it was land.  
Finally out of the great rolling sea,  
Just could not wait for a great cup of tea.

Kevin Cheung Year 7

## WHALES

Some whales  
Tell tales  
Of whales  
With sails  
As tails.

David Rafter Year 7

## THE SCHOOL

The school waits for me like an ocean vast  
as the early morning traffic roars past,  
quiet as a morgue in the early dawn  
with the dull grey bricks all dirty and worn,  
the eerie silence, a heavy black shroud  
in a couple of minutes there will be a crowd,  
like an abandoned junkyard the playground lies  
as incoming children give happy cries,  
the school canteen, lively as a fete  
I am only here because it's time I ate,  
as I bite into my pie, cold as stone,  
I walk into a room,  
away from the drone.

**G.Morgan Year 8**

## THE LADY

The cheetah stalks her uptight victim,  
Her dark eyes sharp and shining,  
Showing off her every feature,  
Walking with perfect timing,  
A sleek, slim body clad in fur,  
Those flawless, immaculate claws,  
Steady legs, shimmering hair,  
Perfect, impeccable paws,  
She'll get him for sure,  
No doubt about that,  
Then she'll tear him apart,  
He's been caught in her trap.

**Angelo Parkes Year 8**

## I PAUSE

My study is interrupted  
by the unexpected sound of  
silence.  
My mind turns off the softly playing music  
and Physics ceases to exist,  
as I gaze at the still glistening street,  
now bathed in the uncommon radiance of our star.  
For the first time in hours  
I smile.

Outside the rain starts to fall again  
and the moment is lost.

**Matthew Fishburn Year 11**

## VINCENT THE FOX

Like a concorde in flight,  
The fox escapes human sight.  
Like a ripple of wind running swift on grass,  
The fox darts past.  
Like a bulldog in a fight,  
The fox jumps in for a bite.  
Like a feather duster in a pail,  
The fox has a bushy tail.  
**Nilesh Payda Year 7**

## EDUCATION

While at the dentist recently  
I remember discussing with the receptionist  
the inevitable subject of school.  
"I always gave the teachers hell"  
she boasted somewhat ruefully.  
But in the classroom the next day,  
I find myself in a battlefield  
where teacher struggles to break down a wall  
which separates tutor from student.

Theories, equations, textbooks, homework  
these missiles fall vainly at the wayside  
occasionally making a small hole, to allow in a privileged  
few.

There are others who feel protected by the wall.  
Students,  
Who attempt to mend it with chewing gum and texta-colours.  
Finally, as time trudges on, the wall crumbles, deteriorates  
and the students pass over it with ease  
Becoming part of the "real world".

Later in life  
A number of adults revisit the wall  
and attempt to break down  
That which they previously repaired.  
They will be hindered in their activities  
But will continue  
For they understand their role  
is much more important  
Than a dentist's  
receptionist.

**Mark Vender Year 11**

## RAIN

Teardrops from heaven  
Falling on me  
Wherever I look  
That's all I can see

Teardrops from heaven  
All to be seen  
Over the bay  
And amongst all the trees

Teardrops from heaven  
Running away  
Over the horizon, a brand new day

Teardrops from heaven  
Long gone with the wind  
Taken away with the clouds  
Hidden within

**Aaron Collins Year 11**

## THE ALLEY

Night fell like a sheet on an unexpectant Jenny as she alighted the lonely train. Mist slithered down the stairs onto a deserted station. Fear instantly filled her heart and throbbed inside it. The very thought of entering the seemingly impenetrable darkness of that alley frightened her. Being her only alternative she started up the mist clothed stairs.

The silence was deafening. She wished that there was a noise, just to tell her that someone or something was there. But the only noise was the darkness, surrounding her, making shapeless forms and waiting to pounce. A step creaked and her heart jumped. She stopped to calm herself and started once more up the stairs into the darkness.

A window slammed shut.

She scrambled up the stairs to find the alley waiting to consume her. The only way to her haven, she started into the alley. She had been down the alley many times before, but never this late and never in this darkness.

The silence was broken by the sound of a foot pressing into the stony ground on either side of the enclosed alley. She stopped and peered over her shoulder but heard nothing. As she began again, so did the sound of the feet.

She Quickened her pace to find that the feet behind her had also. She broke into a jog in the hope to avoid her pursuer but to no avail. She tripped. All that was going through her mind was that it must be a nightmare. It wasn't!!

As she rose she heard her pursuer approaching. She began to run. A garbage bin toppled over, followed by the sound of rolling tins. She ran faster. Another bin fell, and another and another in her pursuers desperation to catch her. More fell until a symphony of bins and cans found their way to the end of the alley.

She was half way now and although she ran at full pace she was beginning to give up hope. Her pursuer drew nearer and nearer, she could hear the panting of breath behind her.

Sprinting down the alley, she tripped on a can, sending her sliding along the rough alley ground. As she got up she felt the saliver of her pursuer on her flesh.

Still managing to get away, she took off towards the lit door of her house. Reassuring herself of it's short distance, so too was the panting pursuer of the even shorter distance between them.

With all that was left of her energy, she made a final burst for the door. As she reached it, she banged on it, hoping for someone to reach it in time.

She heard her father stir from his seat but her pursuer was almost there.

It was too late, her pursuer pounced.

Her father opened the door, he found his daughter standing there with her dog in her arms.

"What's wrong?" asked her father, "you look like you've seen a ghost."

"Dad," replied Jenny, "tell the dog not to meet me at the station tomorrow."

**Scott Lucas Year 11**

## SUICIDE?

The wind blew the dust  
As I prepared to die,  
I put the gun to my head  
And pulled the trigger with a sigh ...

Thoughts raced through my mind,  
My life before my eyes.  
Everybody makes promises  
Everybody tells lies.

In a momentary second  
My life seemed to stop!  
The cork left the gun  
With a contented little Pop!!!

**Craig Tribolet Year 11**

## DANCING WITH FISH

Come children, learn to dance  
Hurry up boy, learn to prance.  
For you all, have a dancing date  
And you couldn't, possibly run late.  
You have a dancing competition  
And you need to learn repetition.

Six o'clock, you must run  
As it is time for the fun.  
You must go to the bottom of the sea  
And as you sink shout "weee.....".  
Reach the bottom, greet the fish  
Then go to the dancing dish.

Seven o'clock, the dance will soon start  
You must hurry, if you want to take part.  
Grab your partner, human or fish  
Then dance off, with a swish.  
Nine o'clock, time to go  
Say good-bye, but not too slow.

As you leave, that dancing dome  
You slowly head, straight for home.  
As you walk, through the door  
You sit and talk, on the floor.  
You say "o'boy, was I really that deep"  
But it is late, and young children need sleep.

**Paul Vickers-Elliott Year 10**

## MOTHER NATURE

All things living on the earth  
Be it friend or foe, have the right  
To be alive and the right to grow.

The one main person who controls  
The wind, the rain, the seasons  
Can decide on life or death  
If she has her reasons.

She makes the leaves fall off  
The trees and wither up and die.  
She makes the sun shine so bright  
Up there in the sky.

She gives the animals on the earth  
Rights you all should know.

She gives them rights to be alive  
And the right to grow.

**Adam Chapman Year 10**

## THE WEAVE

From our mother's loom we ease  
Intricate pattern of life in our veins  
Woven new and made to please  
A design of life's pleasures and pains;  
The birth - a chance to life we seize.

Dust gathered early is beaten and shaken  
The gleam of the thread wearing thin  
The real beauty beneath awaken  
The start of life over, the rest to begin;  
Bless'ed adolescence - our's to be taken.

"New" beauty rediscovered, recovers it's shine  
Fibre, craft, pattern - of equal praise  
A new lease of life, a life so fine  
The height of existence under all gaze;  
Adulthood - we relish in our prime.

Taken for granted, trampled, loved rug  
The edges fray, the colours begotten  
The dust of a lifetime, sedating like a drug  
Beauty and prime are all but forgotten;  
Burden of middle age, we cannot shrug.

A victim of ageing, now "ugly" to perceive  
Beyond ornamental, a relic of antiquity  
Benefit the joy of use, now only death to achieve  
Life's dust builds with cold civility;  
How like our own, the life of a weave.

**Paul Angus Year 12**

## PUMA

If I ever kept a puma,  
I'd have to keep him in a good humour.

**David Rafter Year 7**

## THE CHARGES:

Wilful Damage, Malicious Wounding, Attempted Murder,  
Breaking and Entering, Theft and Eventual Manslaughter.

## THE DEFENDANT

## HUMANITY

## THE PLAINTIFF

## MOTHER EARTH

The accused rises, is read the list of charges and protests violently. Unrepentantly he babbles of his rights. Incoherent assertions of his rightful dominance over all those inferior to him. Inferior? "It is written in the Book" he cries. Libel! Lies! He is silenced. The meek shall inherit ... The case for the Prosecution: Facts, statistics, specifics, certainties and definites.

The case for the Defence: Conjecture, fiction, make-believe. Maybe's and might nots. Always protests; ignorance, Birth Right. "I didn't know". Just a little more abuse, it won't show. A parade of disgust. A shame-file: offence, defence; thrust, parry.

The jury retire, briefly only, and return.

They stand, face the accused and deliver their findings.

## THE VERDICT:

## INSANITY

**Paul Chai Year 12**

## UNTITLED

The ember glowed in the dark;  
A luxuriant superfluity in a damp city.  
There, was a library of good times;  
A concentrated memory of how it used to be.

It was alive, but delicate.  
Its light transcended its surroundings.  
It gave no heed to anything, but itself;  
Shining for the sake of shining.

I reached at it, and tried to touch;  
It was further back.  
I stretched for the light.  
It whimpered; now only in half its glory.

I lunged at it.  
I killed it.  
I retrieved its remains.  
It was soggy and disintegrated in my feeble hands.  
It was a cigarette butt.

**Greg Anderson Year 12**

## THE FORBIDDEN CITY?

In the tense early-morning hours of June 4, hope died and fear was born. Thousands of combat troops stormed Tiananmen Square, transforming the Woodstocks-like encampment of young students calling for democracy into the bloodiest killing ground in Communist China's history. Tiananmen Square (which means the unity of sky, ground and door, in Chinese) and the Gates of Eternal Peace through which the army stormed to attack the students, both seemed mere masquerades of things brewing deeper.

The images of defiance and devastation, the voices of determination and despair, shook the world. Here, protesters attacked troops with poles and rocks. There, a student lurched, his dazed face soaked with blood. Everywhere, the bodies fell, how many still unknown, while fires flared, signalling the dawn of China's uncertain world.

Amidst this chaos a lone man stood implausibly resolute in his thin white shirt, an unknown Chinese facing down a lumbering column of tanks. "Why are you here?" he shouted at the silent steel hulk. "You have done nothing but create misery. My city is in chaos because of you." That brief encounter between man and tank captured an epochal event in the lives of 1.1 billion Chinese: the state clanking with menace, halted by the people getting in its way, since it got in theirs.

The seven week-long student protest in Tiananmen Square hit with the impact of a revelation. Its climax a stern reminder of the most ominous and fundamental of all of Marxism's contradictions: the one between people power and the power that Mao Zedong said comes from the barrel of a gun. So it seemed it was not the peaceful democracy protests but rather the massacre on the square which succeeded it that was the unnatural act. It was the party's attempt to reimpose order that brought chaos to the world's most populous nation.

Questions remain abundant - Who was in charge? Would soldiers of the People's Liberation Army fight one another? Had the yearning for political change been snuffed out or merely suspended? What next for an anguished nation?

**Richard Wong Year 12**

### MIME PERFORMANCE

It was roll call on a Monday morning and none of the Year 7 and 8 Tech. students were quite sure what we were about to see. After ten anxious minutes waiting we were terribly surprised to see a man with a shaved head, beard and black tight pants walk onto the stage. He showed us the art of exaggeration with a telephone conversation, and he also performed such sketches as the "chewing gum" and "the rope", which ended with tremendous roars of laughter from the audience. At the end of the show, he answered questions in a very humorous manner, e.g. he told us he cleaned his hair with Mr. Sheen! It was a great show which I think was worth much more than the three dollars we paid!

**Matthew O'Shea Year 7**

## THE COLOURS OF AUSTRALIA

The sky is blue; and red at night,  
The sun is shining yellow and bright,  
The trees are shades of green and brown,  
In the outback, not the town.

The town is grey of smog and smoke,  
The roads are black and dark.  
There are some trees of shades  
Of green, though only in the parks.

But the colours most important  
Today are the symbols from the old,  
For the white man of Australia,  
We have our green and gold.

These are the colours of Australia  
That I like to see.  
Strong and deep and shining bright  
Like the raindrops on leaves of trees.

But for the people of the dreamtime,  
And the race that still exists.  
They had the colours of nature,  
From the land and desert mist.

They used the red of berries,  
And the brown of earth and clay.  
And the black of burning wood,  
That we often see today.

All the colours, mixed as one  
Are what I would like to see,  
Not only in Australia,

But on the lands across the seas.

**Adam Chapman Year 10**

### THE SUNRISE

The day was born, a fountain of life and light;  
The sun broke forth, a picture of strength and might;  
The birds awoke with their songs of the morn;  
Announcing the new day, proclaiming the dawn.

It shed its first light upon the trees;  
The darkness dispersed as it mingled with ease;  
The flora and fauna, touched and caressed;  
By the sun and its radiance - all nature blessed.

The glory of the sun, shining as a pearl;  
The wakening of the world as the sun and light unfurl;  
This miracle demands all wonder and all awe,  
To enter into a new day, the sunrise is the door.

**Simon Flinders Year 10**

## THE WARRIOR

He stands,  
Towering above the hewn torso of His enemy,  
A timeless immortal arrogance,  
A threatening readiness to receive and wreak chaos,  
In the sparkling fiery blue sapphires of His eyes,  
Or His Maxi-comfort tinted contact lenses,  
In His flowing, thick, lush hair,  
Shampooed and conditioned for extra-body,  
In the cruel perfect beauty of His face,  
A legacy of the smoothest shave money can buy,  
And hours spent staring viciously into a mirror,  
Lost in the privacy of silent prayer,  
Worshipping the deity of despotic handsomeness ...  
Himself.

Naked,  
Thrusting forward the Hellenic sensuality in His loins,  
All but His jewelled scabbard,  
His invisible loin-cloth,  
And hidden passageways of velcro,  
Shroud sinuous rippling continents,  
Of inflated balloons of tight muscles.  
A body so lasciviously, luxuriously lewd and grotesque,  
As to be impossible,  
Without a life chained to a gym pumping flesh,  
And a penchant for anabolic steroids.

He holds,  
In His right fist,  
Source of His victory,  
Icon of the phallic cult,  
The sword,  
Sparkling silvery red, blood and steel,  
A tasteful souvenir for the mantelpiece.

He feels,  
Pre-cooked and canned within His soul,  
The crimson fire of hatred overcoming hatred,  
The intoxicating taste of war, death and power,  
Triumph of Man over man ...  
Man over woman.

He holds,  
With His left arm,  
Spoils of His victory,  
Cushioned by His rotund biceps,  
Sprawling, slender, sensuous, submissive,  
Blood-red lips pouting, mouth opened slightly,  
Ready to be fed,  
As He is ready to feed,  
On the curving fleshy thighs, ripe breasts,  
The fashionably anorexic stomach,  
Nurtured by the wonders of modern beauty technology.

She is,  
A veritable gastronomic delight,  
Patron saint of weight-watchers,  
Goddess of grubby centrefolds,  
Hidden with fearful glee in thousands of drawers.  
Her voluptuous hot, tender and juicy flesh,  
Is now momentarily disguised,

By slivers of figure-hugging polyester-cotton.  
He fantasizes furiously,  
Channelling impatient desires,  
To Images of her,  
Pre-packaged, processed,  
In stark, glistening nudity,  
Her Breath heavy on His face,  
From the prison in which He has caged her ...  
His true-to-life image television set.

Hovering above His head,  
A stark red halo,  
Within which there appears,  
A message carved in ancient letters.  
He Glances at it,  
His mind snaps,  
Separated from the identity He possessed,  
From His few seconds of exhilarating power.  
No longer the naked God-warrior,  
He finds a new nakedness, a coldness,  
Of insecurity, failure, inadequacy, and impotence.

Alone, He shivers,  
Scratches at thin tufts of hair,  
On a barren sterile wasteland of a scalp,  
Rubs at crevasses of acne scars,  
A failure of the five-day treatment,  
His naked muscular flesh instantly deflated,  
Rolls of junk-food jelly swelling upwards to replace it,  
Straining against the buttons of a flannelette Shirt.

He too is a Warrior,  
A knight,  
Guarding His sacred creed of self-worship.  
He wistfully yearns,  
For the wonderfully romantic, macho violence,  
He imagines filled Man's ancient past.  
The perfection of this past crystalises in His mind,  
He sees,  
All His needs, desires, wants, fantasies, appetites ...  
Fulfilled.

He finds instead,  
Himself standing on a grimy street corner,  
Staring at a wall littered with urban obscenity,  
Plastered with the frayed droppings,  
Of the heroic, idolized birds of the consumer society ...  
Posters,  
Some whole, others torn, tattered, obscured, emasculated.

His sudden metamorphosis complete,  
A wry grin,  
A shrug of the once mighty shoulders,  
And He ponders,  
The flat, heroic, illusory figures,  
He has seen before on countless posters,  
And the magical words enveloped in the halo,  
That resurrected Him from rapacious reverie ...

**"Rated R"**

Daniel Bonner Year 12.

## THESE HAVE I LOVED

These have loved me and I them,  
For if they loved not me, then, how I them?  
To the foolish of mind and heart,  
I present my art,  
If art it be,  
To tell what dwelt inside of me.

These have I loved:  
The crisp, clear chuckle of a mountain stream,  
Where life is slow and cool,  
Where the sun reaches in with soothing beams  
And deer rest by a pool,  
In Peace.  
To this paradise came I, in my futility,  
To find the love which I thought meant for me.  
My fantasy was swallowed in misery,  
When I joined the crowd of screaming humanity,  
Come to see the scenery.

These have I loved:  
The bitter tang of burning pine,  
Wafting through a house of mine.  
Where demons dance to a silent tune,  
It was this that was my final doom.  
Poker and spade they did obey,  
Until the day they got away ...

So I turned, again, to another love,  
Of throbbing motors and belching mufflers.  
To the race track and its gleams  
With its plumes of vile smoke  
And the high pitched screams.  
Or many a day I sat before,  
The circular track where men went to war,  
It was great fun until I spied,  
A young man who sadly died.

To love of women turned I then,  
For it is better than the love of men!  
She was fair, as fair can be  
And I thought she was in love me.  
Her hair, soft as silken thread,  
Was sweet red wine upon her head.  
Her mouth, so full, so pert, so sweet  
Did to my lips faithful keep.  
Until he came, all sleek and lean,  
I never thought men could be so mean.  
He made it so she could not think  
And, eventually, drove me to drink.

To the enticing depths of deep red wine,  
Came I to love things not so fine:  
The acrid smog of dense, dark cities,  
Filled me with no sense of pity,  
For the polluted mountain streams,  
Which once were clean, clear and full of dreams.

I loved the smell of burning toast,  
But what really I loved the most,  
Were dirty clothes and smelly beds,  
Grimy sheets and itchy heads.

The smell of vomit, the slime of oil,  
Did bring my senses to a boil.  
And now,  
Here I sit, in a padded cell,  
People think my brain's not well.  
I cannot see what they mean,  
When they say "your brain ain't clean!"  
Anyway, I've said enough,  
I don't think loving is all that tough,  
So to all you fools who dare to love,  
I say to you that's for the doves,  
I don't think love is what you need,  
Take my advice, reject the deed.

**Richard Steel Year 12**

## THE SEA

Water gleaming in the light of the rising sun,  
a crisp breeze and a pale blue sky,  
the distant horizon beckons the trawlers to leave for their  
daily catch,  
to cause a wave which cuts the shimmering reflections cast  
across the water;  
And all the while, the smell of bacon frying and sausages  
crackling  
as the kettle boils and sets a lingering siren to awaken the  
dreamer.

And there is silence ...

The wind breaks the gleaming water,  
and the water-skiers take advantage of the early morning calm  
to shoot from left to right in the cool water  
And the surf-skis pass, with the steady beat of paddle on  
water;  
a ripple approaches, a wave that causes a shudder that can  
sink the unwary;

And the sun has risen.

The morning becomes afternoon, the afternoon night;  
as the trawlers return with tomorrow's dinner,  
And the starry night falls silent.

**Greg Alexander Year 12**

## GHOSTS

Ghastly noises, spooky sounds,  
Mind panics, heart pounds.  
Muscles tense, spine chills,  
Teeth chatter, Body thrills.

Spectre appears, poltergeists bump,  
Skeletons rattle, ghouls thump.  
Vampires bite, Frankenstein grumbles,  
Werewolves growl, Satan mumbles.

Help! Help! My fear takes over,  
The door opens .....  
Oh, it's only you,  
Mother.

**Hai Phu Year 7**

## BEAUTY IS IN THE EYE OF THE BEHOLDER

Purple paint and bright green stripes  
Patched upholstery of various types  
The doors don't lock, the windows don't wind  
There are no mag wheels of any kind  
A six cylinder engine and four on the floor  
But only three cylinders work, you don't need any more.  
Its fuel efficient as you can see  
For the engine to run on only three  
The gearbox though is a little worse  
It won't shift into first, third or reverse.  
It rides a little rough as you'll soon know  
The suspension and shockers went ages ago.  
Cruising for chicks, I'm a cool Romeo  
With Ron Casey booming from my radio  
The steering has had it and the brakes are shot.  
It tends to stall more often than not.  
I fill up with petrol, fill the tyres with air  
And my car doubles in value with change to spare.  
Most people laugh as it splutters on by  
"What a crate; What a bomb", I can hear them cry  
But I really don't care, I think its just fine  
For most important of all, I know its all mine.

Karl May Year 12

### THE RUMOUR

Each word lingers,  
like a bad taste in the mouth.  
Each word another blow.  
A gradual bludgeoning,  
a slow, slow death,  
at the hands of a poison pen friend.  
The axeman continues  
deeper, deeper.  
The blows are heavier,  
syllable by syllable.  
The heart pounds out an amplified message.  
'Stop it, stop it' the pleading call.  
Controversy, scandal, career in ruins.  
A Tall Poppy crushed and left to perish.  
The sobbing is over,  
feel the pain,  
absorb the heat, time to explode.  
Front page, prime time news,  
banished now to the depths of hell.  
Scarred for life in a raging inferno.  
The ink runs, innocence the victim.

Matthew Olliffe Year 10

### PLEASURES

These give me pleasure:

Shifting, moonlit dunes of the night sky-desert;  
Girl's gleeful giggles like jingling milk bottles;  
The warmth of fire, lying on sheepskin;  
Hot pancakes, sweet chocolate,  
A whiff of smooth leather;

Silver star speckles on black night velvet;  
A pure cold sniff of mountain clean air;  
Sleek black cars, purring like panthers;  
Crispy new bank notes,  
Hissing hot steaks;

Sensual females in swim suits, tight clothes or nothing;  
The warm scent of a perfumed neck;  
The sea at sunset - boiling gold;  
Pungent tobacco,  
Clear icy hot streams;

The way light dances on burning red coral;  
The seducing fragrance of flower-filled forests;  
Crimson fairy floss, melting on tongue;  
Smelling freshly ground coffee,  
Bright orange city lights;

Spine-tingling goosebumps from the soft lick of cool water;  
Sickly-sweet smells of sun lotion on flesh;  
The strange wet, seducing, warm taste of a kiss;  
Juicy, tile-red apples,  
Rocks sucked underwater;  
The wincing bitter bite of uncorrupted lemon juice;  
Haunting harmonies of human voice symphonies;  
Gallop horseback, exhilaration like being god of the wind;  
The coarse touch of bark,  
Erotic strokes of satin;

All these have been my pleasures.

Tarek Ayoub Year 12

### AN ANTI-POET'S TALE

One fine day, although school days are never fine,  
The teacher said "all right class, write me a poem,  
about fifty lines"  
The masses groaned, students opting to give it a pass.  
"Do it now, or it's a detention class!"  
The brains ticked, the brains tocked.

"Don't forget your symbolism, your similes and metaphors"  
Their imagination ticked over like never before.  
Seconds passed like hours, the poems never rhymed,  
No one really cared, they were racing against time.

The Shakespeares finished, and then the rest  
They handed them in, hoping they'd passed the test,  
It was their worst effort yet, atrocious at best.

Two weeks later, the moment of truth  
Those who passed claimed it a fluke  
Those who failed were sent home mail.  
And that dear friends, is the end of this tale!

Winston Liu Year 11

## VISUAL ARTS DEPARTMENT

It was once stated that **"The personal nature of art is related to two factors - the source of the subject matter and the manner in which the design is developed"**. During 1989, the Art Department has been actively involved in a number of activities which were planned to supplement the personal experiences of the art students. As a result, these contributed to the enhancement of their art making.

During March, a combined Visual Arts/Music excursion for all Year 7 and elective students to a performance titled, **'Hello'** provided students the necessary stimulus for the creation of their own art works. This excursion also included a visit to a small exhibition of H.S.C. art works at The Rocks.

Other excursions include a visit by all Elective Art Students to Lewers Gallery, Penrith, to view a selection of H.S.C. major works; to Lydham House (a local Georgian style house); to the Art Gallery of N.S.W. and to various local churches near our school.

The Art Department has also been actively involved with the setting up of art exhibitions for the School Parent/Teacher Nights and the highly successful exhibition of our own 1989 Year 12 H.S.C. art works. As part of the Year 12 art exhibition, each student provided a brief explanation on their art work at a function held after school.

A number of art works by Sydney Technical High Art Students returned from Japan where they were exhibited in The Tokyo Metropolitan Art Museum as part of the 1988 N.S.W. - Tokyo Art Exchange. Our students art works were exhibited along with student art works from New York, Paris, Beijing and Seoul. Each student received a Certificate of Appreciation from The N.S.W. Director-General of Education and a small gift from Japan.

As part of a 3 Unit Visual/Verbal Study, Brad Ward (Year 12) became so concerned about his topic, Australian Pedestrian Malls, he wrote a letter to The S.M.H. Editor. On the following Saturday, his letter to the Editor appeared in the newspaper.

The Art Department is also proud of Herbert Ng, an elective art student in Year 9. Herbert was a successful entrant in the 1989 Carnivale Poster Competition run by The Ethnic Affairs Commission of N.S.W. Herbert's art work was transformed into an official poster. On Monday, August 21st, The Premier of N.S.W. presented Herbert with a cheque for \$500.

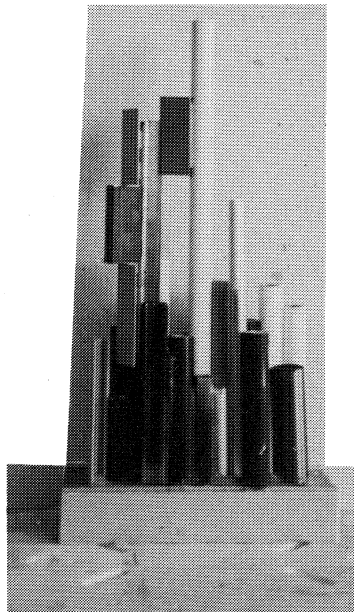

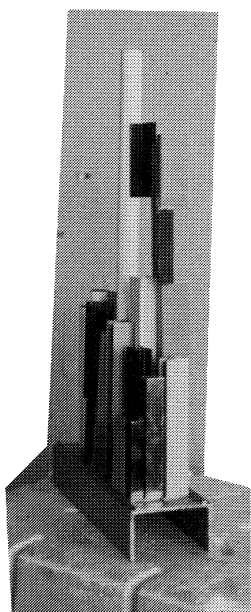

During Term 3, a Year 8 class participated in the Regional Exhibition, **"Art Through the Ages 5-18"**, an exhibition designed to demonstrate the various ways students learn in the Visual Arts. This will be followed by a statewide exhibition at The Art Gallery of New South Wales.

The Art Department in association with The Sydney Morning Herald was again involved with the running of the **"On This Day"** Art Award. Brett Whiteley agreed to act as our 1989 patron and The Powerhouse Museum provided the venue for the exhibition and presentation night. This statewide art award attracted thousands of entries from high schools as far afield as Broken Hill, Molong and Armidale. On Tuesday, August 15th, over 250 art students from our school participated in this event.

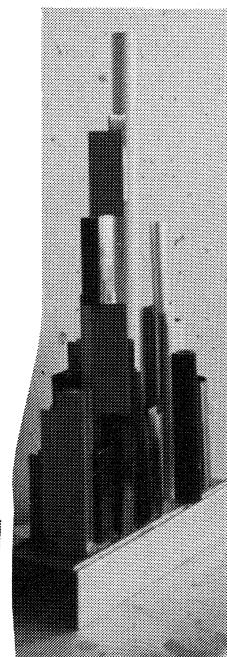

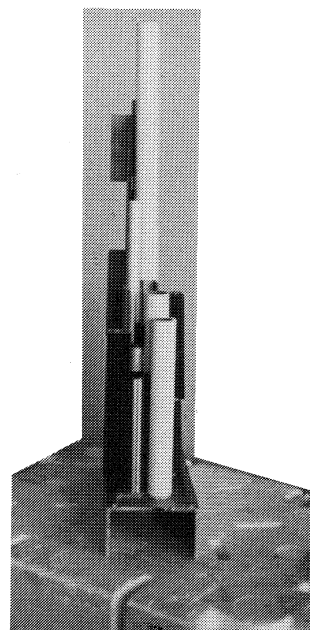

Specialist Art Rooms providing either 2D or 3D facilities were established during 1989. 1989 also represents the first year in which Year 7 students have been allocated 3 periods per week for Art. Both changes to the structure of the Art Department have been a great success.

Finally, our Art Department is implementing the new Visual Arts Program and we look forward to continuing with this format in 1990.

### SCULPTURE/ABSTRACT

Izzac Guttenberg (Yr.9)

# Carnivale celebration for Herbert, 14

CARNIVALE means fun, celebrating Australia's multi-cultural heritage — and Sydney Technical High School student Herbert Ng couldn't be happier, now that his art work has been chosen to promote the festival.

The Hurstville Year 9 elective art student's poster was one of eight selected from more than 300 entries in the Ethnic Affairs Commission of NSW poster competition.

With more than 20 different nationalities represented at Sydney Technical High, Herbert's poster captures the spirit of the school's multicultural flavour including his own Chinese ancestry.

Herbert, 14, almost missed out on winning the \$500 prize money as he only found out about the

Story: DIANNE MCGILL  
Photo: BRYANT BUCKLEY

competition one week before the closing date.

But his detailed art work, depicting migrants in their various national dress standing on a map of Australia, belies any indication of being finished in a hurry.

Herbert's school actively encourages its art students.

Art teacher Tim Fong organised Sydney Morning Herald's "On This Day" Art Award which is open to all NSW art teachers and secondary school students.

The competition is unique — it provides recognition for entrants

whose fortes include drawing, printmaking and photography as well as painting.

Entrants commence their art work on August

15, when the Herald announces the 1989 theme, and they have one month to complete the piece.

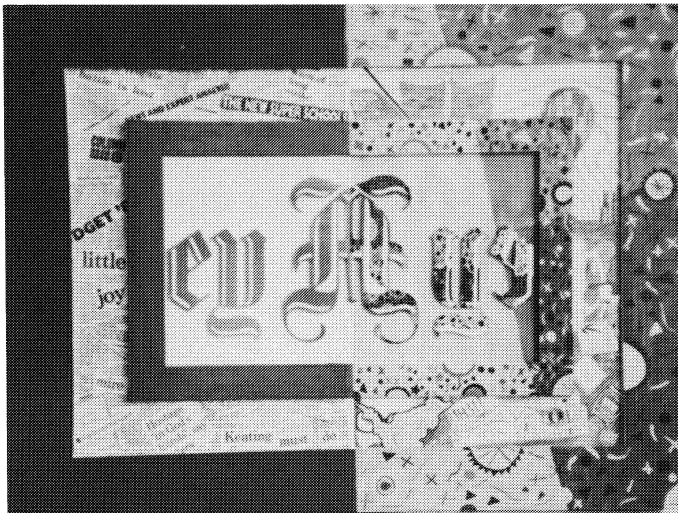

The winning student will receive \$1000 cash

For more information, contact Mr Fong on 587 5899.

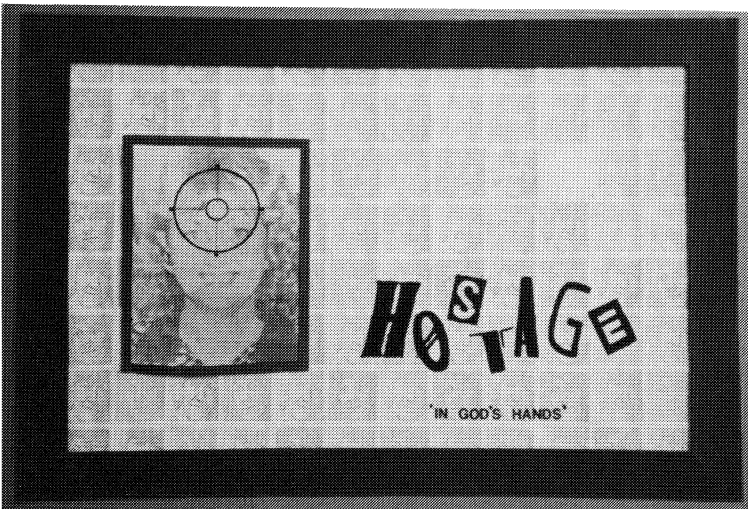

WINNING artist Herbert Ng.

# Front page art award theme

A SYDNEY Morning Herald front page has been selected as the theme for the 1989 On This Day Art Award for NSW secondary school students and teachers in State and private schools.

When the OTD organising committee announced the theme on August 15 approximately 2000 students from all parts of NSW set to work on their entries — drawings, photography or print making.

The competition was created last year by Mr Tim Fong, an art teacher at Sydney Technical High School, Bexley.

The 1988 patron was the late Lloyd Rees

This year's patron is artist Brett Whiteley.

At Sydney Technical High School 250 students armed with a pencil, drawing paper and a copy of the front page of the 47,412th edition of the Sydney Morning Herald spent the morning drawing their response to the articles, photographs, illustrations and Column 8 anecdotes on this page on this day.

The entrants have until Friday, September 15, to

By FRANCIS  
SCHOOLMAN

complete their art works.

The 1988 theme, My Place of Learning, provided art teachers and students with the opportunity to describe their place of learning, while the 1989 theme will highlight the role of the artist as a social commentator.

Many schools in NSW have now adopted the procedure for the On This Day Art Award for their art programs.

The award carries a prize of \$1000 for the winning student and \$300 for the runner-up.

For art teachers the prizes are \$3000 for winner and \$400 for runner-up.

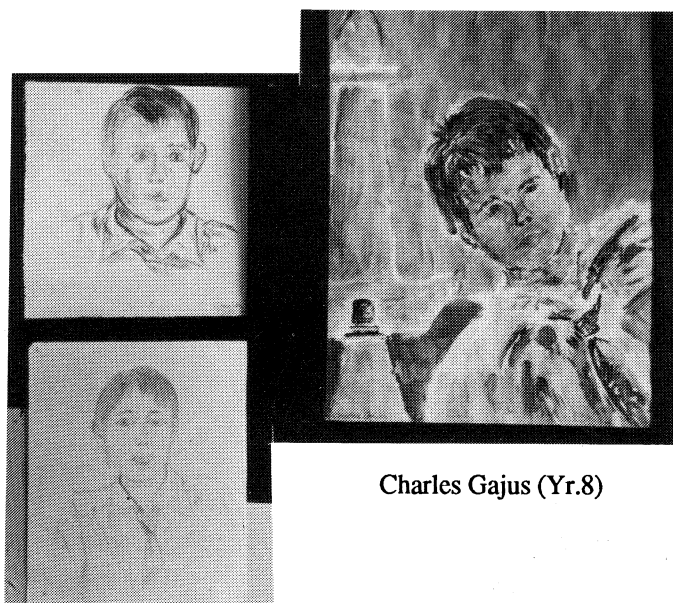

The judging panel includes Terence Measham, director, Powerhouse Museum; Noel Cislowski, director, City of Sydney Cultural Council; Liz Gibson, education officer, Art Gallery of NSW; Dr Graeme Sullivan, lecturer, City Art Institute.

A selection of art works from the competition will be on display at the Powerhouse Museum from Saturday, October 21, to Sunday, November 5.

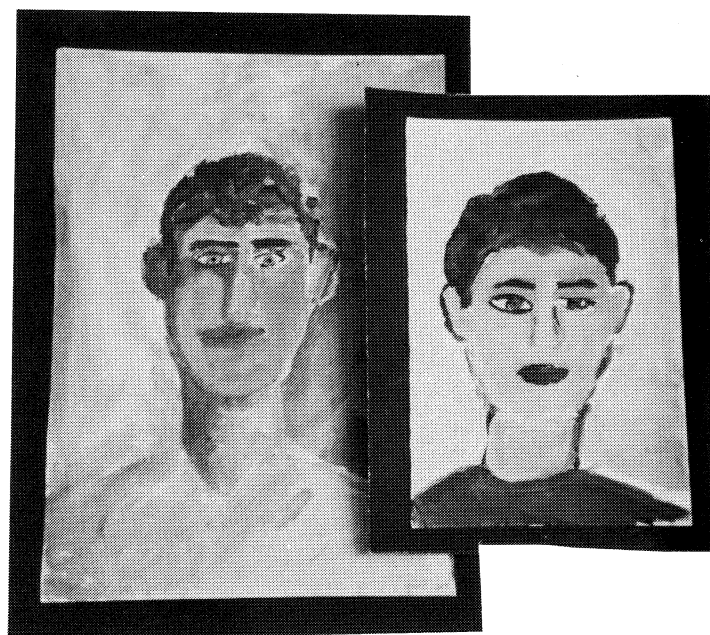

YEAR 11 elective art students Michael Baker (left) and Christian Rabinau of Sydney Technical High School, Bexley, start work on entries for On This Day Art Award.

## MYSELF

Charles Gajus (Yr.8)

Daniel Saad (Yr.8)

## MATHEMATICS DEPARTMENT

It is always gratifying for a teacher to see students tackling a challenge with enthusiasm, so I can easily say that 1989 has been a gratifying year.

Among the many challenges our students have taken up this year, have been the J.L. Williams Prize Competition, the I.B.M./University of N.S.W. Mathematics Competition, the Canberra C.A.E. Mathematics Day (Year 12), the Mathematics Olympiad, the Darling Downs Computer Competition and the Westpac Mathematics Competition.

As a result of the first two of these, Alan Wong and Peter Williams, both of Year 11, have been invited to apply for the National Mathematics Summer School and have gained places amongst the top 200 Mathematicians in Australia; thereby qualifying for the Australasian Mathematics Olympiad team. Alan earlier this year gained a certificate of merit for his efforts in the Olympiad Competition.

Our Year 12 team gained a creditable 7th place overall at the Canberra Maths' Day and were placed as high as 3rd in some individual events. Other results are not yet known but whatever they might be, I'm sure students of Sydney Tech High will continue to benefit from their involvement in these enjoyable and challenging activities.

G.R. McLean (Head of Mathematics)

### "1989 MATHS DAY"

It is the third year that students of Sydney Technical High School have competed in the very exciting Canberra C.A.E. Maths Day. Each year, the Day attracts the best students from Schools as far away as Melbourne, Wellington, Bega, Bomaderry, Young, Wagga Wagga and Sydney. In all 38 schools were represented, 18 of which were schools from the Canberra and Queanbeyan region.

Sydney Technical High School was again made to feel proud with the performance of this year's team who were placed 7th in the competition. The team consisted of Daniel Bonner, John Lew, Jonathon Herald, George Kariotis and Andrew Boyden. It was pleasing to see our boys and so many other students obviously enjoying the "brain sport" of mathematical puzzling. The various events ranging from the very creative productions for the Poster Contest, through to the challenges of the Group, Swiss and Individual Contests and culminating in the frenzied activity of the Relay Contest, provided a stimulating day.

On behalf of the team, I would like to thank the organizers of the Maths Day and also to the Old Boys Union and Student Union for their generous donations which makes our attendance on this day possible.

Mrs. P. O'Reilly

Below is an example of the Swiss Contest. See if you can complete the squares by first working out the pattern.

x		35		54		12		21		25		52		19		73		90		93		29		9		1/2		8		1/3		36		63		64	
y		243		625		1		2																													

Solution to problem is on page 42.

### TALENTED STUDENT'S DAY

On Thursday, July 20th, Mr. Hempel and seven Year 12 4U Maths students went to the Talented Maths Students Open Day at the University of Sydney. Held annually by the Mathematical Association of N.S.W., the Open Day aims to foster interest in unconventional and higher branches of mathematics, with a series of talks presented by University lecturers.

The day, attended by about 700 students from around the state, was divided into four sessions of lectures. There were in total 33 topics to choose from, ranging from the ubiquitous - computer algebra, advanced counting, Newton's Method - to the bizarre - How to Keep a Secret, Life and Death, Beach Pollution, and even Marriage Problems.

We have gained considerable new insights into mathematics from the experience. For example, we all know of 1-D (like string), 2-D (paper) and 3-D (solid), but have you heard of 1.26-D? A fascinating area, yet only one of the many incredible concepts introduced at the Maths Day. Another lecture was on the mathematics of tangled strings, a branch developed as recently as four years ago!

The day was enjoyed by all who attended. Thanks to Mr. McLean for organizing our participation.

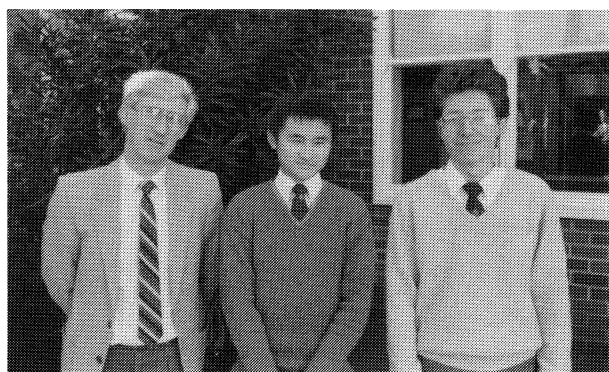

John Lew

## ENGLISH DEPARTMENT

This has been a year of change for the English Department. Not only have we all evaluated our programmes and rewritten many of them, we have decided to extend into new areas such as drama and theatre productions. All students in years seven to ten will have the opportunity to see professional theatre groups who come to the school. We are also planning our own productions as a part of a revival of theatre in the school.

We continue to encourage students to enter writing competitions, both prose and poetry. Seventeen students entered the "Young Writer of the Year" competition sponsored by The Sydney Morning Herald. We also submitted a lot of articles for inclusion in the Metropolitan East Region's student Magazine T.O.P.P.S.

During my first year at this school I have been impressed by the enthusiasm and professionalism of the English Staff, all of whom are dedicated to the development of their students in the vital areas of literacy and the humanities.

Thanks to the staff for helping to make my first year at Tech High a pleasant one.

**S.L.Dando (Head of English)**

## SCIENCE DEPARTMENT

Science is a subject much in demand enabling the school to offer a wide choice of Physics, Chemistry, Biology, and Geology in the Senior Years. An essential component of Science in the performance of practical work for which a good stock of essential apparatus and chemicals is available for regular student use. The fact that some of the equipment is quite old speaks praise of the way in which the boys handle their practical work.

The Science Department is building up stocks of a variety of reference books grouped into class sets. The teacher uses these books in class where appropriate, guiding students to seek information and to compile their own notes on a segment of a topic. Students then gain proficiency in simple research and library skills. The eventual aim is that background reading in Science will become a habit rather than an exception.

In the context of developing talented students, participation in state wide competitions has been actively encouraged. Very commendable results have been obtained in the National Chemistry Competition and the Australian School Science Competition. Cash awards for being placed in the top 1% of the state were won by:

Year 7 - Nathan Jamieson, Hai Phu, Kevin Tay

Year 8 - Adam Greaves

Year 9 - Matthew Markey, Michael Nelson, David Robertson, Matthew Suter, Simon Wotherspoon

Year 10 - Andrew Easton, Mark Graetz, David Gray, Raymond Ng, Jeremy Scrimes, Anthony Williams.

**R.Booth (Head of Science)**

## LIBRARY

Our major aim this year has been to prepare the library for automation. Eventually all public school libraries in N.S.W. will be provided with the OASIS Library System. The Education Department is providing the software for the library, but the school at this stage must provide the hardware.

Our first priority will be to convert our traditional card catalogue records to OASIS. The complete conversion will require years (not weeks), for in a school library we cannot close down or get in extra help to complete the task, but must fit in automating the library with running it for students at the same time. However, it is hoped that by the end of the year there will be sufficient records - all new materials plus a large section of the fiction collection - for students to begin using the system.

We believe it is essential for students of this school to begin using an automated system. Many will go on to tertiary institutions where such systems are used and card catalogues are a thing of the past. Also many public libraries, e.g. Hurstville, have become automated. More importantly an automated system allows students to find information etc. much more easily and successfully than a manual system. Often the first three letters of an author's name or a word from a title will find the wanted entry.

When all the resources have been entered the borrowing system will also be fully automated. Then it will be possible to know, not only that the library has a certain item but also whether or not it has been borrowed. The library staff is very enthusiastic about this new system and we believe that once the students are given the chance to use it, they will be equally enthusiastic.

**B.Smith (Librarian)**

# INDUSTRIAL ARTS DEPARTMENT

## OUTSTANDING STUDENTS WIN \$8000/YEAR!

Four of our leading Engineering Science students were chosen from over a thousand to receive Scholarships worth \$8000 a year to study engineering courses at the University of N.S.W.

This is a magnificent result for some very deserving students who are already reaping the rewards of their hard work. The Industrial Arts Staff wishes to congratulate these lads on their good fortune and to wish them the best for the future. Each one was a pleasure to teach.

These prestigious scholarships are an innovative program designed to attract high performance students into a variety of careers, and these people will eventually take their places as leaders of commerce and industry.

Watch for these names making their mark in the future:

Cameron Lock	Civil Engineering
Peter Stelzer	Electrical Engineering
David Vaz	Electrical Engineering
David Weidemier	Electrical Engineering

You were at school with these lads - will **they** remember **you**?

## INDUSTRIAL TECHNOLOGY - ELECTRONICS

Eight candidates are presenting major works in Electronics for the H.S.C. this year. A variety of skills and talents have been demonstrated with some very ambitious projects nearing completion. They will do well.

Three of the six boys who left the course at the end of Year 11 have carried their interest through into electrical trades apprenticeships.

The prospects for Industrial Technology in 1990 look very encouraging with eighteen boys in Year 11 this year, and enough interest from Year 10 to generate another class next year.

## COMPUTER AIDED DRAWING/DESIGN (CAD)

In 1988 a group of our students and one of our Industrial Arts Teachers had the privilege of being involved in a joint TAFE Schools project, "The Workskill Olympics". This involved the loan of an IBM computer and a CAD package - AutoCad. It was this opportunity that launched Sydney Tech. into the real world of Computer Aided Drawing. Earlier this year the School purchased a similar computer enabling us to incorporate CAD into the regular Industrial Arts classes.

Computer Aided Drawing (or Drafting, or Design) is the production of Engineering, Architectural, Structural, Workshop, Cabinet drawings, all those that we label "**Technical**", with the aid of a computer. Many misconceptions arise when one begins to talk of CAD, some think that it is really only involved with playing games, others think that it means only the glossy three dimensional images that we see on TV programmes such as Towards 2000. The basis of CAD is that the graphic image is stored on a disc just as is a word processor document or a games programme. One of the benefits of this is that when alterations need to be made the file can be retrieved and updated without having to erase lines drawn on a piece of paper. Another major time saver is that commonly used features can be stored in a "**library**" and copied into any drawing and positioned or scaled to size as necessary. There are many other benefits which involve the computer doing some of the "**thinking**" for you making accurate work much simpler.

In recent years the Technical Drawing syllabus has been changed to address the changing needs of students and the changes in Industry and Technology. One of these changes has been to make some form of CAD compulsory in all lobes of Technical Drawing. Until this year we have not really been able to fully satisfy these changes. In 1989 both the students and teachers have benefitted from being able to keep somewhere near the forefront of technology in this field.

**D.McKern (Head of Industrial Arts)**

## HISTORY DEPARTMENT

This has been a year of co-operation, change and growth for the History Department. We combined with the Language Department to stage an Ancient Day for all Year 7 students. They were given the opportunity to experience events which occurred in Ancient Greek and Roman times. They were able to fight as Greek soldiers at Marathon or Thermopylae, lug a Roman Legionary's equipment, dress as an ancient Briton, Greek hoplite or Roman Legionary and re-enact an event which did occur in the past. During an "entertainment" in the Colosseum, Emperor Caligula, alias Mr. R. Morgan, made some very serious life and death decisions for which the relevant victims were most grateful.

We were fortunate to be able to have Peter Lee return to show Year 8 the delights, trials and tribulations of living in medieval times. Our "Ancient and Medieval Day" for them was a great success for these students dressed up as characters from the past and experienced many activities common to the period. Mock battles saw much enthusiastic participation and long bow and cross bows were used without injury to others.

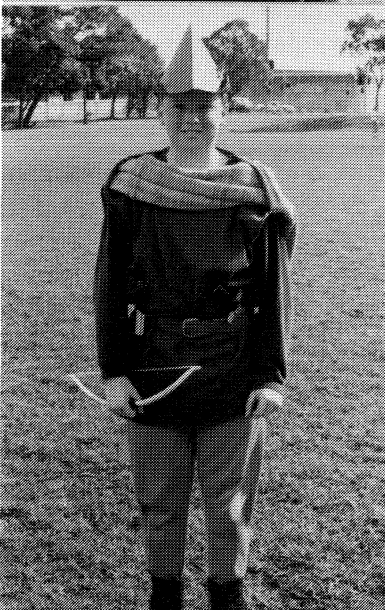

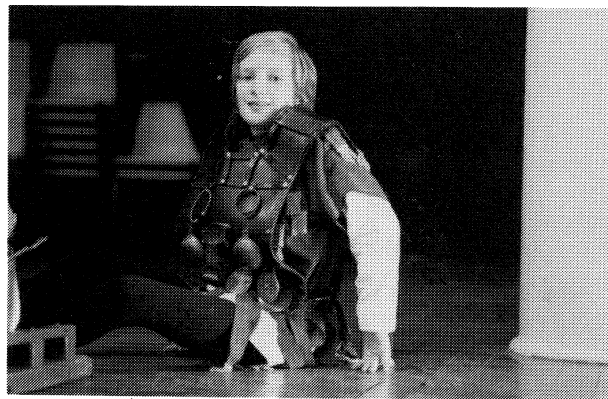

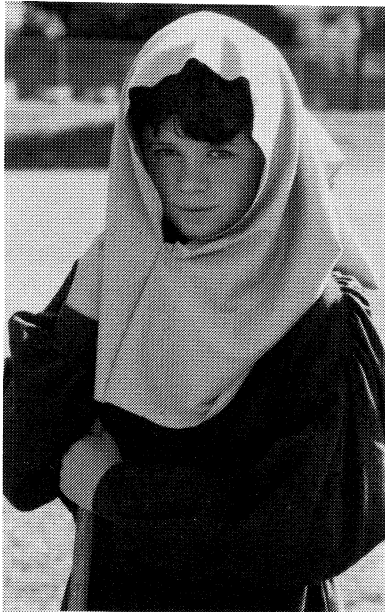

A member of our staff, Mr. B. Derwent, has continued to enthuse his students in Legal Studies classes. They visited the High Court and Parliament House and on a lower plane, they were shown the delights of the local court charge day at the Kogarah Local Courts.

Three prize winners in a N.S.W. competition run by The Order of Australia Association came from students in Year 10 - Arand Gokani and Jason Shea were equal 1st, whilst David Ackling won 2nd Prize for essays on Australia's past, a chance for them to research and explain who they felt played a prominent part in Australia's development. Many thanks to the three teachers who helped - Mr. T. Kistle, Mrs. R. Washington and Mr. P. Heath.

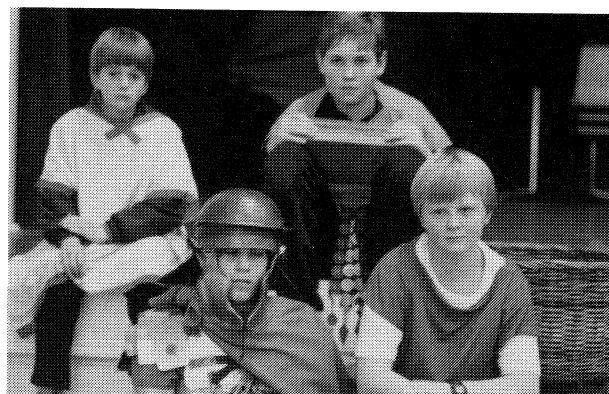

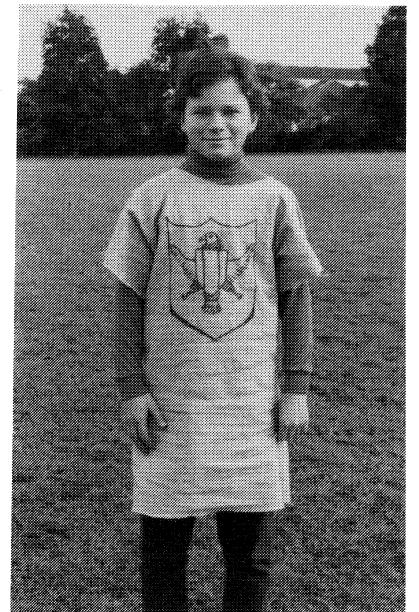

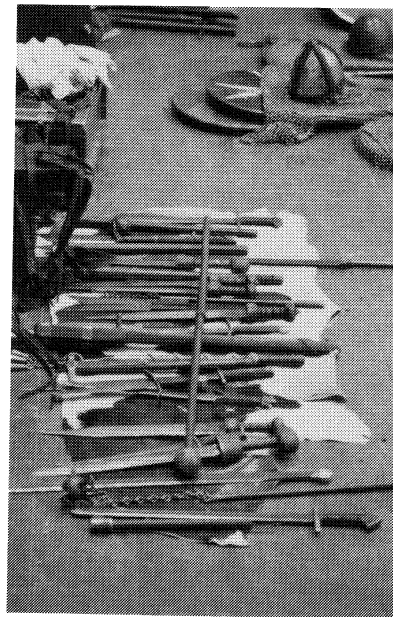

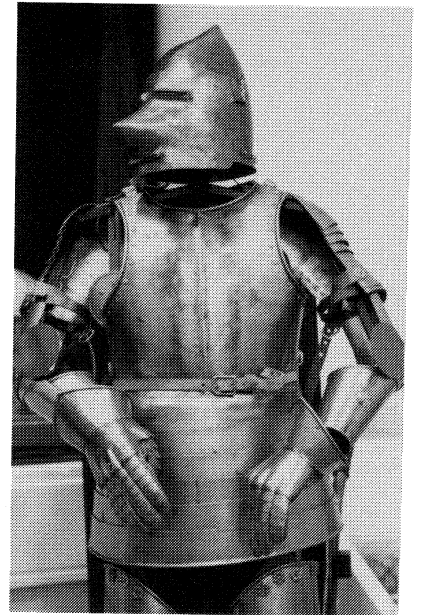

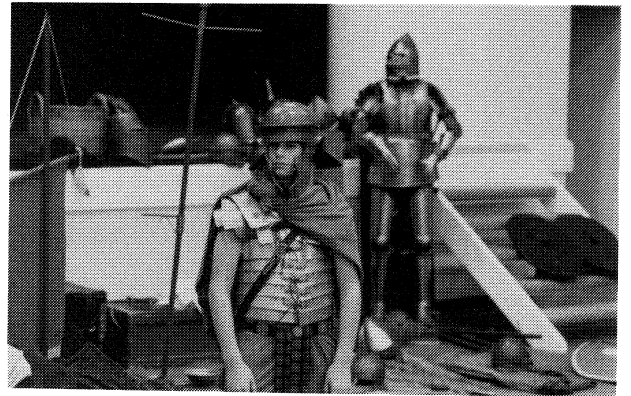

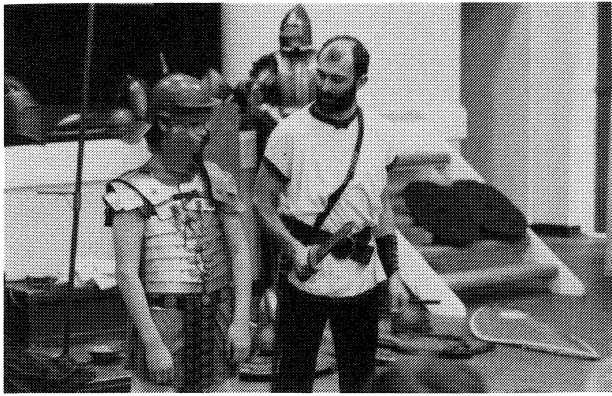

Senior Ancient History students attended Study Days at Sydney and Macquarie Universities whilst senior Modern History students achieved outstanding results in the new Modern History Course examined for the first time last year.

Finally, I would like to thank the History Staff for their co-operation, professionalism and enthusiasm.

**Helen Emanuele (Head of History)**

## SOCIAL SCIENCE DEPARTMENT

The Social Sciences Department during 1989 experienced many changes with the introduction of the new Geography Syllabus in Year 12 for the first time and the introduction of the new Economics Syllabus in Year 11. New Syllabi brings many new demands on staff, the need for and development of new resources and the time for staff to present these new syllabi to the student body in a meaningful manner. It is with much credit, dedication and hard work that the teachers of these Senior classes have responded to the challenge. The Junior School saw a further consolidation and once again Social Sciences proved to be a popular faculty with numerous subjects being offered.

Fieldwork is still an important part of the Social Science curriculum with most of the major excursions running again this year. Social Sciences at Tech continued to be characterised by some very fine achievements - in the 1988 H.S.C. Geography had the highest 2U mean scaled mark of all subjects in the school and 2U Economics the third highest mean scaled mark (excluding 3U/4U marks).

Being environmentally aware many of the Social Science Staff under the guidance of Mr. Roper have continued to develop the "Rainforest Area". Our thanks go to Mr. Roper for the many plants, trees, ferns etc he has generously donated.

Finally, I would like to express my appreciation to my staff for their continued commitment, cooperation and their professional approach throughout the year. These dedicated professionals have made this department one of the leading department in the School and it is a pleasure to be associated with such genuine and talented people.

G.Langford (Head of Social Science)

## LANGUAGES DEPARTMENT

1989 has been a busy and productive year for the Languages Department. In April Year 7 Latin classes attended an in-school excursion organised in conjunction with the History Department. Peter Lee gave them a fascinating insight into the realities of life as a Roman soldier and many students were able to actively participate in the performance.

Year 8 French and German classes have enjoyed learning about French and German food. Year 8 French celebrated the Bicentenary of the Revolution by indulging in a mini-feast "a la francaise" whilst Year 8 German learnt to savour the delights of Bratwurst, Schinkenbrot and Schwarzwälder - Kirschtorte!

Our Seniors continue to make their contribution to Multicultural Australia by pursuing their language study in depth. We are delighted with the award of an all expenses paid scholarship to Matthew Fishburn in Year 11 to further his studies in Germany from November 1989 until February, 1990. It is also pleasing to have had a senior Latin class in Year 11 this year - the first for some years. Very few schools are able to offer their students the opportunity to study Latin - it is good to see the long tradition of this subject at S.T.H.S. being continued.

The one change to the Languages staff this year has been the departure of Mr. Langdon, who after a hard year's work here took up a position in the Special Programs Directorate and was replaced as Head Teacher by Mrs. Fletcher from Jannali Girls' High. With the hard working efforts of Mr. Staples, Miss Francis and Mr. Reynolds we are confident that the Languages Department will continue to grow and thrive in 1990.

R.Fletcher (Head of Languages)

# SPORTSMASTER'S REPORT

1989 has been another highly successful sporting year for Tech, and congratulations must be extended to the boys and the Staff involved in grade as well as non-grade sports. The high level of enthusiasm, skill and sportsmanship displayed by our school teams is most encouraging and once again reinforces Tech's reputation as a great sporting school. The school is currently the champion school in the Zone for sport and is also the champion school in the Zone, Swimming, Cross Country and Athletics.

Listed below are results of the year's activities:

## PREMIERSHIPS

1st Grade Hockey	14 Yrs Tennis
1st Grade Golf	13 Yrs Tennis
2nd Grade Hockey	15 Yrs Rugby Union
2nd Grade Tennis	14 Yrs Rugby League

**JUNIOR CROSS COUNTRY**

## **DAVIDSON SHIELD**

The Davidson Shield team were once again very successful making it to the last eight schools in the state before being beaten by eventual runners-up, Taree H.S. Although we did not win the competition as we did last year this was an outstanding effort as there were only three players backing up from last year's victorious team.

Victories over Matraville, Peakhurst, Hurstville and Hurlstone Park Ag. resulted in us travelling to Taree where the players, coach and bus driver (Mr. Ward) were treated to the legendary country hospitality on our overnight stay. The only unsatisfactory aspect was the result but the pain of this loss was made more bearable by the friendliness of the Taree players, billeting families and staff of Taree H.S. - for this we thanked them greatly.

Team members were Cameron McComb (capt.), Justin Gale, David Gainsford, Dean Brazier, Paul Angus, Matthew Whitby, Peter Mitchell, Mark Tait, Andrew Nicol, Darren Burgess, Chris Benjamin and Mark Koenig.

I take this opportunity to express my appreciation of all those who helped in this campaign - the parents who assisted with transport, Mr. Ward for driving our rent-a-bus, Mr. Bill McRitchie for being available and willing to umpire and finally the staff of S.T.H.S. and our Head Teachers, (Administration) for taking and allocating my classes as extras on the days when I was at the cricket.

**N.Roper (Manager)**

### **1ST GRADE CRICKET**

At the time of writing the first XI are undefeated having relatively easy victories over Canterbury, Belmore and Hurstville. The major obstacles standing in the way of winning the competition would seem to be team complacency and perhaps a lack of application by some of the more senior players who have occasionally shown signs of not applying themselves as seriously as they should.

Team members: Cameron McComb, Justin Gale, Dean Brazier, Paul Angus, David Gainsford, Mark Tait, Matthew Whitby, Mark Burgess, Andrew Nicol, Darren Burgess, Chris Benjamin and Mark Koenig.

**N.Roper (Manager)**

### **15YRS CRICKET**

The team comprised D.Edwards (Capt.), C.Gorman, A.Cook, C.Bratt, M.Spencer, B.Wilcox, D.Thomas, R.Tait, B.Piggott, M.Olliffe, T.Small and M.Gross. This team began the season with great enthusiasm and skill - so much, that they have swept all opposition comfortably before them. The standard of gamesmanship and professional attitude has been so high as to virtually ensure continued success throughout the year.

**P.Edwards (Coach)**

### **14YRS CRICKET**

The 14 Yrs cricket team have performed exceptionally well so far this season. Ably captained by Greg Blake they have convincingly won every match. Canterbury received the most crushing defeat losing outright when, in reply to S.T.H.S.' 90, they could only put together 32 runs in two innings (being all out for 11 and 21).

The team's success is due to some outstanding individual talent including some fine medium pace bowling from Greg Blake (with best figures of 4-5 and 3-7), Mike Dunn (4-3, 2-8) well supported by Brett James, Michael Brien, Craig Hudleston and Kien Tran.

The batting has also been superb. Brett James, Michael Brien, Greg Blake, Chris Parker and Peter Bailey have all scored well and while there hasn't been much opportunity for all the team to bat so far we look forward to seeing what they can do in the future. If the team continues to play up to this fine standard they are guaranteed to make the final without too much difficulty. Well done boys.

**P.Heath (Coach)**

### **13A CRICKET**

After 3 games the team is undefeated beating Canterbury by 15 runs, Belmore by 9 runs and Hurstville on the last ball by 1 run. These results have not been convincing and it will all depend on the games in the 4th term if we are to reach the final. Craig Lucas (30) and Peter Svensson (15 and 10 not out) have been the only batsmen to show form while Justin Skinner with 5 wickets and Cameron Hoban (5 for 5) against Canterbury have been the best of the bowlers.

**S.James (Coach)**

### **13B CRICKET**

The 13B Cricket team were a great team under pressure and were undefeated throughout the season having some great victories against Canterbury, Hurstville and Belmore. By far our best batsman was Robert Buttlng. Gavin O'Donnell and Daniel Occhipinti were the star bowlers, snatching quick wickets in every game they played, but without the rest of the team we would not have gone so well.

We would like to thank our Coach, Mr. Derwent for his efforts.

**Daniel Occhipinti**

Front Row: C.Hoban, P.Svensson, T.Allen, G.Hempel (Coach), A.Marsh, P.Dick, R.Bailey.

### 15 YRS BASKETBALL

Nine enthusiastic and talented basketballers have trained hard to reach a stage of competently combining good individual skills with effective and solid group manoeuvres. The results have been most rewarding with the only loss being the first of the season.

With continued training during the off-season, A.Antonopoulos, J.Ben Mayor, B.Huynh, S.Kariotis, S.Kotsireas, J.Ma, R.Nakhle, A.Parkes and A.Ziazaris have shown their dedication to the skills of the game as well as the sportsmanship of competition.

**R.Julian (Coach)**

### 14A BASKETBALL

With the competition at the half-way stage this team is showing improved form in a bid to secure a place in the semi-finals. Team spirit and enthusiasm are at a high, level and with team-work and individual skill levels making good progress, this team can look forward to the concluding stages of the Basketball competition with confidence.

This team plays its matches in a sporting manner and is representing the school with distinction.

**G.Coburn (Coach)**

### 14B BASKETBALL

This team has a record of excellent results and at this stage looks destined to meet Belmore in the final of the Basketball Competition.

Team morale, enthusiasm and teamwork are all highly satisfactory and this team is a credit both to itself and to the school that it represents.

**G.Coburn (Coach)**

### 13A BASKETBALL

After a slow start to the season, the boys have been the big improvers in the competition, in which teamwork has consistently shone out. The boys have settled in and have developed some lethal attacking combinations which have outwitted an often taller opposition. Hopefully, if the boys play as well in the second half of the year as they did in the first, they will shape up as strong semi final contenders.

**P.Graham (Coach)**

### 13B BASKETBALL

Unfortunately the team, like the 13A's, also had a slow start to the season, which is understandable since most of the team have never played before. However, as the season has progressed, their enthusiasm has enabled them to achieve some inspiring victories. The spirit of the team as a whole is commendable. Hopefully the combination of enthusiasm and talent will help the team reach greater heights throughout the second half of the season.

**P.Graham (Coach)**

Front Row: G.Gorgievski, D.Bowmaker, C.Andrew, J.Schweizer.

## **GRADE SQUASH**

The 14 Years and 15 Years grade squash teams are both undefeated at this stage of the competition. All boys have played well and displayed sportsmanship throughout the year. Our main competition will be James Cook High School and hopefully we will be able to continue to play well throughout the remainder of the competition.

Izzac Guttenburg has achieved some outstanding results in the 14 Years team and has been backed up by solid performances from the other team members. The 15 Years team have always achieved their results from a total team effort.

**J.Davis (Coach)**

## **OPEN VOLLEYBALL**

This has been a good year for the team. They have improved with each game and most members are very keen to train. Con Papas is a keen and eager captain. Peter Paradise is a very good player with lots of potential. Tony Parzakonis and Con Dolmas are the big improvers. Asher Joseph and David Chapman are steady, able players. Garth Whittaker and Paul Chai bring flair and unpredictability to our game. Alan Dayeh and Steve Foukkare have displayed the potential which the team will need in the future years.

This is a very good, happy team and I'm pleased to be their coach.

**B.Cranston (Coach)**

## **15 YRS VOLLEYBALL**

Raw talent, enthusiasm and hard training have paid off with the Tech side remaining undefeated and looking very much like finalists in 89.

The side has no real stars, but a great team spirit and understanding. Jonathan Andonakis and Peter McGrath provide the necessary height, Phillip Karabitsios & Gavin Wilkie provide the power serving and Andrew Papas, Christos Apostolakis and Anand Gokani wonderful court coverage and saving skills. In George Sklias of Year 7, the school has an excellent player of the future, possessing great ball skills and positional sense.

With such a talented line up, it is no wonder the 15's have occasionally upset the Tech open side at lunchtime. In fact, believe it or not, the team has even gone close to defeating the tremendous teachers' team, but never quite making it of course!

**E.Bertuccio (Coach)**

## **OPEN TOUCH FOOTBALL**

The 1989 touch football season has been an enjoyable one. The team remained competitive throughout the season and should reach the semi-finals. Fine wins were achieved by the boys brought about by committed effort in defence and willingness to throw the ball around in attack. Even more impressive than their play was the attitude and sportsmanship which was displayed.

Best & Fairest - John Fillipis.

**A.Gowan (Coach)**

## **14YRS TOUCH FOOTBALL**

The Under 14's grade Touch Football side had an up-and-down year. They were a largely inexperienced side, with 6 year 8 players in the side, along with 7 year 9 players. They were never a flash side, but always gave 100%, and took full participation in the half-time talk, showing their keenness to play.

They had a few very good wins, defeating James Cook 5-2 at the school, and a brave win against Narwee 4-3 at Bexley. They also defeated James Cook on foreign territory, winning 2-1 at James Cook High.

Best players for the side were - Luke Roxburgh, Geoff Rogers, Badi Mustapha and Evan Foster from Year 9, whilst from Year 8, Nick Brooke-Wood and Eddie Ku were consistent performers.

**Compiled by Team Members**

## **1ST GRADE GOLF**

Sydney Tech successfully defended its premiership by winning every match in 1989's wet winter of golf, defeating Narwee 6-1 in the semi-final and James Cook 6-1 in the final at St.Michaels.

It was no surprise too, with four of Tech's players remaining undefeated; No.1 and regional team member Sual Griffith led the way by winning all his games, as did young Ben Wilcox and rookie Mark Heath. For the second year in a row Cameron McComb remained undefeated, and he will be missed next year.

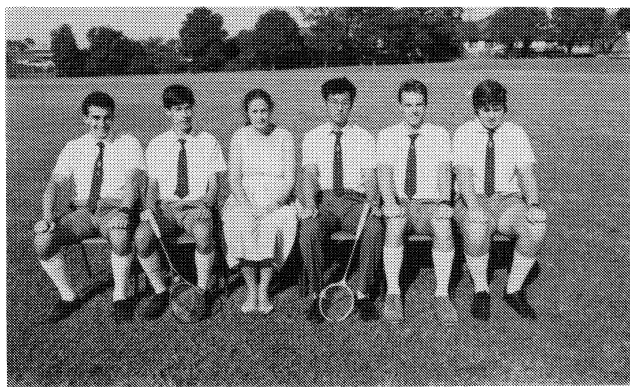

With the loss of only Cameron, next year Tech should continue its domination, especially with such talented players as Joshua Taylor, Mark Burgess and David Ackling.

**E.Bertuccio (Coach)**

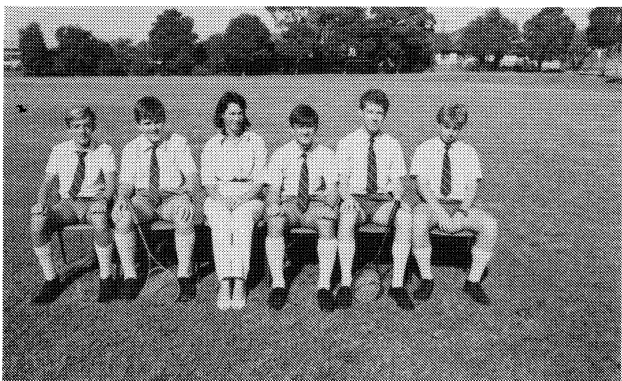

### 1ST GRADE SQUASH

L to R: G.Greenberg, M.Kieselbach, J.Webster (Coach), G.Johnson, E.Sellers.

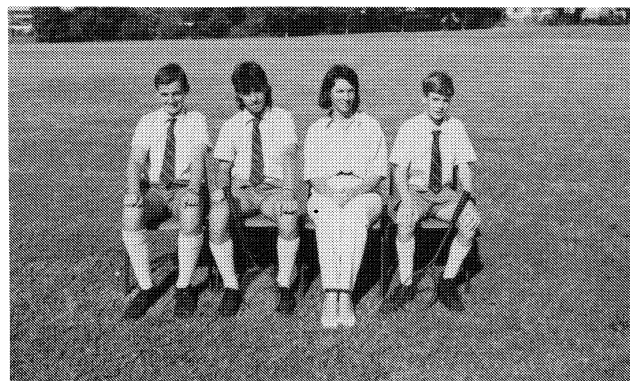

### 2ND GRADE SQUASH

L to R: T.Ayoub, K.May, J.Webster (Coach), R.Wong, I.Paterson, M.Robson.

### 15 YRS SQUASH

L.to R: C.Bedford, S.Griffith, J.Davis (Coach), K.Asimacopoulos, A.Williams, D.Ward.

### 14 YRS SQUASH

L.to R: G.Rugless, I.Guttenburg, J.Davis (Coach), D.Sheils.  
Absent: E.Papageorgiou, F.Irving.

### OPEN VOLLEYBALL

L to R: Back Row: P.Chai, G.Whittaker, C.Papas, P.Paradise, T.Parzакonis, C.Dolmas,  
Front Row: D.Chapman, S.Foukkare, C.Cranston (Coach), A.Dayeh, A.Joseph.

### 15 YRS VOLLEYBALL

L to R: Back Row: A.Papas, G.Wilkie, P.McGrath, P.Karabitsios,  
Front Row: C.Apostolakis, J.Andonakis, E.Bertuccio (Coach), A.Gokani, G.Sklias.

## **OPEN WATER POLO**

The 1st grade Water Polo team enjoyed a highly successful season due to the determination and commitment displayed by the players and their valuable coach, Mr. Baker.

A closely fought grand final against James Cook saw Tech High win the privilege of becoming runners up in the 88, 89 season.

A state wide knockout was also entered by these talented players which resulted in a fine effort of achieving a position in the top 16 of the state.

The most prominent players were Darryl Marks, Darren Redmond and Troy Porter. Overall, it was a fine effort and an even more successful season is expected in 1989, 1990.

**Chris Farmer & Michael Baker**

## **15 YRS WATER POLO**

The 15 Years Water Polo side once again had a successful season. Unfortunately they were defeated in the final in a closely fought match against James Cook.

The boys are to be commended for their attitude and sportsmanship at all times and they upheld the sporting traditions of this school.

The general standard of play displayed tended to improve markedly during the season and the team should perform creditably next season.

**W.Melville (Coach)**

## **PROUD SHIELD BASEBALL**

For the third year in a row, Sydney Tech made the last 8 in the state knockout competition with closely fought victories over Jannali (12-9), Caringbah (11-8) and Eden (10-9). Unfortunately, after leading until the seventh innings, Sydney Tech lost a great quarter final against Baulkham Hills (9-8).

Despite the loss, the school should be very proud of the team, especially the tireless pitching of captain Glenn Holland, the fielding of Darren Little and Dean Gabrio, and the spirited catching and enthusiasm of Dylan Hyam. However, the central figure in Tech's success over the last years has been Jamie Williams, Tech's unassuming first baseman whose fielding and batting skills have helped the team go so far.

**E.Bertuccio (Coach)**

## **1ST GRADE BASEBALL**

The 1st Grade Baseball team remains undefeated. Their achievement is a reflection of their conscious attitude towards their sport. They always looked the part.

**L.Grey (Coach)**

## **15 YRS SOFTBALL**

Sydney Tech has for many years produced quality teams in the diamond sports, from 13's Softball to Open Baseball, the school has won many grade competitions. The foundations have always been there for a competitive Proud Shield C.H.S. side when students have reached their senior years.

This years 15's Softball team is no exception to this fine tradition and once again Tech should be there on finals day fighting to be premiers. These boys display a high level of skill and understanding and are committed to the task of winning when on the field.

As in previous years one of the most impressive aspects of this Tech side is their sportsmanship and good will when on the diamond. In games that at times can be frustratingly interrupted by foolish antics from other sides, Tech students remain composed and determined to beat the opposition by as many runs as possible. I wish them the best of luck in the conclusion to the season.

**P.Owens (Coach)**

## **13YRS SOFTBALL**

This year's team shows all the energy and promise of past premier sides. With a good mixture of Year 8 boys from the 1988 competition winning team and a number of very capable Year 7 boys, we have put together a side which has few weaknesses.

After the first round of play we stand at 5 wins and a very close loss to a strong Narwee side. We stand a very good chance to take out the fourth straight premiership in this sport.

**T.Kistle (Coach)**

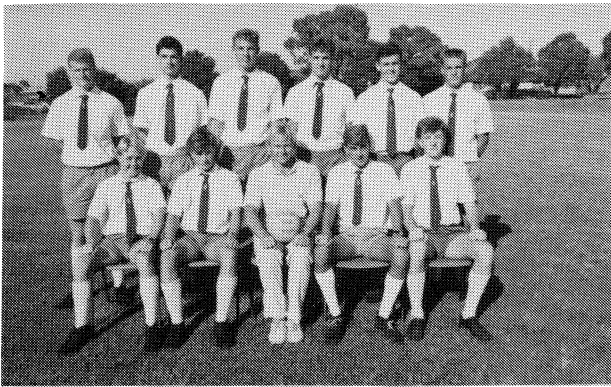

#### 14 YRS TOUCH FOOTBALL

L to R: Back Row: B.Mustapha, E.Ku, B.Azzopardi, G.Armour, E.Foster, L.Roxburgh, J.Rogers, Front Row: B.Quinlan, N.Brooke-Wood, N.James, G.Webster (Coach), A.Proskurin, J.Magiannis.

#### 1ST GRADE GOLF

L.to R: Front Row: D.Ackling, S.Griffith, E.Bertuccio (Coach), S.Kotserias, B.Wilcox. Back Row: M.Heath, N.Perdikaris, C.McComb, M.Burgess, J.Taylor.

#### OPEN WATER POLO

L to R: Back Row: R.Bennett, S.D'Alessandro, T.Porter, D.Redmond, M.Baker, N.Watson, Front Row: C.Farmer, C.Graf, J.Baker (Coach), D.Marks, S.Jackson.

#### 15 YRS WATER POLO

#### 14 YRS WATER POLO

L to R: Back Row: I.Atkins, P.MacLean, G.Kozma, J.Hennessey, G.Bramann, A.Rowan, J.Hewitt, Front Row: M.Angus, C.Lambert, M.Albiero, K.Jackson (Coach), R.Byrne, M.Gardiner, A.Hewitt.

#### 1ST GRADE BASEBALL

L to R: Back Row: D.Curnow, A.Nixon, G.Holland, D.Gabrio, D.Hyam, Front Row: G.Tildsley, A.Miller L.Grey (Coach), J.Williams, D.Little.

## **2ND GRADE SOCCER**

At the outset, I must say how pleased I was to have taken the 2nd's this year. They approached me to take them on, organised their own team and were even unconcerned at my non-experience in grade soccer.

The team met with mixed success. Their first match against James Cook was a 2-1 defeat and due to the washouts had to wait for 6 weeks before crushing Narwee 9-0. The next 4 matches resulted in 1 draw, 1 win and 2 losses. We met James Cook again in the semi's but the same result: defeated 2-1, and thus bowing out for 1989.

Finally, I wish to congratulate the boys on their on-field behaviour. Their standard of enthusiasm and sportsmanship in every match was exceptional, doing S.T.H.S. proud.

**S.Parrish (Coach)**

## **15 YRS SOCCER**

The winter Soccer competition was badly curtailed and disrupted by inclement weather but this team has nevertheless played with distinction and reached a high standard of performance.

Able led by Peter Dalamangas with good support by the whole team this side quickly established themselves as one of the leading teams in the competition on the basis of their results and were a little unlucky to lose to a very good Hurstville team in the final.

It is anticipated that several players from this talented team will be making a strong bid for a first grade representation next season.

Thanks are due to Mr. Sheehan for his coaching and dedication which resulted in the team playing with distinction in the Turner Cup Soccer Competition and enabling the team to reach the latter stages of the Cup before being narrowly defeated by Blakehurst. In conclusion a satisfactory season in spite of indifferent weather.

**G.Coburn (Coach)**

## **14A SOCCER**

The team squad comprised - C.Bakafoukas (Capt), A.Kehagias, C.Hudleston, M.Kay, N.Kambounias, T.Bishop, S.Tzouganatas, M.Lewis, E.Papageorgiou, R.Bailey, T.Destefano, D.Turner, A.Rowan and D.Shiels.

The standard of play from these lads was excellent, and they conducted themselves in a sportsmanlike manner, from week to week. We were most unfortunate to lose the final, after such a good season, but the conditions on the day were less than adequate. I would be most happy to coach these wonderful lads next year.

**P.Edwards (Coach)**

## **14B SOCCER**

Together with the A team, these lads displayed an exemplary standard of sportsmanship. They enjoyed a very high rate of success, and were likewise unfortunate to miss out on the final game. Nevertheless, it has been a real pleasure to associate with these students every Wednesday and hope it will continue next year.

The team comprised - G.Rugless (Capt), J.Magiannis, M.Poniris, J.Hewitt, C.Korkofigas, P.Bayley, D.Saad, G.Papanikolaou, B.James, G.Lackey, M.Ramadan, A.Rezitis, S.Grant, P.Srbnovski, E.Louca, M.Kounnas, T.Inglis and P.Matthews.

**P.Edwards (Coach)**

## **13A SOCCER**

The 13A Soccer Team became a very powerful team as the year went by, even though most of our players had never played together before. With strong wins against Canterbury and Narwee to their credit, the 13A team proved to be a threat when it came to crunch time.

Star players included Matt O'Shea up front, Louis Karatasos and George Sklias in the centres, and Harris Argeetes in the backs.

I would also like to commend Steffan Jurd on his fine goalkeeping throughout the year. On behalf of the whole team, I'd also like to thank Mr. Derwent for spending his time and effort coaching our team.

**George Sklias**

## **13B SOCCER**

This team only lost one match during the season - unfortunately it was the final when we had to play with only 10 players. As the coach the season's highlight was when we beat Hurstville, then coming second, with only 8 players. This match, above all, evidenced the ability, application and determination possessed by the members of this team.

The following boys comprised the team and when they were all available they were unbeatable:- Darren Warner (Capt.), Steven Oag (V.Capt.), Joseph Osman, Gavin O'Donnell, Trinity Allen, Ryan Thew, John Thomopoulos, Jerry Fanos, Brendan Davies, Nick Deftereos, Tim Sone and Doug Mottram (Mr.Versatile!).

**N.Roper (Coach)**

### 15 YRS SOFTBALL

L to R: Back Row: P.Stone, N.Sone, R.Nikolovski, P.Dalamangas, C.Young, K.Heras,

Absent: T.Bishop

## **1ST GRADE HOCKEY**

After an undefeated 1988 season Sydney Tech. had a lot to live up to in "89". After 10 weeks of constant rain we finally got a game in the Wales Cup Knockout. You wouldn't call it a game because we lost 11-2, but if anything, this inspired us to bigger and better things - to become Wolli Zone Champions. We started this competition strongly only suffering 1 defeat in the lead up to the semi-finals.

Come semi-finals time we had lost some of our key players and we were playing our old buddies from James Cook. Some thought this would be a hopeless cause, but this was not the case with Sydney Tech. coming out the victors 2-1 in extra time.

Finals day came and we were up against Canterbury. After being down 1-0 we soon equalized causing the match to go into extra time. But Tech. showed its superiority and fought hard for our 3-1 victory.

Thanks to all the team members especially the Yr.12 members who gave up some of their much valued study time to play. Thanks to Mr.Pead also for coaching us for the last 3 years.

**"Sydney Tech. Wolli Zone Premiers"**

**Jonathan Pardi**

## **2ND GRADE HOCKEY**

After a nervous start to the season, Tech. exhibited persistence and determination in its later games. With spirited defence from Matthew Chan, Con Dolmas, Karl May, Con Papas and Steve Vizvardos and unpredictable attacking plans from forwards Sharrath Srinivasan and Geoff Bramann, Tech. fought hard to gain wins against Belmore and Hurstville. Players, David Robertson, Hanny Elgahory, Zaf Dervenis, Harry Koutsogiannopoulos and our roving fullback Tony **"Human"** Parzakonis were all valuable players, showing great enthusiasm throughout the season while goalie Steve Pagratis displayed skill and flair in his many matchwinning saves. Despite the shaky start to the season, Tech. managed to scrape into the Semis, securing a close win over Canterbury. Tech. then proceeded to the finals to give Hurstville a 2-0 thrashing and win a victorious and well deserved premiership.

Many thanks to Mr. Pead and Mr. Hempel who organised the team and gave their invaluable support each week.

**Karl May**

## **14 YRS HOCKEY**

These boys played well, showing the benefits of team spirit.

For many it was their first experience with hockey. A pleasing effort.

**L.Grey (Coach)**

## **1ST GRADE RUGBY LEAGUE**

In a rain interrupted competition it was difficult to keep match fit. However the boys managed to maintain their enthusiasm throughout the competition and record some memorable performances, making it to the semi finals against the likes of James Cook and Canterbury which are considered to be two of the top schoolboys teams in the state. Responsibly captained by Paul Angus, he received good backup in attack and defence from a keen forward pack willing to take the game to the opposition at every opportunity. The backline was different every time they played, but the boys showed experience and maturity by adapting to any positional change. I hope the team can look back at the competition with pride knowing that they never took a backward step whatever the odds and they earned a lot of respect from their opposition by their good sportsmanship and spirit.

**P.Graham (Coach)**

## **2ND GRADE RUGBY LEAGUE**

From the outset of the season, our squad had just enough for two teams. This, combined with the inevitable injuries to both 1st and 2nd grade players, meant most of the 2nd grade boys found themselves playing their match then doubling up as fresh reserves for the 1st grade game. This would have been quite difficult from a players point of view, since the rain marred competition preventing the boys from obtaining match fitness. However, the team did whatever was asked of them and never gave up at any stage of a game. The team made the semi finals against superior opposition at times.

I believe the team as a whole, enjoyed the challenge, developing a sense of pride in their team, their school and most importantly, themselves.

**P.Graham (Coach)**

## **14A RUGBY LEAGUE**

The 14's experienced a successful season, winning the premiership. After an excellent start to the season with bruising wins over the neighbouring schools the team became more and more motivated and realised they had the potential to win the competition. Through complete dedication by every player in playing his position well and the development of his football skills we were able to withstand the **"torrid battles"** encountered with our opposition. This success highlighted with some high scoring games. The forwards combined well to form a very tough **"tackling machine"**, which often drove the attack backwards. The backs proved to be unstoppable in attack with many fine attacking backline movements resulting in numerous tries. A high team spirit existed within the players with positive encouragement and support being given on the field. A fine effort boys.

Best back - Eddie Khu    Best forward - Vince Occhipinti.

**A.Gowan (Coach)**

Back Row: L.Robinson, M.O'Shea, G.Sklias, M.Vaca, A.Donlan, S.Jurd.

### 13B SOCCER

L.to R: Front Row: J.Thomopoulos, N.Deftereos, Mr.N.Roper, D.Warner (C), J.Osman, S.Oag.  
Back Row: G.O'Donnell, D.Mottram, R.Thew, T.Sone, B.Davies, J.Fanos, T.Allen.

### 1ST GRADE HOCKEY

L.to R: Front Row: J.Pardi, K.MacMillan, Mr. Pead, W.Herron, D.Radzyner, D.Lee.  
Back Row: W.Liu, P.Paradise, P.Parkes, S.Pagratis, C.Dolmas, D.Little.  
Absent: P.Williams, M.Radzyner.

### 2ND GRADE HOCKEY

L.to R: Front Row: A.Parkes, G.Bramann, K.May, M.Chan, S.Pagratis, B.Vaughan, T.Parzакonis.  
Back Row: S.Srinivasan, M.Spencer, D.Robertson, C.Papas, S.Visvardis, H.Koutsogiannopolous, C.Dolmas, H.Hanna, Z.Dervenis.

### 14YRS HOCKEY

L.to R: Front Row: N.Fryirs, P.Wakley, R.Moors, Ms.Grey (Coach), K.Grant, D.Olliffe, R.Buttling  
Back Row: G.Chan, M.Foukkare, N.Sone, C.French, C.Davitt, A.Prasad, C.Parker.

## **A.N.F.**

Perhaps Tech's greatest opponent this year was the rain, which successfully prevented us from playing all but six games of the Zone Competition. However, enthusiasm was always at a high, and it was pleasing to see the standard of teamwork the side managed to attain within so few games.

After a favourable start to the year with a 123pt to 0 annihilation of James Cook, our premiership hopes finally came to an end with a loss in the Preliminary final to Narwee, that was quite simply, a better side on the day.

Special note must be made of some of the better performances of the year by T.Axford, D.Gainsford, S.Earle and T.Robertson to name a few, and especially T.Tram, L.Hillman, M.Tait, and D.Wedgwood who, being in Year 11 should make the basis of what should be another good Tech A.N.F. side next year.

**J.Vida (Captain)**

## **1ST & 2ND GRADE TENNIS**

Michael Chin, Anand Gokani, Andrew Nicol, Jason Cheney, Darren Smith and Matthew Conn played in the 1st Grade team. Throughout the short season the boys played at a good standard. Special mention of Jason who willingly pitted his skills against the best of Hurstville, knowing that it would be an uphill battle against them. Second Grade played consistently in all their matches and deservedly won the Zone final defeating Narwee. Marc Koenig, Gavin Burt, Chris Benjamin, Craig Weekes, Warren Lo and Damian Ward all contributed to the final win by playing each weekly match at a high standard. The third Grade team consisting of Andrew Ludlow, Duncan Graham, Joe Ivanovski and Ben Hay played an interesting and exciting final against James Cook. The team came from three sets down to win on games at the end. This showed a very determined spirit and mature attitude towards the game.

**M.Hinde (Coach)**

## **15YRS TENNIS**

This team consisting of Oliver Leung, Daniel Edwards, Mathew Eastley, Chris Ansell and Glenn Ahyong, played some good hard matches, particularly against James Cook and Hurstville who also had strong sides. We defeated James Cook in the semis and faced a very determined Hurstville team in the Zone final. Hurstville handled the windy conditions better and were more consistent on the day to defeat Tech in a very close match.

**S.James (Coach)**

## **14YRS TENNIS**

The 14 years team of George Pajmakoski, Izzac Guttenberg, Albert Labbad, Michael Copeland, Bradley Azzopardi and Richard Sulfaro were most impressive throughout the season and were the most successful of the junior grade teams, finishing the season undefeated. Congratulations to a fine team for a well deserved premiership win.

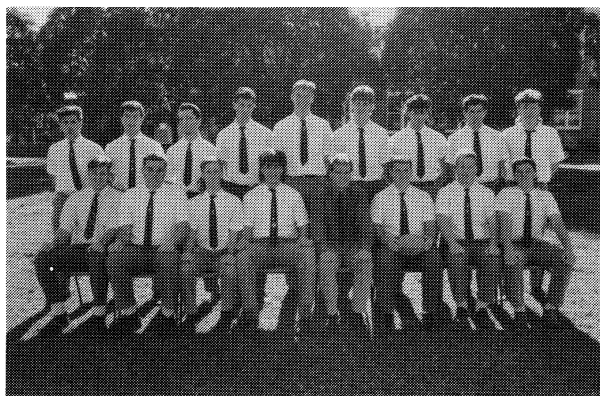

**S.James (Coach)**

## **13YRS TENNIS**

The 13 years team of Clement Tang, Peter Svensson, Glenn Davis, Micheal Ng, Daniel Wu and John Vickery were only troubled by one team in the competition - a very strong Narwee side and as expected the Zone final was a Tech v's Narwee match.

Although Narwee were the favourites, determination and excellent concentration and better handling of 'finals' tennis was rewarded and we defeated Narwee convincingly to win the premiership for Tech High.

**S.James (Coach)**

## **1ST GRADE RUGBY LEAGUE**

L.to R: Front Row: S.Morrison, C.Knyvett, P.Dunford, H.Dapas, Mr.P.Graham, P.Angus, D.Babb, S.Jackson.  
Back Row: V.Anastasiou, J.Filippis, G.Tsekas, S.D'Alessandro, T.Porter, S.Cannon, J.Khoury, J.Tsougranis, D.Redmond.

## **2ND GRADE RUGBY LEAGUE**

L.to R: Front Row: C.Hoare, C.Graf, Mr.P.Graham, E.Stratiotis, A.Campbell.  
Back Row: P.Vickers-Elliott, D.Marks, P.McGrath, M.Rogers, P.Mihailidis, E.Lee.  
Absent: M.Broadbent, A.Mansour, A.Moore.

#### 14YRS RUGBY LEAGUE

L.to R: Front Row: T.Selinas, H.Saab, R.Jongs, V.Occhipinti, W.Yeung, D.Ryan, B.Dalley, J.Perry, E.Alley, E.Ku, W.Elghary.

Back Row: G.Moutevelis, J.Malaxos, A.Foukkare, H.Saab, G.Guidi, A.Antonopoulos, G.Blake, D.Wilson, R.Mazevski, N.James, Mr.A.Gowan.

Absent: R.Byrne, N.Podaras.

#### 13YRS RUGBY LEAGUE

L.to R: Front Row: J.Skinner, B.Skinner, J.O'Brien (Coach), D.Nair, D.Rafter, D.Hancock.

Back Row: M.Smith, M.Simms, C.Nikolaou, C.Mai-viet, A.Hiotis, C.Van, R.Axford.

Absent: M.Yuen.

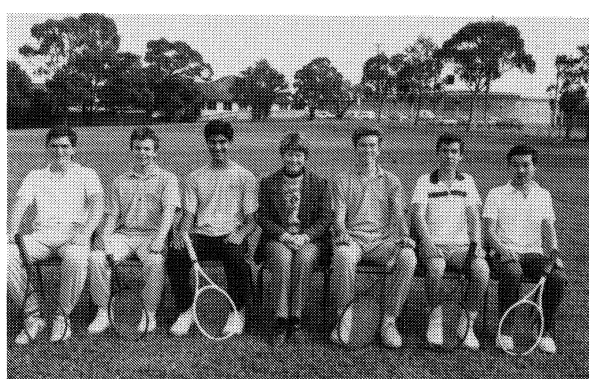

#### OPEN A.N.F.

L.to R: Front Row: G.Argall, T.Shaw, Mrs.C.Smith, J.Vida, D.Chapman, G.Olsen, J.Snow, T.Tram.

2nd Row: L.Martiskin, P.Kalouris, T.Robertson, M.Ferguson, S.Earle, T.Axford, G.Holland, G.Whittaker, M.Pobje,

Back Row: B.Dewhurst, A.Isakov, G.Kariotis, P.Stavrianos, D.Gainsford, G.Carlsle, D.Wedgwood, M.Tait.

Absent: L.Hillman, L.Owen, P.Chai, A.Johnson, A.Kelly.

#### 1ST GRADE TENNIS

L.to R: D.Smith, M.Conn, A.Gokani, Mrs.M.Hinde, A.Nicol, J.Cheney, M.Chin.

#### 2ND & 3RD GRADE TENNIS

L.to R: Front Row: J.Ivanovski, M.Koenig, Mrs.M.Hinde, C.Benjamin.

Back Row: A.Ludlow, D.Graham, D.Ward, W.Lo.

Absent: G.Burt, C.Weekes, B.Hay.

#### 15 YRS TENNIS

L.to R: D.Leung, D.Chan, C.Ansell Mrs.S.James, G.Ahyong, M.Eastley. Absent: D.Edwards.

# SCHOOL PHOTOGRAPHIC COMPETITION

The Journal committee are pleased to announce two winning entries in the photographic competition, based on the theme "Water"

1ST

← Guy Higgins - Year 10

2ND

James Snow - Year 12

## 15 YRS RUGBY UNION

L.to R: Back Row: K.VanGestel, A.Mawer, S.Burns, B.Piggott, B.Newman, J.Murray.  
Front Row: P.Smith, J.Marinos, A.Ziazaris, Mr.McBride, P.Karabitsios, A.Matheson, A.Vourdanos.  
Absent: A.Shaw.

## 13 YRS TENNIS

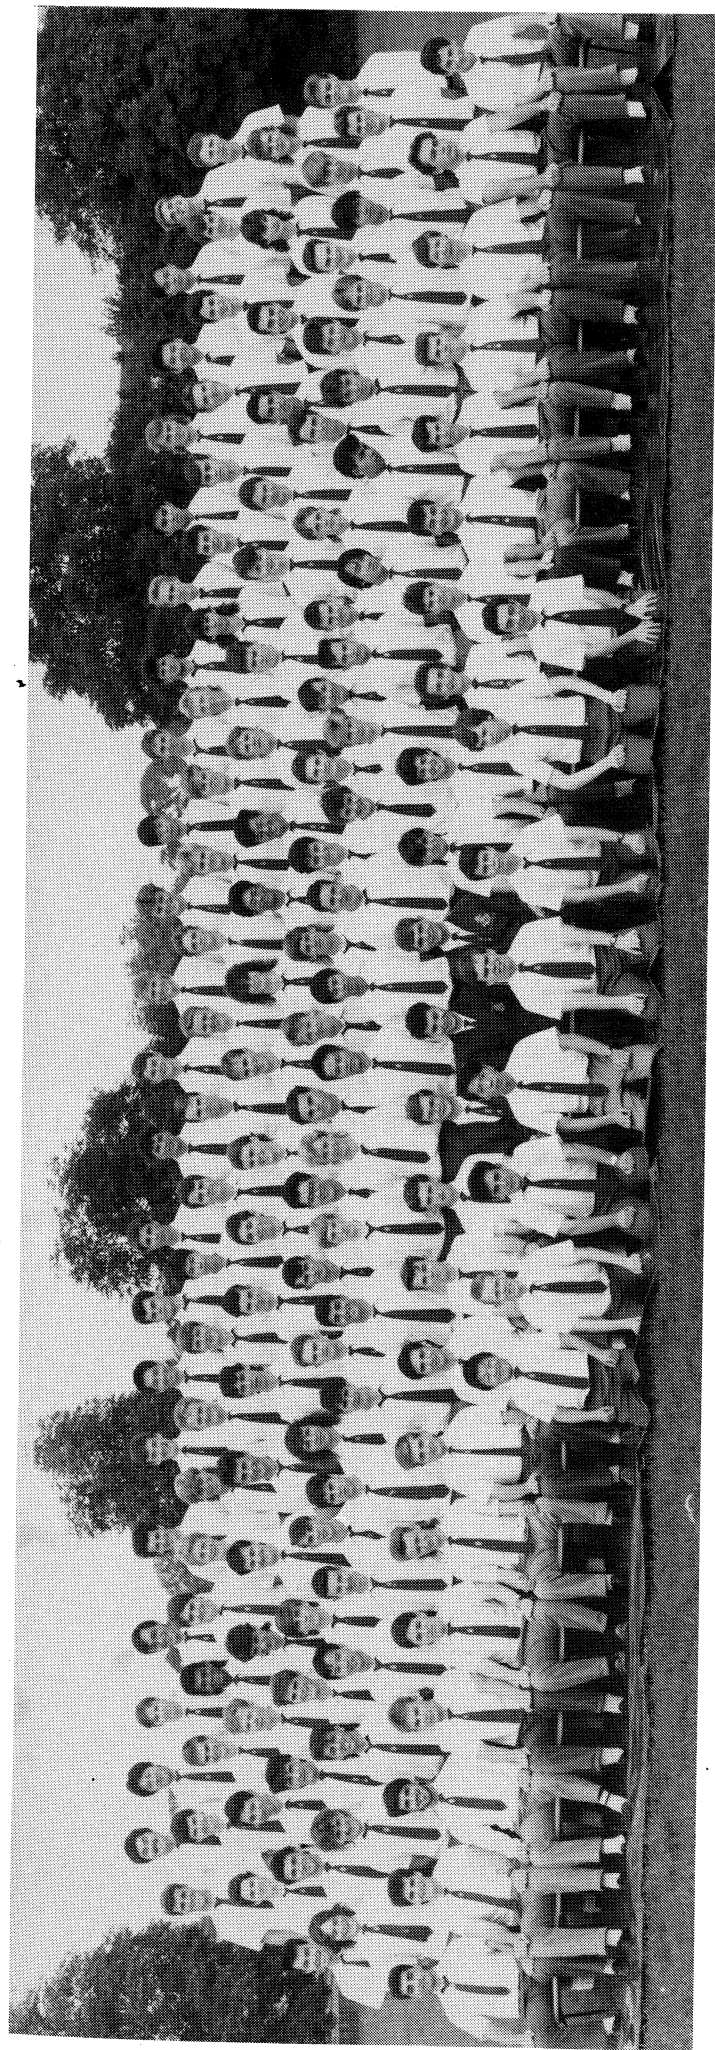

L.to R: P.Svensson, D.Wu, G.Davis, Mrs.S.James, J.Vickery, M.Ng, C.Tang.

## 14 YRS TENNIS

L.to R: B.Azzopardi, A.Labbad, M.Copeland, Mrs.S.James, I.Guttenberg, G.Pajmakoski. Absent: R.Sulfaro.

## YEAR 12

L.to R:

On Ground:

D.Ng, A.Beattie, P.Kambounias, S.Wong, D.Graham, B.Easton, J.Snow, N.Kokiniadis,

A.Hijazi, P.Stavrianos, E.Stratiotis, V.Martiskin, S.Witheridge, P.Dunford, G.Nikolas, G.Tsekas, C.Hobson, G.Cormack, R.Steel (V.C.), A.Joseph (Capt),  
C.McComb (Snr.Pr), G.Walker, A.Cavallaro, M.Radzyner, B.Mulet, J.Filippis, J.Tsougranis, P.Angus, G.Johnson, P.Koulouris, R.Colman,

1st Row:

L.Bogie, L.Singleton, V.Anastasiou, C.Khoo, J.Harrison, G.Carlsle, D.Chapman, K.Malaxos, P.Ferrie, N.Johnson, S.Liu, J.Lew, D.Robb, H.Jones,  
J.Downie, N.Jacobs, W.Lee, A.Mansour, B.Hay, D.Brazier, M.Chan, A.Crosby.

2nd Row:

P.Dawson, G.Kariotis, H.Dapas, J.Gale, P.Sliogeris, H.Vincent, T.Oszoly, B.Ward, I.Lambert, D.Bonner, C.Knyvett, D.Duncan, P.Ryan, J.Franks,  
J.Barrett, K.Schubert, A.Miller, J.Wholohan, D.Gainsford, B.Cunningham, G.Anderson, G.Rea, P.Leate.

3rd Row:

A.Boydén, M.Ahyong, G.Alexander, S.Fathinia, D.Vassios, D.Shahinian, R.Hackett, P.Vickery, P.Oeding-Erdel, A.Williams, P.Chai, A.Donaldson-Perrott,  
A.Ravi-Kuma, R.Wong, T.Robertson, M.Robson, J.Epplett, J.Finlay, A.Dib, T.Ayoub, W.Higgins, S.Young.

4th Row:

S.Earle, A.Mellor, M.Goddard, J.Herald, M.Broadbent, J.Scott, D.Harrison, R.Green, G.Whittaker, K.May, P.Ashworth, I.Paterson, I.Hillier, T.Walker,  
A.Johnston, K.MacMillan, M.Easton, J.Makovic, N.Milis, A.Berios, A.Morgan, J.Croucher, C.Eccleston, T.Axford.

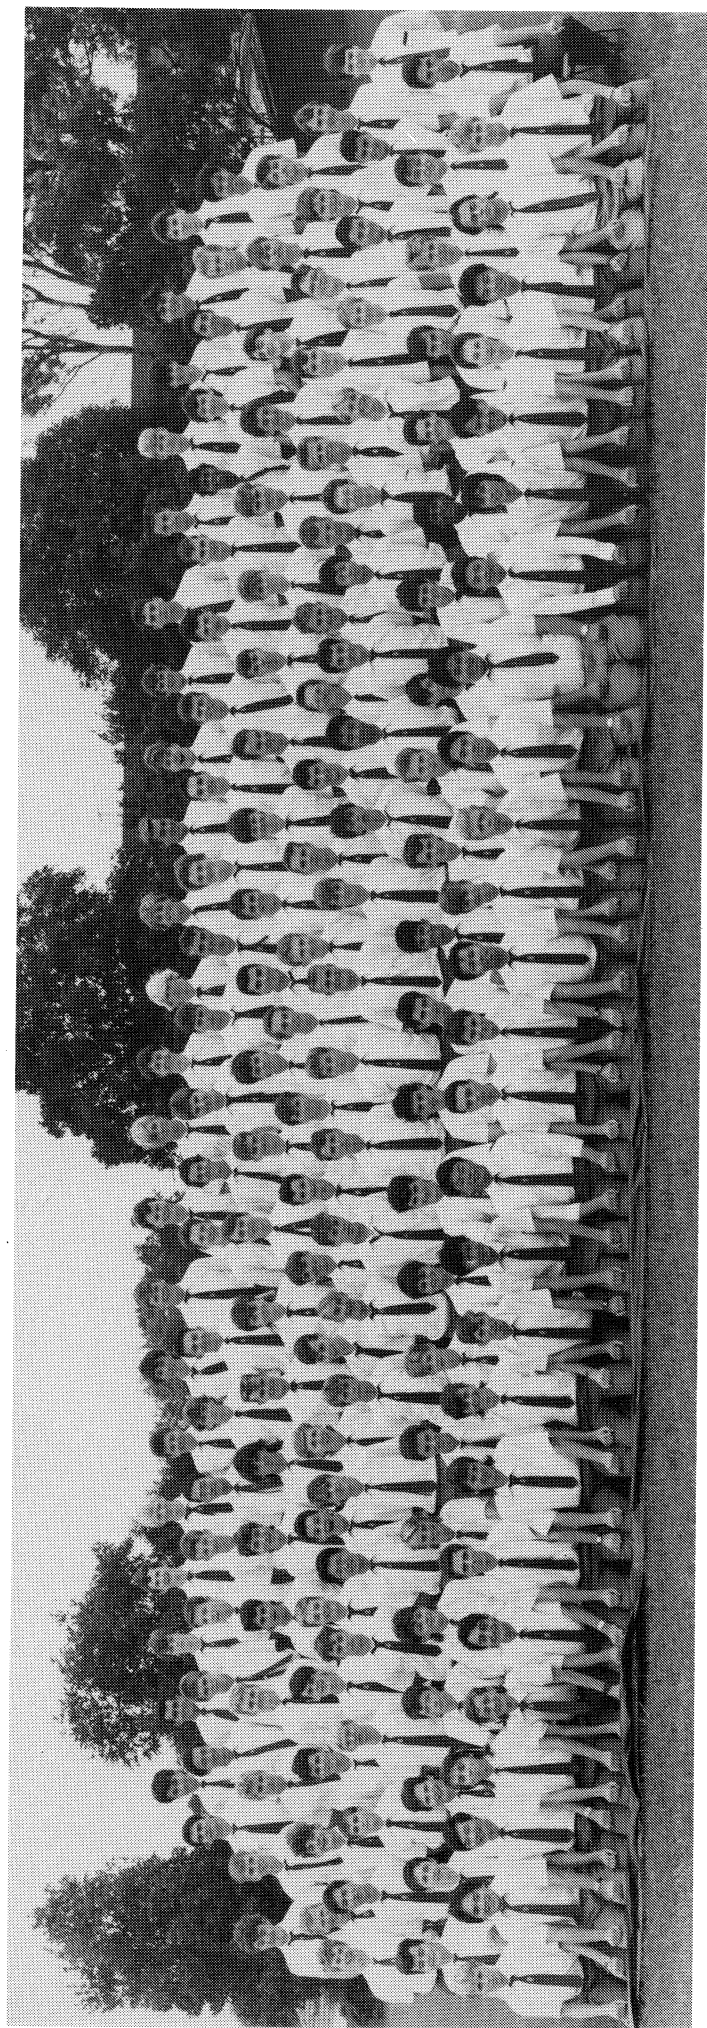

Back Row:

L.Wong, V.Ye, C.Hoare, J.Siu, A.Zogheb, A.Isakov, K.Leung, P.Mihailidis, A.Byers, P.McKenzie, G.Olsen, T.Shaw, M.Ferguson, C.Bau, G.Argall, T.Hijazi,  
J.Allen, F.Chu, M.Goodwin, L.R.Choo, D.Cheng, J.Vida.

Absent:

J.Agoustis, M.Banks, M.Hoare, G.Holland, V.Kwok, L.Owen, R.Westphal.

## YEAR 11

L.to R.

1st Row:

B.Parker, D.Lee, M.Chin, N.Agelovski, P.Deuis, G.Katsoulotos, A.McKeag, W.Rowe, T.Langby, M.Jolliffe, G.Soo, G.Yuen, M.Clulow, M.Eadie, V.Ng, M.Kieselbach, S.Zuber, S.Kwok, E.Lee, T.Tram, C.Yee, W.Yuen, C.Gillies, A.Low, M.Donnici, T.Miller.

2nd Row:

J.Theodorakopoulos, G.Schroeder, A.Campbell, B.Dryer, D.Tomic, S.Lucas, M.Clay, A.McDonald, N.Condos, C.Papas, S.Visvardis, P.Parkes, P.Paradise, S.Martin, D.Babb, D.Easton, N.Cazouris, B.Moorgas, R.McDonald, S.Scheduling, N.Perdikaris, E.Morris, M.Sinnerbrink.

3rd Row:

S.Gross, A.Cheong, B.Dewhurst, L.Mason, C.Graf, B.Cheng, L.Jurd, L.Hillman, S.Woelner, G.Howell, D.Pont, M.Vender, N.Watson, M.Pobje, M.White, W.Liu, -----  
A.Kontellis, A.Chan, P.Williams, C.Farmer, I.MacDonald, A.Wong, J.Te-Puia, R.McMahon.

4th Row:

R.Bennett, L.McNally, A.Collins, A.Collins, B.Pickett, S.Cannon, M.Burgess, G.Jolliffe, N.Aarts, M.Jeffrey, M.Whitby, D.Constable, C.Denzel, T.Porter, -----  
S.D'Alessandro, N.Buchan, P.Dickson, J.Thompson, G.Simpson, J.Gordon, P.Tyson, C.Garner, A.Kay.

5th Row:

H.Jones, R.Firmstone, D.Wedgwood, M.Tait, J.Khoury, M.Auciello, J.Sinikoski, R.Gray, S.Jackson, D.Bruce, W.Phillips, C.Hodge, M.Kaleel, M.Baker, S.Phipps, -----  
E.Sellers, A.Moore, C.Tribolet, G.Tanevski, J.Economou, A.Martincich, R.Rizanovski, K.Velovski.

6th Row:

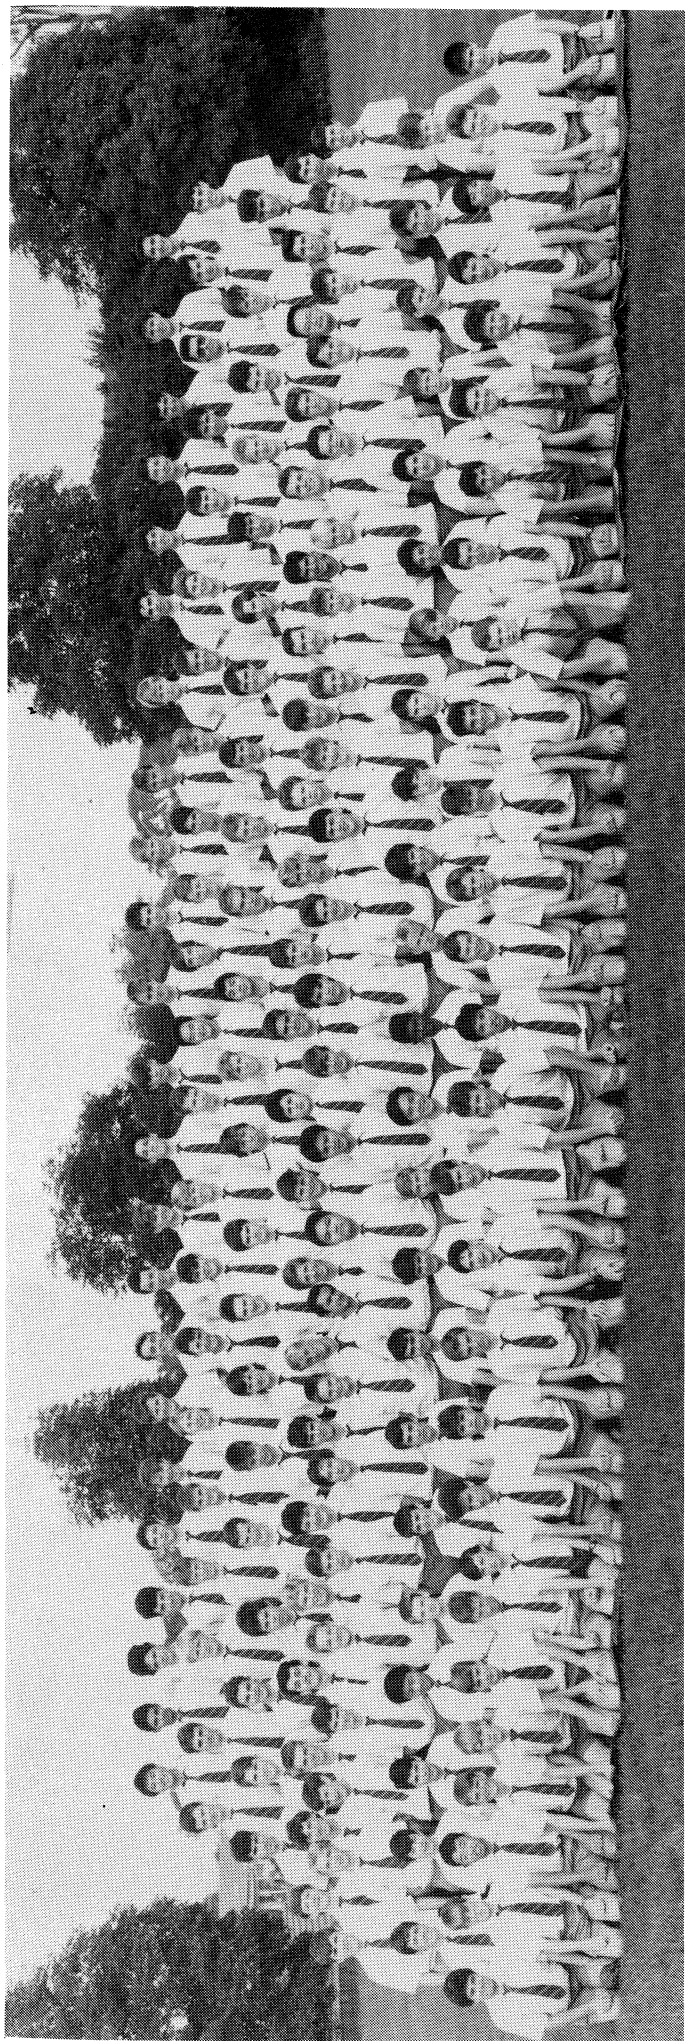

P.Gabriel, J.Cheng, M.Halpin, W.Garland, M.Waller, M.Lew, S.Dalton, B.Macris, J.Williams, D.Little, T.Colman, S.Meehan, P.Mitchell, G.Bradley, C.Dolmas, M.Fishburn, J.Day, D.Humphries, D.Jeyachandran, L.Derry, L.Drakes, A.Kelly, K.Wong.

Back Row:

H.Koutsogiannopoulos, H.Hanna, L.Read, A.Toyer, D.Wingrove, D.Thompson, T.Francis, M.Rogers, J.Taylor, C.Rabinau, G.Tildsley, J.Hillier, C.Burgess, D.Marks, K.Goodrick, G.Woodward, G.Johnson, J.Pardi, P.Blom, S.Pearson, A.Parzakonis, Z.Dervenis.

Absent:

S.Pagratis, M.Plunkett, D.Redmond, M.Reynolds.
