Principal's Message

Dear Families & Friends,

Thank you to all who helped make Halloween cupcakes or treats. The students enjoyed their ghastly fundraiser! The costumes looked great!

Please follow our Canva posts to see events and activities at school. This week has been filled with Literacy, Numeracy, Indonesian, Art, Fitness and Science. It has been great for the staff to have a regular week at school. Congratulations to all our Progress Award students and our Red Banner - Award of Excellence recipient.

Ms Grahame has organised an excursion to Questacon and Parliament House on Friday 5th December. We will need to leave school at 8.30am and return between 4.45pm-5-30pm. We are also going on an excursion to the Binda Cricket Farm on the 12th December. Permission notes will go out on the system next week.

Regards,
Liza Duncan :)

Quincy Quoll Says: Be Respectful

- Listen to teachers.
- Listen to friends.
- When you ask questions, listen to answers.

Happy Birthday to you in November !

K-1-2-3-4-5—Currobung Classroom

This week we have been working on our comprehension when we read, making sure that we are understanding what we read as we go along. Reading increases your vocabulary, which in turn improves your reading. This cycle leads to continuous improvement, so keep up the home reading!

Seniors are also working on learning their times tables. This is a skill that is vital for senior maths, as not knowing these facts, makes maths much more laborious and hard to do. By the end of Year 4 students should know 2x, 3x, 5x, 10x, off by heart, in any order. By the end of Year 6 students should know all times tables up to 12x off by heart and in any order. Senior students have a times tables passport and they are travelling the world improving their maths!

Please return homework folders and reader bags every Friday.
