HSC ASSESSMENT HANDBOOK

The following material is provided for the information of senior students at Toormina High School and their parents / caregivers regarding the Higher School Certificate Course Assessment Guidelines and course schedules. It is not definitive, and reference should be made to NSW Education Standards Authority (NESA) policy documents. **Read this document thoroughly** and keep it handy for reference.

What is the HSC Assessment Program 2025-2026?

HSC courses will commence at the beginning of Term 4 2025 and conclude at the end of Term 3, 2026. All students must have satisfactorily completed 12 units of Preliminary courses. All HSC students must have a minimum of 10 units of study for the HSC. All HSC coursework must be satisfactorily completed in a subject to be eligible for the award of the HSC. NESA requires the school principal to certify satisfactory completion. The assessment of HSC courses commences at the start of Term 4. Changes to the HSC study program should not occur after this date.

Assessment is the measurement of actual student performance in various tasks. It is not a measure of potential performance or an estimate of general ability. A school assessment is a mark calculated by the school that compares your performance on assessment tasks with all other students in your school doing the same course. Assessment tasks will be spread through the course.

Why assessments?

It is not possible to test everything you do in a course in an examination, for example, oral work in English, and practical work in visual arts. A school assessment will allow you to be given credit for your performance in these areas.

How will the assessment task be determined?

NESA has provided guidelines for every course, and these have been distributed to every school and college in NSW. Teachers at Toormina High School have used these guidelines to draw up an assessment program for each course offered at this school. Each school throughout NSW must follow the components and weightings contained in the guidelines, although schools will differ in how they assess the components.

What do I need to know about assessments?

The school will give you the following information:

- Aspects of the course which will be assessed.
- How students will be assessed, e.g., what essays, tests, practical work etc., will be used.
- The relative value of the tasks.
- The components and their weightings for each course as specified by NESA.
- When students are going to be assessed.
- The school will also let students know how they are progressing in their assessment tasks.

Do I have to complete the assessment tasks?

Yes.

If you have received zero marks because of failure to complete or make a genuine attempt at assessment tasks totalling more than **50%** of the mark value of the course and more than **50%** of the total number of assessments, the principal **must** certify that the course has **not** been studied satisfactorily and neither the examination mark nor the assessment mark will be recorded on the HSC. This could also mean that you become ineligible for the award of an HSC if it causes you to have less than 10 units.

When will assessments begin?

Assessment tasks for the HSC 2025/2026 will commence Week 6, Term 4 in 2025.

HSC ASSESSMENT HANDBOOK

How much notice will I get for my assessment tasks?

You will be issued with an Assessment Calendar at the beginning of each year of the HSC. This will show when you will be expected to complete individual assessment tasks. Teachers are required to advise you at least two weeks in advance of the assessment due date, the topics to be covered in the task the outcomes assessed and the marking criteria.

Your teacher will ask you to sign for and date your assessment task when you receive it. It is good practice for you to note the date you received your assessment task in your diary.

Can teachers change the assessment dates set out in the schedule?

Teachers should follow the dates set in the handbook for tasks. However, in circumstances where it is deemed necessary to alter the assessment task date, teachers will provide written notice of a change in the schedule outlining the task, and the change in dates. A sample letter is included in this handbook for reference.

Which tasks count towards my assessment?

Only some of the work given throughout the HSC course will count towards your assessment. You will be told clearly which pieces of work count toward an assessment mark. It does not follow that the others are unimportant. All work set is important in the general learning process, and failure to complete any tasks is likely to adversely affect examination performance. **Students who do not engage in classwork may not be able to demonstrate that they have met some or all of the course outcomes.** You are required to engage in the learning opportunities provided by the class teacher.

Therefore, your parents may be informed if you fail to complete set work, even if it does not count towards your assessment.

Are some assessment tasks weighted more heavily than others?

In all courses, it is usual for tasks near the end of the course to count for more when determining your final assessment. However, the relative weightings differ from course to course. See course guides.

What if I am absent when assessment task information is given out?

All senior students receive an assessment task calendar, therefore ensuring all students know well in advance the dates of assessment tasks.

If you are absent when individual task information is given out in class, it is **YOUR RESPONSIBILITY** to obtain the specific information relating to that assessment task.

What if I am absent from an assessment task?

Students must make **a genuine attempt** at all assessment tasks. Completion of tasks that carry a weight of exactly 50% is not sufficient. All assessment tasks must be completed. Teacher's will use their professional judgment when reviewing students' performance in tasks to ensure they have made a genuine attempt.

If you are absent from school on the day of your assessment task, contact the school to advise the reason for your absence, you will need to fill in an application form headed "**Toormina High School Illness/Misadventure/Extension of Time Application Package**". You will need to make this request within **TWO days** following your absence, and you will have to show that you were away for a legitimate reason. This form can be obtained from your Year Advisor, the front office, the Toormina High School website or copied from this booklet. If you were absent for a medical reason, you will need to attach a doctor's certificate. **A note from a parent / guardian is not considered an appropriate reason and must be supported by a third- party independent person.** The completed form needs to be given to the school office.

If you are aware in advance that you will be absent for an assessment task, then you are required to submit the **Toormina High School Illness/Misadventure/Extension of Time Application Package PRIOR** to that

HSC ASSESSMENT HANDBOOK

assessment task taking place.

If the reason for the absence is considered legitimate then the school may provide the same task later, provide an alternative task, or (in exceptional cases **ONLY**) give an estimate for the task based on other assessment information. **It is important that you be present for assessment tasks.**

If the principal considers that an absence was not for a legitimate reason, the task will still need to be submitted and a mark of **zero will be given** for that task.

What if I hand in a task late?

Zero marks will be given, unless you have gained an extension of time. Extensions will only be granted in exceptional circumstances and **must be arranged prior to the due date** for the task. Absence from school on the due date will not necessarily ensure an extension. Each case will be treated on its merits.

To request an extension, you must fill out the form headed "**HSC / Preliminary Assessment Request for Extension of Time/Substitute Task**". This form can be obtained from your Year Advisor, the front office, the Toormina High School website or copied from this booklet. If you were absent for a medical reason, you will need to attach a doctor's certificate. The completed form needs to be given to your class teacher.

Where do I hand in my assessment task?

All take home (not in-class) written assessment tasks are to be handed in with a submission cover sheet and signed for at the office **by 9 am on the due date**. If the task is a submission of a large project or in electronic format, the instructions for submission will be provided on the assessment task. Any assessment task handed in after that time frame will be determined to be late. Zero marks will be given unless an extension of time has been approved.

All assessment tasks handed in at the office will have clearly marked the time and date received and will be signed by the office attendee and yourself. The time and date will be placed in a book kept securely within the office.

Will I be told my school assessment mark?

School Reports will contain your examination mark and position plus your progressive assessment ranking as at the time of the report. They will not show assessment marks. The mark the school forwards to NESA remains confidential. This is because the mark will be moderated by the examination, and it may change. Your HSC Result Notice will show a final **moderated** assessment mark and your Examination mark. Even if the school's assessment mark does change either up or down after moderation, usually your school rank order for that course does not change.

The school, however, is permitted to give you your marks on individual assessment tasks completed throughout the assessment period.

What if I disagree with the teacher's assessment?

The answer to this depends on whether you disagree with the mark given for a particular task or your position in the course.

If you are concerned about the mark given for a particular task you must discuss this with your teacher when the work is returned. **Marks can only be queried at the time the tasks are returned.**

If you are dissatisfied with your final ranking, you can lodge a written appeal against it. At the end of your last HSC examination, you must collect from the school a sheet, which details your assessment position in each course in relation to other students who took the same course in your school. If this rank or position is significantly different from what you expected, you can request that the principal review your assessment. You cannot seek a review of teachers' judgments of the worth of individual performance in assessment tasks.

HSC ASSESSMENT HANDBOOK

In conducting an assessment review, it is necessary for the school to ascertain whether:

- The weightings specified by the school in its assessment program conform with NESA requirements as detailed in the subject guides.
- The procedures used by the school for determining the final assessment mark conform with its stated assessment program (in particular, the weightings used for the various assessment tasks should be consistent with those specified in the assessment program).
- There are no computational or other clerical errors in the determination of the assessment mark.

If the review discovers an error, it will be corrected. If no error is found no change will occur. You will be advised of the outcome of the review in writing from the principal. If you are not satisfied with the outcome of the review you may appeal to NESA, which will check to ensure that the school review was carried out correctly. Information regarding the correct procedure for NESA appeals may be obtained from the principal.

How can I appeal against my ranking?

You must use the form headed "Application for Review of HSC Assessment Ranking". Full details should be given as to why you believe your ranking should be changed. Note that both you and your parent, where possible, must sign the sheet. An appeal must be made within the specific period set down for appeals. (See the principal for the closing date).

What if I feel overloaded with work for assessments and study for tests?

If you feel too many tasks are piling up at once, talk to your teachers or Year Advisor as soon as possible to see if changes to due dates can be arranged.

You **are not permitted** to miss periods from your any subjects in order to study before assessment tasks, which are set in class time.

Will my parents be informed if I default in assessment tasks?

A letter will be sent home for failure to hand in an assessment task, or if zero marks are given for any reason such as cheating, copying, plagiarism etc.

What about students who cheat or plagiarise assessment tasks?

If the principal is satisfied that you cheated in any assessment task, a **zero** award will be made. In Year 12 this will also be noted and recorded officially on your records with NESA.

Plagiarism is when you pretend that you have written or created a piece of work that someone else originated. It is cheating, it is dishonest, and it could jeopardise your exam results.

What will appear on the Record of Achievement?

For each NESA course sat two separately recorded marks will be given, a moderated assessment mark and a scaled examination mark, each out of 100. For an Extension Course you will have an additional assessment and examination score, each out of 50.

For other courses such as NESA Endorsed courses, you will only have a school assessment mark recorded. In addition, it is likely that some other information will appear which will indicate how you performed in a course in relation to the rest of the state. This may be in the form of percentile bands, ranks, percentage tables or some similar form.

Where else can I get information regarding assessment and the HSC?

Students can access information from the NESA website regarding courses and the HSC examination. Students can also speak to class teachers, careers adviser, the deputy principal or principal for further assistance.

Outcomes:				
EEX12-1	demonstrates a deep understanding of the dynamic relationships between text, composer, audience and context through the conceptualisation and execution of an extended composition using appropriate mode, medium and technology			
EEX12-2	strategically and effectively manipulates language forms and features to create a substantial extended composition for a specific purpose, audience and context			
EEX12-3	applies knowledge, understanding and insight, refined through analysis, interpretation, criticism and evaluation of strategically chosen texts, to shape new meaning in an original composition			
EEX12-4	undertakes extensive independent investigation to articulate a personal perspective that explores, challenges, speculates or evaluates a significant experience, event or idea			
EEX12-5	reflects on and evaluates the composition process and the effectiveness of their own published composition

Depending on the achievement of units of competency, the possible qualification outcome is a CPC20220 Certificate II in Construction Pathways (Release 6) & Statement of Attainment towards CPC20120 Certificate II in Construction (Release 3).

For students sitting the optional HSC exam, an estimated mark is required. This mark is to be an estimate of likely performance in the HSC examination and will reflect each student's achievement of tasks similar to the HSC examination, such as a trial HSC examination.

The assessment components in this course are competency based. Students must demonstrate they have gained the knowledge and skills of each unit of competency, to industry standards. Competency assessment is graded as "not yet competent" or "competent". In some cases, other descriptive words may be used leading up to "competent".

Outcomes:				
1.1	Analyses prenatal issues that have an impact on development			
1.2	Examines major physical, social-emotional, behavioural, cognitive and language development of young children			
1.3	Examines the nature of different periods in childhood — infant, toddler, preschool, and the early school years			
1.4	Analyses the ways in which family, community and culture influence the growth and development of young children			
1.5	Examines the implications for growth and development when a child has special needs			
2.2	Critically examines factors that influence the social world of young children			
2.3	Explains the importance of diversity as a positive issue for children and their families			
2.4	Analyses the role of a range of environmental factors that have an impact on the lives of young children			
2.5	Examines strategies that promote safe environments			
4.1	Demonstrates appropriate communication skills with children and/or adults			
6.2	Critically examines all issues including beliefs and values that may influence interactions with others

Illness/Misadventure/Extension of Time Application Package

Toormina High School Illness/Misadventure/Extension of Time Application Package

Information Guide for Students

The Toormina High School Illness/Misadventure program assists students who:

- are prevented from attending an examination or in-class assessment (including a practical examination) due to illness or unforeseen misadventure,
- consider that their performance in an examination, in-class assessment or assessment task has been affected by illness or misadventure immediately before or during the examination, in-class assessment or assessment task,
- are prevented from submitting an assessment task due to illness or unforeseen misadventure,

If any of the above categories applies to you at the time of examinations or assessments, you will need to complete an Illness/Misadventure form. Before you complete this form, you should read the following information carefully. Toormina High School's Illness/Misadventure program is based on NESA procedures. You should refer also to *Rules and Procedures for Higher School Certificate Candidates*.

Limitations on Applications

The authority of Toormina High School is limited to the conduct and presentation of examinations and assessment tasks. This means students may only apply to Toormina High School in relation to circumstances that occur immediately before or during an examination in-class assessment or assessment task, **and** that affect their performance in the examination, assessment or task.

You cannot submit an application on the basis of:

- difficulties in preparation or loss of preparation time; for example, as a result of an earlier illness
- alleged deficiencies in teaching; for example, extended teacher absences
- loss of study time or facilities during the year. This includes changes in home circumstances
- long-term illnesses such as glandular fever, unless you suffer a flare-up of the condition during the examination or assessment task
- if you receive disability provisions, the same grounds for which you received disability provisions, unless you experience additional difficulties during an examination or assessment task
- misreading the examination timetable or assessment task submission date or time
- misreading examination or assessment task instructions
- other commitments, such as participation in entertainment, work or sporting events (other than approved school events),

If you are unsure whether you are eligible to apply for an illness or misadventure you should ask your principal.

Attendance at Examinations

You should attend every examination if possible. Do not miss an examination just because you do not feel able to do your best. The Illness/Misadventure program is designed to support students who perform below their expectations because of illness or misadventure.

If you do not attend an examination or submit an assessment task on time and your Illness/Misadventure application is unsuccessful, you will not receive a mark in that course. This could mean that you may be at risk of receiving an N-Determination in that subject.

Toormina High School does not expect you to attend an examination against specific medical advice. If you cannot attend an examination (including a practical examination) or submit an assessment task on time because of illness or misadventure, you must notify the school immediately. You are required to provide relevant documentation from an appropriate health professional as evidence.

Evidence of Your Illness or Misadventure

It is very important to provide independent evidence with your application. You should seek independent evidence on the same day, either immediately before or after each examination or assessment submission date for which you are applying. The documentation you provide must be current, specific to the date and time of the examination or assessment task and submitted with the application form. A medical certificate that merely states you were unfit for work/study is unacceptable. It must clearly explain the medical reason and why this has impacted on your ability to complete the examination or submit the task on time.

Practical Submissions

(For example, a Visual Arts body of work/Society and Culture Personal Interest Project/Major Project.)

If, because of illness or misadventure, you experience difficulties in completing your practical submission, you must advise your class teacher. He/she will complete Section B of the form. **You must submit all drafts or workings on the due date.**

Performance Examinations (For example, a Drama/Music performance examination or assessment task).

If illness or misadventure occurs before the examination begins and you are still able to attend the examination, notify your teacher or Year Deputy Principal before you begin the examination.

Before starting your examination, advise the Supervising Teacher of your situation. Do not hesitate to approach the Supervising Teacher as his/her comments and observations will be important in assessing your Illness/Misadventure application. In the case of performance examination, it is not necessary to have Section B of the form completed. The Supervising Teacher will complete a report form and submit it separately to Toormina High School.

Written Examinations

If you are suffering from illness or misadventure but are still able to attend the examination, notify the Supervising Teacher (the person supervising the examination) when you enter the examination room. If the illness or misadventure occurs during the examination, notify the Supervising Teacher at once. Do this at every examination session in which you consider your performance may be affected.

Do not hesitate to approach the Supervising Teacher. He/she is there to help you. If you submit an Illness/Misadventure form, the Supervising Teacher will need to complete Section B.

Assessment Tasks

If you are suffering from illness or misadventure but are still able to attend the in-class assessment task or submit the assessment task on the due date, notify the Supervising Teacher or Office Staff when you submit the task. If the illness or misadventure occurs during the in-class assessment, notify the Supervising Teacher at once.

Do not hesitate to approach the Supervising Teacher. He/she is there to help you. If you submit an Illness/Misadventure form, the Supervising Teacher will need to complete Section B.

If you suffer an illness or misadventure during an in-class assessment task or from the time you are notified of a task to the due date, **you will be required to submit all drafts or workings on the due date.** If you have not commenced any work by the due date of a 'take home assessment task' it is unlikely that your illness/misadventure application will be successful.

Extension of Time

If you are suffering from illness or a misadventure and are unable to complete a 'take home assessment task' in time, you may apply for an extension of time. These will be considered on a case-by-case basis. **You must submit all drafts or workings on the due date.** If you have not commenced any work by the due date of a 'take home assessment task' it is unlikely that your illness/misadventure application will be successful.

Your Rights and Responsibilities

It is your right and responsibility to submit an Illness/Misadventure application whenever necessary. If you are incapacitated, an application may be submitted by your parent/guardian on your behalf.

All applications must be submitted on a Toormina High School Illness/Misadventure form.

When completing an Illness/Misadventure form, you should pay close attention to the instructions and complete all relevant sections. Submitting an incomplete form could jeopardise the success of your application.

No section of the form should be completed before the relevant examination or assessment task has been conducted, or before the due date for practical submissions. In the event that an extension is requested, please submit the application as soon as possible prior to the due date.

Before signing page 1, read the statements above the signature box very carefully. It is strongly recommended that you sign the form only after you have completed Section A, and after Section C has been completed by an appropriate person.

If Section C is incomplete and you did not attend an examination or submit the assessment task, you might not receive a result in that course. This could mean that you are ineligible for the award of the Higher School Certificate.

Submitting Your Form

- All applications are to be submitted to the principal for consideration. Please submit your application to the school office
- In each case you will receive the student acknowledgement slip. Please keep this acknowledgement slip until you have been advised of the result of your application.

The Application Process

The Illness/Misadventure will be considered by the principal in consultation with relevant staff and will consider and make a recommendation on each application on the basis of:

- the evidence presented in your Illness/Misadventure application, and
- Any relevant school-based data.

Complex matters may be referred to an independent medical expert for advice.

You will be notified of the outcome of your application within three days of you submitting the Illness/Misadventure form.

If you have any questions about the Illness/Misadventure program please contact the principal. Please call (02) 6653 3077.
