

Technology at Turramurra High School

Student Login at School

Login for PC's at school:

Username: firstname.surname

Password: Student password

Login for school laptops (Located in the Library)

Username: firstname.surname@detnsw

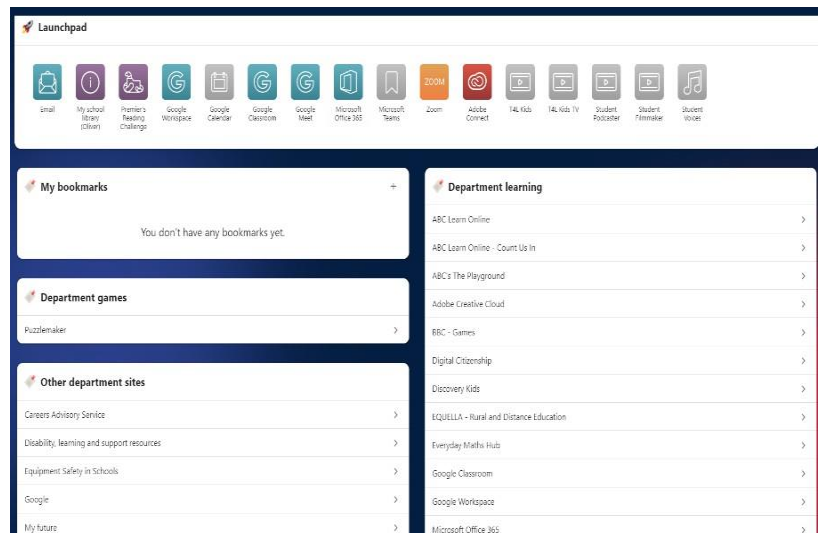

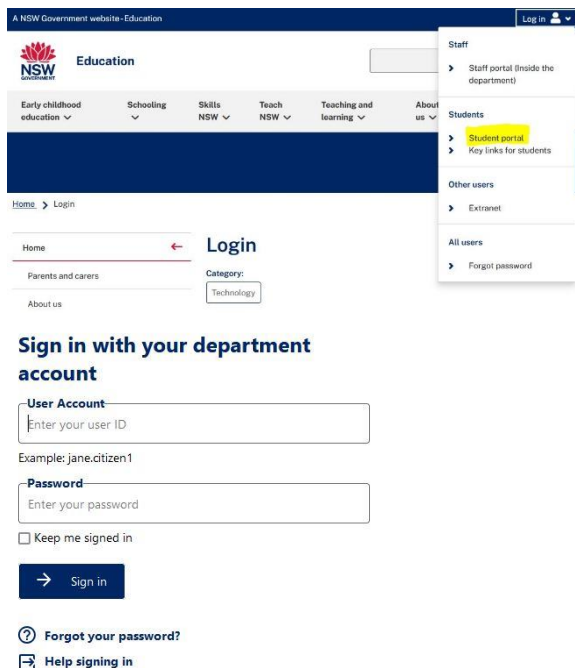

Password: Student password

If you do not remember, or do not know your password, please see Mr Gomes at the Library.

Saving Student Data using Google Drive

Students have access to Google Drive via the Internet. Google Drive can be accessed via the student Portal at <https://education.nsw.gov.au/login> When the link is clicked, you will be presented with the following pages.

1. Click Log in student portal
2. Enter your student credentials: Example: jane.citizen1

Once logged into the student portal, on the right-hand side of the page you will see a Learning box, inside it there will be a Google Apps link, click on it.

Once clicked, you will be presented with a list of Google Apps including Google Drive.

Student Devices

Students in all years are expected to bring their own device to school each day. A laptop has been identified as the ideal learning tool for Turramurra High School students.

The school computer laboratories will continue to be used to support whole class teaching and learning activities.

Information regarding the Student Device Policy (including equity arrangements), wireless connectivity/requirements, and software available for students at no cost can be found on the link below or on the Turramurra High School Website under **School life/technology-and-byod**.
