

Welcome

Term 3 Week 8 | Thursday 11 September 2025

Relieving Principal | Mrs Emma Smith

w: westmead-p.schools.nsw.gov.au

Diary Dates

2025	Term 3
Friday 19 September	International Talk Like a Pirate Day Mufti Day & SRC Fund Raiser
Thursday 25 September	CAPA NIGHT
Friday 26 September	LAST DAY OF TERM 3
Tuesday 14 October	All Students Return to School

ATTENDANCE MATTERS

Our school days starts at

8.55am for 3-6 Students

9.00am for K-2 Students

Tell your child's school

- If your child misses school due to illness, religious reasons, family circumstances, or other reasons, remember to contact the school using the Sentral Parent Portal within 7 days to explain the reason for absence
- If your child needs to leave early, you will need to go to the school office to sign your child in or out and explain the reason for the absence
- If your child arrives at school late, please take them to the classroom and tell the teacher the reason
- If you're having difficulty getting your child to school and on time every day, contact the school for support.

Keeping Safe at Morning Drop Off

Playground Supervision starts at 8.30am

Unless your child has before school training for sport teams or rehearsals for extra-curricular groups

Met South Public Speaking Finals

Thursday, 4 September, four of our students proudly represented Westmead Public School at the Met South Public Speaking Regional Finals, held at Hilltop Road Public School. Each competitor presented a prepared speech on a chosen topic and an impromptu speech on a surprise topic given to them on the day. They competed against 14 other schools in the region.

K - 2 Representatives

Govin (ES1) and Dheerav (Stage 1) both gave outstanding speeches on topics they were passionate and excited about. Govin's prepared speech, *Why My Family Is So Special*, was heartfelt, while his impromptu speech on *A Magnifying Glass* showcased his ability to think creatively. Dheerav spoke passionately about why *Being an Aeronautical Engineer Is the Best Job in the World* and delivered a thoughtful impromptu speech on *Family Time*. Both students spoke with confidence, clarity and used eye contact. We are very proud of their achievements and the way they represented our school.

3 - 6 Representatives

Our Stage 2 and 3 representatives, Kiyan (Stage 2) and Adhvaith (Stage 3), also performed exceptionally well.

Kiyan delivered his prepared speech, *Life Begins in the Ocean*, with passion and conviction. His original and reflective impromptu on *Dreams* earned him a *Highly Commended Award* and *Runner-Up* in the Stage 2 competition. Congratulations, Kiyan, on such a fantastic result! Adhvaith impressed the adjudicators and the audience with his emotional and moving prepared speech, *The Web of Automation*. The audience really resonated with him as he took them on a journey of what automated technology might look like in the future and outlined all the amazing possibilities it holds. In his impromptu on the topic *Be Careful*, his creative and abstract approach set him apart, earning him *First Place* in the Stage 3 Regional Finals. This is an outstanding achievement, and Adhvaith will now represent our school and region at the State Finals in Term 4.

We are incredibly proud of all four students for their hard work, courage, dedication and the pride with which they represented Westmead Public School.

Zone Athletics Carnival

Thursday 28 August, 43 students proudly represented the school at the Zone Athletics Carnival, held under sunny but crisp conditions. With determination and team spirit, every competitor gave their best effort across track and field events. From sprinting on the track to giving their all in the shot put and jumps, our athletes showed resilience, encouragement for one another, and a commitment to trying their hardest. It was a wonderful day of sport, showcasing not only individual talent but also the pride we have in representing our school community. Congratulations to Kiyan, 3/4G, who will be representing his school and Zone in the 9-year-old boys 100 metre race at the Regional Athletics Carnival on Thursday 25 September.

Ahoy Me Hearties!

Westmead Public School is celebrating
International Talk Like A Pirate Day!

When: Friday September 19th
Cost: \$2 coin donation
All donations will go towards new sports equipment for our school.

What to wear: Your finest pirate costume!

*Please note: No weapons (swords, guns, hooks) of any kind can be brought to school.
Enclosed shoes must be worn.*

Diwali Event

I am very excited that this year we will be having a Diwali celebration, kickstarted by our growing parent committee. This event will take place on **Friday 17 October 3:30-5:30pm** and entry is free of charge.

As part of this event we are hoping families will share videos of what Diwali means to them, and are encouraging students to get creative and make things inspired by themes of Diwali- even if Diwali is not something they traditionally celebrate. Our committee also aims to hold a Christmas event at the end of Term 4.

If you are planning to attend the Diwali event, please RSVP here so that we can provide an idea of numbers to food truck vendors and potential entertainment: <https://forms.gle/h8Mdp4q7kJydkr1n9>

If you create a short (30-45s) video of what Diwali means to you these can be submitted here: <https://forms.gle/iVyaAm3Sfj8qCqGP8>

Caring for Country 'Tidbits'

Explore Aboriginal Heritage sites at Parramatta Lakes!

Did you know there are many walking trails and heritage sites in the area around Parramatta Lakes?

A significant place for the traditional owners of the land, the Dharug people, evidence still remains of the regular usage of and occupation by the Aboriginal Burramattagal clan. Look out for shelter caves, hand-stencils, stone flaking, tree scars and midden deposits as you wander around the site.

***Let's work together to make this event glow bright
with culture and creativity!***

DIWALI CREATIVE CHALLENGE

LET YOUR IDEAS SHINE!

Dear Students,
We invite all students to create and share
your own special Diwali-inspired art work.

This can be in the form of a poem, a
colourful sketch, a bright painting, a 3D
model or even a handmade craft.

Here are some ideas to spark your creativity:

- 🌸 The glowing lamps and diyas lighting up homes
- 🌸 Families and friends celebrating together
- 🌸 The joy of giving and sharing during the festival
- 🌸 Bright and colourful rangoli welcoming guests
- 🌸 The sparkle of fireworks in the night sky

Submission details:

Submit artwork to the School Office with your Full Name and Class clearly labeled.

Submissions close 15th October 2025

All artwork will be displayed at the WPS Diwali Celebration
Prizes to be won!

From the APC&I Team

We are very excited to introduce a newsletter segment from the APC&I Team!

We are Chloe Ally and Teaghan De Wet, the Assistant Principals of Curriculum & Instruction at WPS.

While our teachers work diligently in the classroom, we know meaningful learning also happens at home, especially when it feels like play!

Each fortnight we will be sharing some practical and engaging ways that you can support your children at home.

What is Phonics?

Phonics is the understanding of the **relationship between graphemes (letters) and phonemes (sounds)** and the ability to recognise and manipulate them to read and spell words.

By Years 3-6, students have usually mastered the basics of phonics, but it still plays a vital role.

Phonics helps students **decode new words when reading** and supports **accurate spelling**.

As words become more complex, students also draw on **morphology** (understanding prefixes, suffixes and root words) and **etymology** (knowing a word's origin, such as Latin or Greek) to make sense of spelling patterns and meaning.

Together, these skills help your child become confident and accurate readers and writers.

Ways to Help at Home

Kindergarten – Year 2

Kindergarten

- **Stretch simple sounds** out (d/o/g) – make sure you say the sound, not the letter name
- **Play ‘find the sound’** in a book you’re reading together. For example: Can you find the sound /p/
- **Play ‘I spy with my little eye, something beginning with...’** and give a sound

Stage 1

- Be **digraph detectives** during reading and writing and find as many digraphs as you can! Digraphs include *sh, th, ch, ck, ng, ph* and *wh*
- Play **vowel digraph memory or snap**. Write the vowel digraphs on cards and play memory or ‘snap’
- **Find and group words** that have the same trigraph, such as ‘air’ found in hair, stair, pair

Year 3 – Year 6

- **Sport word parts** – when your child comes across a tricky word, break it into smaller parts (prefix, base, suffix). For example, *unhappy* = *un-* (not) + *happy*.
- **Talk about word origins** – Explore where words come from. For example, *telephone* comes from Greek (*tele* = far, *phone* = sound). This makes spelling patterns more meaningful.
- **Play ‘word families’** – Choose a base word (like *sign*) and see how many related words your child can find (*signal, signature, assign*). Discuss how the meaning and spelling are connected.

Collection notice – schools

The department collects personal and health information about students, their parents, carers, families and other persons of significance before and during the course of a student's enrolment at a NSW government school. This notice provides information about the department's collection and handling of this information as required by privacy legislation.

What information is collected

The department collects information to ensure compliance with its obligations under laws governing or relating to the operation of schools such as those in the areas of education, public health, disability discrimination and child protection and its duty of care. Information the department may collect includes:

- student medical and health conditions and their management, medical records and medical practitioner details
- family details, relevant court orders and parent/carer and emergency contact information
- student school history including previous schools attended and history of suspension or expulsion for violent behaviour
- details about student welfare and wellbeing including attendance and behaviour management
- information on student special learning and support needs including disability
- records of student educational progress and outcomes

The department may also collect personal and health information required for the effective management, resourcing and administration of education in public schools. This includes information about religious and ethics education, Aboriginality, languages other than English spoken at home and parental/carer occupational and educational background.

Why information is collected

Information is collected for the primary purpose of providing every student with the opportunity to achieve their educational potential and for other directly related purposes including but not limited to:

- implementing programs that meet student educational and support needs
- communicating with parents and carers
- maintaining the good order and management of schools
- ensuring the safety and welfare of students, staff and others involved with the school's operation
- conducting lawful research and compiling statistics relating to the education, health, welfare and wellbeing of students and student performance
- assessing and evaluating the effectiveness of programs and their impact on student educational outcomes
- informing State and Federal Governments on matters that may affect resourcing of schools
- operational and administrative purposes
- determining whether students are meeting compulsory school requirements
- satisfying the department's legal obligations, in particular, its duty of care

How information is collected

Information is generally collected directly from the person to whom it relates. In many circumstances student information is collected from parents or carers with responsibility for the student's welfare and learning.

Collection of information from a student depends on the nature of the information involved, the maturity and capacity of the student and whether it is in the student's best interests.

When parents and carers provide schools with personal information about others, such as emergency contacts and other parent /carer details they should obtain the person's authority and inform them that the information is held by the school so they may access it.

Schools may collect personal and health information about current and prospective students from other agencies or individuals if required and permitted by the *Education Act 1990*, child protection legislation or other law.

Access and amendment

The department endeavours to ensure that the personal and health information it collects and holds is accurate, complete and up to date by encouraging families to regularly update the information if there are changes and by allowing access to and alteration of the information.

Requests to access and update personal and health information should be made directly to the school. The department's [privacy management plan](#) has information about how requests are handled.

Parents and carers may be denied access to student information in certain circumstances such as when it may result in a breach of the school's duty of care or other legal obligation, it would have an unreasonable impact on the privacy of others or where the information was provided in confidence.

Disclosure to other agencies

Schools will only disclose personal and health information to other agencies or persons outside the department in compliance with privacy legislation or as permitted or required by any other law. Personal information collected from students is regularly disclosed to their parents or carers.

The department may disclose personal and health information to other government agencies for the purposes of national reporting. For example, anonymised personal data for students and parents is provided to the Australian Curriculum, Assessment and Reporting Agency (ACARA) which uses it to enable comparisons of National Assessment Program – Literacy and Numeracy (NAPLAN) test results for schools across Australia published on the My School website. ACARA follows the Australian Privacy Principles to ensure that personal and health information is stored securely and is not disclosed without consent.

The department may disclose personal and health information for research and evaluation purposes under some circumstances. Such disclosure only occurs if it is consistent with privacy legislation, where the research or evaluation will be of public benefit and where the department is confident that personal and health information will be protected against further disclosure.

Permission to publish student Information

At enrolment and during the course of a student's enrolment parents and carers are asked to provide permission for the school to publish or release for publication in print and electronic media, information about their child's achievements and activities at school. Parents and carers should inform the school if they wish to alter this permission.

Further information about privacy

The department's [privacy management plan](#) details the department's practices and procedures for handling personal and health information. It can be accessed from the department's website. Concerns about the collection or handling of personal or health information should initially be raised with the school principal.

Attendance

It is crucial that all students attend school if they are well enough to do so. The Education Act (1990) requires that parents ensure children of compulsory school age attend school on each day the school is open for instruction and any absences are satisfactorily explained in writing.

At Westmead we ask that parents do this via the Sentral Parent Portal app.

Did you know that if a student misses one day a week, they miss 8 weeks per year which is more than 2.5 years missed over their school life (from years 1-10)? Students who miss learning time reduce their access to future learning and working opportunities.

Why attendance matters

When your child misses school they miss important opportunities to:

 Learn

 Make friends

 Build skills through fun

Days missed = years lost

A day here and there doesn't seem like much, but...

When your child misses just...	they miss weeks per year	and years over their school life
1 day per fortnight 	4 weeks	Over 1 year missed
1 day per week 	8 weeks	Over 2.5 years missed

education.nsw.gov.au

Australian Government

Office of the Australian Information Commissioner

Federal Government consultation on the Children's Online Privacy Code

The Office of the Australian Information Commissioner (OAIC), the Australian Government's privacy regulator, is seeking input from parents and carers to assist them in its development of the [Children's Online Privacy Code \(the Code\)](#).

The Code will put children at the centre of privacy protections in Australia. By the time a child turns 13, it's estimated that 72 million pieces of data will have been collected about them. The aim of the Code is to strengthen privacy protections for the handling of children's personal information.

Your insights as a parent or carer are important.

To have your say, please take a few minutes to complete the parent discussion paper here

[Children's Online Privacy Code \(consultation for children and parents\) | OAIC.](#)

Your support is also important in helping your child or young person to take part too, please assist them in filling out the appropriate worksheet, provided in the link above.

This consultation will be open until the 30 June 2025. You can read more about the Code here [Children's Online Privacy Code | OAIC.](#)

Travelling overseas during the school term or holidays?

Email the school westmead-p.school@det.nsw.edu.au for an Application for Extended Leave—Travel form.

Please put your child's full name and date of birth in the subject line.

Attach a copy of your return travel booking to the email.

If you return is delayed, please contact the school by email with the details.

Is Your Child Ready for the School Day at Westmead Public School?

Be ready for school — pack your child's bag the night before with the materials they need for class including homework, sport and after school activities.

Remember to pack a healthy recess, lunch and water bottle in their school bag before you leave home.

When your child needs to leave school early for an appointment or family matter

Come to the school office to collect your child

Bring some photo identification

If you can, please collect your child before or after recess and lunch times

When Your Child Is Unwell

Keep them at home until all symptoms have gone or they have a medical clearance.

If your child has a fever, cough, sore throat, shortness of breath, runny nose, loss of smell/taste, muscle/joint pains, diarrhoea, nausea/vomiting, extreme tiredness, unexplained chest pain or conjunctivitis (eye infection), then keep your child at home until all symptoms have gone.

If your child has vomited or had diarrhoea, they are required to stay at home for at least 24-48 hours.

BIRTHDAY TREATS, SHARED FOOD, CLASS & EXTRACURRICULAR PARTIES

Birthday Treats

Some children enjoy celebrating their birthday at school with their classmates and bring food items to share. On these occasions it is requested that nut free single servings for each child such as small cupcakes, small individually wrapped chocolates or donuts are provided, in their original packaging with ingredients identified. It is requested that no lolly bags/party bags are provided. We are unable to accept home-cooked food.

All birthday treats must be handed in to the class teacher **before school on the day**, to ensure that these requirements are met.

We are unable to accept birthday food items during the school day.

Shared Food

Teachers may plan activities involving shared food as part of classroom learning activities. These activities provide students with valuable hands-on experiences that act as stimulus in class writing, discussion or response activities. At times, students are able to eat what has been made. This will always occur under teacher supervision. Some examples of the type of activities that may include the use of food are:

Examples at Westmead

- cooking as a learning opportunity
- making fairy bread or scones to learn how to write or follow informative texts
- food experiences linked to history topics eg damper

Class & Extra-curricular Group Parties

Teachers may hold class parties at the end of the school year to celebrate the successful year that students have had together, recognising the hard work, growth, and accomplishments of each and every one. This celebration is a chance to reflect on the milestones reached, the challenges overcome, and the friendships built along the way.

Teachers may supply foods and students may be asked to provide foods for these activities. We are unable to accept home-cooked foods for these activities.

Examples of Foods for Class/Extra-curricular Parties

- Plain and flavoured chips - must not contain any nuts or nut products
- Plain and flavoured chocolates - must not contain any nuts or nut products
- Tim Tams and Oreo biscuits - must not contain any nuts or nut products
- Mini Cupcakes - must not contain any nuts or nut products
- Lollies - Allens or The Natural Confectionery Company - must not contain any nuts or nut products
- Zooper Doopers - Cosmic Flavours only
- Soft Drinks - Coca Cola, Fanta, 7Up, Lemonade and Pepsi
- fruit juice poppers

Practical caution is taken to ensure all known allergies and intolerances are appropriately catered for when planning such activities.

If your child is unable to have birthday treats or shared food due to an allergy or intolerance, you may provide an alternate treat option for them. This should be in the original packaging with the ingredient list, your child's name and class and handed in to the class teacher **before school on the day**.

Important Safety Reminder: Crossing Hawkesbury Road

We would like to remind everyone about the importance of road safety, especially near our school.

Recently, there have been concerns about students and parents crossing Hawkesbury Road near Mowle St. This area can be particularly dangerous, as it is not a designated pedestrian crossing.

For your safety and the safety of your children, we strongly recommend using the pedestrian lights at either Priddle Street or further down Hawkesbury Road near the shops.

These crossings are much safer, as they allow you to cross with the protection of traffic signals.

Please take the extra time to walk to these crossings and encourage your children to do the same. Your safety is our priority.

Thank you for your co-operation.

PERMISSION TO PUBLISH

When enrolling your child at Westmead Public School, we seek your permission to allow the school/NSW Department of Education to publish and/or disclose information about your child for the purposes of sharing their experiences with other students, informing the school and broader community about school and student activities and recording student participation in noteworthy projects or community service.

This information may include your child's name, age, class and information collected at school such as photographs, sound and visual recordings of your child, your child's work and expressions of opinion such as in interactive media.

The communications in which your child's information may be published or disclosed include but are not limited to:

- Public websites of the NSW Department of Education including the school website, the NSW Department of Education intranet (staff only), blogs and wikis
- NSW Department of Education publications including the school newsletter, annual school magazine and school report, promotional material published in print and electronically including on the Department's websites
- Official Department and school social media accounts on networks such as YouTube, Facebook, Twitter and School Stream.
- Local and metropolitan newspapers and magazines and other media outlets

Parents should be aware that when information is published on public websites and social media channels, it can be discoverable online for a number of years, if not permanently. Search engines may also cache or retain copies of published information. Published information can also be linked to by third parties.

A separate permission will be requested for special circumstances such as CAPA Night.

This permission remains in force for the duration of your child's enrolment at the school. If you wish to change your permission, please email the school at westmead-p.school@det.nsw.edu.au and include your child's full name, date of birth and class in the subject line.

Our commitment to anti-racism education

With your support, we do the very best we can to ensure culturally inclusive, cohesive, safe and engaging learning experiences for all our students.

If at any time you find that you have a concern about racism in our school, you are encouraged to come to the school and talk with a member of staff so that your concern can be resolved.

The NSW Department of Education has a [Complaints Handling Policy](#) to ensure that complaints are handled fairly. In the case of complaints relating to racism in schools, you can also contact the school Anti-Racism Contact Officer (ARCO) Janelle Singleton on telephone 9635 7793 or via email westmead-p.school@det.nsw.edu.au.

A factsheet providing parents and carers with information about the Anti-Racism Policy and the role of the Anti-Racism Contact Officer is available in other languages:

<https://education.nsw.gov.au/schooling/translated-documents/anti-racism-contact-officer>

Allergy Awareness Policy

Students can be allergic to a wide range of foods such as peanut, cow's milk, egg and wheat which are staple foods that cannot be removed from school environments.

We need everyone in the community to understand that having a cow's milk, egg, wheat, or sesame allergy (to name just a few) is just as serious as having a peanut or tree nut allergy. Food allergy is not just about peanuts.

To support students with food allergies and anaphylaxis, we ask that you -

- Send your child with their own drink
- Clearly label lunch boxes, bottles, and other drinks with your child's name
- Remind your child about the importance of washing their hands, eating their own food, not sharing food, food utensils or food containers.

OFFERED FOR SALE

Westmead Public school is offering the following school equipment items for sale.

All offers will be considered, and the highest bid will be accepted.

Offers should be made in writing to

The Principal
Westmead Public School
Westmead-p.school@det.nsw.edu.au

JOIN NOW

Australian
Air League

NSW Group

NSW GROUP IS NOW ENROLLING

Since 1934 the Australian Air League has been teaching young boys and girls nationwide all about aviation, while helping them develop important life skills like leadership, discipline, self confidence and teamwork. When you join the league you will make new friends and take part in fun and exciting activities, on the ground and in the air.

Each week you will attend your local squadron where you will learn valuable skills and take part in fun and interesting activities and classes. Some of our classes include Meteorology, Navigation, Photography and Community Service. Squadrons also attend training camps, sport and recreational days, flying experiences and ceremonial drill.

We welcome boys and girls from the age of 8 years old from all different cultures and backgrounds. Parents and families are welcome to support or even join their local squadron as a volunteer. All adult members and volunteers are Working with Children Checked.

The Australian Air League is running both a fun and educational programme that is making fine citizens out of our young Australians.
