Overview

West Wyalong Public School is committed to explicitly teaching and modelling positive behaviour and to supporting all students to be engaged with their learning.

Our goal is to inspire every child to participate positively in society. Every student is known, valued and cared for in a kind, respectful and inclusive environment. Our vision is for our whole school community to be partners in learning and collaborate to empower all students to become confident, resilient, self-directed, and successful learners.

Principles of Berry Street Educational Model , trauma-informed practice and the Resilience Project underpin our daily practice. High expectations for student behaviour are established and maintained through effective role modelling, explicit teaching, and planned responses.

To achieve our vision, key programs prioritised and valued by the school community are:

- Berry Street Educational Model
- Annual Kindness Pledge
- The Resilience Project
- Trauma Informed Practice

West Wyalong Public School rejects all forms of bullying behaviours, including cyberbullying by maintaining a commitment to providing a safe, inclusive, and respectful learning community that promotes student wellbeing. Staff are committed to establishing evidence-based approaches and strategies that promote a positive climate where bullying is less likely to occur.

All members of the school community are active participants in building a welcoming school culture that values diversity and fosters positive relationships. A key component of a supportive school culture is building respectful relationships and an ethos that bullying is not accepted, in both online and offline environments. School staff actively respond to student bullying behaviour.

Partnership with parents and carers

West Wyalong Public School will partner with parents/carers in establishing expectations for engagement in developing and implementing student behaviour management and bullying strategies, by:

• inviting parent/carer and student feedback through formal and informal means such as school surveys, Tell Them From Me surveys, consulting with the P & C and local AECG

West Wyalong Public School will communicate these expectations to parents/carers through the school newsletter. Our school proactively builds collaborative relationships with families and communities to create a shared understanding of how to support student learning, safety and wellbeing.

Behaviour Code for Students

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

The Behaviour Code for Students can be found at https://education.nsw.gov.au/policy-library/policyprocedures/pd-2006-0316/pd-2006-0316-01. This document translated into multiple languages is available here: Behaviour code for students.

Whole school approach across the care continuum

Our school embeds student wellbeing and positive behaviour approaches and strategies in practices across the care continuum to promote positive behaviour and respond to behaviours of concern, including bullying and cyberbullying behaviour.

These approaches and strategies are built on a foundation of evidence-based effective classroom practices that set the tone for engagement with learning and respectful relationships. These practices include:

- stating and explicitly teaching classroom expectations
- establishing predictable routines and procedures that are communicated clearly to students
- encouraging expected behaviour with positive feedback and reinforcement
- discouraging inappropriate behaviour
- providing active supervision of students
- use of behaviour response flowchart for classroom and playground
- recording of minor and major incidents through Sentral
- use of Behaviour Response Plans for individual students
- maximising opportunities for active engagement with learning
- providing carefully sequenced engaging lessons that provide options for student choice
- differentiating learning content and tasks to meet the needs of all students
- implementation of strategies from anti-bullying plan.

Planned responses to positive appropriate behaviour, inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying

Identifying behaviour of concern, including bullying and cyberbullying

A behaviour of concern is challenging, complex or unsafe behaviour that requires more persistent and intensive interventions. A behaviour of concern does not include low-level inappropriate or developmentally appropriate behaviour. Bullying behaviour involves the intentional misuse of power in a relationship, is ongoing and repeated and involves behaviour that can cause harm.

West Wyalong Public School staff will identify inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying through a range of channels, for example:

- directly observing a child or young person's behaviours, interactions, verbal communications, or work produced (such as written materials, performances or artworks)
- a person disclosing information that is not previously known, either because it is new information or because it has been kept a secret
- concerns raised by a parent, community member or agency.

Students or parents can report bullying to any staff member. NSW public school principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds, including cyberbullying. Students who have been bullied will be offered appropriate support, for example through their teacher or school counselling service.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site
- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member.

Preventing and responding to behaviours of concern

West Wyalong Public School uses the following strategies to recognise and reinforce positive student behaviour and behavioural expectations:

The use of verbal and non-verbal specific positive feedback is the most powerful way to:

- help adults and learners to focus on positive social behaviour
- increase the likelihood that students will use the expected behaviours and skills in the future
- decrease unexpected behaviour and reduce the need for corrective responses
- enhance self-esteem and build an internal focus of control.

Specific positive feedback may not be sufficiently reinforcing for some students, so the school-wide continuum provides the opportunity to pair verbal or non-verbal feedback with a positive, tangible consequence.

The school-wide continuum for acknowledging expected behaviour includes:

- free and frequent points charts
- moderate and intermittent positive peers, merit awards, attendance awards, parent positive calls, commendation letters
- significant and infrequent -semester and annual recognition awards.

Prevention	Early Intervention	Targeted/Individualised
Responses to recognise and reinforce positive, inclusive and safe behaviour	Responses to minor inappropriate behaviour.	Responses to behaviours of concern.
1. Behaviour expectations are taught and referred to regularly. Staff model behaviours and provide opportunities for practice. Students are acknowledged for meeting school-wide expectations and rules.	1. Refer to school-wide expectations, emotional regulation visuals and supports so that the student can self-regulate.	 Seek help from principal or other staff member if there is a risk to safety. Otherwise notify principal ASAP.
 Verbal and non-verbal specific positive feedback is paired with class points related to school- wide expected behaviours. 	2. Use indirect responses including proximity, signals, non-verbal cues, ignore, attend, praise, redirect with specific corrective feedback.	2. Principal/Executive to take immediate steps to restore safety and return the situation to calm by using appropriate strategies such as: redirecting to another area or activity, providing reassurance or offering choices.
		Incident review and planning is scheduled for a later time determined by the context and nature of the incident.
3. Tangible reinforcers include those that are: • free and frequent • moderate and intermittent • significant and infrequent Intermittent and infrequent reinforcers are recorded on the centralised recording system.	3. Use direct responses as per Behaviour Flowchart e.g. Rule reminder, re-teach, provide choice, scripted interventions, student conference. Students have an opportunity to meet the classroom/playground behaviour expectation before a low-level consequence is applied.	3. Principal/Executive collects information and reviews the incident from multiple perspectives and determines next steps. Principal/Executive records additional information to the incident on Sentral and contacts parent/carer by phone. Principal may consider further action eg: formal caution/suspension.
4. All social-emotional learning programs (Resilience Project) are taught weekly.	4. Teacher records on Sentral by the end of the school day. Monitor and inform family if repeated.	4. Refer to the school's Learning and Support Team or APLaS considering current and previous behaviour data. Other actions may include developing a behaviour support/response plan and/or completing a risk assessment.
Teacher/parent contact	Teacher/parent contact	Teacher/parent contact
Teacher contact through the parent portal or phone calls or letters are used to communicate student effort to meet expectations.	Teacher contacts parents by phone when a range of corrective responses have not been successful. In some cases, individual planning such as Behaviour Monitoring Plan and referral to LST may be	Principal contacts parent/carer to discuss any support and behaviour responses, including referral to the LST, outside agencies or Team Around a School.
