

# Wollongong West Public School

## Communication strategy - Where can I find out what's happening?

### School Bytes

The **School Bytes parent portal** is where our administration team shares school messages, semesterly student reports, excursion permission notes, student absences and invoices requiring payment.

We work in partnership to promote student learning.

We treat each other with respect and fairness.

We communicate in a positive and constructive manner.

### Wollongong West Public School

Only our best will do  
T: 02 4229 2096 E: wollongong-west-p.school@det.nsw.edu.au

Our **school website** is where we communicate news, school information and policies.

### facebook

Home

Our **school facebook page** is where we showcase student, staff and community achievements. We encourage families to like, tag and share.

The **Seesaw app** is where teachers communicate and celebrate class and individual student learning. Teachers may also send class notifications and reminders through this app. Parents/carers can message teachers directly through this app.
