Bring Your Own Device

Yass High School requests that all students in Years 9-12 bring their own laptop to school every day.

In 2025, YHS introduced a Bring Your Own Device (BYOD) program for students in Years 9–12. This initiative supports our staff in delivering high-quality teaching and learning programs across all subject areas. Our teachers have developed a wide range of lessons that make use of diverse digital platforms and resources, and ensuring that every student has direct access to a device will further enhance classroom learning.

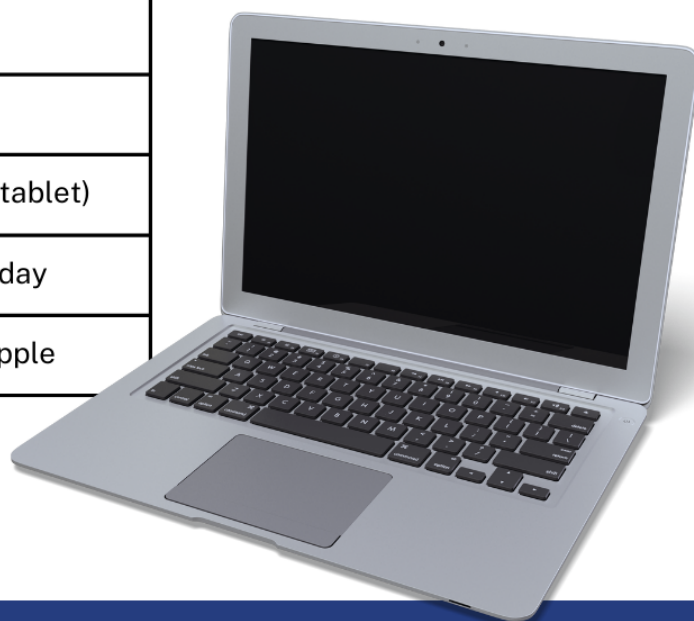

There is no need to purchase any third-party software. Applications such as Microsoft Office (Word, Excel, etc.) and Adobe products are provided to all students free of charge through the Department of Education.

Device Requirements

Any laptop that meets the minimum specifications listed below can be used for the program.

Minimum laptop requirements:

Wi Fi	Wi-Fi 5 GHz (802.11 ac)
Screen	11.6" minimum
